Participation commences on the first day of the month following completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Trustee, Recordkeeper, and Custodian of Assets: The trustee and custodian of the Plan’s assets is Reliance Trust Company. The Plan’s recordkeeper and third-party administrator is AXA Equitable Life Insurance Company (“AXA Equitable”).

Participant Contributions: Each year, participants may contribute up to 100% of their eligible compensation as defined in the Plan, with an annual Internal Revenue Service (“IRS”) limit of \$19,500 and \$19,000 for 2020 and 2019, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions in the amount of \$6,500 and \$6,000 for 2020 and 2019, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and a guaranteed interest option (“GIO”) as investment options for participants.

Employer Contributions: At its discretion, the Company is allowed to make two types of contributions to the Plan. The Company may make a contribution of matching employee deferrals up to 100% of the first 5% of a participant’s eligible compensation deferred. In 2020 and 2019, the Company matched deferrals at this level. In addition, the Company may make qualified non-elective contributions in any amount determined by the Board of Directors for each Plan year. No qualified non-elective contributions were declared or paid during the years ended December 31, 2020 and 2019.

Participant Accounts: An account is maintained for each participant. Each participant’s account is credited with the participant’s elective deferral, the employer’s matching contribution, qualified non-elective employer contributions, if applicable, and an allocation of the Plan earnings or loss. Each participant’s account is charged with benefits paid to the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants are fully vested immediately in their elective deferral, rollover contributions, qualified non-elective employer contributions, and employer matching contributions, plus actual earnings thereon.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000, up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at various rates, which are commensurate with local prevailing rates as determined quarterly by the Plan Trustee. Principal and interest are paid ratably through monthly payroll deductions. Participants also have the option to make payments to the Trustee directly.

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than the participant's assumed life expectancy or the assumed life expectancy of the participant and his or her beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Hardship Provisions: Upon approval of the Plan Sponsor, participants may make taxable withdrawals for reasons of immediate and heavy financial need as defined by the Tax Code.

Forfeited Accounts: Participants are fully vested immediately in their elective deferral, rollover contributions, qualified non-elective employer contributions, and employer matching contributions, plus actual earnings thereon. Forfeitures can be used either to pay administrative expenses or to reduce employer contributions. As of December 31, 2020 and 2019 the forfeitures account balance was \$0. There were no forfeitures used to reduce employer contributions or pay for administrative expenses for the year ended December 31, 2020.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Accordingly, employee deferrals, employer matching contributions, and qualified non-elective employer contributions are recorded in the period in which they are earned, and benefit payments and Plan expenses are recorded in the period in which they are incurred.

Adopted Accounting Pronouncements: The Plan has implemented all applicable accounting pronouncements within the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") that are in effect as of December 31, 2020 and 2019.

The Plan does not believe that there are any other new applicable accounting pronouncements issued by the FASB that might have a material impact on its net assets available for benefits or changes in net assets available for benefits.

Risks and Uncertainties: The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Tax Status: The Plan obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Tax Code. The Plan has been amended since receiving the opinion letter; however, the Plan Sponsor believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Tax Code.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Uncertain Tax Positions: U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and determine whether such positions would more likely than not be sustained upon examination by the IRS. The Plan records a liability for uncertain tax positions when it is probable that a loss has been incurred and the amount can be reasonably estimated. Plan management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings. The Plan recognizes any interest and penalties related to uncertain tax positions when identified in income tax expense. Plan management has determined that the Plan does not have any unrecognized uncertain income tax positions as of December 31, 2020 and 2019.

Notes Receivable from Participants: Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. The loans are secured by the balance in the participant's account and bear interest at rates determined by the Trustee. Any interest earned on each loan is allocated to that participant's account. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document.

Investment Valuation: The Plan's investments held in pooled separate accounts are stated at fair value. The fair value is based on the closing price on the last business day of the Plan year.

The Plan's investment in the AXA Equitable guaranteed interest option is an indirect fully benefit-responsive investment contract ("FBRIC"). As an indirect FBRIC, its fair value is measured using the net asset value per share practical expedient in accordance with Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*. At December 31, 2020 and 2019, the total net asset value is \$527,134 and \$537,423, respectively.

