Independent Auditor's Report

To the Participants and Plan Administrator of the
Dorsey & Whitney LLP Health Care Plan ERISA Plan Number 502

Opinion

We have audited the accompanying financial statements of the Dorsey & Whitney LLP Health Care Plan ERISA Plan Number 502, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and plan benefit obligations at December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits and changes in plan benefit obligations for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and plan benefit obligations of the Dorsey & Whitney LLP Health Care Plan ERISA Plan Number 502 as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and changes in plan benefit obligations for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Dorsey & Whitney LLP Health Care Plan ERISA Plan Number 502 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Dorsey & Whitney LLP Health Care Plan ERISA Plan Number 502's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditor's Report

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Dorsey & Whitney LLP Health Care Plan ERISA Plan Number 502's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Dorsey & Whitney LLP Health Care Plan ERISA Plan Number 502's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Independent Auditor's Report

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following brief description of the Dorsey & Whitney LLP Health Care Plan ERISA Plan Number 502 (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, and eligibility requirements and other matters.

General

The Plan provides health benefits to qualified employees and partners of the Plan Administrator, Dorsey & Whitney (the "Plan Sponsor"), as well as their eligible dependents. Eligible employees of Dorsey & Whitney Trust Company LLC, a wholly-owned subsidiary of the Plan Sponsor, are also provided health care benefits through the Plan. The Plan has three components: self-insured medical benefits ("SMB"), self-insured dental benefits ("SDB"), and an employee assistance program ("EAP"). The SMB component provides two different coverage options from which participants may choose. The Plan Sponsor utilizes independent third-party claims administrators to process and pay SMB and SDB benefit claims. The claims for the SMB portion of the Plan are administered through Medica Self-Insured and United Healthcare Services, Inc. The claims for the SDB portion of the Plan are administered through Delta Dental. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

Substantially all U.S. employees and partners regularly scheduled to work 17 hours or more per week are eligible to participate in the SMB, SDB, and EAP components of the plan.

In accordance with the Consolidated Omnibus Budget Reconciliation Act ("COBRA"), when coverage ends upon termination of employment or reduction in hours, participants and/or their dependents may be eligible to continue coverage at their own expense for up to 18 months (36 months in certain instances). To be eligible for COBRA, a "qualifying event" causing the loss of coverage must occur.

Contributions

Participants contribute to the SMB and SDB components of the Plan, primarily through payroll withholdings, based on a percentage of the estimated cost to provide the underlying benefits, as determined by the Plan Sponsor. The Plan Sponsor contributions are made as needed to fund Plan obligations in excess of participant contributions for the SMB and SDB components of the Plan. Contributions receivable from the Plan Sponsor consist of approximately \$349,000 and \$177,000 as of December 31, 2024 and 2023, respectively.

Plan Termination

The Plan has the right to amend, in whole or in part, any or all of the provisions of the Plan at any time. Additionally, the Plan has the right to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, assets of the Plan will continue to be used to provide benefits until no assets remain in the Plan.

Insurance Coverage

The Plan Sponsor obtained stop-loss insurance coverage for the SMB component of the Plan from a third party to provide for major benefit claims. The cost of this stop-loss insurance is paid by the Plan Sponsor. The insurance coverage deductible was \$210,000 for both 2024 and 2023, per participant per year for all occurrences, with unlimited coverage for 2024 and 2023. Stop-loss credits deducted from benefit claims paid in 2024 totaled approximately \$897,000.

Notes to the Financial Statements

December 31, 2024 and 2023

2. Summary of Significant Accounting Policies

The following significant accounting policies were used to prepare the financial statements in conformity with accounting principles generally accepted in the United States of America.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Valuation of Investments

Plan investments in a money market fund are held by U.S. Bank National Association (the "Trustee"). Plan investments held by the Trustee relate to the SMB and SDB portions of the Plan.

Purchases and sales of the Plan's investments are recorded on a trade date basis. Interest income is recorded as earned.

