INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ADF International Montana 401(k) Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of January 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended January 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ADF INTERNATIONAL MONTANA 401(K) PLAN

GREAT FALLS, MONTANA

NOTES TO FINANCIAL STATEMENTS JANUARY 31, 2025

NOTE 1: PLAN DESCRIPTION:

The following description of the ADF International Montana 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the provisions.

General – The Plan is a defined contribution plan covering all full-time employees of ADF International (Company) and ADF Industrial Coating Inc. Employees are eligible to participate who have completed one month of service. Employees are eligible to participate for purposes of matching contributions and profit sharing contributions once they have completed 6 months or one year of service, respectively (at least 1,000 hours of service during the plan year). The entry date in the Plan is the first day of the month coinciding with or next following the date the eligibility requirements are satisfied. Employees that meet eligibility requirements will automatically have 10% of their compensation withheld each payroll and contributed to the plan as pre-tax contributions unless elected otherwise. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended, up to and including the Internal Revenue Code of 1986.

Contributions – Each year the Company may make discretionary non-safe harbor matching contributions for non-union participants with 6 months service. The Company's non-safe harbor matching contributions are 50% of the employee's contribution, up to a maximum of 5% of Plan wages, Union employees are not eligible for the match. The Company may also make discretionary non-elective non-safe harbor contributions to the Plan for non-union employees with at least 1 year of service. Compensation for the purposes of the employer contributions is total Form W-2 compensation paid by the employer. Union and non-union participants may contribute up to the maximum percentage allowable not to exceed the limits of Internal Revenue Code Sections 402(g) and 415. Union and non-union participants may designate all or a portion of their elective deferrals as Roth elective deferrals.

Participant Accounts – Each participant's account is credited with (a) the participant's contributions, the Company's discretionary non-safe harbor matching contribution and the Company's discretionary non-elective non-safe harbor contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested employer discretionary accounts not used to cover plan administrative expenses, restore forfeited accounts, used to reduce other employer contributions or added to other employer contributions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Funding Policy – Participant and employer matching contributions are remitted to the Plan immediately after each weekly or bi-weekly payroll. The Company discretionary contribution is remitted to the Plan annually.

Vesting – Participants are immediately 100% vested in their elective deferrals plus actual earnings thereon.

ADF INTERNATIONAL MONTANA 401(K) PLAN

GREAT FALLS, MONTANA

NOTES TO FINANCIAL STATEMENTS

JANUARY 31, 2025

A participant is vested in the employer discretionary contributions as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1 Years	25%
2 Years	50%
3 Years	75%
4 Years	100%

Forfeitures – When certain terminations of participation in the Plan occur, the nonvested portion of the participant’s account, as defined by the Plan, represents forfeiture. Forfeitures occur as of the earlier of (1) the last day of the Plan year in which the former participant incurs five consecutive 1-year breaks in service, or (2) the distribution of the entire vested portion of the participant’s account. The non-vested portion will be used to (1) pay Plan expenses, (2) restore forfeited accounts, (3) reduce other employer contributions, (4) increase other employer contributions or (5) allocate to participant accounts, as elected by the employer. At January 31, 2025 and 2024, forfeited non-vested accounts totaled \$1,4133 and \$1,466 respectively. Plan fees for 2025 and 2024 in the amount of \$0 and \$6,540 were paid out of the forfeited non-vested account.

Payment of Benefits – Upon retirement, permanent disability or death, a participant is paid a lump sum amount equal to the participant’s vested interest in his or her account. Upon termination, participants are paid benefits immediately. Hardship distributions are permitted by the Plan. Benefits are recorded when paid.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting – The Plan’s financial statements are prepared using the accrual method of accounting. The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America (GAAP), as codified by the Financial Accounting Standards Board (FASB).

Accounting Estimates – The preparation of financial statements in conformity with the accrual basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Tax Status – The Plan is a qualified trust under Section 401(a) of the Internal Revenue Code and is therefore exempt from federal income taxes under provisions of Section 401(a). The Plan is a prototype plan of Galusha Higgins & Galusha PC, which included an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan was amended and restated effective February 1, 2021, as a prototype plan of Big Sky Retirement which included an opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable

ADF INTERNATIONAL MONTANA 401(K) PLAN

GREAT FALLS, MONTANA

NOTES TO FINANCIAL STATEMENTS JANUARY 31, 2025

requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letters. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

On December 29, 2022, the Consolidated Appropriations Act of 2023 was signed into law which includes the package of retirement provisions referred to as "SECURE 2.0". These provisions continue the themes and reforms that began with the 2019 SECURE Act, focusing on getting more participants into the retirement system, finding ways for them to accumulate more assets, and then ensuring they get connected with those assets when retirement comes.

Many of the provisions of the SECURE 2.0 became effective on January 1, 2023, some optional and others required. The provisions requiring plan amendment became effective in plan years 2025 and beyond. The amendments for these provisions will be completed when required.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Options – All participant account balances are invested at the discretion of the participant.

Plan Costs – A significant portion of the Plan's costs, such as administrative fees and audit fees, are absorbed and paid by the plan sponsor, a party-in-interest to the Plan.

Subsequent Events – Accounting standards established principles setting forth the period after the balance sheet date, during which management is required to evaluate events and transactions that may occur for potential recognition or disclosure in the financial statements. The Plan has evaluated subsequent events through November 17, 2025, and has identified the following subsequent event:

The Plan was amended and converted to a Fidelity pre-approved defined contribution plan effective February 1, 2025.

NOTE 3: PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6: FAIR VALUE MEASUREMENTS:

The Plan determines the fair value of its marketable securities through the application of FASB ASC 820, *Fair Market Measurements and Disclosures*. These standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted observable quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under these standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The valuation methodology for assets measured at fair value is as follows. There have been no changes in the methodology used at January 31, 2025 and 2024.

Level 1 Fair Value Measurements:

Registered Investment Company Shares (Mutual Funds): Valued at daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS

JANUARY 31, 2025

The table below presents by level, within the fair value hierarchy, the Plan investment assets at fair value as of January 31, 2024. The fair value table as of January 31, 2025 is not presented below as the Plan's investment assets were cash in transit.

Description	Fair Value as of 1/31/2024	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments - Participant Directed: Investments at Fair Value	<u>\$ 3,391,262</u>	<u>\$ 3,391,262</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 7: BENEFITS PAYABLE:

At January 31, 2025 and 2024, the plan had benefits payable in the amounts of \$493 and \$493, respectively.

NOTE 8: PARTY-IN-INTEREST:

A significant portion of the Plan's costs, such as audit fees, are absorbed and paid by the employer. The employer also provides the Plan with certain accounting and administrative services for which no fees are charged to the Plan. Administrative fees paid by the Plan amounted to \$27,967 and \$17,017 for the years ending January 31, 2025 and 2024, respectively. These expenses qualify as party-in-interest transactions.

NOTE 9: RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
