Independent Auditor's Report

Audit Committee and Plan Administrator
United States Naval Academy Alumni Association 403(b)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the United States Naval Academy Alumni Association 403(b) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 9 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. If the identified contracts, as reported by the custodian, were included, net assets available for benefits would increase by approximately \$2,126,000 and \$2,126,000 as of December 31, 2024 and 2023, respectively, and investment income would increase by approximately \$361,000, and distributions would increase by approximately \$82,000 for the year ended December 31, 2024. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4(i)—schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

Notes to Financial Statements

Note 1. Plan Description

The following brief description of the United States Naval Academy Alumni Association 403(b) (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan, covering substantially all employees of United States Naval Academy Alumni Association (the Plan Sponsor). Employees regularly scheduled to work 20 hours or more per week are eligible to make elective deferrals into the Plan. The Plan Administrator is responsible for the oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, and monitors investment performance. The Plan is intended to meet the requirements of Section 403(b) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to the maximum amount of annual compensation, as defined by the Plan, on a pretax or Roth (after-tax) basis. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan Sponsor provides a safe harbor matching contribution equal to 100% up to 5% of a participant's eligible compensation. Participants must be at least 18 years of age to receive matching contributions. Contributions are subject to certain Internal Revenue Code (IRC) limitation.

Participant accounts: Each participant's account is credited with the participant's contributions, Plan Sponsor's contributions and Plan investment results and is charged with withdrawals and an allocation of Plan expenses. The allocation of the participant and Plan Sponsor contributions follows the participant's directed investment options. Allocations of Plan investment results and expenses are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their contributions as well as the Plan Sponsor's contributions, plus actual earnings thereon.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Plan loans: Participants may obtain loans directly from Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (TIAA and CREF), using a portion of their account balance in the Plan as security for the loan. During 2021, TIAA and CREF stopped issuing plan loans which are not assets of the Plan and began issuing loans from participant accounts as notes receivable from participants. Through 2021, participants were able to borrow from TIAA AND CREF using a portion of their plan account as security for the loan. The maximum loan amount may be the lesser of \$50,000 or 45% of their account balance for loans from TIAA and CREF. Plan loans totaled \$17,896 and \$23,491 as of December 31, 2024 and 2023, respectively. Under the borrowing terms, 110% of the outstanding loan balance is collateralized by Plan assets. Plan loans in default totaled \$17,896 and \$16,999 as of December 31, 2024 and 2023, respectively. Principal and interest is paid ratably through monthly or quarterly payments by the participants to TIAA and CREF. The Plan Administrator has concluded that these loans are not Plan assets and that such arrangements are exempt transactions.

United States Naval Academy Alumni Association 403(b)

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the vested portion of their account balance. The loans are secured by the balance in the participant's account. Interest rates for retirement plan loans from participant accounts are set at 1% above the current prime rate, as defined by the Plan document. Principal and interest is paid ratably to TIAA directly by participants. The interest rate was 4.25% on the loan outstanding at December 31, 2024, and the loan matures through 2025.

Payment of benefits: Upon termination of service, or if the participant becomes permanently disabled, a participant may elect to receive either a lump-sum amount equal to the value of his account, an annuity contract (if assets are held in a custodial account) or converted to an income option (if assets are invested in an annuity contract). A participant may elect to receive a distribution of their rollover contribution at any time. Withdrawals other than for termination are permitted under certain circumstances provided by the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for certain fully benefit-responsive guaranteed annuity contracts held by TIAA and CREF, which are reported at contract value as described in Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the Plan's investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Because the guaranteed annuity investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the guaranteed annuity investment contract. Contract value, as reported to the Plan by TIAA and CREF, is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Contributions: Contributions from Plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation.

Notes receivable from participant: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits: Benefits are recorded when paid.

United States Naval Academy Alumni Association 403(b)

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through November 13, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by TIAA and CREF

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, a qualified institution

	2024	2023
Investments, at fair value:		
Access annuities	\$ 4,593,212	\$ 3,567,119
Nonbenefit responsive guaranteed investment contracts	1,772,112	1,879,235
Pooled separate account	653,443	668,185
Variable annuities	6,742,062	5,979,594
	<u>13,760,829</u>	<u>12,094,133</u>
Investment, at contract value:		
Fully benefit responsive guaranteed investment contracts	1,963,287	2,205,487
Notes receivable from participants	10,555	11,585
	<u>\$ 15,734,671</u>	<u>\$ 14,311,205</u>

TIAA and CREF also certified to the completeness and accuracy of the net appreciation in fair value of investments of \$1,441,304, interest of \$156,477 and \$381 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2024.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.

