## INDEPENDENT AUDITORS' REPORT

To: The Retirement Committee of  
Unión de Tronquistas de Puerto Rico-Local 901  
of Crowley Liner Services Puerto Rico, Inc.  
Defined Contribution Retirement Plan

### Opinion

We have audited the financial statements of Unión de Tronquistas de Puerto Rico-Local 901 of Crowley Liner Services Puerto Rico, Inc. Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Unión de Tronquistas de Puerto Rico-Local 901 of Crowley Liner Services Puerto Rico, Inc. Defined Contribution Retirement Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Unión de Tronquistas de Puerto Rico-Local 901 of Crowley Liner Services Puerto Rico, Inc. Defined Contribution Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Unión de Tronquistas de Puerto Rico-Local 901 of Crowley Liner Services Puerto Rico, Inc. Defined Contribution Retirement Plan's ability to continue as a going concern for within one year after the date that the financial statements are available to be issued.

**THE POWER OF BEING UNDERSTOOD**  
ASSURANCE | TAX | CONSULTING

RSM Puerto Rico is a member of the RSM network and trades as RSM. RSM is the trading name used by the members of the RSM network. Each member of the RSM network is an independent accounting and consulting firm which practices in its own right. The RSM network is not itself a separate legal entity in any Jurisdiction.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore there is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Unión de Tronquistas de Puerto Rico-Local 901 of Crowley Liner Services Puerto Rico, Inc. Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about Unión de Tronquistas de Puerto Rico-Local 901 of Crowley Liner Services Puerto Rico, Inc. Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Supplemental Schedules Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

---

### 1) Plan Description:

The following description of Unión de Tronquistas de Puerto Rico-Local 901 of Crowley Liner Services Puerto Rico, Inc. Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A) General – On November 23, 1992, Crowley Liner Services Puerto Rico, Inc. (the Employer), a wholly owned subsidiary of Crowley Holdings, Inc., established a defined contribution retirement plan for the exclusive benefit of its eligible employees and their beneficiaries, pursuant to Article XXVII of the Collective Bargaining Agreement between the Employer and “Unión de Tronquistas de Puerto Rico–Local 901” (the Union). Employees are eligible as of the later of the Plan's effective date or the date of commencement of employment. The Plan qualifies under Section 1081 of the Puerto Rico Internal Revenue Code (PRIRC) of 2011, as amended, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B) Contributions – The Plan agreement requires the Employer to make contributions on behalf of each participant on a specified monthly amount depending on the year of service and a supplementary amount based on the monthly hours of service. Those contributions should not exceed the lesser of \$69,000 or the total compensation paid by the Employer to participants for the year ended. The Plan allows participants to contribute amounts representing distributions from other qualified defined benefit or contribution plans.
- C) Participant accounts – Each participant account is credited with the Employer's contributions and the investment return from the applicable investment funds on behalf of each participant.
- D) Vesting – Participants are always fully vested and have a non-forfeitable right to their accrued benefits. Any participant who separates for any reason is entitled to 100% of the accrued benefit under the Plan.
- E) Investment options – Participants may decide how the Employer contributions allocated to them are invested among various investment options. Any investment election may be changed with respect to future Employer contributions. Such elections or transfers can be made online or by a telephone call and are effective immediately.
- F) Notes receivable from participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to fifty percent (50%) of the vested amount of the participant's accrued benefits, not to exceed \$50,000. Certain restrictions may apply. The loans are guaranteed by the participant's accumulated plan contributions and bear interest at prime rate in effect at the beginning of the quarter in which the loan is requested. Principal and interest is paid ratably through weekly payroll deductions.
- G) Determination of benefits – Participants are entitled to the following benefits:
  - Benefits upon retirement – Upon normal retirement date (later of the date on which the participant attains age 65 or the date on which the participant completes five (5) years of participation in the Plan), the participant's accrued benefit shall become distributable to the participant. Participants may postpone the termination of employment with the Employer to a later date, in which event, participation of such participant in the Plan shall continue until participant's late retirement date.

## NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

---

Benefits in the event of disability – In the event of a participant's total and permanent disability prior to the retirement date or separation from service, the participant's accrued benefit are distributable to the participant, as though the participant had retired.

Benefits upon termination – On or before the anniversary date coinciding with or subsequent to the termination of a participant's employment for any reason other than death, total and permanent disability or retirement, the Retirement Committee may direct the Trustee to segregate the participant's accrued benefit and invest the aggregate amount thereof in a separate federally insured savings account, certificate of deposit, common or collective trust fund of a bank, or a deferred annuity. In the event the participant's accrued benefit is not segregated, the amount shall remain in a separate account for the former participant until such time as a distribution is made to such participant. Distribution of the funds due to a former participant shall be made on the occurrence of an event which would result in the distribution had the terminated participant remained in the employment (upon the participant's death, total and permanent disability or retirement).

