## Independent Auditor's Report

To the Plan Administrator and Plan Participants of  
SIPS Consults 401(k) Employee Benefit Plan

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of SIPS Consults 401(k) Employee Benefit Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of SIPS Consults 401(k) Employee Benefit Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in **Note 2** to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of SIPS Consults 401(k) Employee Benefit Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SIPS Consults 401(k) Employee Benefit Plan's ability to continue as a going concern for one year from the date of the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the SIPS Consults 401(k) Employee Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SIPS Consults 401(k) Employee Benefit Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter — Supplemental Schedules Required by ERISA***

The supplemental Schedule H, line 4(i) – schedule of Assets (Held at End of Year) as of December 31, 2024 and 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# SIPS CONSULTS - EMPLOYEE 401(K) BENEFITS PLAN

Notes to the Financial Statements  
December 31, 2024 and 2023

---

## Note 1 – Description of Plan

The following description of the SIPS Consults Corp 401(k) Employee Benefit Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. SIPS Consults Corp (the “Employer”) established the SIPS Consults Corp 401K Profit Sharing Plan & Trust (the “Plan”) effective January 1, 2012. The Plan was restated effective August 18, 2023. The Plan was amended on January 1, 2024.

General: The Plan is a defined contribution plan covering substantially all full-time employees of SIPS Consults, Inc. (the “Company” or the “Employer”) who have reached the age of eighteen years and provided 90 days of service. Employees may enter the Plan immediately following eligibility. Employees who have reached the age of eighteen years and provided 3 months of service are eligible to receive the Company matching contributions at the beginning of the quarter following one year of service. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code (“IRC”) or may be made after-tax in the form of a Roth 401(k) contribution. If a participant elects to contribute to the Plan, they may contribute from 1% up to 100% of their eligible wages. Participants who fail to make an affirmative election are not automatically enrolled.

Participants may elect to contribute up to a maximum of \$23,000 and \$22,500 annually per participant for 2024 and 2023, respectively, plus an additional \$7,500 for participants age 50 or older for 2024 and 2023. The maximum contribution amount is adjusted annually for inflation, as announced by the United States Secretary of the Treasury. Participants’ contributions to the Plan are made by means of payroll deductions during each regular payroll period. Participants direct investments of their contributions into various investment options offered by the Plan. Employees may also choose to end their participation in the Plan at any time.

Rollover contributions from other qualified plans and individual retirement accounts are allowed by the Plan.

Participant Accounts: During the Plan year, participants’ accounts are increased by the participants’ elective deferrals, the Employer’s contributions, and their respective proportionate shares of any investment earnings and increases in the fair value of the funds during the year. Participants’ accounts are reduced by any payments made from such accounts and their respective proportionate shares of any decreases in the fair market value of the funds. Allocations are based on participants’ earnings or account balances, as defined by the Plan document. The benefit to which participants are entitled is the benefit that can be provided from the participants’ vested accounts.

Vesting: Participants are 100% vested in their voluntary contribution account and their Safe Harbor Employer contribution account.

Payment of Benefits: Benefit distributions equal to participants’ vested account balances are payable to participants or their beneficiaries upon the earlier of retirement (age 59 1/2) or upon their death, disability or termination of employment. The method of distribution shall be determined by the Plan Administrator in accordance with the provisions of the Plan.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income(loss) reported by the Plan.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$100,000 or 50% of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at fixed rates that are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid through payroll deductions.

## **Note 2 – Summary of Significant Accounting Policies**

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

*Level 1:* Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

*Level 2:* Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

*Level 3:* Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

*Mutual funds and common stock:* The fair values of mutual fund and common stock investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

*Stable value collective trust fund:* The fair values of participation units in the stable value collective trust are based upon the net asset values per unit as reported by the fund manager. The fund invests 100% in Galliard Stable Return Fund C. The fund’s objective is to protect the principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposit. Galliard Stable Return Fund C primarily invests in investment contracts, including traditional guaranteed investment contracts (GICs) and security-backed contracts issued by insurance companies and other financial institutions. Units of the fund are issued and redeemed at the latest net asset value which is determined daily. There are no advance notification requirements for this fund.

*Commingled pool collective trust fund:* The fair values of participation units in the commingled pool collective trust are based upon the net asset values per unit as reported by the fund manager. The fund invests in various growth funds. The fund’s objective is to provide capital appreciation through the active management of equities across a variety of markets. Units of the fund are issued and redeemed at the latest net asset value which is determined daily. There are no advance notification requirements for this fund.

Investments measured at fair value on a recurring basis are summarized below:

	<b>Fair Value as of December 31, 2024</b>			
	<b>Total</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>
Mutual funds	\$ 476,036	\$ 476,036	\$ -	\$ -
Unrealized gain/(loss)	55,840	55,840	-	-
Equity investments measured using Level 1 Inputs, cost	\$ 531,876	\$ 531,876	\$ -	\$ -
	<b>Fair Value as of December 31, 2023</b>			
	<b>Total</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>
Mutual funds	\$ 497,629	\$ 497,629	\$ -	\$ -
Unrealized gain/(loss)	35,026	35,026	-	-
Equity investments measured using Level 1 Inputs, cost	\$ 532,655	\$ 532,655	\$ -	\$ -

*Notes Receivable from Participants:* Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants’ account balances. Notes receivable from participants are \$16,053 and \$11,439 as of December 31, 2024 and 2023, respectively.

*Payment of Benefits:* Benefits are recorded when paid.

*Events Occurring After Reporting Date:* Plan management has evaluated events and transactions that occurred between December 31, 2024 and the issuance of the report for possible recognition or disclosure in the financial statements.

### **Note 3 – Tax Status of Plan**

The Plan obtained a favorable determination letter, in which the Internal Revenue Service (“IRS”) state that the Plan was in compliance with the applicable requirement of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **Note 4 – Risks and Uncertainties**

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

### **Note 5 – Plan Termination**

Although it has not expressed any intention to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the related provisions of ERISA.

### **Note 6 – Party-In-Interest Transactions**

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others. The Plan holds mutual funds managed by Fidelity Investments which qualify as party-in-interest investments. The Plan also holds notes receivable from participants that qualify as party-in-interest transactions. The Plan’s payments of administrative fees to Inspira Financial Trust, LLC, of \$3,371 and \$862 in 2024 and 2023, respectively, and payments of investment management fees also qualify as party-in-interest transactions.
