Independent Auditor's Report

Board of Directors
EBI Health Care and Benefits Plan
Topeka, Kansas

Opinion

We have audited the financial statements of EBI Health Care and Benefits Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits and plan's benefit obligations (modified cash basis) as of February 28, 2025 and February 29, 2024 and the related statements of changes in net assets available for benefits and changes in plan's benefit obligations (modified cash basis) for the years then ended and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and plan's benefit obligations of the Plan (modified cash basis) as of February 28, 2025 and February 29, 2024 and the changes in net assets available for benefits and changes in plan's benefit obligations (modified cash basis) for the years then ended, in accordance with the modified cash basis of accounting described in Note 2.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2 and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances.

Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule (modified cash basis) listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule (modified cash basis) is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of the Plan

General

The following description of EBI Health Care and Benefits Plan (Plan) provides only general information about the Plan's provisions. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, which are available from the plan administrator.

The Plan is a multiple-employer plan established by LeadingAge Kansas Employee Benefits, Inc. (Sponsor) on March 1, 2018 and restated on March 1, 2019, to provide healthcare benefits to eligible employees and covered dependents of the participating employers (member employers) of the Plan. Certain plan assets are held in a voluntary employees' beneficiary association (VEBA) trust. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974*, as amended (ERISA), as amended. The Plan is funded by its participating member employers and their employees and governed by the Sponsor's Board of Directors elected by the member employers. The directors are voluntary, unpaid persons.

All employees who are designated as full-time employees by the member employer, employees who average 30 hours or more a week, are eligible for benefits. Employees who are designated as variable hour employees, employees who average between 20 and 30 hours per week from their hire date, over the course of a year, by the member employer are eligible for the Essential Plan. Member employers are allowed to not offer the Plan to part-time employees at their discretion. An employee who meets the eligibility requirements will be eligible for coverage on the first of the month coincident with or next following the later of the date the eligibility requirements have been met or completion of the waiting period established by the member employer. The waiting period is either 30 or 60 days, depending on the discretion of the member employer.

The Plan's year-end is the last day of February, which resulted in year ends of February 28, 2025 and February 29, 2024.

Benefits

The Plan provides health benefits (medical, vision, transplant, dental, and prescription drugs) to eligible participants and their covered dependents. The Plan also provides continuation of certain benefits upon termination of employment through the *Consolidated Omnibus Budget Reconciliation Act* (COBRA). Health benefit claims for participants and their dependents are processed by the claims administrator, Self-Insured Services Company (SISCO). The responsibility for payments to providers is retained by the Plan.

Current health claims of active participants and their dependents are provided by funding payments made into the Plan by the member employers and participants. In addition, the Plan has entered into a stop-loss insurance contract to protect the Plan for health claims over specified amounts.

Stop-Loss Coverage

The Plan has entered into a stop-loss insurance arrangement in an effort to limit its exposure of self-insured benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims).

Self-Insured Benefits

Medical benefits are self-insured. The claims for self-insured benefits (other than short-term disability) are processed by the Plan's third-party claims processors under administrative services only (ASO) arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by either the Plan's VEBA trust or the general assets of the Sponsor. Despite the Plan's utilization of third-party claims processors, ultimate responsibility for payments to providers and participants is retained by the Plan.

February 28, 2025 and February 29, 2024

The Plan utilizes a pharmacy benefit manager (PBM), which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs.

Contributions

The expected cost of coverage and contribution rates for the coverages available under the Plan are actuarially determined. The member and participants portion of the contributions is based on the coverage option selected. The members make contributions to the Plan as needed to fund claims in excess of participants' contributions. Any deficiency of the Plan's net assets over benefit obligations is funded by the members on a pay-as-you-go basis.

In addition, under COBRA, participants have the right to choose contribution coverage in instances where coverage under the Plan would otherwise end. COBRA participants are required to pay their entire premium for the continuation of coverage.

Plan Termination

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to modify the benefits provided to, and contributions required of, participants to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Sponsor or be used for purposes other than for the exclusive benefit of the Plan's participants.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States (GAAP). Under this method, claims and most expenses are recognized when paid and the recognition of plan receivables and liabilities is limited to uncollected billed contributions receivable, claim reimbursements receivable based upon completed claim reviews, non-benefit liabilities when incurred, and certain known tax liabilities.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, IBNR, eligibility credits, claims payable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Premiums paid by either the Company or the VEBA trust are recorded as premium payments in the accompanying statements of changes in net assets available for benefits.

Claim payments are recorded when paid by the third-party claims processor. Amounts due to claims processors that have yet to be reimbursed by the Plan are recorded as payable to claims administrators in the accompanying statements of net assets available for benefits. The third-party claims processor processes health, disability, and death claims of active and retired participants, dependents, and beneficiaries, but the responsibility for payments to participants and providers is retained by the Plan. These payments are recorded as claims paid in the accompanying statements of changes in net assets available for benefits.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash held in bank accounts. The Plan, at times, has cash deposits that exceed the \$250,000 insured limit provided by the Federal Deposit Insurance Corporation (FDIC). The Plan has not experienced any losses on such accounts for balances in excess of the FDIC insurance. Management believes the Plan is not exposed to any significant credit risk related to those accounts.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

For purposes of investment of contributions income, the Association engages Central National Bank as manager and custodian of securities.