Income Recognition: Realized gains and losses from the sale of investments and the difference in fair value of assets held from one period to the next is recognized and included in appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date.

Benefit Payments: Benefit payments are recorded when applied for by the Plan participant. At December 31, 2020 and 2019, there were no benefits applied for but not yet paid.

Administrative Expenses: Plan administration fees are either paid by the forfeitures account or passed through to the participants of the Plan. Expenses incurred by the Company in administering the Plan are not passed on as expenses of the Plan. Transaction based fees associated with optional services, including withdrawal fees, are charged directly to the respective Plan participant's account. Administrative fees charged to participant accounts totaled \$42,949 for the year ended December 31, 2020.

Note 3. Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 5. Fair Value Measurements

FASB ASC 820, *Fair Value Measurement*, defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The provisions of FASB ASC 820 establish a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs by requiring that observable inputs be used when available. The three-level hierarchy for fair value measurements is defined as follows:

Level 1 - quoted prices for identical assets or liabilities in active markets as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 - observable market-based inputs or unobservable inputs that are corroborated by market data. May include quoted prices in a market that is not active.

Level 3 - unobservable inputs that cannot be corroborated by market data. These inputs reflect management's best estimate of fair value using its own assumptions about the assumptions a market participant would use in pricing the asset or liability.

Investments are reported at fair value and assigned a hierarchy based on inputs of valuation techniques used to measure fair value.

Pooled Separate Accounts – These funds are reported at fair value based on the fair value of the underlying assets in the funds reported by the fund manager.

Guaranteed Interest Option – This investment is valued at NAV using the practical expedient. The use of NAV is deemed appropriate as the investment does not have a finite life, unfunded commitments relating to this type of investment, or significant restriction or redemptions. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investments for an amount different than the reported NAV. The Plan's Trustee certified the NAV of the investment as of December 31, 2020 and 2019.

The following table summarizes the Plan's assets carried at fair value within the FASB ASC 820 fair value hierarchy levels as of December 31, 2020 and 2019:

Note 6. Information Prepared and Certified by the Plan Trustee

The following unaudited information in the financial statements was certified to be complete and accurate by the Plan's Trustee within the meaning of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- All amounts relating to investments and notes receivable from participants as enumerated in the Statement of Net Assets Available for Benefits as of December 31, 2020 and 2019;
- All amounts relating to net appreciation in fair value of investments, dividends and interest, and interest income from notes receivable from participants, as enumerated in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020; and
- All amounts enumerated in the Supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020.

During the year ended December 31, 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,170,623.

Note 7. Party-in-Interest Transactions

Certain Plan investments, which include pooled separate accounts and a guaranteed interest option, are managed by AXA Equitable. AXA Equitable is the recordkeeper and the third-party administrator as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions as defined per ERISA.

Note 8. Coronavirus (“COVID-19”) Pandemic and Coronavirus Aid, Relief, and Economic Security (“CARES”) Act

On January 30, 2020, the World Health Organization (“WHO”) announced that the outbreak of a new strain of COVID-19 constituted a global health emergency due to its risks to the international community as the virus spread globally beyond its point of origin. In March 2020, the WHO declared COVID-19 a pandemic.

On March 27, 2020, the CARES Act was signed into law to address economic impacts of and respond to the pandemic. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to the Plan participants under the CARES Act and has implemented the following provisions:

- Special COVID-19 distributions up to \$100,000
- Extension of the loan repayment period, if applicable, up to one year
- Increased available loan amount to the lesser of \$100,000 or 100% of the participant’s vested account balance
- Suspended required minimum distributions for 2020

Given the ongoing and dynamic nature of the virus and the worldwide response thereto, it is difficult to predict the full impact of COVID-19 on the Plan’s investments. The Plan Sponsor is continuing to evaluate the potential financial impact of COVID-19 on the Plan.

Note 9. Subsequent Events

The Plan evaluated subsequent events through the date these financial statements were available to be issued. There were no material subsequent events that required recognition or disclosure in the financial statements.
