Independent Auditor's Report

November 20, 2025

To the Trustee of
The Contractors Retirement Plan Sponsored by Salanger Trucking, LLC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of The Contractors Retirement Plan Sponsored by Salanger Trucking, LLC (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 14, 2023 (Date of Merger) and December 31, 2022, and the related statement of changes in net assets available for benefits for the period January 1, 2023 through June 14, 2023, (Date of Merger), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-12 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to such asset information related to the Plan's investment in the Contractors Retirement Plan Master Trust, a trust meeting the requirements of 29 CFR 2520.103-12(b) and (c), a Direct Filing Entity (DFE), or 103-12 Investment Entity (103-12 IE) described in the instructions to Form 5500 Annual Return/Report.

Management has informed us that the 103-12 IE qualified as a DFE under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for the period January 1, 2023 through June 14, 2023, (Date of Merger).

Opinion

In our opinion, based on our audit and on the procedures performed as described in the **Auditor's Responsibilities for the Audit of the Financial Statements** section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the Plan's investment in the 103-12 IE, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the accompanying financial statements referred to above related to assets held by the 103-12 IE meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the **Auditor's Responsibilities for the Audit of the Financial Statements** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

As disclosed in Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Emphasis of Matter - Plan Merger

As disclosed in Notes 1 and 3, effective June 14, 2023 (Date of Merger), the Plan was merged with Retirement4Contractors Pooled Employer Plan and all of the Plan's assets totaling \$2,947,036 were transferred out and merged into Retirement4Contractors Pooled Employer Plan. The Plan was terminated at the end of business on June 14, 2023 (Date of Merger).

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, that would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the investment information with the 103-12 IE, except for obtaining and reading the Form 5500 of the 103-12 IE, comparing the 103-12 IE investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the 103-12 IE information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

The Contractors Retirement Plan Sponsored by Salanger Trucking, LLC

Notes to Financial Statements

Note 1 - Description of plan

The following description of The Contractors Retirement Plan (the “Plan”) Sponsored by Salanger Trucking, LLC (the “Company”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General - The Plan was effective January 1, 2005, and was amended and restated on January 1, 2022, upon adoption of The Contractors Retirement Plan which was a non-standardized defined contribution plan that contained a cash or deferred arrangement pursuant to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - Eligible individuals consisted of employees rendering services for Salanger Trucking, LLC. All employees were eligible except the following: nonresident aliens, highly compensated employees, key employees and residents of Puerto Rico.

Contributions - The Plan did not permit participant elective deferrals. Participant rollover contributions were permitted. The Company provided for employer nonelective discretionary contributions and prevailing wage contributions. The nonelective discretionary employer contributions were determined by the Board of Directors of the Company. There were no employer nonelective discretionary contributions for the period ended June 14, 2023, (Date of Merger).

Prevailing wage contributions were determined by the Company based on rates that satisfy the wage determination issued by the governmental agency responsible for certain contracts. Participants were 100% vested in these contributions at all times. Prevailing wage contributions were \$289,392 for the period ended June 14, 2023, (Date of Merger).

Vesting - Participants were immediately 100% vested in employer prevailing wage contributions and earnings. Employer nonelective discretionary contributions vested on a graded scale and participants were 100% vested after six years of credited service.

Forfeitures - Forfeited non-vested accounts were used to pay future administrative costs of the Plan or reduce future employer contributions at the election of the plan administrator. There were no available forfeited nonvested accounts as of June 14, 2023, (Date of Merger). The Plan did not use any forfeited, non-vested accounts to reduce employer contributions nor pay administrative expenses for the period ended June 14, 2023, (Date of Merger).

Participant accounts - Each participant’s account was credited with the employer nonelective discretionary contribution, the employer prevailing wage contribution, plan earnings, and charged with an allocation of administrative expenses. Investment gain or loss was recognized in participants’ accounts on a daily basis as the unit values of the funds change. The benefit to which a participant was entitled was the benefit that can be provided from the distributable value of the participant’s account.

Notes receivable from participants - Upon application by any participant of the Plan, and subject to such rules as the plan administrator may establish, the plan administrator was able to direct the Trustee to make a loan to such participant. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is lower. The notes bore interest at the prime rate. The notes were secured by the participant's vested account balance and principal and interest were paid ratably by the participant.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on note receivables from participants who were actively participating in the Plan or were terminated from employment and were not continuing to make payments on the outstanding note receivable as required under the plan document. There were deemed distributions of \$5,258 for the period ended June 14, 2023, (Date of Merger).

