Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditor's Report

To the Participants and Administrator of the
Dorsey & Whitney LLP Supplemental Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the accompanying financial statements of the Dorsey & Whitney LLP Supplemental Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, the statement of accumulated plan benefits as of December 31, 2023, and the related statement of changes in accumulated plan benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Dorsey & Whitney LLP Supplemental Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Dorsey & Whitney LLP Supplemental Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Dorsey & Whitney LLP Supplemental Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Dorsey & Whitney LLP Supplemental Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Dorsey & Whitney LLP Supplemental Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Independent Auditor's Report

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 and schedule of reportable transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dorsey & Whitney LLP Supplemental Pension Plan

Notes to the Financial Statements

December 31, 2024 and 2023

1. Description of Plan

The following brief description of the Dorsey & Whitney LLP Supplemental Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, eligibility requirements, and other matters.

General

The Plan is a noncontributory defined benefit plan covering all eligible employees of Dorsey & Whitney LLP (the "Employer" or "Plan Administrator"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and the Internal Revenue Code ("IRC").

Eligibility

The Plan was frozen at December 31, 1993; accordingly, no new participants are eligible to enter the Plan. Participants in the Plan at December 31, 1993 became 100 percent vested in their pension benefits. Participant data for purposes of determining benefit formulas, salary levels, and years of service was also frozen at December 31, 1993.

Pension Benefits

Participants with five or more years of service who were eligible at December 31, 1993 are entitled to monthly pension benefits commencing at normal retirement age, as defined, equal to .5 percent of their average monthly compensation for the five consecutive years prior to December 31, 1993 in which the participant was most highly compensated, multiplied by the participant's years of service, at December 31, 1993, up to a maximum of 30 years. The Plan permits early retirement at ages 55 through 64; however, the participant's monthly pension benefit will be reduced by five-ninths of one percent for each of the first 60 months of retirement and five-eighteenthths of one percent for each additional month thereafter until the participant reaches normal retirement age. Participants will receive their pension benefits in the form of an annuity or as a lump-sum distribution if they so elect. Participants that were highly compensated, as defined by the IRC, or partners of the Employer, are not eligible to receive lump-sum distributions of their pension benefits.

For terminated employees who have not elected distribution with an actuarial equivalent present value of the participant's vested accrued benefit at termination of employment greater than \$1,000, but less than \$5,000, the Employer shall direct U.S. Bank National Association (the "Trustee") to pay the distribution in a direct rollover to an individual retirement account or annuity. For terminated employees who have not elected distribution with an actuarial equivalent present value of the participant's vested accrued benefit at termination of employment of \$1,000 or less, that present value shall be paid in a single lump sum distribution.

Death Benefits

Upon the death of a participant, who at death had not reached his or her annuity starting date, was married and had been married for the one year preceding death, and was entitled to some vested accrued benefit immediately before death, a monthly survivor annuity shall be payable to the surviving spouse to whom the participant was married for at least one year ending on the date of death. The only death benefits which shall be payable under the Plan upon the death of a participant after the participant's termination of employment and after payment of retirement income benefits under the Plan has commenced to the participant shall be the unpaid installments of annuity, if any, which are to be continued under the form of pension which the participant has elected under the provisions of the Plan.

Notes to the Financial Statements

December 31, 2024 and 2023

2. Summary of Significant Accounting Policies

The following significant accounting policies were used to prepare the financial statements in conformity with accounting principles generally accepted in the United States of America.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan assets are held by the Trustee. The Plan's investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end using quoted market prices. The Plan considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year, are presented in the net appreciation (depreciation) in fair value of investments.

The net appreciation (depreciation) in fair value of investments, as reflected in the Plan's statements of changes in net assets available for benefits, includes net gains or losses realized upon disposition of investments and the net unrealized appreciation or depreciation of those investments.

Payment of Benefits

Benefit payments are recorded upon distribution.

Funding Policy

Participants are not required or permitted to make contributions to the Plan. Subsequent to consultation with the Plan's actuary, the Employer contributes to the Plan on a periodic basis the amount necessary to comply with the minimum funding requirements of the IRC and ERISA. No contributions were made for the years ended December 31, 2024 and 2023. No amounts were owed to the Plan as of December 31, 2024 and 2023.

