INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
The Forum for Youth Investment 403(b) DC Plan
Washington, DC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Forum for Youth Investment 403(b) DC Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Forum for Youth Investment 403(b) DC Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Forum for Youth Investment 403(b) DC Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Forum for Youth Investment 403(b) DC Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Forum for Youth Investment 403(b) DC Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Forum for Youth Investment 403(b) DC Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE FORUM FOR YOUTH INVESTMENT 403(B) DC PLAN
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of The Forum for Youth Investment 403(b) DC Plan (the Plan) provides only general information. A copy of the Plan agreement is available to each participant from the plan administrator.

General

The Plan is a defined contribution plan under Section 403(b) of the Internal Revenue Code (IRC) adopted on January 1, 2006. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The assets of the Plan are held and managed by Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF) (collectively TIAA and CREF), the insurance company of the Plan. The insurance company manages the investments of the Plan as directed by the participants and provides custodial and recordkeeping services for the Plan.

Eligibility

The Plan covers all employees of The Forum For Youth Investment (the Forum), except for student employees. Eligible employees may enter the Plan immediately on or after their first day of employment. All employees, who are at least 18 years old and have completed six consecutive months of service (as defined by the Plan agreement) are eligible to receive employer contributions.

Contributions

Participants may contribute up to 100% of their annual compensation, as defined in the Plan, subject to the statutory limitations established by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Additionally, participants are permitted to make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, pooled separate accounts, and guaranteed investment contracts as investment options for participants.

The Forum provides non-elective employer contributions for all eligible employees equal to 3% of eligible compensation. During 2024 and 2023, the Forum made non-elective employer contributions to the Plan totaling \$96,790 and \$85,500, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Forum's contributions, Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their elective deferrals, rollovers, employer non-elective contributions, and all earnings thereon.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive an amount equal to the value of the vested interest in their accounts in the form of lump-sum, installment payments, an annuity, a direct rollover into a qualified retirement plan, or a combination of methods. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The Plan also allows distributions at age 59 ½, while the participant is still employed. The employer may authorize certain withdrawals from a participant's account in the event of a proven financial hardship. Hardship withdrawals are subject to specific statutory and regulatory requirements.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting standards generally accepted in the United States of America (U.S. GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts (FBRIC). Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to FBRIC because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for FBRIC, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2024 and 2023

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions

Contributions from Plan participants and the associated Company contributions are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses may be paid either by the Plan or directly by the Company. The Plan is not required to reimburse the Plan sponsor for expenses paid on behalf of the Plan. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Fees related to the administration of benefit payments are charged directly to the participant's account and are included in administrative expenses.

The Plan has a revenue sharing agreement (Plan services expense offset) with the Plan custodian. The TIAA revenue share account is a system where TIAA receives payments from certain investments to help offset administrative costs, and these payments are then used to offset certain Plan expenses. Plan service expense offsets are determined by TIAA in its capacity as a recordkeeper and are supported solely by TIAA from its surplus. During the year ended December 31, 2024, the Plan received excess revenue share in the amount of \$6,444, of that amount \$4,870 were used to reduce Plan expenses. No revenue share funds were received during the year ended December 31, 2023.

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 - CERTIFIED INFORMATION

Certain information related to investments held at December 31, 2024 and 2023, net appreciation in fair value of investments and interest and dividends for the years then ended, disclosed in the accompanying financial statements and ERISA-required supplemental schedule, was obtained by management and agreed to or derived from information certified by TIAA and CREF, the insurance company of the Plan, a qualified institution, as complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4 - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds

The fair values are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Account (PSA)

The TIAA Real Estate Account is a pooled separate account (PSA), that invests in high-quality properties and other real estate related investments. Additionally, the PSA invests in real estate-related and non-real estate related publicly traded securities, cash and other instruments to maintain adequate liquidity levels for operating expenses, capital expenditures and to fund benefit payments (withdrawals, transfers and related transactions). The PSA is valued daily based on the underlying market value of the direct real estate or real estate-related securities in which it invests, using independent appraisals or independent pricing sources. The PSA's daily unit values are primarily driven by the underlying values of the properties and other portfolio investments owned by the PSA, but the daily value also takes into account the value of the PSA's other assets, an estimated daily equivalent of net operating income from its properties and other investments, actual net operating income (to the extent such item differs from the estimated income accrued) and the PSA's liabilities (including the operating fees and expenses). In general, the PSA obtains appraisals for each real estate property on a quarterly basis, which is intended to result in appraisal adjustments, and thus adjustments to the valuation of the PSA's holdings (to the extent adjustments are needed) that happen regularly throughout each quarter and not on one specific day in each period. The remaining assets in the PSA are primarily marketable securities that are priced on a daily basis. The value of the Plan's interest in the TIAA Real Estate account is based on the PSA's NAV calculated daily and available to Plan administrators and participants on TIAA's website. Participant transactions (purchases and sales) may occur daily. Transfers into the PSA can occur at any time, transfers out of the PSA to another investment option can be executed at any time but are limited to once per calendar quarter, subject to limited exceptions.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Pooled Separate Account (PSA) (Continued)

Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner. The Plan has concluded that the NAV as reported by TIAA, is a readily determinable fair value and is the basis for current transactions.

