## Independent Auditor's Report

Participants and Retirement Committee  
Trade Center Management Associates 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Trade Center Management Associates 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule of schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Trade Center Management Associates 401(k) Plan

### Notes to Financial Statements

#### Note 1. Plan Description

The following description of Trade Center Management Associates 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan, established on March 4, 2001, covering all eligible employees aged 18 or older of Trade Center Management Associates, LLC (the Company or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Company. The custodian and recordkeeper of the Plan for the year ended December 31, 2024, is Fidelity Management Trust Company (Fidelity Management).

**Contributions:** Participants are automatically enrolled to contribute 4% of their compensation. Participants, however, may elect to contribute to the Plan any amount of their compensation, as defined by the plan agreement, not to exceed statutory limits.

The Company matches eligible participant contributions based on eligible compensation contributed to the Plan at a rate set each year at the discretion of the Company, subject to certain limitations. For the plan year ended December 31, 2024, the Company contributed to the Plan an amount equal to 100% of the first 1% of each participant's eligible contributions for the plan year and 50% of the next 5%.

**Rollovers:** With the approval of the plan administrator, the Plan may receive any amounts received by an employee as a distribution from another qualified plan, provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan.

**Participant accounts:** Each participant's account is credited with the participant's contribution, the Company's matching contribution and earnings/losses thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are vested immediately in their voluntary contributions and employer match contributions, plus actual earnings thereon. As a result, there are no forfeitures in the Plan.

**Investment elections:** Upon enrollment in the Plan, each participant shall direct the investment of their accounts, selecting among several pooled separate accounts and a stable value fund. Each participant has the ability to change their investment allocations at any time.

**Notes receivable from participants:** Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a primary residence, as established by the Plan Administrator at the time of the loan. Loans to participants are collateralized by the respective balance in the participant's remaining account balance, and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. The rate ranged from 4.25% to 9.50% on all loans outstanding at December 31, 2024, which mature through 2029. Principal and interest are paid ratably through monthly payroll deductions. Participants may only have one loan outstanding at any given time.

#### Note 1. Plan Description (Continued)

**Payment of benefits:** On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of his or her account. Participants may withdraw, at any time, upon substantial financial hardship, as defined in the plan documents, any portion of the balance in their account which is attributable to their voluntary tax-deferred contributions and earnings. Participants are prohibited from contributing to the Plan for six months following receipt of a hardship withdrawal.

**Administrative expenses:** Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

#### Note 2. Summary of Significant Accounting Policies

**Basis of accounting:** The financial statements have been prepared in accordance with U.S. accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles (U.S. GAAP) to ensure net assets available for plan benefits and changes in net assets available for plan benefits are consistently reported. References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (ASC).

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of estimates:** The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation, income and expenses:** The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Other expenses are recorded for deductions to the expense budget account. In the statement of changes in net assets available for plan benefits, the Plan presents the net appreciation in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation on those investments.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments, and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**Payment of benefits:** Benefits are recorded when paid to the participants.

## Trade Center Management Associates 401(k) Plan

### Notes to Financial Statements

---

#### Note 2. Summary of Significant Accounting Policies (Continued)

**Income taxes:** U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local authorities for years before 2021.

#### Note 3. Fair Value Measurements

The Plan follows the guidance in FASB ASC Topic 820, Fair Value Measurements and Disclosures, which defines fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Plan in determining fair value is greatest for instruments categorized in Level 3. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Fair value is a market-based measure considered from the perspective of a market participant, rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Plan's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. The Plan uses prices and inputs that are current as of the measurement date, including during periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or Level 2 to Level 3.

## Trade Center Management Associates 401(k) Plan

### Notes to Financial Statements

#### Note 3. Fair Value Measurements (Continued)

ASC 820 also requires nonfinancial assets or nonfinancial liabilities to be recorded or disclosed at fair value on a non-recurring basis. As of December 31, 2024 and 2023, the Plan did not have any non-financial assets or liabilities, which are required to be at fair value.

Following is a description of the valuation methodologies used for assets measured at fair value:

**Mutual funds:** These investments are valued at quoted market prices. These securities are categorized in Level 1 as they are actively traded, and no valuation adjustments have been applied.

**Pooled separate accounts:** The fair value of the investments in pooled separate accounts is determined by each fund's trustee using the net asset value (NAV) as reported in the fund's financial statements which is based on the fair value of the underlying securities within the fund, less the investment management fees, which represent the unit value of shares held by the Plan at year-end.

**Stable value fund:** Valued at NAV per unit based on the underlying investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 19,239,887	\$ -	\$ -	\$ 19,239,887
Other investments measured at NAV (a)				2,125,949
Total investments				<u>\$ 21,365,836</u>
Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 15,784,320	\$ -	\$ -	\$ 15,784,320
Other investments measured at NAV (a)				2,814,068
Total investments				<u>\$ 18,598,388</u>

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for plan benefits.