Benefit Claims Currently Payable

The Plan accrues amounts payable to participants for claims that were incurred and reported during the year but not yet paid at year end as well as an estimate for claims incurred but not yet reported (IBNR) at December 31. Plan obligations for IBNR at December 31 are estimated primarily based on evaluations or current and historical claims experience. The estimate of claims incurred but not reported is a significant estimate that could reasonably change in the near term, and the change could be significant.

Rebates and Refunds

The Plan receives rebates on employee pharmacy prescription claims paid and experience-rating refunds from the administrator of the SMB portion of the Plan. Rebates are recorded when received as a reduction to benefit claims paid, as the Plan is unable to determine the amount of the rebate until received. Experience-rating refunds cannot be reasonably estimated until they are received, at which time they are recorded as other operating revenue. Approximately \$1,484,000 of rebates and refunds are recorded as a reduction of benefit payments for the year ending December 31, 2024.

Administrative Expenses

Administrative expenses paid by the Plan include trust fees for the SMB component of the Plan, certain professional fees, administrative fees, and trust fees for the SDB component of the Plan. The Plan Sponsor pays legal and audit-related fees.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets available for benefits at the date of the financial statements and the changes in assets available for benefits during the reporting period, liabilities, benefit obligations and changes therein, and when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. The most significant estimates relate to the actuarial assumptions used to determine benefit claims payable and claims incurred but not reported. Actual results could differ from those estimates., and the difference could be significant.

Notes to the Financial Statements

December 31, 2024 and 2023

2. Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

Benefit claims payable and claims incurred but not reported are based on underlying actuarial assumptions. Due to the uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the Plan's financial statements.

The Plan's investments are exposed to various risk factors, such as interest rates, market conditions and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risk factors in the near term could materially affect the amounts reported in the financial statements.

Fair Value of Financial Instruments

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Plan at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Plan does not have any financial instruments measured at fair value on a non-recurring basis.

Subsequent Events

The Plan has evaluated subsequent events for recording or disclosure in the financial statements through November 20, 2025, the date which the financial statements were available to be issued.

Dorsey & Whitney LLP Health Care Plan ERISA Plan Number 502

Notes to the Financial Statements

December 31, 2024 and 2023

3. Fair Value Measurements

The following tables provide information on those assets that are measured at fair value on a recurring basis:

December 31, 2024	Fair Value Carrying Amount in the Statement of Net Assets Available for Benefits	Fair Value Measurement Using		
		Level 1	Level 2	Level 3
Assets				
Money market fund	\$ 248,619	\$ 248,619	\$ -	\$ -

December 31, 2023	Fair Value Carrying Amount in the Statement of Net Assets Available for Benefits	Fair Value Measurement Using		
		Level 1	Level 2	Level 3
Assets				
Money market fund	\$ 138,860	\$ 138,860	\$ -	\$ -

The fair value of the money market investment is based on a quoted market price on an active exchange.

4. Tax Status

The Dorsey & Whitney LLP Health Care Plan Trust, a grantor trust, relates to SMB and SDB components of the Plan. Under a grantor trust, taxable income of the Trust, if any, is taxable to the Plan Sponsor rather than to the Plan.

Due to the tax exempt status of the Plan, the Plan does not have any significant tax uncertainties that would require recognition or disclosure. The Plan is no longer subject to income tax examinations for the years before 2019.

5. Party-In-Interest Transactions

The Trustee is not precluded under contract provisions, or by ERISA regulations, from executing transactions involving investments under the Trustee's control. All investment activity and related investment income of the Plan is with the Trustee. Related investment activity with the Trustee is as follows for the year ended December 31, 2024:

	2024
Sales	\$ 7,999,563
Purchases	8,109,322

The Plan also receives rebates and experience-rating refunds from the administrator of the SMB portion of the Plan. These transactions are party-in-interest transactions under ERISA. The Plan received approximately \$1,484,000 in rebates and experience-rating refunds during the year ended December 31, 2024.
