Independent Auditors' Report

To the Plan Administrator
Media IQ Digital N.A. 401(k) Plan
New York, NY

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Media IQ Digital N.A. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statement of Net Assets Available for Benefits as of December 31, 2022, and the related Statement of Changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Media IQ Digital N.A. 401(k) Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Empower Annuity Insurance Company of America and Empower Trust Company, LLC as of December 31, 2022 and for the period from June 18, 2022 to December 31, 2022, and Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC as of December 31, 2021 and for the period from January 1, 2022 to June 17, 2022 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Media IQ Digital N.A. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Media IQ Digital N.A. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Media IQ Digital N.A. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Media IQ Digital N.A. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental Schedules of Assets (Held at End of Year) as of December 31, 2022 and Delinquent Participant Contributions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

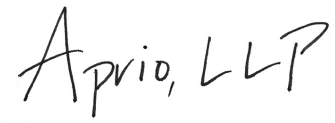

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report (continued)

Auditors' Report on the 2021 Financial Statements

The financial statements of Media IQ Digital N.A. 401(k) Plan as of December 31, 2021, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated February 5, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Media IQ Digital N.A. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of MiQ Digital USA, Inc. (the "Company") who are at least 18 years old, except for nonresident aliens, leased employees, residents of Puerto Rico, and temporary and fixed term contract employees. Employees may enter the Plan on the first day of the month subsequent to satisfying the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2022, the Plan was amended and restated onto a Cycle 3 pre-approved plan document in accordance with the Internal Revenue Service's six-year remedial amendment cycle for defined contribution plans. The restatement was intended to incorporate applicable law changes and to update the Plan's provisions to conform with current regulatory requirements. As part of the restatement, the Plan was amended to (i) add temporary and fixed-term contract employees as excluded classes of employees, (ii) increase the maximum employee deferral limit from 90% to 100% of eligible compensation, and (iii) modify the vesting schedule such that participants become 100% vested after one year of service in the Company's discretionary profit sharing contribution and discretionary matching contribution.

Mass Mutual Life Insurance Company ("Mass Mutual") served as the record keeper and custodian of the Plan, and administered the Plan's investment assets for the benefit of participants. Effective December 31, 2020, Empower Retirement ("Empower") acquired Mass Mutual and will serve as the record keeper and administer the Plan's assets for the benefit of participants going forward. In connection with Empower's acquisition of the retirement business of Mass Mutual, the Plan's assets and related participant accounts transferred in kind from Mass Mutual to Empower on June 17, 2022.

In June 2024, the Plan was retroactively amended effective January 1, 2022, to modify the employer matching contribution formula to provide for a flexible discretionary match.

Contributions: Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan allows for discretionary matching contributions. During 2022, the Company contributed 100 percent of the first 3 percent of compensation that a participant contributed to the Plan, provided the employee had a base salary at or below $130,000. Profit sharing amounts may be contributed at the discretion of the Company. There were no such contributions for the Plan year ended December 31, 2022. Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

In January 2024, the Plan Sponsor discovered that certain participant accounts were not properly credited with the correct employer contributions for the plan years December 31, 2021 through December 31, 2023. The Plan sponsor is correcting this error through the Self Correction Program as authorized under Revenue Procedure 2021-30 of the IRS. The proposed correction is for the Plan sponsor to deposit the contributions due plus lost earnings to the affected participant accounts and removing overfunded contributions from affected participant accounts, as applicable. The net amount of approximately $45,000 (gross was approximately $108,000 less approximately $63,000 excess) has been included in employer contributions receivable on the Statement of Net Assets Available for Benefits as of December 31, 2022. During March 2025, the amounts were deposited and the excess amounts were forfeited. In the opinion of Plan management, these corrections would be accepted by the IRS upon examination.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company’s discretionary matching contributions, if any, as well as allocations of the Company's discretionary profit sharing contribution, if any and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the Company's discretionary non-elective contributions, if any, are based on the ratio of the participant's compensation to total compensation for the Plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the Prime rate plus 1%. Principal and interest are paid through payroll deductions.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company matching and profit sharing contributions is based on years of continuous service. A participant is 100 percent vested after one year of service is completed, in the Company matching and profit sharing contributions.

Payment of benefits: Benefits are payable upon retirement at age 65, disability, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions are permitted at any time. Benefits are payable in lump sum or partial payments.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Company. Transaction expenses, such as loan and distribution administration fees, are charged directly to the participant’s account and are included in administrative expenses. Investment consulting fees are also charged to participants based on account balances.

Forfeited accounts: At December 31, 2022 and 2021, forfeited nonvested accounts totaled $78,462 and $68,864, respectively. These accounts will be used to reduce future Company contributions or to pay Plan expenses. During 2022, no forfeited nonvested accounts were used to reduce Company contributions and no accounts were used to pay Plan expenses.

2. Significant accounting policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Contributions: Participant contributions and the related Company matching contributions are recognized in the period the participant contribution is withheld from compensation.

Payment of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for disclosure in these financial statements through November 14, 2025, which is the date the financial statements were available to be issued.

3. Certified information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividend income, and interest income from notes receivable from participants for the year then ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC and Great-West Life & Annuity Insurance Company of New York ("GWLA of NY"), the trustees and of the Plan.

4. Fair value measurements

The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The fair value of the units of pooled separate accounts is based on the net asset value ("NAV") on the last business day of the Plan year provided by the entity holding the accounts. The NAV is used as a practical expedient to estimate fair value and is determined by the trustees and based on the fair value of the underlying assets in the account, less the liabilities.

