Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **REHMANN ROBSON LLC**

(2) EIN: **38-3635706**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X

INDEPENDENT AUDITORS' REPORT

November 21, 2025

Trustee and Plan Participants
TechSmith Corporation Employee Stock Ownership Plan
14 Crescent Road
East Lansing, Michigan 48823

Opinion

We have audited the financial statements of **TechSmith Corporation Employee Stock Ownership Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements (the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Independent Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The December 31, 2024 supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TECHSMITH CORPORATION EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN

The following brief description of *TechSmith Corporation Employee Stock Ownership Plan* (the "Plan" or "ESOP") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions. Copies of the Summary Plan Description are available from the Plan's Trustee.

General

TechSmith Corporation (the "Corporation") established the Plan effective as of January 1, 2021. The Plan operates as an internally leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), and is administered by a Trustee and Fiduciary Committee appointed by the Board of Directors of the Corporation. The trust department of an independent third-party institution is the Plan's custodian.

At Plan inception, the Plan purchased 600,000 shares of the Corporation's common stock using the proceeds of an internal loan from the Corporation (see Note 5) and holds the shares in a trust established under the Plan. The borrowing is expected to be repaid in annual installments through 2030 by Corporate contributions to the Plan. The stock was purchased at a price of \$23.17 per share, for an aggregate purchase price of \$13,900,000.

The borrowings are collateralized by the unallocated shares held by the Plan. As the Plan makes each payment of principal, an appropriate percentage of shares are allocated to eligible employees' accounts in accordance with applicable regulations under the Code. The Corporation has no interest or rights in such shares once they are allocated to participants' accounts under the ESOP. Accordingly, the financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to:

- a) The accounts of employees with vested rights in allocated shares (allocated); and
- b) Shares not yet allocated to employees (unallocated).

Eligibility

The Plan is a defined contribution plan which covers all employees of the Corporation who have completed one year of service and are 21 years of age or older. Employees who have not completed one year of service during such Plan year or are not employed on either January 1 or July 1 of the Plan year are generally not eligible for an allocation of the Corporation's contributions for such year.

Contributions

The Corporation is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on the term loan provided by the Corporation. Participants are not permitted to make contributions to the Plan.

TECHSMITH CORPORATION EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

Participant Accounts and Forfeitures

The Plan is a defined contribution plan under which a separate account is established for each participant. Each participant's account is credited during the Plan year with allocations of (a) shares of the Corporation's common stock released by the Trustee from the unallocated account, (b) forfeitures of terminated participants' nonvested accounts, when applicable, and (c) Plan earnings and charged with an allocation of administrative expenses, when applicable. Only those participants who are 21 years of age, have completed one year of service, and are employees of the Corporation as of either January 1 or July 1 of the Plan year receive the allocation of contributions and forfeitures. Employer contributions and forfeitures are allocated in proportion to each participant's points earned, as outlined in the Plan document, and as described below, to the total points earned by all participants for that calculation period. Forfeitures totaling \$121,172 were allocated to participant accounts during 2024. Additionally, there were \$19,013 in forfeited nonvested accounts at December 31, 2023. At December 31, 2024, there were no forfeited nonvested accounts. Forfeitures may also be used to reduce Plan expenses. Plan investment income is distributed as of the last day of each Plan year and is allocated based on the ratio of each participant's points earned to the total points earned by all participants for the calculation period. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant's points in relation to the Plan allocation provisions, as noted above, are determined as follows:

- a) One compensation point for each \$10,000 of eligible compensation; and
- b) Five service points for every five year anniversary with the Corporation.

Vesting

A participant's interest in the Plan is fully vested after six years of credited service or when they reach the normal retirement date (65 years of age). Employees who terminate before vesting forfeit their nonvested interest in the Plan after a five year break in service. Participants terminating from the Plan receive no allocation of employer contributions or forfeitures in the year they terminate from the Plan; however, they do receive an allocation of interest and other Plan income in accordance with normal Plan provisions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installment payments, as defined by the Plan agreement. On termination of service due to death, disability or retirement, a participant with a vested account balance of \$5,000 or less will receive a lump-sum amount equal to the value of the vested interest in his or her account. For vested balances greater than \$5,000, distributions will be made in equal annual installments over a five-year period with an additional year (up to an additional five years) for every \$225,000, or fraction thereof, that the account value exceeds \$1,130,000. For termination of service for other reasons, a participant with a total vested value of \$5,000 or less will receive the value of the vested interest in his or her account as a lump-sum distribution. For balances greater than \$5,000, a participant will receive annual installments over a five-year period following the Plan year in which the participant elects to receive a distribution. The amount to be distributed is based on the immediately preceding valuation date. Distributions are made in cash.

Notes to Financial Statements

Voting Rights

All Corporate stock held by the Trust shall be voted by the Trustee in accordance with instructions from the Plan's Fiduciary Committee. Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee shall vote any unallocated shares held by the trust, as well as any allocated shares for which a participant has failed to give timely voting direction in a manner determined by the Fiduciary Committee.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Corporation buy any shares of its common stock distributed to participants for which there is no market. The put price is intended to be representative of the fair market value of the Corporation's common stock. The Corporation can finance any common stock repurchase with interest over a period not exceeding five years. The purpose of the put option is to ensure that the participants have the ability to ultimately obtain cash for the value of their shares.