Payment of benefits - Upon termination of service due to retirement, disability or death, benefits are distributed to the participant or beneficiary in a lump sum payment at the request of the participant or beneficiary. If the vested account balance is \$5,000 or less, the participants account value is automatically distributed to the participant in a lump sum amount. Required minimum distributions were made in accordance with the provisions of the Plan and Internal Revenue Service guidelines. In-service distributions were permitted in accordance with the provisions of the plan document. Hardship distributions were not permitted.

Trustee and special trustee - ERISA Smart, Inc. was the directed Trustee, and LeafHouse Financial is the ERISA Section 3(38) Investment Manager Fiduciary of The Contractors Retirement Plan Master Trust (the "Trust"). The duties of the Investment Manager include selection and monitoring of the investment funds available to the plan sponsors that participated in the Trust. The directed trustee fee was paid monthly and allocated on a per capita basis to the participants in the Trust. The investment manager's fee was a set percentage of the trust assets and was paid monthly and allocated on a per capita basis to the participants in the Trust. The Company also designated a Special Trustee for the Plan in the adoption agreement who was responsible for the collection of plan contributions.

Plan termination - The employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, each participant would become fully vested in the value of his or her account. At termination, the net assets of the Plan would be distributed to each participant based upon their account balance as of the distribution date. However, effective June 14, 2023, the Plan merged with the Retirement4Contractors Pooled Employer Plan (see Note 3).

Note 2 - Summary of significant accounting policies

Method of accounting - The accompanying financial statements have been prepared on the modified cash basis of accounting and present net assets available for benefits and changes in those net assets. Under the modified cash basis of accounting utilized, contributions were recognized when received rather than when accrued by the employer. In addition, benefit payments to participants were recorded when paid and administrative expenses were accrued monthly by the Plan.

Use of estimates - The preparation of financial statements in conformity with the modified cash basis required plan management to make estimates and assumptions that affected the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of plan income and expenses during the reporting period. Actual results could differ from those estimates.

Risks and uncertainties - The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market risk. Market risks include domestic and global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment valuation and income recognition - Investments held by the Plan were invested in a group trust (see Note 4), which were valued at net asset value (NAV) as a practical expedient as reported by the sponsor of the trust; see below. Purchases and sales of securities were recorded on a trade-date basis. Interest and dividend income was recorded when received. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invested in a group trust, The Contractors Retirement Plan Master Trust (the "Trust"), sponsored by Fringe Benefit Group, Inc. Under the terms of the plan document, all assets of the Plan were maintained in the Trust. The Trust filed a Form 5500 as a 103-12 Investment Entity. The Plan's investment in the Trust was valued at NAV, which was determined on the market value of the underlying assets owned by the Trust, minus its liabilities. The NAV is not a publicly quoted price in an active market. The Trust had a daily redemption frequency and redemption notice period. There were no unfunded commitments. Investments measured at NAV per share used as a practical expedient are not required to be classified in the fair value hierarchy.

Administrative costs - Management fees and expenses charged to the Plan for some investment accounts were deducted from income earned on a daily basis and were not separately reflected. Consequently, management fees and operating expenses were reflected as a reduction of investment return for such investments. Costs related to the administration of notes receivable from participants and benefit payment transactions were charged directly to the participant's account.

Notes receivable from participants - Notes receivable from participants were measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviewed all notes receivable balances that exceed forty-five days from the date of the most recent payment and based on the assessment of credit worthiness, estimates the portion, if any, of the balance that will not be collected. There was no valuation allowance recorded; however, management would have recorded an allowance, if and when potentially uncollectable participant notes receivable became material. If a participant defaulted on a note receivable and distribution from the participant account had been made during the plan year because the participant had left the Plan, the defaulted note receivable would have been reported as benefits paid on the statement of changes in net assets available for benefits and deducted from the note receivable balance.

Payment of benefits - Benefits were recorded when paid.

Subsequent events - Management has evaluated subsequent events through November 20, 2025, the date that the financial statements were available for issue.