Receivables

Contributions are billed monthly to the member employers on the first of the month. Amounts outstanding from member employers are listed as employer contributions receivable. The Plan records bad debts using the direct write-off method, which for the Plan, is not materially different than the allowance method. Delinquent receivables are written off based upon a review of outstanding receivables, historical collection information, and existing economic condition. There was \$3,500 of bad debt expense for the year ended February 28, 2025, which is included in administrative expenses in the accompanying statements of changes in net assets available for benefits. There was no bad debt expense for the year ended February 29, 2024. Member employers remit the contributions to the claims administrator. Amounts received by the claims administrator, but not yet remitted to the Plan's bank account due to timing, are presented as due from the claims administrator.

Stop Loss

Premiums for stop-loss insurance are included in premium payments in the accompanying statements of changes in net assets available for benefits. Stop-loss refunds totaling approximately \$964,000 and \$69,000 have been netted with claims paid in the accompanying statements of changes in net assets available for benefits years ended February 28, 2025 and February 29, 2024, respectively.

Claims Review

Claims processed and paid by the claims administrator are subject to further review at the discretion of the Plan. Refunds received or additional claims paid as a result of any reviews are reflected in the year when the claims review has been completed by the Plan.

Benefit Obligations

Benefit obligations consist of claims for health benefits that have been reported, but remain unpaid, and an estimate of claims for benefits that may have been incurred but remain unreported as of February 28, 2025 and February 29, 2024. Plan obligations as of February 28, 2025 and February 29, 2024 for claims incurred but not reported are estimated by the Plan's actuary based on claims data. These amounts are paid by the Plan only if claims are submitted and approved for payment. The estimate is based upon the monetary value of claims reported during the year, the Plan's historical experience of lag time between date of eligible service and the related claim payment, as well as an estimate of healthcare cost increases based on industry experience. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these judgements and assumptions in the near term would be material to the accompanying financial statements.

Rebates and Refunds

Rebates and refunds are recorded when paid. Rebates totaling approximately \$76,000 and \$168,000 have been netted with claims paid in the accompanying statements of changes in net assets available for benefits for the years ended February 28, 2025 and February 29, 2024, respectively.

Administrative Expenses

The various services performed for the support of the Plan are contracted. LeadingAge Kansas, Inc., also provides services to the Plan in accordance with an agreement to share services and reimburse expenses. The Plan pays substantially all administrative expenses and operating costs of the Plan.

Note 3. Line of Credit

The Plan had a line of credit available from a bank providing potential borrowings of \$300,000. The agreement called for interest at the prime rate with a floor of 5.5%. The line of credit was secured by the assets held by a related party. There was no balance outstanding as of February 28, 2025 and February 29, 2024. The line of credit arrangement matured on July 29, 2024.

Note 4. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1** Observable inputs such as quoted prices in active markets.
- Level 2** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value:

Money Market Funds

Fair value is estimated to approximate the cost basis of the deposit account balance based upon the liquidity of the account and the credit quality of the issuer (Level 2 inputs).

**EBI Health Care and Benefits Plan
Notes to Financial Statements
February 28, 2025 and February 29, 2024**

The following table sets forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of February 28, 2025.

	<u>Fair Value</u>	<u>Fair Value Measurements Using</u>		
		<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
Money market funds	\$ 307,170	\$ -	\$ 307,170	\$ -

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Related-Party and Party-in-Interest Transactions

The Plan has entered into an expense-sharing agreement with a member employer, LeadingAge Kansas, Inc., for the Plan to reimburse the member employer for use of personnel, equipment, and facilities by the Plan. During the years ended February 28, 2025 and February 29, 2024, the expenses paid to the related party under the expense-sharing agreement were approximately \$62,000 and \$94,000, respectively.

Note 6. Tax Status

The Sponsor received an exemption letter from the Internal Revenue Service (IRS) effective June 22, 2017, approving it as a VEBA trust funding benefits of the Plan and stating that the VEBA trust is tax-exempt under the provisions of Section 501(c)9 of the Internal Revenue Code (IRC). However, as a result of the Plan's funding policy, from time to time the trust may be subject to income taxes. No federal or state income taxes have been recorded in the 2025 and 2024 financial statements for unrelated business taxable income. The Plan's tax filings are subject to examination by various tax authorities.

In addition, the Plan and Sponsor/VEBA trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related trust is tax-exempt.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Note 7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at February 28, 2025:

Net assets available for benefits per the financial statements	\$ 968,819
Less claims payable and claims incurred but not reported	<u>(464,468)</u>
Net assets available for benefits per Form 5500	<u>\$ 504,351</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net loss reported in Form 5500 for the year ended February 28, 2025:

Net increase in assets available for benefits per the financial statements	\$ 245,181
Less claims payable and claims incurred but not reported	<u>(464,468)</u>
Net loss per Form 5500	<u>\$ (219,287)</u>

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

During the year ended February 28, 2025, the Plan had three member employers who accounted for approximately 34% of total revenue. Additionally, the plan had two member employers who accounted for approximately 90% of accounts receivable.

During the year ended February 29, 2024, the Plan had seven member employers who accounted for approximately 57% of total revenue. Additionally, the Plan had two member employers who accounted for 100% of accounts receivable.

Note 9. Subsequent Events

Subsequent events have been evaluated through November 20, 2025, which is the date the financial statements were available to be issued.
