Triple J Enterprises, Inc.
401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of the Plan

The following description of the Triple J Enterprises, Inc. 401(k) Retirement Savings Plan (the Plan) provides general information about the Plan's provisions. Triple J Enterprises, Inc. is the Plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan covering all eligible employees of the following entities: Triple J Enterprises, Inc.; Triple J Restaurant Group, Inc.; Triple J Five Star Wholesale Foods, Inc.; Triple J Saipan, Inc.; Triple J Rental (Guam), Inc.; Triple J Rental (Micronesia), Inc.; Mighal International, Inc.; Superior Concrete Homes, Inc. and Saipan Autoworld, Inc. (collectively, the Company), who have completed one year of service as defined in the Plan and are age seventeen or older.

The Company is responsible for the general administration of the Plan. ASC Trust, LLC (ASC) is the trustee and recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Plan participants may elect to contribute an amount or a percentage of their compensation, up to the annual limit set by law. The annual limit on elective deferrals was \$22,500 and \$20,500 for 2023 and 2022, respectively. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated collective trust fund until changed by the participant. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The maximum catch-up contribution was \$7,500 and \$6,500 in 2023 and 2022, respectively.

The Company makes a matching contribution to each participant's account equal to 100% of the first 3% of the participant's salary reduction contribution, plus 50% of the next 2% of the participant's salary reduction contribution deferred to the Plan. Additional matching contributions may be contributed at the discretion of the Company's Plan management. During the year ended December 31, 2023, the Company did not make a discretionary contribution to the Plan.

Participants have the option to make Roth election salary reduction contributions to the Plan.

Notes to Financial Statements, continued

1. Description of the Plan, continued

Contributions, continued

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. Participants who are automatically enrolled have their contributions invested in the applicable lifecycle fund based on their age until they change their election. The Company's contributions are invested in the same manner as that of the participant's elective contributions.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and related matching contribution and Company's discretionary contributions, and an allocation of Plan earnings. Participant accounts are also charged with withdrawals and an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's discretionary and matching contributions is based on years of service as follows:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

For the Company's contributions made after January 1, 2011, eligible participants are automatically 100 percent vested in safe harbor matching contribution made by the Company to the Plan on behalf of eligible participants.

A participant shall become fully vested in his or her account at the time of death, permanent disability or attaining normal retirement age or Plan termination.

401(k) Retirement Savings Plan

1. Description of the Plan, continued

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by an assignment of a participant's vested interest in the Plan, and bear interest at a rate commensurate with local prevailing rates at the time funds are borrowed as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. Loan terms do not exceed 5 years; however, terms may exceed 5 years for the purchase of a primary residence.

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement, or termination, a participant may generally elect to receive a lump-sum amount equal to the value of his or her vested account, receive installments over a period of not more than the participant's assumed life expectancy, or opt to rollover the vested balance to another qualifying plan. However, if the vested account balance does not exceed \$5,000, then the vested account balance may only be distributed to the participant in a single lump-sum payment, whether he or she consents to receive it. Additionally, participants who have attained the age of 60 may receive an in-service distribution. Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships after exhausting all available loan options and available distributions. Following a hardship withdrawal, participants are not allowed to contribute to the Plan for a period of six months.

Effective March 1, 2023, the Plan includes permanent disability as part of conditions for the in-service distribution.

Forfeitures

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future employer contributions or Plan administrative expenses for the Plan year. As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$870 and \$533, respectively.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan or the Company, as provided in the Plan document. Participants pay administrative costs for loans and distributions.

Triple J Enterprises, Inc.
401(k) Retirement Savings Plan

Notes to Financial Statements, continued

1. Description of the Plan, continued

Administrative Expenses, continued

All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Contributions

Participant contributions and the matching employer contributions are recorded in the year in which the participant contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrators deem the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events

Management has evaluated subsequent events through September 26, 2025, the date on which the financial statements were available to be issued.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information provided to the plan administrators and certified as complete and accurate by ASC.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Triple J Enterprises, Inc.
401(k) Retirement Savings Plan

Notes to Financial Statements, continued

4. Fair Value Measurements, continued

Level 1 - Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.

Level 3 - Significant unobservable inputs for the asset or liability (i.e., supported by little or no market activity).

Following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value by the Plan:

Registered Investment Companies: These consist primarily of mutual fund investments. Mutual fund investments are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds: These investments are valued at their fair value that is readily determinable, published and is the basis for current transactions. These funds are classified within level 1 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2023 and 2022.

The following tables set forth by fair value hierarchy level the Plan's assets carried at fair value:

	Assets at Fair Value December 31, 2023			
	Level 1	Level 2	Level 3	Total
Common/collective trust funds	\$12,500,282	\$ ---	\$ ---	\$12,500,282
Registered investment companies	<u>735,312</u>	<u>---</u>	<u>---</u>	<u>735,312</u>
Total assets at fair value	<u>\$13,235,594</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$13,235,594</u>

4. Fair Value Measurements, continued

	Assets at Fair Value December 31, 2022			
	Level 1	Level 2	Level 3	Total
Common/collective trust funds	\$11,705,353	\$ ---	\$ ---	\$11,705,353
Registered investment companies	<u>583,845</u>	<u>---</u>	<u>---</u>	<u>583,845</u>
Total assets at fair value	<u>\$12,289,198</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$12,289,198</u>

The common/collective trust funds consist of separate investment profiles that provide an appropriate mix of investments that has the potential to produce the desired return while reducing volatility in the overall value of the portfolio. The Profiles primarily invest in registered mutual funds, exchange-traded funds and collective trust funds. These investments have no redemption restrictions.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of the risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Party-in-Interest Transactions

The Plan holds units of common trust funds managed by ASC. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

7. Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated June 30, 2020, stating that the written form of the underlying prototype document is qualified under Section 401 of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrators believe the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believe the Plan is qualified and the related trust is tax-exempt.

7. Income Tax Status, continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrators have analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan management believes it is no longer subject to income tax examinations for years prior to 2020.