Note 3 - Plan merger

Effective June 14, 2023, (Date of Merger), the Plan was merged with Retirement4Contractors Pooled Employer Plan and all of the Plan's assets totaling \$2,947,036 were transferred out and merged into Retirement4Contractors Pooled Employer Plan. The Plan was terminated at the end of business on June 14, 2023, (Date of Merger).

Note 4 - Investment in group trust

The Plan invested in a group trust, The Contractors Retirement Plan Master Trust (the "Trust"), sponsored by Fringe Benefit Group, Inc. Under the terms of the plan document, all assets of the Plan were maintained in the Trust. The Trust filed a Form 5500 as a 103-12 Investment Entity. The Trust does not meet the definition of a master trust, therefore, common accounting and disclosure requirements for master trusts are not required for the Plan.

The plan administrator had elected the method of compliance permitted by 29 CFR 2520.103-12 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements including investments and notes receivable from participants held as of June 14, 2023, (Date of Merger) and December 31, 2022, net appreciation in investments and interest income on notes receivable from participants for the period January 1, 2023 through June 14, 2023, (Date of Merger), was obtained by management and agreed to or derived from information certified as complete and accurate by ERISA SMART, as Trustee of the Trust. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to the information except to compare such information to the related information included in the financial statements.

The Plan's investment in the Trust represented the allocated net portion of the Trust that was attributable to The Contractors Retirement Plan sponsored by Salanger Trucking, LLC and included all the Plan's investments. The Plan's share of the net assets of the Trust was based on the underlying participant account values including the effects of contributions, allocated net investment income, withdrawals, and allocated administrative expenses. Net investment income, gains and losses were allocated to participating plans on a daily basis based on participant's investment choices. The Plan's interest in the net assets of the Trust was less than 1% as of June 14, 2023 (Date of Merger) and December 31, 2022. The following summarizes the investments of the Trust as of December 31, 2022:

Investments at fair value:	
Pooled Separate Accounts	\$1,221,768,308
Insurance Company General Account	24,487,237
Collective Trusts	37,392,000
Cash and Cash Equivalents	5,895,709

The details of the investments held by the Trust as of June 14, 2023, (Date of Merger), as well as the investment income earned by the Trust for the period January 1, 2023 through June 14, 2023, (Date of Merger), was not made available by the trustee of the Trust.

The investments held in the Trust were stated at fair value. Investments had values based on unit values as reported to the Trust by Nationwide Trust Company who held assets for the Trust. Certain agreements with Nationwide Trust Company who held assets for the Trust's assets included provisions for withdrawals/surrender fees of up to 5% for participants with less than three years of participation in the Trust. These fees were normally charged against the participant's account immediately prior to withdrawal.

Note 5 - Related party transactions

The Plan was part of the Trust whose recordkeeper and sponsor was Fringe Benefit Group, Inc. Various administrative expenses and asset charges of the Trust are paid to Fringe Benefit Group, Inc. and are allocated to the Plan reducing the net appreciation in investments. The plan administrator for the Plan is the employer, or any other individual, committee or group appointed by the employer to serve in that capacity.

The plan administrator, Special Trustee as referenced in Note 1, investment manager and the Trustee are named as fiduciaries under the Plan. The sponsor of the Trust, investment manager, and Trustee are fiduciaries of the Trust as described in the Trust Agreement. All the above-named service providers for the Plan are considered parties in interest under ERISA and are subject to ERISA rules concerning transactions with the Plan.

Note 6 - Tax status

The Contractors Retirement Plan Non-Standardized Defined Contribution Pre-Approved Plan, sponsored by Fringe Benefit Group, Inc. (“Master Plan”), obtained its latest opinion letter dated August 24, 2020, in which the Internal Revenue Service stated that the Master Plan was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Such an opinion was not a determination as to whether The Contractors Retirement Plan sponsored by the Company itself qualifies under IRC Section 401(a); however, the plan administrator believed that the Plan was designed and being operated in compliance with the applicable requirements of the IRC and was qualified as of June 14, 2023 (Date of Merger) and December 31, 2022.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the period January 1, 2023 through June 14, 2023, (Date of Merger). The Plan is no longer subject to regulatory examinations by tax authorities for the closed years before 2020. Management continues to work with past and present third-party administrators for any operational issues and/or compliance issues.
