INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
AMERICAN ELECTRIC SUPPLY, INC. EMPLOYEE STOCK OWNERSHIP PLAN
Corona, CA

Opinion

We have audited the accompanying financial statements of American Electric Supply, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of American Electric Supply, Inc. Employee Stock Ownership Plan as of December 31, 2024, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the audit of the Financial Statements section of our report. We are required to be independent of American Electric Supply, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about American Electric Supply, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of American Electric Supply, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about American Electric Supply, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Compiled December 31, 2023 Financial Statement

Plan management is responsible for the accompanying financial statement of American Electric Supply, Inc. Employee Stock Ownership Plan, which comprises the statement of net assets available for benefits as of December 31, 2023. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statements of American Electric Supply, Inc. Employee Stock Ownership Plan as of and for the year ended December 31, 2023.

Other Matter - Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

AMERICAN ELECTRIC SUPPLY, INC. EMPLOYEE STOCK OWNERSHIP PLAN

Notes to the Financial Statements
December 31, 2024 and 2023

Note 1 – Plan Description and Basis of Presentation

The following description of the American Electric Supply, Inc. Employee Stock Ownership Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information regarding all Plan issues related herein.

General – American Electric Supply, Inc. (the “Company”) established the American Electric Supply, Inc. Employee Stock Ownership Plan effective as of January 1, 2007. As of January 1, 2013 the Plan was amended and restated and operates, in relevant part, as a leveraged employee stock ownership plan (“ESOP”), and is designed to comply with Sections 401(a), 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 as amended (“IRC”) and is subject to the applicable provisions of the Employee Retirement Security Act of 1974, as amended (“ERISA”). The Plan is administered by the Company for the exclusive benefit of participants (and their beneficiaries).

In 2009, the Plan acquired Company common stock through the issuance of a note payable (Note 7) and holds common stock in a trust established under the Plan. As the Plan makes debt payments, an appropriate percentage of stock will be allocated to eligible employees’ accounts in accordance with applicable regulations under the IRC.

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The Company as lender has no rights against shares of common stock once they are allocated under the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and for the year ended December 31, 2024 present separately the assets and liabilities and changes therein pertaining to:

1. the accounts of employees with rights in allocated common stock (allocated), and
2. common stock not yet allocated to employees (unallocated).

Eligibility – Employees of the company are generally eligible to participate in the Plan retroactively to the first day of the month in which eligibility requirements are met in which the employee has completed 12 consecutive months of service providing that they worked at least 1,000 hours of service during the Plan year, and the employee has attained the age 21. Entry dates are the first day of the month in which eligibility requirements are met.

Participant who are not age 21, have not completed the required minimum hours of at least 1,000 hours of service during the Plan year, are not employed on the last working day of a Plan year, employees who are covered by a collective bargaining agreement, employees who are a nonresident alien, or leased employees are generally not eligible for allocation of the Company contributions for such year.

AMERICAN ELECTRIC SUPPLY, INC. EMPLOYEE STOCK OWNERSHIP PLAN

Notes to the Financial Statements
December 31, 2024 and 2023

Note 1 – Plan Description and Basis of Presentation (Continued)

Employer Contributions – The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan.

Payment of Benefits – The Plan provides for the payment of benefits to participants (or, if applicable, the beneficiary) as soon as administratively feasible and no later than one year after the close of the Plan Year in which the participant separates from service by reason of reaching normal retirement date, disability, or death, or the sixth year following the plan year in which the Participant otherwise separates from service. Distributions are generally in substantially equal installments within one year, over a period of five years, or any combination of the foregoing. Distributions are made in cash or, if a participant elects, in the form of Company common shares plus cash for any fractional shares, except that any distribution of shares so long as the Company is an S Corporation will be immediately repurchased by the Company. The methods of distributing benefits are defined in the Plan agreement.

Voting Rights – Each participant is entitled to exercise limited voting rights attributable to the shares allocated to his or her account and is notified by the Plan Committee prior to the time that such rights are to be exercised. The Trustee shall vote any allocated shares for which instructions have not been given by a participant as the Plan Committee shall direct. The Trustee is also required to vote on behalf of the collective best interest of plan participants and beneficiaries.

Plan Termination – Although the Company has expressed no intent to do so, it reserves the right to amend or terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the interest of each participant in the trust fund shall immediately become fully vested and will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the Administration Committee shall direct the Trustee to pay all liabilities and expenses of the trust and to sell shares of financed stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loan.

Participant Accounts – The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation contributions, shares of the Company's common stock released by the Trustee from the unallocated account, and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year and have completed at least 1,000 hours of service during the plan year will receive an allocation. Allocations are based on a participant's eligible compensation relative to total eligible compensation for the allocation period. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

AMERICAN ELECTRIC SUPPLY, INC. EMPLOYEE STOCK OWNERSHIP PLAN

Notes to the Financial Statements
December 31, 2024 and 2023

Note 1 – Plan Description and Basis of Presentation (Continued)

Vesting – If a participant’s employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on years of service with the Company. Participants will vest 0% until the first two years of service are completed, and an additional 20% each year until fully vested in the sixth year.

Put Option – Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option available in various situations as defined in the agreement. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase in a single payment or with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification – Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participant who elect to diversify receive a cash distribution.

Forfeitures – Plan forfeitures are allocated to each participant’s account based on the relation of the participant’s compensation to total compensation for the Plan year. No forfeiture shall occur on non-vested account balances until either the earlier of a distribution of the entire vested portion of the participant account or until the plan year in which a participant incurs 5 consecutive 1-year breaks-in-service. Forfeitures will be added to the employer contributions for the plan year and allocated in the same manner as employer contributions are allocated for the plan year. There were approximately \$11,000 of terminated non-vested account balances allocated to remaining participants at December 31, 2024.