### Notes to Financial Statements

#### Note 3. Fair Value Measurements (Continued)

The following tables set forth additional disclosures of Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2024 and 2023:

Investment	Fair Value Estimated Using NAV Per Share			
	December 31, 2024			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Stable value fund	\$ 2,125,949	\$ -	Daily	(b)

  

Investment	Fair Value Estimated Using NAV Per Share			
	December 31, 2023			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Stable value fund	\$ 2,814,068	\$ -	Daily	(b)

(b) In general, the stable value fund will permit withdrawals on a daily basis for withdrawals that satisfy benefit payments to individual participants or their beneficiaries. Withdrawals that affect the partial or complete withdrawal of the Plan from the stable value fund may be delayed by the stable value fund at its sole discretion for up to 12 months from the date written notice is received by the stable value fund.

#### Note 4. Information Prepared and Certified by Plan's Custodian

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, included throughout the Plan's financial statements and supplemental schedule of assets (held at end of year), that was prepared by or derived from information provided by Fidelity Management Trust Company (custodian) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets:

	December 31,	
	2024	2023
Investments:		
Mutual funds	\$ 19,239,887	\$ 15,784,320
Stable value fund	2,125,949	2,814,068
	<u>\$ 21,365,836</u>	<u>\$ 18,598,388</u>
Notes receivable from participants	<u>\$ 214,384</u>	<u>\$ 263,495</u>

Fidelity Management also certified to the completeness and accuracy of \$1,784,981 of net appreciation in fair value of investments (including gains and losses on investments bought, sold, and held during the year), \$931,623 of interest and dividend income and \$17,714 of interest income on notes receivable from participants related to the aforementioned investments for the year ended December 31, 2024.

## **Trade Center Management Associates 401(k) Plan**

### **Notes to Financial Statements**

---

#### **Note 5. Income Tax Status**

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, The Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the and, therefore, believes the Plan, as amended, is qualified and is tax exempt.

#### **Note 6. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will remain 100% vested in their accounts.

#### **Note 7. Party-in-Interest Transactions**

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

#### **Note 8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the participant account balances and the amounts reported in the statements of net assets available for plan benefits.

#### **Note 9. Subsequent Events**

The Company evaluates events occurring after the date of the financial statements to consider whether or not the impact of such events needs to be reflected and/or disclosed in the financial statements. Such evaluation is performed through the date the financial statements are available for issuance, which was December 3, 2025, for these financial statements.

## Independent Auditor's Report

Participants and Retirement Committee  
Trade Center Management Associates 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Trade Center Management Associates 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule of schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Trade Center Management Associates 401(k) Plan

### Notes to Financial Statements

#### Note 1. Plan Description

The following description of Trade Center Management Associates 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan, established on March 4, 2001, covering all eligible employees aged 18 or older of Trade Center Management Associates, LLC (the Company or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Company. The custodian and recordkeeper of the Plan for the year ended December 31, 2024, is Fidelity Management Trust Company (Fidelity Management).

**Contributions:** Participants are automatically enrolled to contribute 4% of their compensation. Participants, however, may elect to contribute to the Plan any amount of their compensation, as defined by the plan agreement, not to exceed statutory limits.

The Company matches eligible participant contributions based on eligible compensation contributed to the Plan at a rate set each year at the discretion of the Company, subject to certain limitations. For the plan year ended December 31, 2024, the Company contributed to the Plan an amount equal to 100% of the first 1% of each participant's eligible contributions for the plan year and 50% of the next 5%.

**Rollovers:** With the approval of the plan administrator, the Plan may receive any amounts received by an employee as a distribution from another qualified plan, provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan.

**Participant accounts:** Each participant's account is credited with the participant's contribution, the Company's matching contribution and earnings/losses thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are vested immediately in their voluntary contributions and employer match contributions, plus actual earnings thereon. As a result, there are no forfeitures in the Plan.

**Investment elections:** Upon enrollment in the Plan, each participant shall direct the investment of their accounts, selecting among several pooled separate accounts and a stable value fund. Each participant has the ability to change their investment allocations at any time.

**Notes receivable from participants:** Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a primary residence, as established by the Plan Administrator at the time of the loan. Loans to participants are collateralized by the respective balance in the participant's remaining account balance, and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. The rate ranged from 4.25% to 9.50% on all loans outstanding at December 31, 2024, which mature through 2029. Principal and interest are paid ratably through monthly payroll deductions. Participants may only have one loan outstanding at any given time.

### Notes to Financial Statements

#### Note 1. Plan Description (Continued)

**Payment of benefits:** On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of his or her account. Participants may withdraw, at any time, upon substantial financial hardship, as defined in the plan documents, any portion of the balance in their account which is attributable to their voluntary tax-deferred contributions and earnings. Participants are prohibited from contributing to the Plan for six months following receipt of a hardship withdrawal.

