## INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of  
Dave Carter & Associates, Inc.  
Employee Stock Ownership Plan

### Opinion

We have audited the accompanying financial statements of Dave Carter & Associates, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Dave Carter & Associates, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dave Carter & Associates, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dave Carter &

Associates, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dave Carter & Associates, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dave Carter & Associates, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

**EMPLOYEE STOCK OWNERSHIP PLAN**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

**Note 1 - Plan Description**

Dave Carter & Associates, Inc. (the “Company”) established the Dave Carter & Associates, Inc. Employee Stock Ownership Plan (the “Plan”) and the Dave Carter & Associates, Inc. Employee Stock Ownership Trust (the “Trust”) effective as of January 1, 1994. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Trust is designed to be tax exempt under Section 501(a) of the IRC and to invest employer contributions in Company stock or other investments as directed by the Plan Committee. The Plan covers all eligible employees of Dave Carter & Associates, Inc. and The Falcon Corporation, Inc. (“Falcon”) and is administered by the Plan committee and trustees appointed by the Board of Directors of the Company. The Plan has been amended throughout the years, with the most recent restatement effective January 1, 2014, and the most recent amendment effective May 1, 2019. The following is provided only for general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

**Contributions**

Company contributions to the Plan may be made in cash, Company stock, other property, or any combination thereof. The amount of contribution for each year will be determined by the Company’s Board of Directors.

**Eligibility**

Employees of the Company and Falcon are generally eligible to participate in the Plan beginning on the entry date coinciding with or next following the date on which the employee has completed one year of service provided the employee has attained age twenty-one.

**Participants Accounts**

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant’s account is credited as of the last day of each plan year with the participant’s allocated share of Company stock (including fractional shares) purchased and paid for by the Trust or contributed in-kind by the Company, with forfeitures of Company stock and with stock dividends on Company stock held in the participant’s account. Only those participants who are eligible employees of the Company and Falcon as of the last day of the plan year will receive an allocation. Allocations are based on a participant’s eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant’s account based on the ratio of the participant’s beginning of the year account balance to all participants’ beginning of the year account balances.

**Vesting**

If a participant’s employment with the Company or Falcon ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company or Falcon. Participants’ accounts vest over a six-year graded period. A participant is 100% vested after six years of service.

**Note 1 - Plan Description, (Continued)**

**Forfeitures**

Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated non-vested account balances allocated to remaining participants at December 31, 2024 and 2023, totaled \$25,606 and \$7,040, respectively.

**Payment of Benefits**

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or his or her legal representatives), becomes disabled, or otherwise terminates employment with the Company or Falcon. Distributions will be made in cash or, if a participant elects, in the form of Company common shares plus cash for any fractional share. Under provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan. Distributions are recorded when paid.

**Voting Rights**

Each participant and/or beneficiary is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustees prior to the time that such rights are to be exercised. The trustees, in accordance with instructions from the Committee, shall vote any unallocated shares held by the Trust as well as any allocated shares for which a participant has failed to give timely voting direction.

**Put Option**

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase in a single payment or in up to five equal annual installments with interest on the unpaid principal balance at a reasonable rate of interest. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

**Plan Termination**

The Company reserves the right to terminate the Plan in whole or in part at any time, subject to the Plan provisions. Upon such termination, the accounts of all participants affected by the termination or discontinuance of contributions will become non-forfeitable. After termination of the Plan, the Plan Committee and the Trust will continue until the Plan benefit of each participant has been distributed.

**Diversification**

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution.

**Note 2 - Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in accordance with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Investment Valuation and Income Recognition**

The common shares of the Company are valued at fair value on December 31, 2024 and 2023. See Note 3 for discussion of fair value measurements. The cash checking account is non-interest bearing and stated at cost, which also approximates fair market value, at December 31, 2024 and 2023. The mutual fund, which is publicly traded, is valued at fair value and invests in obligations of the United States government. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Operating Expenses**

All of the Plan operating expenses are paid by the Company.

**Subsequent Events**

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through the date the financial statements were available to be issued, or November 20, 2025. No subsequent events have been recognized or disclosed, except as noted below.

The Company amended the Plan to freeze it for eligibility and participation and to terminate it effective September 29, 2025.

**Note 3 - Fair Value Measurements**

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. Changes in the methodologies used at December 31, 2024 and 2023 are described below.

*Mutual fund:* Valued at the closing price reported on the active market on which the individual security is traded. The fund invests in debt securities issued by the United States government.