Administrative Expenses – As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operating expenses for the Plan.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates – The preparation of financial statements in accordance with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

AMERICAN ELECTRIC SUPPLY, INC. EMPLOYEE STOCK OWNERSHIP PLAN

Notes to the Financial Statements
December 31, 2024 and 2023

Note 2 – Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition – The common shares of the Company are valued at estimated fair value on December 31, 2024 and 2023. Fair value is determined by annual independent appraisals (Note 6). Increases and decreases are recognized annually.

Dividend income is accrued on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Risks and Uncertainties – The Plan invests primarily in the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flow and/or other such techniques. Due to the level of risks associated with the investment in common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 3 – Tax Status

Plan management formed the Plan and the trust established under the Plan to be tax exempt under the appropriate sections of the IRC. The Plan has been restated and amended since its formation. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

AMERICAN ELECTRIC SUPPLY, INC. EMPLOYEE STOCK OWNERSHIP PLAN

Notes to the Financial Statements
December 31, 2024 and 2023

Note 4 – Administration of Plan Assets

The Plan's assets, which consist principally of American Electric Supply, Inc. common shares, are held by the Trustee of the Plan. Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.

Note 5 – Investments

The Plan's investment in the American Electric Supply, Inc. common stock at December 31, is as follows:

| | 2024 | | 2023 (Compiled) | |
|----------------------|----------------------|--------------------|------------------------|--------------------|
| | Allocated | Unallocated | Allocated | Unallocated |
| Number of shares | <u>2,820</u> | <u>-</u> | <u>2,520</u> | <u>300</u> |
| Cost | <u>\$ 3,394,500</u> | <u>\$ -</u> | <u>\$ 3,033,383</u> | <u>\$ 361,117</u> |
| Estimated fair value | <u>\$ 10,054,862</u> | <u>\$ -</u> | <u>\$ 8,314,190</u> | <u>\$ 989,392</u> |

Note 6 – Fair Value Measurements

The accounting standards regarding fair value measurements define fair value, establish a framework for measuring fair value, and provide for enhanced disclosures about fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

- Level 1 Valuation is based upon quoted prices in active markets for identical securities.
- Level 2 Valuation is based upon other observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.).
- Level 3 Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions relating to the pricing of the asset or liability including assumptions regarding risk.

Note 6 – Fair Value Measurements (Continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Cash and Cash Equivalents

The carrying value is believed to be representative of the fair value.

American Electric Supply, Inc. Common Stock

The fair value of the American Electric Supply, Inc. common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based on a combination of the discounted cash flow and guideline public company valuation techniques. The appraiser took into account historical and projected cash flow and net income, return on equity and estimated fair value of company assets and liabilities. The following table describes the nature of the basic assumptions used in arriving at fair value:

| <u>Instrument</u> | <u>Fair Value</u> | <u>Principal Valuation Technique</u> | <u>Unobservable Inputs</u> |
|--|-------------------|--|---|
| American Electric Supply, Inc. common stock | \$ 10,054,862 | Income | EBITDA Net income Cash flows Weighted average cost of capital Discount for lack of marketability |
| | | Market | Public comparables: Revenues Earnings/EBITDA Industry multipliers Discount for lack of marketability |

The valuation process involves selection of an independent appraiser by the Trustee. Plan management accumulates the data for the Trustee and appraiser from the reviewed financial statements of the Company. The appraiser prepares a preliminary report which the ESOP Trustee, reviews in detail with plan management, approves and sets the value of the Company common stock.

Note 6 – Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the fair value hierarchy of the Plan's assets by level:

| | Assets at Fair Value as of December 31, 2024 | | | |
|--|---|----------------|----------------------|----------------------|
| | Level 1 | Level 2 | Level 3 | Total |
| American Electric Supply, Inc. common stock | <u>\$ -</u> | <u>\$ -</u> | <u>\$ 10,054,862</u> | <u>\$ 10,054,862</u> |

| | Assets at Fair Value as of December 31, 2023 (Compiled) | | | |
|--|--|----------------|---------------------|---------------------|
| | Level 1 | Level 2 | Level 3 | Total |
| American Electric Supply, Inc. common stock | <u>\$ -</u> | <u>\$ -</u> | <u>\$ 9,303,582</u> | <u>\$ 9,303,582</u> |

The table below sets forth a summary of changes in the fair value of the Plan's level 3 investments assets and liabilities for the year ended December 31, 2024:

| | As of December 31, 2024 | | | |
|--|--|------------------|--------------------------------------|------------------------------|
| | Beginning Fair Value (Compiled) | Purchases | Total Unrealized Gain | Ending Fair Value |
| American Electric Supply, Inc. common stock | <u>\$ 9,303,582</u> | <u>\$ -</u> | <u>\$ 751,280</u> | <u>\$ 10,054,862</u> |

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investment in American Electric Supply, Inc. common stock in the Statement of Change in Net Assets Available for Benefits.

Note 7 – Note Payable and Other Payable

In 2009, the Plan entered into a \$3,394,500 term loan agreement with an individual. The proceeds of the loan were used to purchase the Company common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments.

The agreement provided for the loan to be repaid over 15 years. The loan was deemed paid in full as of December 31, 2024 and the remaining balance of approximately \$448,000 was reclassified as an other payable. The other payable was subsequently paid in full.

Note 8 – Related Party Transactions

The Plan invests in Company common stock and has indebtedness guaranteed by the Company. These are related party and party-in-interest transactions. As described in Notes 1 and 4, the Plan has a number of service providers. Such parties are parties-in-interest under ERISA.

Note 9 – Subsequent Events

The Plan has evaluated subsequent events through December 4, 2025, the date which the financial statements were available to be issued. No events have occurred through this date requiring additional disclosure.