Fixed Annuity Contracts (Non Fully Benefit-Responsive Investment Contracts)

The Plan invests in non-fully benefit-responsive TIAA Traditional Annuity contracts which are guaranteed investment contracts and consist of Group Retirement Annuity (GRA) and Retirement Choice (RC) contracts (for additional details see Note 5). The annuity contracts are not fully benefit-responsive and are included in the financial statements at fair value determined by TIAA. At December 31, 2024 and 2023 contract value of the TIAA Traditional Annuity contracts approximated the fair value determined as discounted cash flow using an appropriate risk-adjusted market discount rate which correlates closely with TIAA Traditional Annuity's historical crediting rates. Lump-sum withdrawals are not permitted. Participant-initiated transfers or withdrawals may only be made in 10 annual installments over a period of nine years plus one day. In determining the reasonableness of the methodology, the Plan evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration of payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Changes in Fair Value of Level 3 Assets

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2024 and 2023, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value at December 31, 2024	Fair Value at December 31, 2023	Valuation Techniques	Unobservable Inputs	Range of Significant Input Values
TIAA Traditional Non Benefit Responsive (GRA)	\$ 89,662	\$ 86,015	Discounted Cash Flow	Risk-adjusted discount rate applied	3.65% - 6.50%
TIAA Traditional Non Benefit Responsive (RC)	\$ 63,875	\$ 57,595	Discounted Cash Flow	Risk-adjusted discount rate applied	3.90% - 6.75%

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

TIAA Traditional Annuity Contracts

TIAA Traditional Annuity is offered through a variety of contracts, including Retirement Annuities (RAs), Group Retirement Annuities (GRAs), Supplemental Retirement Annuities (SRAs), Group Supplemental Retirement Annuities (GSRAs), Retirement Choice (RC) and Retirement Choice Plus (RCP) annuities, fully and unconditionally guaranteed by TIAA. The type of contract through which a participant allocates to the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional amounts paid, the degree of liquidity of the participant's accumulation and the options for receiving income upon retirement. When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity contracts during the

accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The Participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claim-paying ability (Level 3 inputs). The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. TIAA is able to credit higher interest rates to participants who save in contracts where benefits are paid in installments over time instead of in an immediate lump sum. Higher rates will lead to higher account balances and more retirement income for participants.

TIAA Traditional Annuity Contracts (Fully Benefit-Responsive Investment Contracts)

The Plan invests in fully benefit-responsive TIAA Traditional Annuity contracts which are guaranteed investment contracts and consist of Group Supplemental Retirement Annuities (GSRAs) and Retirement Choice Plus (RCP) annuities. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA, represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Each participant maintains an individual annuity contract with TIAA. As part of the contracts, TIAA maintains a portion of the contributions in a "guaranteed account," which is called the Traditional Annuity. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. TIAA is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the Insurance Company and is between 1 and 3%. The crediting rate is reviewed on a quarterly basis for resetting. Any additional interest is not guaranteed. The contract cannot be terminated before the scheduled maturity date.

TIAA Stable Value

The TIAA Stable Value annuity contracts meet the fully benefit-responsive criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Upon termination of the investment contract, the lump sum liquidation value of the guaranteed account portion of the participant's accumulation value shall be equal to the product of (a) the participant's guaranteed account accumulation value of the liquidation date, reduced by the liquidation charge applicable on the liquidation date and (b) a market value adjustment percentage. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Plan's ability to receive amounts due in accordance with fully-benefit responsive investment contracts is dependent on the issuer's ability to meet its financial obligations.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)

TIAA Stable Value (Continued)

The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or, (5) premature termination of the contract. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. These events may be different under each contract. Such events include (1) An uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation; or (4) a material amendment to the agreement without the consent of the issuer.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any interest to do so, the Forum has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' accounts will be distributed in accordance with the Plan agreement.

NOTE 7 - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The Plan has adopted a pre-approved 403(b) prototype plan sponsored by TIAA. The prototype 403(b) plan has received an opinion letter from the Internal Revenue Service (IRS) dated August 07, 2017, which states that the prototype 403(b) plan, as then designed, is in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 8 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Plan investments are managed by TIAA and CREF, the insurance company, custodian and recordkeeper of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments.

Personnel and facilities of the Forum have been used to perform administrative functions for the Plan at no charge to the Plan. There were no financial transactions recorded between the Forum and the Plan other than contributions made.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023, to Schedule H of Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 7,151,705	\$ 6,951,301
Less: Employer contribution receivable	<u>(9,354)</u>	<u>-</u>
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 7,142,351</u>	<u>\$ 6,951,301</u>

The following is a reconciliation of contributions received per the financial statements for the year ended December 31, 2024 to Schedule H of Form 5500:

Contributions received per the financial statements	\$ 503,994
Less: Employer contribution receivable	<u>(9,354)</u>
Contributions received per Schedule H of Form 5500	<u>\$ 494,640</u>

THE FORUM FOR YOUTH INVESTMENT 403(B) DC PLAN
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2024 and 2023

NOTE 11 - SUBSEQUENT EVENTS

Subsequent to December 31, 2024, the Forum determined that a partial Plan termination occurred in the first half of 2025 due to a 20% reduction in force. All participants are already fully vested in their accounts and as a result, the partial Plan termination did not have a significant impact on the affected participants.

Subsequent events have been evaluated through November 21, 2025, which is the date the financial statements are available to be issued.