The Retirement Committee may also direct the Trustee to cause the terminated participant's accrued benefit to be payable to such former participant as though he/she had retired. However, terminated participant's accrued benefit may not be paid without his/her written consent if the value of such benefit exceeds \$5,000. Further, the spouse of the participant must consent in writing to any such distribution.

Benefits upon death – On or before the anniversary date coinciding with or next following the death of a participant while an active employee, or the death of a terminated participant, the Retirement Committee shall direct the Trustee to distribute the value of the deceased participant's accrued benefit to the participant's beneficiary, subject to certain considerations.

- H) Hardships – In the event of financial hardship, a participant who is an employee may withdraw (in a single lump sum payment) from his participant's account any amount up to one hundred (100%) of the value of such account. Applications for hardship withdrawals shall be submitted to the Retirement Committee in such form and subject to such requirements as it may prescribe from time to time. The minimum amount for a hardship withdrawal shall be \$1,000. Only the following expenses shall constitute an immediate and heavy financial need: (i) expenses of medical care or to obtain medical care by the participant or his or her spouse or lineal descendants of participant or his or her spouse that are considered dependents of the participant; (ii) costs directly related to the purchase of a principal residence of the participant (not including mortgage payments) up to thirty percent (30%) of the total purchase price of such principal residence; (iii) payments necessary to prevent the eviction of the participant from his or her principal residence or foreclosure on the mortgage of his or her principal residence. An expense may constitute an immediate and heavy financial need even if it was reasonably foreseeable or voluntarily incurred by the employee; the determination of need shall be made by the Retirement Committee or its representative in a uniform and nondiscriminatory manner in accordance with the above standards and based on such documentation from the participant as to the existence and nature of the need as may be required by the Retirement Committee or its representative. In making its determination, the Retirement Committee or its representative may reasonably rely on the participant's written representations regarding the amount required and availability of other resources. At its sole discretion, the Retirement Committee or its representative may require the documentation necessary to verify the existence of a financial need, including sworn statements and audited financial statement; (iv) any other expense or cost that the Puerto Rico Secretary of Treasury, or the person designated by him, deems immediate and heavy financial need through revenue rulings, notices or other documents of general applicability.

## NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

---

- I) Payment of benefits in case of retirement, disability or termination of employment for reasons other than death – A participant who is married and who retires or becomes disabled or terminates employment for reasons other than death, shall receive the value of his accrued benefit in the form of a joint and survivor annuity. The joint and survivor annuity shall be equal in value to a single life annuity. Such joint and survivor benefits following the participant's death shall continue to the spouse during the spouse's lifetime at a rate equal to 50% of the rate at which such benefits were payable to the participant. A participant may elect to receive a smaller annuity benefit with continuation of payments to the spouse at a rate of 75% or 100% of the rate payable to such participant during his lifetime. Any election to waive the joint and survivor annuity must be made by the participant in writing during the election period and be consented to by the participant's spouse. Such spouse's consent must acknowledge the effect of such election and be witnessed by a plan representative or a notary public. Such consent shall not be required if it is established to the satisfaction of the Retirement Committee that the required consent cannot be obtained because there is no spouse, the spouse cannot be located, or other circumstances that may be prescribed by ERISA regulations. The election period to waive the joint and survivor annuity shall be the ninety day period ending on the annuity starting date.

For any married participant duly electing not to receive his accrued benefit in the form of a joint and survivor annuity, and for any single participant, the Retirement Committee shall direct the plan representative to distribute to a participant any amount to which he is entitled under the Plan in any of the following methods, as the participant elects: participants may elect to receive any amount to which they are entitled under the plan in any of the following methods: one lump-sum payment in cash; a single life annuity contract for the life of the participant; a joint and survivor annuity with 50%, 75% or 100% payable to a beneficiary; or, in annual cash installments over a certain period not exceeding five (5) years. If the value of the participant's vested accrued benefit is \$5,000 or less, it shall be immediately distributed to the participant.

If the value of a participant's vested accrued benefit is \$5,000 or less, the Retirement Committee shall immediately distribute such benefit to the participant. However, a participant's vested accrued benefit may not be paid without his written consent if the value exceeds \$5,000. Further, the spouse of a married participant must consent in writing to any such distribution. If the participant's entire interest is to be distributed in other than a lump sum, then the amount to be distributed each year must be at least an amount equal to the quotient obtained by dividing the participant's entire interest by the life expectancy of the participant or the joint and last survivor expectancy of the participant and his designated beneficiary.