United States Naval Academy Alumni Association 403(b)

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Variable annuities: All CREF variable annuities are valued at the daily unit value published on NASDAQ. The fund is not traded on this exchange. The value of the unit holder's investment rises and falls with the returns on the underlying assets in the funds.

Pooled separate account: The Real Estate Account is a pooled separate annuity for which daily unit values are published on NASDAQ. The fund is not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the account

Guaranteed investment contracts (nonbenefit responsive): The TIAA Traditional Annuity is reported at contract value, which approximates fair value. Each premium allocated to the TIAA Traditional Annuity buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

Access annuities: Access annuities are valued principally from the net asset value (NAV) of the underlying investments. The NAV is not a publicly quoted price in an active market. The NAV, as provided by the insurance carrier, is used as a practical expedient to estimating fair value.

United States Naval Academy Alumni Association 403(b)

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Variable annuities	\$ 6,742,062	\$ -	\$ -	\$ 6,742,062

Investments measured at NAV (a)				4,593,212

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Variable annuities	\$ 5,979,594	\$ -	\$ -	\$ 5,979,594

Investments measured at NAV (a)				3,567,119
Investments at fair value				<u>\$ 12,094,133</u>

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2024 and 2023.

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2024	2023			
Access annuities	\$ 4,593,212	\$ 3,567,119	None	Immediate	None

TIAA access products are variable annuities, which are funded through TIAA Separate Account VA-3 (VA-3), a separate investment account of TIAA registered under the Investment Company Act of 1940. VA-3 invests in proprietary and nonproprietary mutual funds through subaccounts. Audited financial statements for VA-3 are available.

The availability of market data is monitored to assess the appropriate classification of investments within the fair value hierarchy. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table presents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2024 and 2023:

Instrument	Fair Value		Valuation Technique	Unobservable Inputs	Range of Significant Input Value
	2024	2023			
Guaranteed investment contracts	\$ 1,772,112	\$ 1,879,235	Discounted cash flow	Risk-adjusted discount rate	5.50% - 5.25%

The table below sets forth changes in the Plan's Level 3 investment assets attributable to purchases, issuances, and the amounts of any transfers into or out of Level 3 of the fair value hierarchy for the year ended December 31, 2024:

	Nonbenefit responsive guaranteed investment contracts
Purchases	\$ 20,649
Transfers into Level 3	-
Transfers out of Level 3	-
Issuances	-

Note 5. Fully Benefit Responsive Investment Contracts

The Plan has fully benefit-responsive guaranteed annuity contracts with TIAA. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the guaranteed fixed annuity investment contract buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited. The contract does not permit the issuer to terminate the agreement prior to the scheduled maturity date.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported to the Plan by TIAA. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are viewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

United States Naval Academy Alumni Association 403(b)

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by TIAA and CREF, the custodian of certain investments; therefore, these transactions qualify as party-in-interest transactions. Certain employees of the Plan Sponsor provide administrative services for the Plan and are not reimbursed for their services from the Plan.

Note 8. Tax Status

The Plan has adopted a 403(b) volume submitter plan sponsored by TIAA. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's compliance with IRC section 403(b). The volume submitter plan advisory letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken any uncertain position that more likely than not would be sustained upon examination. Plan management has evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

Note 9. Excluded Contracts

Certain annuity and custodial accounts issued to current and former employees without the Plan Administrator's knowledge prior to January 1, 2009. As permitted by the United States Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, these annuity and custodial accounts have been excluded from the Plan's investments. In addition, investment income and distributions related to such accounts have also been excluded from the statement of changes in net assets available for benefits. U.S. GAAP requires that these accounts and the related income and distributions be included in the accompanying financial statements. If the identified contracts, as reported by the custodian, were included, net assets available for benefits would increase by approximately \$2,405,000 and \$2,126,000 as of December 31, 2024 and 2023, respectively, and investment income would increase by approximately \$361,000, and distributions would increase by approximately \$82,000 for the year ended December 31, 2024.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
