Independent Auditor's Report

To the Board of Trustees
PlusOne Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of **PlusOne Company 401(k) Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **PlusOne Company 401(k) Plan** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **PlusOne Company 401(k) Plan 's** ability to continue as a going concern for one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **PlusOne Company 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **PlusOne Company 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information that are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PLUSONE COMPANY 401(k) PLAN

Notes to the Financial Statements
For the Years Ended December 31, 2024 and 2023

1. **DESCRIPTION OF THE PLAN**

The following description of PlusOne Company 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a 401(k) Profit Sharing Plan covering all full-time employees of PlusOne Company (the “Company” or the “Employer”) who have completed one year of service and are eighteen years of age or older. Part-time, temporary, intern, and seasonal employees are not eligible. Eligible employees begin participating in the Plan on the first day of the quarter coinciding with, or next following, the date the employee meets the eligibility requirements. The Plan is designed to qualify under sections 401(a) and 401(k) of the Internal Revenue Code (the “Code”) as amended and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Board of Trustees is responsible for oversight of the Plan. The board determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

The Plan has arranged for Newport Group, Inc. to provide recordkeeping services for the Plan and Matrix Trust Company (“Trustee”) to serve as trustee.

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan, subject to the maximum amount allowable by the Internal Revenue Service (“IRS”). Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Prior to August 14, 2022, the Company provided a safe-harbor match of 100% of the first 3% of the base compensation that a participant contributes to the Plan and matched 50% of contributions up to 5% of base compensation contributed to the plan. The safe harbor match was discontinued as of August 14, 2022.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s matching contribution and (b) the Plan’s earnings or losses. Allocations are based on participant earnings or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in employee contributions, rollover contributions, employer matching contributions, and actual earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions in any of the investments listed in the accompanying supplemental schedule of assets. Unless limited by restrictions imposed by individual investment options and subject to redemption fees, participants may change their investment options on a daily basis.

PLUSONE COMPANY 401(k) PLAN

Notes to the Financial Statements
For the Years Ended December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (Continued)

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. Participant loans are secured by the participant's vested balance and bear a reasonable interest rate.

Benefit Payments

Participants may receive the vested portion of their Plan account through a distribution of benefits upon retirement, death, termination of employment, or a qualifying withdrawal. Under certain circumstances, including financial hardship, participants may withdraw the vested portion of their Plan account. The plan administrator determines financial hardship. Benefit payments are made in a lump sum distribution or rollover contributions to another plan.

Forfeitures

As of December 31, 2024 and 2023, the values of forfeited non-vested accounts were **\$27,900** and \$27,441, respectively. These accounts can be used to reduce future employer contributions or pay Plan expenses. During the year ended December 31, 2024, the employer did not use forfeitures to pay Plan expenses. During the year ended December 31, 2024, the employer did not use forfeitures to reduce employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Basis of Accounting

The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

PLUSONE COMPANY 401(k) PLAN
Notes to the Financial Statements
For the Years Ended December 31, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Investment Income

The Plan's investments are stated at fair value. There have been no changes in the valuation methodologies used as of December 31, 2024 and 2023.

Purchases and sales of securities are recorded on a settlement-date basis. Interest income is recorded on the accrual basis and dividend income is accrued on the ex-dividend date. Net appreciation/ (depreciation) for each year includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable and Allowance for Doubtful Accounts

Employee contributions which are withheld through payroll deductions and have not been credited to the participant accounts as of the end of the fiscal year are recorded as contributions receivable. An allowance for doubtful accounts is deemed unnecessary and is not provided as of December 31, 2024 and 2023, respectively.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the participant's account as administrative expenses and are expensed when they are incurred. If a participant ceases to make repayments and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced, and a benefit payment is recorded. Principal and interest are paid to the Plan through payroll deductions. Notes receivable from participants are exempt party-in-interest transactions. No allowance for credit losses has been recorded as of December 31, 2024 and 2023, respectively.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan and Plan Sponsor pay the costs of administering the Plan.

3. TAX STATUS

The Plan obtained its latest opinion letter on September 30, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code"). The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

3. TAX STATUS (Continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income examination for years prior to 2021.

4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Matrix Trust Company, the Trustee, has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate with respect to investments and notes receivable from participants:

- Investments - at fair value
- Contract value of the guaranteed investment contract
- Notes receivable from participants
- Interest income from notes receivable from participants
- Interest and dividend income
- Net appreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

5. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

5. FAIR VALUE MEASUREMENTS (Continued)

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair value methods used by the Plan may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair values of investments measured on a recurring basis are as follows:

	Total	Fair Value Measurements at Reporting Date Using:		
		Level 1	Level 2	Level 3
<u>December 31, 2024</u>				
Mutual funds	\$ 1,788,269	\$ 1,788,269	\$ -	\$ -

6. PARTY-IN-INTEREST TRANSACTIONS

Company contributions and investments are held and managed by Matrix Trust Company, the Plan's Trustee, which invests cash received, interest and dividend income, and makes distributions to participants. Therefore, these transactions are considered exempt party-in-interest transactions. The Trustee also administers the payment of interest and principal on the notes receivable from participants, which is reimbursed to the Trustee through contributions as determined by the Company. Notes receivable from participants are also considered to be party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain transaction fees are paid by plan participants. All other administrative expenses, including audit fees, were paid by the Company, a party-in-interest, for the year ended December 31, 2024.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

8. **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. **DELINQUENT PARTICIPANT CONTRIBUTIONS**

During the current and prior year audits it was determined that the Plan had instances where contributions and loan payments were not appropriately remitted in a timely manner to the Plan that were withheld from employees' paychecks.

There were **\$2,115** and \$4,190 of delinquent participant contributions and loan payments that were not transferred timely to the plan during the years ended December 31, 2024 and 2023, respectively. There are also lost earnings related to delinquent contributions that are due to the Plan as of December 31, 2024.

10. **MANAGEMENT REVIEW OF SUBSEQUENT EVENTS**

Management has evaluated subsequent events through the date of the independent auditor's report, which is the date the financial statements were available to be issued.
