INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Mississippi Methodist Hospital and Rehabilitation Center Retirement Plan
Jackson, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Mississippi Methodist Hospital and Rehabilitation Center Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that,

individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) [supplemental schedule] is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures

applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Mississippi Methodist Hospital and Rehabilitation Center Retirement Plan

Notes to the Financial Statements

Note 1: DESCRIPTION OF PLAN

The following description of Mississippi Methodist Hospital and Rehabilitation Center Retirement Plan (the Plan) provides only general information. Refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Mississippi Methodist Hospital and Rehabilitation Center, Inc. (the Company or Sponsor). The Plan is subject to the provisions of the Department of Labor's (DOL's) Rule and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Plan's Investment Manager, BankPlus, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator.

Plan assets are held and managed by Fidelity Investments (Fidelity) the trustee and custodian and the qualified institution for the Plan, and Metropolitan Life Insurance Company, which invests contributions and Plan earnings, makes investment transactions as directed by the Investment Manager and provides certain recordkeeping services. Fidelity acts as the third-party administrator for the Plan, which performs certain plan administration and annual ERISA compliance testing. Matrix Trust Company (Matrix) was the former trustee and custodian of the plan until plan assets transferred to Fidelity during the fiscal year ended December 31, 2024.

Eligibility

Employees may become a participant in the Plan immediately upon hire for elective deferrals. Employees become eligible for Company matching and discretionary contributions when they have reached one year of service with 1,000 hours and are age twenty-one or older unless they fall within an excluded employee classification group. Excluded employees include PRN (on-call) employees, per-visit employees, contract employees and employees of Physicians Management Service, Inc.

Contributions

Each year, participants may contribute up to the maximum allowable by the Internal Revenue Service (IRS) as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e. rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may elect to match a percentage of the participants' contributions in any discretionary percentage allowed by IRS guidelines, up to 6% of compensation. For 2024 and 2023, the Company matched 50% of the first 6% of base compensation that a participant contributes to the Plan. The Company may also elect to make an additional discretionary contribution equal to a uniform percentage of all eligible employee's compensation. For 2024 and 2023, the Company made a discretionary contribution of 3% of compensation.

Mississippi Methodist Hospital and Rehabilitation Center Retirement Plan

Notes to the Financial Statements

Note 1: DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, as well as allocations of the Company's discretionary contribution and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service. Participants also become 100% vested upon attaining the Plan's early retirement age, or age 55.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have no more than three notes outstanding at any time. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not more than your assumed life expectancy (or the assumed life expectancies of you and your beneficiary). For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$0 and \$7,070 respectively. These accounts will be used to reduce future employer contributions. In 2024, employer contributions were reduced by \$58,466 from forfeited nonvested accounts.

Mississippi Methodist Hospital and Rehabilitation Center Retirement Plan

Notes to the Financial Statements

Note 1: DESCRIPTION OF PLAN (Continued)

Revenue Holding Account

Administrative fees for the Plan are estimated and paid quarterly using a percentage of investment income. Funds drawn from investment income for this purpose in excess of actual Plan expenses are maintained in a Revenue Holding Account to pay future administrative expenses. The Revenue Holding Account consists of an unallocated, noninterest-bearing account and is classified as cash and totaled \$0 and \$218,065 on the statements of net assets available for benefits as of December 31, 2024 and 2023, respectively.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC) and in accordance with the plan agreement, a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 and 5 for discussion of fair value measurements and contract value. The Plan's Investment Manager determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company.

Mississippi Methodist Hospital and Rehabilitation Center Retirement Plan

Notes to the Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the Plan document. At December 31, 2024 and 2023, notes receivable from participants that defaulted totaled \$2,109 and \$24,957, respectively. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Distributions to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, December 8, 2025. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Mississippi Methodist Hospital and Rehabilitation Center Retirement Plan

Notes to the Financial Statements

NOTE 3: INFORMATION CERTIFIED BY QUALIFIED INSTITUTION

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix and Fidelity, the qualified institutions:

- a) Total investments, at fair value and contract value, included in the statements of net assets available for benefits at December 31, 2024 and 2023.
- b) Notes receivable from participants, included in the statements of net assets available for benefits at December 31, 2024 and 2023.
- c) Investment income, net appreciation in the value of investments, and interest income on notes receivable information included in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- d) All amounts included in Note 4, *Fair Value Measurements*.
- e) All amounts included in Note 5, *Annuity Contracts*.
- f) All information included in the supplemental schedule of assets (held at end of year) as of December 31, 2024.

