INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Michael's Transportation Service, Inc.
Employee Stock Ownership Plan
Vallejo, California

Opinion

We have audited the accompanying financial statements of Michael's Transportation Service, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Michael's Transportation Service, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Michael's Transportation Service, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Michael's Transportation Service, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

To the Board of Trustees
Michael's Transportation Service, Inc. Employee Stock Ownership Plan
Vallejo, California

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Michael's Transportation Service, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Michael's Transportation Service, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

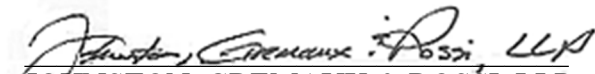

To the Board of Trustees
Michael's Transportation Service, Inc. Employee Stock Ownership Plan
Vallejo, California

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, line 4i - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following brief description of the Michael's Transportation Service, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

Michael's Transportation Service, Inc. and MTS Training Academy, Inc. (the Companies) established the Plan effective as of January 1, 2009. The Plan operates as a leveraged employee stock ownership plan (ESOP or the Plan), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the ERISA. The Plan is administered by Michael's Transportation Service, Inc. Employee Stock Ownership Plan Committee (Committee) comprising of persons appointed by the Companies' Board of Directors. A stockholder of the Companies is the Plan's Trustee.

The Plan purchased Michael's Transportation Service, Inc. common stock using the proceeds from a borrowing from one of the stockholders (see Note 6) and holds the common stock in a trust established under the Plan. As the Plan makes debt payments, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The borrowing is collateralized by the unallocated shares of common stock. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, present separately the assets and liabilities and changes therein pertaining to 1) the accounts of employees with vested rights in allocated common stock (allocated), and 2) common stock not yet allocated to employees (unallocated).

Effective January 1, 2012, the Plan was restated and became a combination Stock Bonus Plan ("SBP") under Section 401(a) of the Internal Revenue Code of 1986, and an ESOP as defined in Section 4975(e)(7) of the Internal Revenue Code of 1986.

a) General

Participating companies in this Plan are Michael's Transportation Service, Inc. and MTS Training Academy, Inc.

b) Eligibility

Employees of the Companies are generally eligible to participate in the Plan after one year of service providing they worked at least 1,000 hours during such Plan year and were employed on the final day of the Plan year. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of the Plan year are generally not eligible for an allocation of the Companies contributions for such year.

See Independent Auditor's Report.

EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION (Continued)

c) Contributions

The Companies are obligated to make contributions in cash to the Plan, which when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Employee contributions are not permitted.

d) Payment of benefits

Distributions on account of death, disability, or retirement commence in the first Plan year following the event. Distributions for other separations from service commence in the fifth Plan year following separation from service. The amount to be distributed is based upon the immediately preceding valuation date. Unless the participant elects otherwise, the distribution of the participants account balance will be in substantially equal periodic payments over a period no longer than five years. Distributions are made in cash.

Under the provisions of the Plan, the Michael's Transportation Service, Inc. is obligated to repurchase participant shares, which have been distributed under the terms of the Plan since the shares are not publicly traded or if the shares are subject to trading limitations.

e) Administrative expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Companies. The Companies have historically paid the operating expenses for the Plan.

f) Voting rights

All Michael's Transportation Service, Inc. stock held in the trust shall generally be voted by the Trustee only in accordance with instructions from the Committee. If the Committee shall fail or refuse to give the Trustee timely instructions, the Trustee shall not exercise his power to vote such Michael's Transportation Service, Inc. stock. However, for any matters that involve the approval or disapproval of corporate mergers of consolidations, recapitalization, reclassification, liquidation, dissolution, sale of all assets of a trade or business, or similar transactions, participants will have the right to direct the voting of Companies stock allocated to his or her ESOP stock account. In such events, the Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required to vote, as the Committee directs, any unallocated shares on behalf of the collective best interest of the Plan's participants and beneficiaries.

See Independent Auditor's Report.

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION (Continued)

g) Participant accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Michael's Transportation Service, Inc. common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Companies as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

h) Vesting

If a participant's employment with the Companies ends for any reason other than retirement, permanent disability, or death, he or she will be vested in the balances in his or her account based on total years of service with the Companies. Participants are 0% vested through the first three years of service and are 100% vested after three years of service.

i) Put option

Under federal income tax regulations, the Employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Michael's Transportation Service, Inc. buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. Michael's Transportation Service, Inc. can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

j) Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Michael's Transportation Service, Inc. common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In year 6, the percentage changes to 50%.

See Independent Auditor's Report.

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION (Continued)

j) Diversification (continued)

Participants who elect to diversify receive a cash distribution, unless eligible for floor price protection in which case shares are distributed. The election to diversify is made subsequent to year end based upon the shares of employer stock in the participant's account at year end.

k) Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. Forfeitures of terminated non-vested account balances allocated to remaining participants at December 31, 2024 and 2023, were \$52,898 and \$116,202, respectively. There were no unallocated forfeiture balances at December 31, 2024 and 2023.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

b) Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c) Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

d) Investment valuation and income recognition

The shares of Michael's Transportation Service, Inc. common stock are valued at fair value. See Note 4 for a discussion of the fair value measurements. Dividend income is accrued on the ex-dividend date.

e) Payment of benefits

Benefits are recorded when paid.

f) Subsequent events

The Plan has evaluated subsequent events through November 5, 2025, the date the financial statements were available to be issued.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

See Independent Auditor's Report.

MICHAEL'S TRANSPORTATION SERVICE, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 5 - CONCENTRATIONS OF CREDIT RISK

The Plan maintains cash balances at a financial institution that, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts. The Plan believes it is not exposed to any significant credit risk on cash. At December 31, 2024, the cash balance was \$202,580.

NOTE 6 - SHORT-TERM NOTE PAYABLE

From time to time, the Plan borrows money from the Companies for operations pursuant to a note and revolving line of credit with maximum borrowing capacity of \$250,000, without interest, due December 31, 2025. The outstanding balance on the note payable was \$202,580 at December 31, 2024. On November 4th, 2025, the line of credit was extended to December 31, 2026.

NOTE 7 - LONG-TERM NOTE PAYABLE

In 2009, the Plan entered into a \$14,700,000 term loan agreement with a stockholder of Michael's Transportation Service, Inc. The proceeds of the loan were used to purchase Michael's Transportation Service, Inc. common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made.

The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 53,464 shares being released and allocated for the Plan year ended December 31, 2024.

The agreement initially required the loan to be repaid over 10 years at 6.00% per annum, due in June 2020. In January 2018, the agreement was amended to extend the note with final payment due October 2027.

The scheduled amortization of the loan for the years ended December 31, is as follows:

2025	\$ 862,144
2026	737,693

**MICHAEL'S TRANSPORTATION SERVICE, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 8 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Michael's Transportation Service, Inc. common stock and has indebtedness to a stockholder of Michael's Transportation Service, Inc. These are related party and party-in-interest transactions. As described in Note 1, the Companies pay all Plan expenses. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA.

NOTE 9 - PLAN TERMINATION

The Companies reserve the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the Employee Benefits Administration Committee should direct the Trustee to pay all liabilities and expenses of the trust fund.

NOTE 10 - TAX STATUS

The Plan has received a determination letter from the IRS dated September 25, 2013, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan's investments consist primarily of Michael's Transportation Service, Inc. common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 12 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024, to Form 5500:
