Independent Auditor's Report

Plan Administrator
HomeServe 401(k) Plan
Norwalk, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of HomeServe 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Form 5500 - Schedule H, Part IV, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, and Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter - 2020 Financial Statements

The 2020 financial statements of the Plan were audited by another auditor. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, the trustees of the Plan. Their report, dated October 14, 2021, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustees, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

HomeServe USA 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the HomeServe 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of HomeServe USA Corporation and participating employers (collectively, the “Company”) who are at least 21 years of age and have completed at least two months of service, excluding employees covered by a collective bargaining agreement, nonresident aliens, interns, and employees who are residents of Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The plan administrator oversees governance of the Plan, determines the appropriateness of the Plan’s investment offerings, and monitors investment performance. Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company (collectively “Great-West”) serve as the Plan’s trustee and an affiliated company of Great-West, Empower Retirement (“Empower”) serves as the recordkeeper.

Plan Mergers April 2021 and December 2021

Effective April 7, 2021, the Crawford Services, Inc. 401(k) Plan and the C.M.H., Inc. Profit Sharing 401(k) Plan & Trust were merged into the Plan, resulting in the transfer of approximately 375 participant accounts with net assets totaling approximately \$18,900,000. Additionally, the Plan was amended effective April 7, 2021, to add Crawford Services, Inc. and C.M.H., Inc. as participating employers.

Effective December 31, 2021, the following plans were also merged into the Plan:

- Arizona’s Dukes of Air, LLC 401(k) Profit Sharing Plan
- Geisel Heating & Air Conditioning, Inc. Profit Sharing 401(k) Plan
- Hays Cooling & Heating, LLC 401(k) Plan

In connection with the December 2021 plan mergers, approximately 56 participant accounts with net assets totaling approximately \$2,430,000 were transferred to the Plan. Due to the transfer of assets occurring subsequent to year-end, the net assets transferred are reflected as a receivable as of December 31, 2021, on the accompanying statements of net assets available for benefits.

Plan Restatement July 2021

The Internal Revenue Service (“IRS”) requires that providers of pre-approved plan documents undergo a periodic restatement process every six years to update the plan documents for any required amendments, regulatory changes, and other enhancements. The pre-approved defined contribution plan document provided by Empower (formerly referred to as a “volume submitter” defined contribution plan document) was restated effective October 1, 2020, to comply with this IRS-required restatement process and Empower received a favorable opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan is qualified under Section 401(a) of the Internal Revenue Code (“IRC”), and therefore, the related trusts are tax exempt.

HomeServe USA 401(k) Plan

Notes to Financial Statements

In July 2021, the Plan adopted the restated pre-approved defined contribution plan document provided by Empower. The adoption of the restated plan document did not result in a material change to the design or operations of the Plan.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants.

Plan management evaluated the relief provisions available to plan participants under the CARES Act and implemented the following provisions:

- Eligible participants could make special, penalty-free withdrawals of up to \$100,000 from January 1, 2020 through December 30, 2020.
- Required minimum distributions were suspended for calendar year 2020.
- Eligible participants could delay loan repayments that would have otherwise been due between March 27, 2020, and December 31, 2020. Loan repayments began again in January 2021.

The Plan was formally amended on October 1, 2022, to adopt the above CARES Act provisions.

Contributions

Each year, participants may contribute a percentage or fixed amount of their eligible annual compensation, as defined by the Plan, and may designate all or a portion of their elective deferral as post-tax Roth contributions. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their rate set at 3% of eligible compensation on a pre-tax basis with contributions invested in a designated fund until changed by the participant.

The Company makes safe harbor matching contributions equal to 100% of each participant’s deferral, not exceeding 3% of the participant’s compensation, plus 50% of each participant’s elective deferral in excess of 3% but not in excess of 5% of the participant’s compensation. At its discretion, the Company may also elect to make additional non-elective contributions to participant accounts. The Company did not make any discretionary non-elective contributions for the 2021 or 2020 plan years.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, typically referred to as rollover contributions.

Contributions are subject to certain IRC limitations.

Participants may direct the allocation of contributions into various investment options offered by the Plan.

HomeServe USA 401(k) Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's and the Company's contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and employer safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary non-elective contributions, plus actual earnings thereon, is based on years of service. A participant is 100% vested after six years of credited service, with vesting following a six-year graded schedule whereby after two years of service the employee is 20% vested, and vesting increases by 20% every year thereafter until the employee is 100% vested in the sixth year. In the event of death, permanent disability, or retirement, a participant's employer contribution account becomes fully vested.

The following vesting provisions also apply to participant accounts transferred from other plans:

- Participants who transferred from the Utility Service Partners, Inc. 401(k) Profit Sharing Plan on December 31, 2016, are 100% vested at all times in non-elective contributions.
- Participants who transferred from the American Home Guardian Inc 401(k) Profit Sharing Plan and Trust on January 1, 2020, are 100% vested at all times in non-elective contributions.
- Prior matching contributions attributable to the American Home Guardian Inc 401(k) Profit Sharing Plan and Trust follow a six-year graded vesting schedule whereby after two years of service the employee is 20% vested, and vesting increases by 20% every year thereafter until the employee is 100% vested in the sixth year.

Notes Receivable from Participants

The Plan's provisions do not allow participants to take loans against their accounts, however, the Plan does permit the transfer of participant loans from merged plans. Transferred loans retain the original terms and the payment of principal and interest is generally made ratably through payroll deductions. See CARES Act above for special 2020 loan repayment provision.

