Independent Auditors' Report

Board of Trustees
MO-KAN Iron Workers Annuity Plan
Kansas City, Missouri

Opinion

We have audited the financial statements of MO-KAN Iron Workers Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of January 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of January 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design, and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Additional Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The additional Schedules of Administrative Expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the additional information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements
January 31, 2025 and 2024

1. Plan Description

The following description of MO-KAN Iron Workers Annuity Plan (the "Plan") provides only general information. Participants of the Plan should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a multiemployer defined contribution money purchase pension plan that provides an individual account for each participant. The Plan was established effective April 1, 1996, pursuant to a collective bargaining agreement ("CBA") between Local Union No. 10 of the International Association of Bridge, Structural, Ornamental, and Reinforcing Iron Workers, AFL-CIO (the "Union") and the participating employers (the "Employers") to provide annuity benefits upon retirement, death, or disability to eligible participants and beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration of the Plan is the responsibility of the Board of Trustees (the "Trustees") and is governed by a joint board consisting of equal representation from the Employers and the Union.

Eligibility

To become eligible for the Plan, an employee must be in covered employment for which Employer contributions are required to be paid on their behalf to the Plan. Participation begins automatically once employed.

Employer Contributions

Employers of participants contribute to the Plan for each hour worked by the participants in covered employment and at rates determined by the CBA or such other agreement as approved by the Trustees.

Participant Accounts

Individual accounts are maintained for each participant, and a participant's account is credited with the Employer's contributions and allocations of Plan earnings, and charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that could be provided from the participant's account.

Participants direct the contributions made on their behalf choosing from different investment options offered by the Plan.

Vesting

All participants are 100% vested in their accounts.

Payment of Benefits

Participants and/or their beneficiaries are entitled to annuity benefits upon retirement, death, disability or separation from service for a period of at least eighteen months. Upon retirement, disability or separation of service, the amount of benefit will be paid as a single life or 50% husband and wife annuity. A participant may elect to receive a single sum payment or a monthly annuity for life. Upon death, benefits will be paid to the participant's beneficiary either as a single sum payment or a monthly annuity paid over their lifetime. If the participant has a spouse, the accumulated share may, pursuant to an election of the participant and a valid waiver of the 50% husband and wife annuity, be paid as a 75% husband and wife annuity. A participant who has an account balance which is less than or equal to \$5,000 shall receive a lump sum payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared in accordance with the provisions of the Financial Accounting Standards Board ("FASB"), Accounting Standards Codification (the "FASB ASC"), which is the source of authoritative, non-governmental accounting principles generally accepted in the United States of America ("GAAP"). All references to authoritative accounting guidance contained in our disclosures are based on the general accounting topics within the FASB ASC.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and changes therein, disclosures of contingent assets and liabilities. Accordingly actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

The Plan follows guidance issued by the FASB on fair value measurements, which establishes a framework for measuring fair value, clarifies the definition of fair value within that framework, and expands disclosures about the use of fair value measurements. This guidance applies whenever fair value is the applicable measurement. The three general valuation techniques used to measure fair value are the market approach, cost approach, and income approach.

Employer Contributions Receivable

Employer contributions receivable represents Employer contributions due to the Plan for hours worked prior to the end of the Plan year, but not yet received by year-end. Employer contributions receivables are reported at their outstanding balances, net of an estimate made for credit losses. Management estimates the allowance for credit losses by regularly evaluating individual Employer receivables and considers an Employer's financial condition, payment history, current economic conditions, and management's expectations of conditions in the future. Employer contributions receivables are written off when deemed uncollectible and collection enforcement efforts have failed to produce payments and additional efforts are not warranted. Management is of the opinion that no allowance is necessary as of January 1, 2025 and 2024.

Payments of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Plan permits the payment of Plan expenses from Plan assets. Plan expenses are allocated to participant accounts on the last day of the fiscal year (the "Valuation Date").

Subsequent Events

The Plan has evaluated subsequent events through November 17, 2025, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into Levels 1, 2, and 3. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

MO-KAN Iron Workers Annuity Plan
Notes to Financial Statements
January 31, 2025 and 2024

- Level 2 Inputs to the valuation method to include quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in inactive markets, inputs other than quoted prices that are observable for the instrument, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The instruments' fair value measurement levels within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Level 1 investments consist of registered investment companies ("mutual funds") that are recorded at the closing price recorded by the fund. These are open ended mutual funds and are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Fund are deemed to be actively traded.

The following fair value of investments is measured as of January 31, as follows:

		2025			
		Fair Value Measurements			
		Total	Level 1	Level 2	Level 3
Mutual Funds		\$ 243,836,626	\$ 243,836,626	\$ -	\$ -
Total assets in fair value hierarchy		\$ 243,836,626	\$ 243,836,626	\$ -	\$ -
		2024			
		Fair Value Measurements			
		Total	Level 1	Level 2	Level 3
Mutual Funds		\$ 214,090,617	\$ 214,090,617	\$ -	\$ -
Total assets in fair value hierarchy		\$ 214,090,617	\$ 214,090,617	\$ -	\$ -

Participant Directed Investments

The Plan's participant directed investments are held by John Hancock Trust Company ("John Hancock") in various self-directed participant accounts. Individual account owners can invest in various equity mutual funds and have the authority to change the investment allocation within their own account.

4. Related-Party and Party In Interest Transactions

As of January 31, 2024, \$129,992 was due from the MO-KAN Iron Workers Pension Plan for contributions that had not yet been remitted.

The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

5. Plan Termination

Although it has not expressed any intent to do so, the Trustees have the right under the Plan to terminate the Plan subject to the provisions of ERISA.. Upon such termination, the Trustees shall have the accounts settled and shall apply or distribute the Plan's assets in accordance with the provisions of ERISA.

6. Tax Status of Plan

The Internal Revenue Service has determined and informed the Trustees by a letter dated March 30, 2016, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. Management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

In accordance with GAAP, the management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. Management has analyzed the tax positions taken by the Plan and has concluded that as of January 31, 2025 and 2024, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is no longer subject to income tax examinations for years prior to 2021. The Plan is also subject to routine audits by the Department of Labor, generally for six years after the statutory due date of the annual information return. There are currently no audits in progress for any tax periods.

7. Risks and Uncertainties

Financial instruments that subject the Plan to concentrations of credit and market risk consist of cash, investments, and receivables. The Plan places all of its cash with major financial institutions. The accounts in those institutions are insured by the Federal Deposit Insurance Corporation up to \$250,000. At January 31, 2025, there were cash balances of \$1,435,605 in excess of FDIC limits at the bank.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

The majority of receivables are from iron worker Employers in the Kansas City area. The Plan generally does not require collateral, but in some cases can require a performance bond.
