Independent Auditors' Report

The Plan Administrator
Summit Biosciences 401(k) Plan
Lexington, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Summit Biosciences 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of January 15, 2025 and December 31, 2024, the related statements of changes in net assets available for benefits for the period from January 1, 2025 to January 15, 2025 and the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of January 15, 2025 and December 31, 2024 and for the period from January 1, 2025 to January 15, 2025 and the year ended December 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audits of the Financial Statements* section of our report,

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

SUMMIT BIOSCIENCES 401(K) PLAN

Notes to the Financial Statements

January 15, 2025 and December 31, 2024

(1) Description of plan

The following description of the Summit Biosciences 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan was a defined contribution plan covering all eligible employees of Summit Biosciences, Inc. (the "Plan Sponsor"). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On December 31, 2024, the Plan was closed to new participants and no additional contributions were allowed. The Plan's participants became eligible to participate in the Kindeva Drug Delivery 401K Plan as of January 1, 2025. On January 15, 2025, the net assets of the Plan were transferred into and the Plan was merged into the Kindeva Drug Delivery 401K Plan.

(b) Contributions

Prior to December 31, 2024, participants could voluntarily make qualified retirement contributions to the Plan which were deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants could also contribute to a Roth and there was no limit on the amount of Roth contributions other than statutory limits. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan had an automatic enrollment provision in which employees were automatically enrolled at a deferral rate of 3%, unless the employee elected to not participate in the Plan or elected otherwise. Each enrolled employee's deferral percentage automatically increased by 1% per year up to 6%.

The Plan Sponsor made safe harbor matching contributions equal to 100% of the participant's contributions that do not exceed 1% of the participants' compensation plus 50% of salary contributions between 1% and 6% of compensation. The Plan Sponsor could make an additional discretionary match contribution to the Plan.

The Plan Sponsor could also make a discretionary nonelective contribution to the Plan. In order to receive this nonelective contribution, the participant had to be employed on the last day of the plan year (regardless of the amount of service completed during the plan year). For the period January 15, 2025 and the year ended December 31, 2024, no additional match contributions or nonelective Plan Sponsor contributions were made.

Plan Sponsor and participant contributions could not exceed the maximum amount deductible for federal income tax purposes.

Notes to the Financial Statements

January 15, 2025 and December 31, 2024

(c) Participant accounts

Each participant's account is credited with the participant's and Plan Sponsor contributions, and allocations of (a) Plan Sponsor contributions, (b) investment earnings (losses), and is charged with an allocation of administrative expenses. Allocations are based on participant's compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants were immediately vested in their elective salary deferral contributions plus related earnings (losses) thereon. Vesting in the Plan Sponsor's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after two years of credited service on a cliff schedule.

(e) Notes receivable from participants

Participants could borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Notes receivable from participants were secured by the balances in the participants' accounts and bear interest at fixed rates similar to rates available at commercial institutions. Principal and interest are collected ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant could elect to receive a lump sum payment equal to his or her entire account. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution.

(g) Forfeited accounts

Forfeitures were created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Forfeitures could be used to pay plan expenses, used to reduce any nonelective contribution or used to reduce any matching contribution. During the year ended December 31, 2024, forfeitures used to reduce Plan Sponsor contributions were \$42,598, and forfeitures used to pay plan expenses were \$3,403.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions were taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals were limited to the participant's elective account balance.

(i) Administrative expenses

Certain administrative expenses of the Plan were paid directly by the Plan Sponsor and were therefore excluded from these financial statements. Investment-related expenses were included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants were included in administrative expenses and charged directly to the participant's account.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

(b) Investment valuation and income recognition

Investments were stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of investment valuation.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments sold as well as held, during the year.

(c) Notes receivable from participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. As of January 15, 2025 and December 31, 2024, no allowance for credit losses has been recorded. Delinquent participant notes were reclassified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits were recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(3) Certified information

Certain information related to investments reported and disclosed in the accompanying financial statements, including the fair value of investments held at January 15, 2025 and December 31, 2024, and net (depreciation) appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants for the period ended January 15, 2025 and the year ended December 31, 2024 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal") .

(4) Fair value measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to the Financial Statements

January 15, 2025 and December 31, 2024

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

- (i) *Mutual funds*: Valued based on the funds' reported closing net asset values (NAV) of shares held by the Plan as of the last business day of the plan year. The registered investment company shares are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

<u>Fair Value Measurements as of December 31, 2024 Using the Following Inputs</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Total assets in the fair value hierarchy - mutual funds	\$ <u>5,373,193</u>	\$ _____ -	\$ _____ -	\$ 5,373,193
Investments measured at NAV as a practical expedient (a)				<u>1,167</u>
Investments at fair value				\$ <u>5,374,360</u>

- (a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy.

The Plan's common collective trust and pooled separate accounts are measured at NAV as a practical expedient to estimate fair value, and therefore, have not been classified in the fair value hierarchy.

<u>Description</u>	<u>Fair Value 12/31/2024</u>	<u>Redemption Unfunded Commitments</u>	<u>Frequency (if Eligible)</u>	<u>Redemption Period</u>
Common collective trust	\$1,167	N/A	Daily	N/A

(5) Income tax status

The Company adopted a non-standardized pre-approved profit sharing plan which received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the pre-approved plan, as then designed, was in compliance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Notes to the Financial Statements

January 15, 2025 and December 31, 2024

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 15, 2025 and December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related party and parties-in-interest transactions

Certain plan investments were units of common collective trust fund managed by Principal, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers and held notes receivable from participants, which also qualify as party-in-interest transactions.

(7) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of January 15, 2025 and December 31, 2024:

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per the financial statements	\$ -	\$ 5,518,370
Notes receivable from participants	-	(86,338)
Plan Sponsor contributions receivable	-	(57,672)
Net assets available for benefits per the Form 5500	\$ -	\$ 5,374,360

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 for the period ended January 15, 2025 and the year ended December 31, 2024:

	<u>2025</u>	<u>2024</u>
Change in net assets	\$ (5,518,370)	\$ 502,490
Change in notes receivable from participants	86,338	(86,338)
Change in Plan Sponsor contributions receivable	57,672	(57,672)
Change in net assets available for benefits per the Form 5500	\$ (5,374,360)	\$ 358,480

(8) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(9) Subsequent event

The Plan Sponsor has evaluated events and transactions that occurred between January 15, 2025 and November 14, 2025, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.