In May 2024, the Plan was amended to permit active participants to take loans against their accounts. Active participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Notes must be fully repaid within five years. The notes are secured by the balance in the participant's account and bear a reasonable interest equal to a fixed rate of 1% over the Prime Rate published in the Wall Street Journal on the first business day of the month the loan is originated. Principal and interest is paid ratably through payroll deductions. The Plan allows participants to have one loan outstanding at any given time.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her

HomeServe USA 401(k) Plan

Notes to Financial Statements

account or a number of installment payments if the participant's vested account balance exceeds \$5,000 (increased to \$7,000 effective January 1, 2024). For termination of service for other reasons, a participant may elect to maintain his or her current account or receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan provides for the direct rollover to an individual retirement account ("IRA") for terminated participants with balances greater than \$1,000 and not more than \$5,000 (increased to \$7,000 effective January 1, 2024), unless directed otherwise by the participant. In addition, the Plan allows the plan administrator to automatically distribute to terminated participants their entire vested balance which does not exceed \$1,000. Participants who have attained the age of 59½ may elect to withdraw part or all of their vested account balance from the Plan with penalty. In addition, a participant may elect to withdraw all or part of the eligible portion of his or her account in the case of immediate and heavy financial need. Hardship withdrawals are subject to taxes. In general, participants must begin receiving required minimum distributions ("RMDs") upon reaching a certain age, unless they are still employed. For individuals who reached age 70½ on or before December 31, 2019, that age is 70½. For individuals who reach age 70½ on or after January 1, 2020, in accordance with the Setting Every Community Up for Retirement Enhancement Act of 2019, that age is 72. For individuals who reach age 72 on or after January 1, 2023, in accordance with the SECURE 2.0 Act of 2022, that age is 73. See previous CARES Act section for special 2020 benefit payment provisions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities as of the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by Great-West. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

HomeServe USA 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to participant-specific transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through November 21, 2025, which is the date the financial statements were available to be issued. See Note 11 for discussion of subsequent events.

3. Certified Investment Information

The plan administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, qualified institutions as defined by ERISA, have certified as to the completeness and accuracy of all the investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the supplemental schedule, Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity and interest on notes receivable from participants reflected on the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	---

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan’s investments that are reported at fair value represent mutual funds, which are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The mutual funds held by the Plan are considered Level 1 assets within the fair value hierarchy.

There have been no changes in the methodologies used at December 31, 2021 and 2020.

5. Guaranteed Investment Contract with Great-West Life

The Plan previously entered into a fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (“Great-West Life”) that is invested in the Key Guaranteed Portfolio Fund. Great-West Life maintains the contributions in a general account. The account is credited with participant contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the

HomeServe USA 401(k) Plan

Notes to Financial Statements

issuer and is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The guaranteed investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan's documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

6. Party-in-Interest Transactions

The Plan's guaranteed investment contract is managed by Great-West, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Great-West and Empower provide certain administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA"). Great-West and Empower receive revenue from certain investment fund service providers for services Great-West and Empower provide to the funds. This revenue is used to offset certain amounts owed to Great-West and Empower for their administrative services to the Plan. If the revenue received by Great-West and Empower from such investment fund service providers exceeds the amount owed under the MSA, Great-West, and Empower remit the excess to the Plan's trust on a monthly basis. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of the participants. During 2021 and 2020, there were no material excess amounts. The Plan or the Company may make a payment to Great-West and Empower for administrative expenses not covered by revenue sharing.

The Plan made direct payments totaling \$159,977 and \$95,037 to Great-West in 2021 and 2020, respectively, that were not covered by revenue sharing and are included in administration expenses.

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set

HomeServe USA 401(k) Plan

Notes to Financial Statements

forth in ERISA. In the event of a plan termination, all participants would be fully vested in their accounts.

8. Tax Status

The Plan has adopted a pre-approved plan document (formerly referred to as a "prototype" defined contribution plan document) sponsored by Great-West Trust Company, LLC, who has received favorable opinion letters from the IRS dated June 30, 2020 and March 31, 2014, stating that the form of the pre-approved plan is qualified under Section 401(a) of the IRC, and therefore, the related trusts are tax exempt. Although there have been amendments to the Plan since receiving the most recent opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and was tax exempt as of the financial statement date. Accordingly, no provision for income taxes has been made in the financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain tax provisions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

10. Prohibited Transactions

ERISA Section 2510.3-102 requires the plan sponsor to segregate employee contributions to the Plan from its general assets as soon as practicable after amounts are withheld from wages. As a result of administrative oversights, contributions withheld from participants' paychecks totaling \$132,059 during the 2021 plan year were not deposited to the Plan on a timely basis in accordance with ERISA requirements. Under ERISA regulation, late remittances of plan contributions are considered prohibited transactions. The Company has reviewed its internal processes surrounding the remittance of employee contributions and believes that the processes in place will permit the Company to make deposits of employee contributions to the Plan in accordance with the ERISA requirements in the future. These amounts were fully corrected subsequent to year end in September 2025.

Divestiture of Participating Employer

In April 2024, the Company divested a subsidiary that was a participating employer of the Plan, resulting in the separation of approximately 1,000 employees. Although these employees are no longer eligible for active participation in the Plan upon separation, no formal actions were taken by the plan sponsor to carve them out of the Plan or otherwise transfer their accounts to a successor plan. Additionally, all employees were 100% vested in their participant accounts at the time of separation. Accordingly, the divestiture did not have a material impact to the Plan.