**Administrative expenses:** Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

#### Note 2. Summary of Significant Accounting Policies

**Basis of accounting:** The financial statements have been prepared in accordance with U.S. accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles (U.S. GAAP) to ensure net assets available for plan benefits and changes in net assets available for plan benefits are consistently reported. References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (ASC).

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of estimates:** The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation, income and expenses:** The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Other expenses are recorded for deductions to the expense budget account. In the statement of changes in net assets available for plan benefits, the Plan presents the net appreciation in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation on those investments.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments, and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**Payment of benefits:** Benefits are recorded when paid to the participants.

## Trade Center Management Associates 401(k) Plan

### Notes to Financial Statements

---

#### Note 2. Summary of Significant Accounting Policies (Continued)

**Income taxes:** U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local authorities for years before 2021.

#### Note 3. Fair Value Measurements

The Plan follows the guidance in FASB ASC Topic 820, Fair Value Measurements and Disclosures, which defines fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Plan in determining fair value is greatest for instruments categorized in Level 3. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Fair value is a market-based measure considered from the perspective of a market participant, rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Plan's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. The Plan uses prices and inputs that are current as of the measurement date, including during periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or Level 2 to Level 3.

## Trade Center Management Associates 401(k) Plan

### Notes to Financial Statements

#### Note 3. Fair Value Measurements (Continued)

ASC 820 also requires nonfinancial assets or nonfinancial liabilities to be recorded or disclosed at fair value on a non-recurring basis. As of December 31, 2024 and 2023, the Plan did not have any non-financial assets or liabilities, which are required to be at fair value.

Following is a description of the valuation methodologies used for assets measured at fair value:

**Mutual funds:** These investments are valued at quoted market prices. These securities are categorized in Level 1 as they are actively traded, and no valuation adjustments have been applied.

**Pooled separate accounts:** The fair value of the investments in pooled separate accounts is determined by each fund's trustee using the net asset value (NAV) as reported in the fund's financial statements which is based on the fair value of the underlying securities within the fund, less the investment management fees, which represent the unit value of shares held by the Plan at year-end.

**Stable value fund:** Valued at NAV per unit based on the underlying investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 19,239,887	\$ -	\$ -	\$ 19,239,887
Other investments measured at NAV (a)				2,125,949
Total investments				\$ 21,365,836
	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 15,784,320	\$ -	\$ -	\$ 15,784,320
Other investments measured at NAV (a)				2,814,068
Total investments				\$ 18,598,388

- (a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for plan benefits.

## Trade Center Management Associates 401(k) Plan

### Notes to Financial Statements

#### Note 3. Fair Value Measurements (Continued)

The following tables set forth additional disclosures of Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2024 and 2023:

Investment	Fair Value Estimated Using NAV Per Share			
	December 31, 2024			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Stable value fund	\$ 2,125,949	\$ -	Daily	(b)

  

Investment	Fair Value Estimated Using NAV Per Share			
	December 31, 2023			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Stable value fund	\$ 2,814,068	\$ -	Daily	(b)

(b) In general, the stable value fund will permit withdrawals on a daily basis for withdrawals that satisfy benefit payments to individual participants or their beneficiaries. Withdrawals that affect the partial or complete withdrawal of the Plan from the stable value fund may be delayed by the stable value fund at its sole discretion for up to 12 months from the date written notice is received by the stable value fund.

#### Note 4. Information Prepared and Certified by Plan's Custodian

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, included throughout the Plan's financial statements and supplemental schedule of assets (held at end of year), that was prepared by or derived from information provided by Fidelity Management Trust Company (custodian) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets:

	December 31,	
	2024	2023
Investments:		
Mutual funds	\$ 19,239,887	\$ 15,784,320
Stable value fund	2,125,949	2,814,068
	<u>\$ 21,365,836</u>	<u>\$ 18,598,388</u>
Notes receivable from participants	<u>\$ 214,384</u>	<u>\$ 263,495</u>

Fidelity Management also certified to the completeness and accuracy of \$1,784,981 of net appreciation in fair value of investments (including gains and losses on investments bought, sold, and held during the year), \$931,623 of interest and dividend income and \$17,714 of interest income on notes receivable from participants related to the aforementioned investments for the year ended December 31, 2024.

## **Trade Center Management Associates 401(k) Plan**

### **Notes to Financial Statements**

---

#### **Note 5. Income Tax Status**

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, The Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the and, therefore, believes the Plan, as amended, is qualified and is tax exempt.

#### **Note 6. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will remain 100% vested in their accounts.

#### **Note 7. Party-in-Interest Transactions**

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

#### **Note 8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the participant account balances and the amounts reported in the statements of net assets available for plan benefits.

#### **Note 9. Subsequent Events**

The Company evaluates events occurring after the date of the financial statements to consider whether or not the impact of such events needs to be reflected and/or disclosed in the financial statements. Such evaluation is performed through the date the financial statements are available for issuance, which was December 3, 2025, for these financial statements.