- J) Rollover distributions – A participant may elect, at the time and in the manner prescribed by the Retirement Committee, to have an eligible rollover distribution (or a portion thereof) paid directly to an eligible retirement plan specified by the participant in a direct rollover no later than sixty (60) days after receiving the payment or distribution.

## 2) Summary of Significant Accounting Policies:

The most significant accounting policies followed by the Plan are summarized below:

- A) Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.
- B) Use of estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

## NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

---

- C) Investment valuation and income recognition – Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

For investments in mutual funds that are registered with the Securities and Exchange Commission (SEC), fair value is determined using net asset values (NAV). The NAV per share of the registered investment companies is published daily and is calculated by each fund based on the market value of the underlying securities within each fund.

The net appreciation (depreciation) in fair value of investments, including realized gains or losses and net change in unrealized gains or losses, is reflected in the statement of changes in net assets available for benefits. Realized gains or losses on the disposal of investments are determined by specific identification and recognized on a trade-date basis. Purchases and sales are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date.

- D) Notes receivable from participants – Are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. As of December 31, 2024 and 2023, interest rates on outstanding notes receivable from participants ranged from 3.25% to 8.50%.
- E) Employer's contributions – Are recorded based in the Plan year in which the Employer makes the payroll deduction.
- F) Benefits – Are recorded when paid.
- G) Administrative expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from the accompanying financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded when incurred as deductions in the accompanying statement of changes in net assets available for benefits. Fees related to the administration of the notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of investments.

### 3) Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The valuation techniques are based upon observable or unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions.

# UNIÓN DE TRONQUISTAS DE PUERTO RICO-LOCAL 901 OF CROWLEY LINER SERVICES PUERTO RICO, INC. DEFINED CONTRIBUTION RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

---

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Interest bearing cash and cash equivalents – The carrying amount of interest-bearing cash and cash equivalents are reasonable estimates of the fair value due to its short-term maturity. These interest-bearing cash is available upon demand, hence, classified as Level 1.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The carrying amounts of investments and notes receivable from participants approximate their fair values because of the relatively short-term maturities of these financial instruments.

#### 4) Tax Status:

The Plan is intended to be a tax qualified arrangement that complies with the provisions of ERISA and with PRIRC. The Plan received a determination letter from the Puerto Rico Department of Treasury dated August 19, 2014, stating that the Plan is qualified with the PRIRC. The plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the PRIRC.

# UNIÓN DE TRONQUISTAS DE PUERTO RICO-LOCAL 901 OF CROWLEY LINER SERVICES PUERTO RICO, INC. DEFINED CONTRIBUTION RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

---

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination of taxing authorities. The Plan Administrator has evaluated the tax positions taken by the Plan and concluded that the Plan as of December 31, 2024 and 2023, had maintained its tax exempt status and had taken no uncertain tax positions that would require adjustments or disclosures to the financial statements. Therefore, no provision or liability for income tax has been included in the accompanying financial statements. The Plan is subject to routine audits by the Puerto Rico Treasury Department. As of December 31, 2024, the years 2020 and thereafter remained subject to examination; however, there are currently no audits for any tax periods in progress.

### 5) Risks and Uncertainties:

The Plan's investments may be exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### 6) Party-in-Interest Transactions:

Crowley Liner Services, Puerto Rico, Inc. is a party-in-interest as defined by ERISA. In addition, most of the Plan's investments are shares of mutual funds managed by Fidelity Investment, who is also the record keeper of the Plan. The Plan also invests in cash equivalents pertaining to Banco Popular de Puerto Rico, who is the trustee of the Plan. Therefore, these transactions represent party-in-interest transactions as defined by ERISA. There were no prohibited party-in-interest investments or transactions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, other than those disclosed in Note 7.

### 7) Delinquent Loan Repayments:

During the years ended December 31, 2019, 2021, 2022, 2023 and 2024, the Employer failed to remit certain loan repayments within the required timeframe as stated by the United States Department of Labor regulations amounting to \$130,566, \$52,901, \$100,122, \$38,574 and \$56,843, respectively. The Employer deposited lost earnings outside the Voluntary Fiduciary Correction Program (VFCP) in the amount of approximately \$4,163, \$3,941 and \$2,292 to correct 2021, 2022 and 2023 failures, respectively, during the year ending December 31, 2025. The correction was made from the Employer's assets and not from assets of the Plan. It is the Employer's intention to make the correction for the additional failures outside the VFCP during the year ending December 31, 2025.

### 8) Plan Termination:

Although it has not expressed any intent to do so, the Employer and the Plan have the right to terminate the Plan in its entirety at any time, subject to the provisions of ERISA. In the event of Plan termination, allocation of accounts to each participant should be either in a lump-sum or through contracts issued by an insurance company, chosen by the Retirement Committee.
