INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
NW Entertainment, Inc. Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of NW Entertainment, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of NW Entertainment, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NW Entertainment, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NW Entertainment, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including

maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NW Entertainment, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about NW Entertainment, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

**NW ENTERTAINMENT, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023**

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the NW Entertainment, Inc. Employee Stock Ownership Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

NW Entertainment, Inc. (the “Company” or “Plan Sponsor”) established the Plan effective as of January 1, 2016, as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC) of 1986, as amended and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is non-participant directed and covers eligible employees of the Company. It was established to provide retirement benefits to employees primarily through capital ownership in the Company. The Plan is administered by the committee of the Plan (the “Committee”), which is appointed by the Board of Directors of the Company (the “Board”).

On December 13, 2016, the Plan purchased 4,582,500 shares of the Company’s common stock for a total of \$9,266,833. On July 30, 2018, the Plan purchased an additional 6,000,000 shares for a total of \$20,471,706. On August 16, 2019, the Plan purchased 4,417,500 shares for a total of \$15,063,675. After this transaction, the ESOP effectively owns all of the Company’s outstanding shares of 15,000,000 at December 31, 2024. The ESOP purchased all the Company’s common shares, using the proceeds of loans from the Company. The stock is held in a trust established under the Plan. The purchase price per share was based upon an independent appraisal of the Company. The current loan matures in 2047 (See Note 5).

The loans are collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, present separately the assets and liabilities and changes pertaining to 1) the accounts of employees with rights in allocated common stock (allocated), and 2) common stock not yet allocated to employees (unallocated).

Eligibility

Employees of the Company and its participating subsidiaries are eligible to participate in the Plan after attaining age twenty-one and upon completion of one year of service, providing they worked at least 1,000 hours during such Plan year. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of the Company contributions for such year.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023**

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on the inside loan. The amount of the Company contribution is discretionary and is determined solely by the Company. For the Plan year ended December 31, 2024, the Company approved a contribution of \$1,943,253.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts, if any. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations of contributions are made pro rata, based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance as of the preceding valuation date to all participants' balances.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company as follows:

Years of Service	Percentage
< 1 year	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures

Forfeitures of unvested balances of terminated participants are first made available to reinstate previously forfeited accounts of former participants that are rehired after a break in service. Any remaining forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. There were no unallocated forfeitures at December 31, 2024.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Voting Rights

Each participant or beneficiary in the Plan is entitled to exercise voting rights attributable to the shares allocated to his or her account. Each participant instructs the Plan trustee as to how to vote the allocated shares. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interests of Plan participants and beneficiaries.

Payment of Benefits

Distributions to participants with vested account balances of \$1,000 or less will be made in a lump sum as soon as practicable after termination of employment.

For participants with vested account balances over \$1,000 but is less than \$7,000, distributions to terminated participants will be made in a cash lump sum payment, if the participant consented to such distribution, or, as an automatic rollover to an IRA established for the participant's benefit, if the participant did not consent to the distribution.

Distributions on account of retirement, disability, or death will become payable to the participant or, the participant's beneficiary as soon as practicable after termination of employment.

For participants with vested account balance that exceeds \$7,000, distributions will be made at the participant's election, no later than:

- (i) for distributions on account of death, Disability or Retirement; as soon as administratively practicable following the end of the plan year after termination; and
- (ii) for distributions for any other reason, as soon as administratively practicable following the end of the fifth (5th) plan year in which employment is terminated.

However, if a participant with vested account balance that exceeds \$7,000 did not make an election regarding the timing of the distribution to the participant's account, a distribution to the participant may be made (even without consent) not later than one (1) year after the close of the plan year in which the later of the following occurs: (i) attainment of normal retirement date; (ii) the tenth (10th) anniversary of participation in the Plan; or (iii) the date of employment termination.

Inactive participants or 5% owners, who reach age 72 generally must receive a minimum distribution by April 1st of the calendar year following the calendar year in which the participant attains the age 72, in the amount of their entire vested balance or begin to receive minimum distributions over a period not extending beyond the life expectancy of the participant.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023**

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in the Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first 5 years, a participant may diversify up to 25 percent, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify may elect to receive a cash distribution, or rollover the cash value to their personal IRA account. Diversification eligibility will begin with the Plan year ending December 31, 2026.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and allocated to the Plan's participants, and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash. During 2024, \$143,253 of distributions were made for the repurchase of the Company common stock.

Administration of Plan Assets

The Plan is administered by a plan committee comprised of members appointed by the Company's management. The Plan's administrative committee determines the investment policy of the Plan. The Plan has entered into an agreement with an independent third party to serve as the trustee of the Plan and Trust.

Company contributions are managed by the administrative committee, which invests cash received, interest, and dividend income and makes distributions to participants. Certain other administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Administrative expenses are paid directly by the Company.

Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the plan administrator would direct the trustee to pay all liabilities and expenses of the trust fund.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“US GAAP”).

Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (“allocated”) and (b) stock not yet allocated to employees (“unallocated”), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment Valuation and Income Recognition

Investments in the Company common stock are reported at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and the measurement date (See Note 4 - fair value measurements).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation/(depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023**

NOTE 3 – INVESTMENTS

During the years ended December 31, 2024 and 2023, Plan investments consisted of Company common stock.