Note 4: FAIR VALUE MEASUREMENTS

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
 - observable; or
 - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Mississippi Methodist Hospital and Rehabilitation Center Retirement Plan Notes to the Financial Statements

Note 4: FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
December 31, 2024				
Mutual funds	\$ 48,171,524	\$ -	\$ -	\$ 48,171,524
Total investments at fair value			\$	\$ 48,171,524

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
December 31, 2023				
Mutual funds	\$ 42,268,018	\$ -	\$ -	\$ 42,268,018
Total investments at fair value			\$	\$ 42,268,018

Mississippi Methodist Hospital and Rehabilitation Center Retirement Plan Notes to the Financial Statements

Note 5: INVESTMENTS REPORTED AT CONTRACT VALUE

In 2021, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Metropolitan Life Insurance Company totaling \$8,398,908 and \$10,106,630 as of December 31, 2024 and 2023, respectively. Metropolitan Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 2%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Metropolitan Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Mississippi Methodist Hospital and Rehabilitation Center Retirement Plan Notes to the Financial Statements

Note 6: TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the plan have been prepared to conform to the listing of 403(b) plans that have been pre-approved by the Internal Revenue Service. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). The Plan Administrator is aware of certain compliance violations. The Plan Administrator plans correct these violations as permitted under the Employee Plans Compliance Resolution System ("EPCRS) of the IRS in order to preserve the Plan's tax favored qualification.

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress

Note 7: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan paid certain expenses related to plan operations and investment activity to the custodian of the Plan assets, as described in Notes 1 and 2. These transactions qualify as party in interest transactions under ERISA. During the year ended December 31, 2024, certain Plan investments were shares of investment contracts and mutual funds managed by Fidelity and Metropolitan Life Insurance Company. Fidelity and Matrix are the current custodian and former custodian of the Plan assets as defined by the Plan , respectively, and, therefore, these transactions qualify as exempt party-in-interest transactions. Administrative expenses paid by the Plan to Fidelity and Matrix during 2024 totaled \$135,426.

Note 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts.

Note 9: NON-DISCRIMINATION TESTING RESULTS

The Plan's annual non-discrimination compliance testing for the plan year ended December 31, 2024 resulted in a failed IRC Section 410(b) minimum coverage test. The Plan Sponsor is working with the TPA to determine and execute a proper corrective action plan to remediate the failed test and prevent future failures.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Mississippi Methodist Hospital and Rehabilitation Center Retirement Plan
Jackson, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Mississippi Methodist Hospital and Rehabilitation Center Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that,

individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) [supplemental schedule] is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures

applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Mississippi Methodist Hospital and Rehabilitation Center Retirement Plan

Notes to the Financial Statements

Note 1: DESCRIPTION OF PLAN

The following description of Mississippi Methodist Hospital and Rehabilitation Center Retirement Plan (the Plan) provides only general information. Refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Mississippi Methodist Hospital and Rehabilitation Center, Inc. (the Company or Sponsor). The Plan is subject to the provisions of the Department of Labor's (DOL's) Rule and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Plan's Investment Manager, BankPlus, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator.

Plan assets are held and managed by Fidelity Investments (Fidelity) the trustee and custodian and the qualified institution for the Plan, and Metropolitan Life Insurance Company, which invests contributions and Plan earnings, makes investment transactions as directed by the Investment Manager and provides certain recordkeeping services. Fidelity acts as the third-party administrator for the Plan, which performs certain plan administration and annual ERISA compliance testing. Matrix Trust Company (Matrix) was the former trustee and custodian of the plan until plan assets transferred to Fidelity during the fiscal year ended December 31, 2024.

Eligibility

Employees may become a participant in the Plan immediately upon hire for elective deferrals. Employees become eligible for Company matching and discretionary contributions when they have reached one year of service with 1,000 hours and are age twenty-one or older unless they fall within an excluded employee classification group. Excluded employees include PRN (on-call) employees, per-visit employees, contract employees and employees of Physicians Management Service, Inc.

Contributions

Each year, participants may contribute up to the maximum allowable by the Internal Revenue Service (IRS) as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e. rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may elect to match a percentage of the participants' contributions in any discretionary percentage allowed by IRS guidelines, up to 6% of compensation. For 2024 and 2023, the Company matched 50% of the first 6% of base compensation that a participant contributes to the Plan. The Company may also elect to make an additional discretionary contribution equal to a uniform percentage of all eligible employee's compensation. For 2024 and 2023, the Company made a discretionary contribution of 3% of compensation.