Administrative Expenses

Substantially all administrative expenses are paid by the Plan, including trust, recordkeeping, and investment transaction fees.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

The actuarial present value of accumulated benefits is determined by the Actuary as of December 31, 2023 and is the amount resulting from applying actuarial assumptions to adjust the accumulated benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of December 31, 2023 were as follows:

Discount rate	5.00 percent per year
Mortality basis	IRS 2024 Optional Small Plan
Average retirement age	Internal Retirement Age Assessment
Non-investment expenses paid by the Plan	Prior year trust-paid expenses

Dorsey & Whitney LLP Supplemental Pension Plan

Notes to the Financial Statements

December 31, 2024 and 2023

2. Summary of Significant Accounting Policies (Continued)

Actuarial Present Value of Accumulated Plan Benefits (Continued)

The decrease in the actuarial present value during 2023 of vested accumulated benefits of approximately \$890,000 relates primarily to the payments of benefits to participants and increases for interest. These revisions include the use of updated interest rates and mortality tables.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated benefits.

Accounting Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets available for benefits at the date of the financial statements and the changes in assets available for benefits during the reporting period, liabilities, actuarial plan present value of vested accumulated benefits and changes therein, and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates, and the difference could be significant.

Risks and Uncertainties

Contributions to the Plan and the actuarial present value of accumulated benefits are determined and reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics. Due to the uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the Plan's financial statements.

The Plan's investments are exposed to various risk factors, such as interest rates, market conditions and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risk factors in the near term could materially affect the amounts reported in the financial statements.

Fair Value of Financial Instruments

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board ("FASB") fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Plan at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Plan has no assets or liabilities measured at fair value on a non-recurring basis.

2. Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events for recording or disclosure in the financial statements through November 20, 2025, the date which the financial statements were available to be issued.

3. Fair Value Measurements

The following tables provide information on those assets that are measured at fair value on a recurring basis:

Totals	\$ 16,512,010	\$ 16,512,010	\$ -	\$ -

4. Certified Investments

U.S. Bank National Association, the Trustee, administers the Plan's investments and executes investment transactions therein. The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(c), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations under ERISA. Accordingly, the Trustee has certified the accuracy and completeness of the investments in cash and cash equivalents and investments in mutual funds contained in the statements of net assets available for benefits at December 31, 2024 and 2023 and the interest and dividends and net appreciation (depreciation) in fair value of mutual funds activity in the statements of changes in assets available for benefits for the years ended December 31, 2024 and 2023. Accordingly, the Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, notes, and supplemental schedules.

Notes to the Financial Statements

December 31, 2024 and 2023

5. Plan Termination

Although the Employer has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, the remaining Plan assets, after satisfaction of Plan liabilities, shall be distributed for the payment of benefits generally in the following order of preference, as prescribed by ERISA regulations:

- Benefits former employees or their beneficiaries have received for at least three years or benefits those employees who were eligible to retire for the three-year period would have received if they had retired with benefits in the normal form of payment under the Plan. This priority amount is limited to the lowest benefit that was payable or would have been payable during those three years. The amount is further limited to the lowest benefit that would be payable under the Plan provisions in effect at any time during the five years preceding Plan termination.
- Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") up to the applicable limitations discussed below.
- All other vested benefits.

If Plan assets are not sufficient to provide benefits for all categories, benefits will be prorated to participants within the first group for which benefits cannot be provided in full.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain survivors' pensions. However, the PBGC does not guarantee all types of benefits under covered plans, and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits should the Plan terminate at some future date will depend on the sufficiency, at the time, of the Plan's assets to provide for accumulated benefit obligations and may also depend on the level of benefits guaranteed by the PBGC.

6. Tax Status

The Plan obtained its latest determination letter on June 26, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC.

7. Party-In-Interest Transactions

The Trustee is not precluded under contract provisions, or by ERISA regulations, from executing transactions involving investments under the Trustee's control. All investment activity and related investment income of the Plan is with the Trustee and has been certified by the Trustee as complete and accurate as discussed in Note 4. Related activity with the Trustee is as follows for the years ended December 31:

	2024	2023
Sales	\$ 1,093,196	\$ 1,066,764
Purchases	1,097,634	1,054,523
Administrative expenses	21,961	11,387

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