The Plan’s investment in the Company’s common stock at December 31, 2024 and 2023 is presented in the following table:

	<u>2024</u>		<u>2023</u>	
	<u>Allocated</u>	<u>Unallocated</u>	<u>Allocated</u>	<u>Unallocated</u>
Number of shares	<u>6,597,174</u>	<u>8,402,826</u>	<u>6,189,264</u>	<u>8,810,736</u>
Cost	<u>\$22,719,665</u>	<u>\$22,082,549</u>	<u>\$21,118,188</u>	<u>\$23,684,026</u>
Estimated fair value	<u>\$ 7,454,807</u>	<u>\$ 9,495,193</u>	<u>\$15,039,912</u>	<u>\$21,410,088</u>

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**NW ENTERTAINMENT, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023**

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

	<u>Level 3</u>	<u>Total</u>
Investment in NW Entertainment Inc. common stock	\$ 16,950,000	\$ 16,950,000
Total Assets at Fair Value	<u>\$ 16,950,000</u>	<u>\$ 16,950,000</u>

Assets at Fair Value as of December 31, 2023

	<u>Level 3</u>	<u>Total</u>
Investment in NW Entertainment Inc. common stock	\$ 36,450,000	\$ 36,450,000
Total Assets at Fair Value	<u>\$ 36,450,000</u>	<u>\$ 36,450,000</u>

The following table sets forth a summary of changes in the fair value of the Plan’s level 3 assets for the year ended December 31, 2024:

Balance, beginning of year	\$ 36,450,000
Unrealized depreciation in estimated fair value	<u>(19,500,000)</u>
Balance, end of year	<u>\$ 16,950,000</u>

The amount of total gains or losses for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date totaled (\$19,500,000).

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

NW ENTERTAINMENT, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The fair value of the NW Entertainment, Inc. common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the discounted cash flow and guideline public company market valuation techniques consistent with the prior year.

The valuation process involves the ESOP trustee and plan management's selection of an independent appraiser under contract with the right to cancel such contract at any time. The ESOP trustee and the plan management accumulate the data for the independent appraiser from audited financial statements and projected financial information of the Company. The appraiser prepared a preliminary report which is reviewed and approved by the ESOP Trustee. This appraisal was based on a combination of the market and income valuation techniques consistent with prior year.

The market approach utilized the guideline public company method which applies multiples obtained from guideline public companies to financial metrics of the Company and the comparable transactions method, which applies multiples derived from transactions involving similar companies to the Company's financial metrics.

The income approach was based on the discounted cash flows method (DCF). DCF incorporates the EBITDA, net income, weighted average cost of capital, capitalization rate, discount rate, and discount for lack of marketability.

The appraisal methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – NOTE PAYABLE

In August 2019, the Plan entered into a loan agreement to finance the purchase of 4,417,500 shares of common stock and pay off the balances of loans outstanding from the purchases of common shares in 2016 and 2018 (see Note 1). The loan is payable in annual payments of \$1,730,182 including interest at 2.33% per annum, and matures in December 2047. The Plan may pre-pay the principal balance in part or in whole without premium or penalty. In 2024, the Plan made total payments of \$1,800,000 representing \$1,021,941 in principal and \$778,059 in interest. The balance of the loan was \$28,926,234 and \$29,948,175 at December 31, 2024 and 2023, respectively.

NOTE 5 – NOTE PAYABLE (CONTINUED)

Unallocated shares are used as collateral of the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year’s payments, plus all future years’ principal and interest payments. There were 407,910 and 408,826 collateralized shares released and allocated for the plan years ended December 31, 2024 and 2023, respectively.

Following is a schedule of future minimum principal payments under the note payable at December 31, 2024:

Year ended December 31,	
2025	1,050,000
2026	1,074,000
2027	1,099,000
2028	1,125,000
2029	1,151,000
Thereafter	<u>23,427,234</u>
	<u>\$ 28,926,234</u>

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in the Company common stock and has indebtedness guaranteed by the Company. These are related party and party-in-interest transactions. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA.

NOTE 7 – RISK AND UNCERTAINTIES

The Plan investments consist primarily of the Company’s common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The appraisal of the Company stock, like all appraisals, contains many subjective judgments, assessments, uncertainties and unknowns. The appraisal as of December 31, 2024 contains certain assumptions related to future earnings, working capital and stability of Company operations. Should these assumptions not be realized, then the value of the Company common stock could be valued at amounts that are materially different than the amounts contained in the appraisal; thus, uncertainties exist related to the valuations.

NOTE 8 – TAX STATUS

The Plan has received a favorable determination letter from the IRS dated June 15, 2018 stating that the Plan is designed in accordance with applicable sections of the IRC. Therefore, the Plan is qualified, and the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

US GAAP requires the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's income tax returns remain subject to examination for the years 2022 through 2023 for federal purposes and the years 2021 through 2023 for state purposes.

NOTE 9 – SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through November 14, 2025, the date the financial statements were available to be issued. Management has determined that no additional subsequent events have occurred that should be disclosed in the financial statements.