Diversification

Diversification is offered to participants close to retirement age so that they may have the opportunity to direct part of the value of their investment in Corporation stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. During 2024, the Corporation did not repurchase any shares from participants.

Administration of Plan Assets

The Plan's assets, which consist of a portion of the Corporation's common shares, are held by the Trustee of the Plan.

Corporate contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The Trustee also administers the payment of interest and principal on the loans, which are reimbursed to the Trustee through contributions as determined by the Corporation.

Certain administrative functions are performed by officers or employees of the Corporation. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid directly by the Corporation.

Notes to Financial Statements

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. The fair value of TechSmith Corporation common stock is one such significant estimate. Actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian and appraiser. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. The net change in fair value of investments includes the Plan's gains and losses on stock bought and sold as well as held during the year.

Contributions

Employer contributions are recorded in the period in which they become the obligations of the Corporation.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Plan's administrative expenses, including an allocation of salaries related to Plan administration, and legal costs are paid by the Corporation and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Corporation are excluded from these financial statements. The Corporation paid the operating expenses for the Plan in 2024, with the exception of certain bank and record keeping fees.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to the most recent statement of net assets available for benefits presented herein, through the date these financial statements were available to be issued.

3. INVESTMENTS

The following tables present the Plan's investment in TechSmith Corporation's common stock at December 31:

	2024		2023	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	251,076	348,924	188,486	411,514
Cost	\$ 5,816,594	\$ 8,083,406	\$ 4,365,221	\$ 9,534,779
Estimated fair value	\$ 4,235,652	\$ 5,886,348	\$ 4,110,874	\$ 8,975,126

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

TechSmith Corporation - common stock: The fair value of TechSmith Corporation common stock held by the Plan is valued at estimated fair value based upon an independent appraisal. This appraisal is based upon a combination of several different approaches for valuation of the common stock, specifically, income based, asset based, and market based approaches. The appraiser considered historical and projected cash flow and net income, return on assets, return on equity, market comparable, and estimated fair value of Corporate assets and liabilities.

The valuation process involves Plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the reviewed financial statements of the Corporation. The appraiser prepares a preliminary report which Plan management reviews in detail, discusses and approves. The estimated fair value of common stock of the Corporation as of December 31, 2024 and 2023, was \$16.87 and \$21.81 per share, respectively, and is classified as Level 3.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value at December 31:

2024	Level 1	Level 2	Level 3	Total
Investment in TechSmith Corporation common stock	\$ -	\$ -	\$ 10,122,000	\$ 10,122,000
2023	Level 1	Level 2	Level 3	Total
Investment in TechSmith Corporation common stock	\$ -	\$ -	\$ 13,086,000	\$ 13,086,000

Notes to Financial Statements

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers into or out of Level 3 during 2024 and 2023.

The following tables set forth a summary of changes in the fair value of the Plan's Level 3 assets invested in TechSmith Corporation common stock for the year ended December 31, 2024:

Balance, beginning of year	\$ 13,086,000
Unrealized losses relating to stock held at the reporting date	<u>(2,964,000)</u>
Balance, end of year	<u><u>\$ 10,122,000</u></u>

5. LOANS PAYABLE

During 2021, the Plan entered into a \$13,900,000 loan agreement with the Corporation. The proceeds of the loan were used to purchase 600,000 shares of the Corporation's common stock. Unallocated shares serve as collateral for repayment of the loan. The agreement provides for the loan to be repaid in annual installments through 2030, including interest charged at 1.90%.

Scheduled principal reductions on the loans for each of the five years succeeding December 31, 2024, and thereafter, are summarized as follows:

Year	Amount
2025	\$ 1,390,000
2026	1,390,000
2027	1,390,000
2028	1,390,000
2029	1,390,000
Thereafter	<u>1,275,798</u>
Total	<u><u>\$ 8,225,798</u></u>

6. COMPANY ADVANCES

During 2024, the Corporation advanced \$93,229 in cash to the Plan to cover the Plan's distribution and expense obligations. This advance was an interest-free loan to the Plan. No collateral has been taken for this loan. Plan management believes that the loan complies with the requirements of Department of Labor Prohibited Transaction Class Exemption 80-26.

The proceeds of the loan were used to fund cash distributions to participants and pay Plan expenses. The advance was converted to a contribution in 2024.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Corporation common stock and has indebtedness due to the Corporation. These are related party and party-in-interest transactions. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA. As described in Note 2, the Corporation has historically paid all Plan expenses, with the exception of certain bank and record keeping fees which totaled \$517 in 2024.

8. TAX STATUS

The Plan has received a favorable determination letter dated April 21, 2023 from the IRS, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's legal counsel believe that the Plan is designed in compliance with the applicable requirements of the IRC. Additionally, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. While the Plan may be subject to routine audits by taxing jurisdictions, there are currently no audits for any tax periods in progress.

9. PLAN TERMINATION

The Corporation reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan agreement and the IRC. Upon termination of the Plan, the Plan's Trustee will pay all liabilities and expenses of the trust fund.

10. RISKS AND ECONOMIC UNCERTAINTIES

The Plan invests in the common stock of the Plan Sponsor. The Plan Sponsor's common stock is exposed to various risks, such as interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows, recent transactions, and other such techniques. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of interest rate, market, and credit risks inherent in estimates and assumptions with the Plan's investment, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.