*Company Common stock:* The fair value of the sponsor Company common stock is determined by an annual independent appraisal. In prior years, the appraisal value was primarily on the capitalization of earnings method. The value at December 31, 2024 is based on the Guideline Public Company (GPC) and Discounted Cash Flow (DCF) methods as they were deemed more appropriate.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its

**Note 3 - Fair Value Measurements, (Continued)**

valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The carrying value of checking account cash, employer dividends receivable, other receivables, and accounts payable included in the accompanying statement of net assets available for benefits approximated fair value at December 31, 2024 and 2023, and are thus not included in the following table.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<u>Assets at Fair Value as of December 31, 2024</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual fund	\$ 3,800,000	\$ 0	\$ 0	\$ 3,800,000
Dave Carter & Associates, Inc. common stock	<u>0</u>	<u>0</u>	<u>13,857,920</u>	<u>13,857,920</u>
Total assets at fair value	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$13,857,920</u>	<u>\$17,657,920</u>

	<u>Assets at Fair Value as of December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Dave Carter & Associates, Inc. common stock	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 6,022,255</u>	<u>\$ 6,022,255</u>
Total assets at fair value	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 6,022,255</u>	<u>\$ 6,022,255</u>

The Plan's policy is to recognize transfers in and transfers out as of the actual date of the event or change in circumstances that caused the transfer. For the years ending December 31, 2024 and 2023, there were no significant transfers into or out of levels 1, 2, or 3.

The following table provides further details of the Plan's Level 3 fair value measurement for the year ended December 31, 2024:

	<u>Dave Carter and Associates, Inc. Common Stock</u>
Beginning Balance	\$ 6,022,255
Total gains included in changes in net assets available for benefits	<u>7,835,665</u>
Ending Balance	<u>\$13,857,920</u>
Total gains for the year included in changes in net assets available for benefits attributable to the change in unrealized gains relating to investments still held at the reporting date.	<u>\$ 7,835,665</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2024, are reported in net appreciation in the fair value of stock.

**Note 4 - Tax Status**

The Plan received its most recent determination letter from the Internal Revenue Service dated October 29, 2015 stating that the Plan was qualified and the trust established under the Plan was tax-exempt, in accordance with applicable sections of the Internal Revenue Code. The plan has been amended since receiving the determination letter. The Plan administrator and trustees believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

**Note 5 - Administration of Plan Assets**

The Plan's assets, which consist principally of the Company's common stock shares, a mutual fund, and a checking account, are held by the trustees of the Plan.

Company contributions are held and managed by the trustees, who also make distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Plan are paid directly by the Company.

**Note 6 - Investments**

The Plan's investment in the Company's common stock shares at December 31, 2024 and 2023 is as follows:

	<u>2024</u>	<u>2023</u>
Number of Shares	149,621	149,621
Cost	\$ 1,253,623	\$ 1,253,623
Market	\$13,857,920	\$ 6,022,255

**Note 7 - Risks and Uncertainties**

The Plan investments consist primarily of the Company's common stock and a mutual fund that invests in debt securities issued by the United States government. Investments in general are exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with certain investments, and due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The Plan maintains its checking cash account at a bank which is insured by the Federal Deposit Insurance Corporation ("FDIC"). At various times during the year, the account may exceed the federally insured FDIC limits. The Plan has not experienced a loss in this account and the trustees believe the Plan is not exposed to a significant credit risk. At December 31, 2024 and 2023, the uninsured checking cash balance was \$0 and \$3,493,259, respectively. The Plan also maintains the mutual fund at the same bank, which had a balance of \$3,800,000 and \$0 at December 31, 2024 and 2023, respectively, which is not FDIC insured.

**Note 8 - Related Party and Parties-in-Interest Transactions**

Parties-in-interest include fiduciaries of the plan, any person who provides services to the Plan, the employer, and other service providers to the Plan. Transactions during the year with related parties and parties-in-interest included the following:

The Plan invests in Company common stock. The Company provided certain accounting and administrative services to the Plan for which no fees are charged. The Company also contributed dividends on common stock of \$1,028,490 and \$807,611, in 2024 and 2023, respectively. At December 31, 2024 and 2023, the Plan had net dividends receivable from the Company of \$301,768 and \$234,222, respectively. At December 31, 2024 and 2023, the Plan also had other receivables from the Company of \$2,733 and \$0, respectively, for benefit overpayments. See Note 9.

**Note 9 - Other Receivables**

At December 31, 2024 and 2023, the Plan had other receivables of \$224,967 and \$0, respectively, for distributions paid to participants in excess of the participant's account balance, including lost earnings. During the year ended December 31, 2024, these lost earnings totaled \$4,295. The receivables are due from both the Company and from participants. See Note 8.