Notes to the Financial Statements

Note 1: DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, as well as allocations of the Company's discretionary contribution and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service. Participants also become 100% vested upon attaining the Plan's early retirement age, or age 55.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have no more than three notes outstanding at any time. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not more than your assumed life expectancy (or the assumed life expectancies of you and your beneficiary). For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$0 and \$7,070 respectively. These accounts will be used to reduce future employer contributions. In 2024, employer contributions were reduced by \$58,466 from forfeited nonvested accounts.

Notes to the Financial Statements

Note 1: DESCRIPTION OF PLAN (Continued)

Revenue Holding Account

Administrative fees for the Plan are estimated and paid quarterly using a percentage of investment income. Funds drawn from investment income for this purpose in excess of actual Plan expenses are maintained in a Revenue Holding Account to pay future administrative expenses. The Revenue Holding Account consists of an unallocated, noninterest-bearing account and is classified as cash and totaled \$0 and \$218,065 on the statements of net assets available for benefits as of December 31, 2024 and 2023, respectively.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC) and in accordance with the plan agreement, a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 and 5 for discussion of fair value measurements and contract value. The Plan's Investment Manager determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company.

Mississippi Methodist Hospital and Rehabilitation Center Retirement Plan

Notes to the Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the Plan document. At December 31, 2024 and 2023, notes receivable from participants that defaulted totaled \$2,109 and \$24,957, respectively. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Distributions to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, December 8, 2025. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

NOTE 3: INFORMATION CERTIFIED BY QUALIFIED INSTITUTION

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix and Fidelity, the qualified institutions:

- a) Total investments, at fair value and contract value, included in the statements of net assets available for benefits at December 31, 2024 and 2023.
- b) Notes receivable from participants, included in the statements of net assets available for benefits at December 31, 2024 and 2023.
- c) Investment income, net appreciation in the value of investments, and interest income on notes receivable information included in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- d) All amounts included in Note 4, *Fair Value Measurements*.
- e) All amounts included in Note 5, *Annuity Contracts*.
- f) All information included in the supplemental schedule of assets (held at end of year) as of December 31, 2024.

Note 4: FAIR VALUE MEASUREMENTS

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
 - observable; or
 - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Mississippi Methodist Hospital and Rehabilitation Center Retirement Plan Notes to the Financial Statements

Note 4: FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
December 31, 2024				
Mutual funds	\$ 48,171,524	\$ -	\$ -	\$ 48,171,524
Total investments at fair value			\$	\$ 48,171,524

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
December 31, 2023				
Mutual funds	\$ 42,268,018	\$ -	\$ -	\$ 42,268,018
Total investments at fair value			\$	\$ 42,268,018

Mississippi Methodist Hospital and Rehabilitation Center Retirement Plan Notes to the Financial Statements

Note 5: INVESTMENTS REPORTED AT CONTRACT VALUE

In 2021, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Metropolitan Life Insurance Company totaling \$8,398,908 and \$10,106,630 as of December 31, 2024 and 2023, respectively. Metropolitan Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 2%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Metropolitan Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Mississippi Methodist Hospital and Rehabilitation Center Retirement Plan Notes to the Financial Statements

Note 6: TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the plan have been prepared to conform to the listing of 403(b) plans that have been pre-approved by the Internal Revenue Service. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). The Plan Administrator is aware of certain compliance violations. The Plan Administrator plans correct these violations as permitted under the Employee Plans Compliance Resolution System ("EPCRS) of the IRS in order to preserve the Plan's tax favored qualification.

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress

Note 7: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan paid certain expenses related to plan operations and investment activity to the custodian of the Plan assets, as described in Notes 1 and 2. These transactions qualify as party in interest transactions under ERISA. During the year ended December 31, 2024, certain Plan investments were shares of investment contracts and mutual funds managed by Fidelity and Metropolitan Life Insurance Company. Fidelity and Matrix are the current custodian and former custodian of the Plan assets as defined by the Plan, respectively, and, therefore, these transactions qualify as exempt party-in-interest transactions. Administrative expenses paid by the Plan to Fidelity and Matrix during 2024 totaled \$135,426.

Note 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts.

Note 9: NON-DISCRIMINATION TESTING RESULTS

The Plan's annual non-discrimination compliance testing for the plan year ended December 31, 2024 resulted in a failed IRC Section 410(b) minimum coverage test. The Plan Sponsor is working with the TPA to determine and execute a proper corrective action plan to remediate the failed test and prevent future failures.