The fair value of assets is as follows:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value[(a)]				9,419,441
Total assets at fair value				$ 9,419,441

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value[(a)]				9,639,640
Total assets at fair value				$ 9,639,640

(a) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) as of December 31, 2022 and 2021 have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments in all pooled separate accounts can be redeemed immediately at the current net asset value based on the fair value of the underlying assets. There are generally no withdrawal limits, redemption frequency limits, or redemption notice periods other than certain short-term trading restrictions imposed by the fund companies. These restrictions are designed to discourage frequent trading and market timing activity. For example, several funds restrict transfers into the fund if a prior transfer of the same or greater amount occurred within the past 30 days (commonly at $5,000 or $20,000 thresholds). In addition, certain funds apply "round-trip" restrictions, temporarily limiting additional transfers into a fund after multiple buy-sell transactions within a short period. These restrictions are administrative in nature and do not affect the valuation of the investments, which are based on the funds' daily NAV. There were no unfunded commitments for these investments as of December 31, 2022 and 2021.

The Plan's investments are held primarily in pooled separate accounts and mutual funds that seek to provide participants with a range of investment options across various asset classes and risk profiles.

Investment Objectives:

- Equity and Growth Funds: These funds seek long-term capital appreciation through investment in domestic and international equity securities of small-, mid-, and large-capitalization companies. Examples include American Funds, DFA, Allspring, MassMutual, Invesco, and Victory funds.

- Balanced and Target Date Funds: The T. Rowe Price Retirement portfolios seek to provide the highest total return over time, consistent with an emphasis on both capital growth and income, adjusting asset allocation as each fund's target date approaches.

- Fixed Income Funds: Bond-focused investments such as the MassMutual Core Bond I, MassMutual High Yield I, PIMCO Real Return Instl, and Vanguard Total Bond Market Index Adm seek to achieve a high total rate of return consistent with preservation of capital, with some emphasizing current income.

- Index Funds: Vanguard index funds track specific market benchmarks such as the S&P 500, CRSP US Mid Cap, CRSP US Small Cap, Bloomberg U.S. Aggregate Bond, and Total International Stock indexes, designed to provide investment results corresponding to the performance of those indices.

- Specialty Funds: The DWS RREEF Real Estate Securities R6 invests primarily in real-estate-related securities to achieve capital appreciation and current income.

5. Guaranteed investment contract

The Plan entered into a Group Annuity Contract (the "GAC") with Massachusetts Mutual Life Insurance Company (the original issuer). Effective December 31, 2020, Empower Retirement, through its affiliate Great-West Life & Annuity Insurance Company, assumed administrative responsibilities for the contract. The Fixed Account is an investment option under the GAC and is backed by the general account of the issuer, which includes the insurer's general account assets (excluding separate accounts) and is subject to the claims of the issuer's creditors. Participants do not have a direct ownership interest in the assets of the Fixed Account.

Contributions to the Fixed Account are credited with a Declared Interest Rate established periodically by the issuer, subject to a Minimum Guaranteed Interest Rate as defined in the contract. The Declared Interest Rate may change from time to time but will not fall below the contractually specified minimum. The issuer bears the investment and credit risk of the assets supporting the Fixed Account.

Empower considers this investment option to be fully benefit-responsive, notwithstanding the presence of certain market value events under the contract that could limit the Plan's ability to transact at contract value. Because the GAC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GAC. Contract value, as reported by the issuer, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

All bona fide participant-initiated withdrawals from the GAC, including benefit payments at termination or retirement, loans, and transfers to other non-competing investment options, are paid at contract value. Transfers to competing fixed income investments are restricted, consistent with other stable value investment options.

Upon full or partial contract or plan termination, or other sponsor-initiated events, the sponsor must elect one of two distribution options: (a) the Book Value Installment Alternative or (b) the Market Value Adjustment Lump Sum Alternative. Under the Book Value Installment method, the net surrender value is paid in six equal installments, plus interest, annually over a five-year period beginning within 30 days of the discontinuance date. Under the Market Value Adjustment Lump Sum method, the present value of the installment payments is calculated using a discount formula defined in the contract and paid in a single lump sum, typically within 31 days of the discontinuance date.

6. Risks and uncertainties

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

7. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

8. Tax status

The Plan is a pre-approved plan of Retirement Planners & Administrators Inc. which received an opinion letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the form of the plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Party-in-interest transactions

Certain Plan investments are managed by affiliates of Empower Annuity Insurance Company of America and Empower Trust Company, LLC. Empower Annuity Insurance Company of America and Empower Trust Company, LLC is the trustees and and recordkeeper as defined by the Plan. These transactions qualify as exempt party-in-interest transactions.

During 2018, 2019, 2020, 2021, and 2022, the Company failed to remit to the trustees and certain employee contributions totaling approximately $273,952 within the period prescribed by Department of Labor regulations. These delinquent remittances are considered nonexempt party-in-interest transactions.

10. Reconciliation to Form 5500

The following is a reconciliation of amounts in the financial statements to Form 5500 as of December 31, 2022 and 2021 and for the year ended December 31, 2022:

		2022		2021
Net assets available for benefits per the financial statements	**$**	**9,863,475**	$	9,797,619
Employer contributions receivable		**(17,692)**		-
Total net assets per Form 5500	**$**	**9,845,783**	$	9,797,619

Total net increase per the financial statements	**$**	**65,856**
Employer contributions receivable		**(17,692)**
Total net income (loss) per Form 5500	**$**	**48,164**

11. Subsequent event

Effective September 25, 2024, the Plan was amended to allow Pathlabs, Inc. to adopt the Plan as a participating employer.
