Independent Auditor's Report

The Plan Administrator
401(k) Profit Sharing Plan
for the Employees of WellLife Network Inc.
New Hyde Park, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the 401(k) Profit Sharing Plan for Employees of WellLife Network Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended June 30, 2023 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the

financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) Profit Sharing Plan for the Employees of WellLife Network Inc.

Notes to Financial Statements

1. Description of the Plan

The following description of the 401(k) Profit Sharing Plan for the Employees of WellLife Network Inc. (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan was adopted effective July 1, 2002 and amended and restated effective July 1, 2015. The Plan is a defined contribution plan available to substantially all employees of WellLife Network Inc. (the Company), and WellLife Clean Corp., a subsidiary of the Company (collectively, the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Employees become eligible to participate on the first day of the month following the attainment of age 21.

Participants may contribute a percentage of their annual compensation, as defined in the Plan, up to the maximum allowable amount under Section 402(g) of the Internal Revenue Code (IRC). Participants may also roll over amounts from other tax-qualified plans. Participants must complete one year of service to be eligible to receive matching contributions. The company makes employer matching contributions to be equal to 100% of the participants' elective deferral contributions, up to 2% of eligible compensation. Effective January 1, 2020, the Plan was amended to no longer allow employer matching contributions for employees who are covered under a collective bargaining agreement between the employee representatives and the Plan Sponsor. The Company may also elect to make discretionary contributions. There were no employer discretionary contributions for the year ended June 30, 2023.

Effective July 1, 2021, the Plan was amended to include an automatic enrollment feature with automatic escalation for employees who are eligible to participate but have made no affirmative election either to participate or not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in a default target-date fund until changed by the participant. Automatic enrollment deferral contributions are increased by 1% each year subsequent to enrollment following the Plan year in which automatic enrollment contributions commenced, up to a maximum of 3% by year three (See Note 11).

A participant may, with consent of the Plan administrator, make a rollover contribution to the Plan at any time. Rollover contributions are assets transferred to the Plan from a qualified savings plan in which employees participated prior to their employment by the Company, or its participating subsidiary.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings, and is charged with investment losses, direct participant expenses, and withdrawals. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may direct contributions in any investment options of the Plan, which are investments in pooled separate accounts or a general interest account.

Vesting

Participants are 100% vested in their elective deferral contributions, rollover contributions, and employer matching contributions, and any earnings thereon. With respect to employer discretionary contributions, the vested portion is determined as follows:

Years of Service	(%)
Less than 2	-
2	20
3	40
4	60
5	80
6	100

Vesting of all contributions occurs upon a participant's death, total and permanent disability, retirement upon the later of reaching age 65 or six years of service, or the termination of the Plan by the Company.

Payment of Benefits

Payments of benefits are made upon a participant's termination of service due to death, disability, or retirement. Under the terms of the Plan, participants are eligible for normal retirement upon the later of reaching age 65 or six years of service. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account. Participants may apply for hardship withdrawals against the vested balance of their elective deferral contributions. Payments of benefits shall be in the form of a lump-sum distribution or an annuity contract. The distribution method is selected by the participant upon reaching normal retirement age.

Forfeitures

If a participant's employment terminates for reasons other than retirement, disability, or death, the unvested portion of the account is forfeited, either when the vested portion of the account is distributed or in other limited circumstances. Forfeitures shall be used to reduce future employer contributions, which are allocated to the remaining participants' accounts in the same manner as employer contributions, or to pay any administrative expenses of the Plan. Forfeited non-vested accounts to be allocated to participant accounts in future years as of June 30, 2023 and 2022 were

401(k) Profit Sharing Plan for the Employees of WellLife Network Inc.

Notes to Financial Statements

\$44,805 and \$43,428, respectively. For the Plan year ended June 30, 2023, total forfeitures in the amount of \$44,915 were used to reduce employer contributions.

Notes Receivable from Participants

Participants may borrow from their individual accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their accounts during the prior 12-month period. Participants may only have one loan outstanding at any time. All loans are required to be repaid in five years, unless the proceeds of the loan were used for the purchase of a principal residence, in which case the loan repayment period may not exceed ten years from the date of the loan. The loans bear interest at rates commensurate with local prevailing rates, as determined by the Plan administrator. Principal and interest are paid by the participants to the Plan directly.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, each participant will become 100% vested and the net assets of the Plan will be distributed, as prescribed by ERISA.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are presented under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Non-elective/profit-sharing contributions are recorded in the relevant period in accordance with the terms in the Plan document.

401(k) Profit Sharing Plan for the Employees of WellLife Network Inc.

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based on the terms of the Plan document. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Service Fee

The Plan charges a one-time fee for certain individual services and transactions, such as withdrawals and terminations, which is deducted from the participant's distribution. Certain participants whose balances are below minimum threshold are charged a monthly administrative fee. Other administrative expenses are paid by the Company and are excluded from these financial statements.

3. Risks and Uncertainties

The Plan provides for various investment options in any combination of funds offered by the Plan. These funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan held eight investments that represented 74% and 72% of the Plan's total investments as of June 30, 2023 and 2022, respectively.

4. Information Certified by Mutual of America Life Insurance Company

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedules, related to investments and notes receivable from participants held as of June 30, 2023 and 2022, and net appreciation in fair value of investments, interest, and interest income on notes receivable from participants for the year ended June 30, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America Life Insurance Company (MOA), a qualified institution.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

401(k) Profit Sharing Plan for the Employees of WellLife Network Inc.

Notes to Financial Statements

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2023 and 2022.

Pooled Separate Accounts - These accounts are valued at their accumulation unit value (AUV) as a practical expedient, which approximates fair value. The AUV is determined daily based on the net asset value of shares of the underlying fund and the separate account charges (i.e., the daily asset charge). The Plan's investments in the pooled separate accounts may be redeemed daily. There are no redemption fees or notice periods and no unfunded commitments. The pooled separate accounts invest in various registered investment companies (mutual funds), including target-date funds, equity funds, fixed-income funds, money market funds, and real estate investment funds. These are direct filing entities.

The investments in pooled separate accounts, which are valued at AUV, are not required to be and have not been classified in the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of June 30, 2023 and 2022, the Plan holds pooled separate accounts classified at NAV totaling \$29,323,021 and \$25,106,225, respectively.

The Plan had no financial assets that were measured at fair value on a nonrecurring basis for the year ended June 30, 2023. There were no transfers between levels during the year ended June 30, 2023.

401(k) Profit Sharing Plan for the Employees of WellLife Network Inc.

Notes to Financial Statements

6. Fully Benefit-Responsive Guaranteed Investment Contract with MOA

The Plan entered into a fully benefit-responsive guaranteed investment contract with MOA. MOA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The guaranteed investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement for that portion of net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by MOA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

7. Related Party and Party-in-Interest Transactions

Plan investments included an annuity contract and shares of pooled separate accounts managed by MOA, which qualify as party-in-interest transactions. Additionally, certain employees and officers of the Company, who are also participants of the Plan, perform administrative services for the Plan at no cost. Notes receivable from participants also qualify as party-in-interest transactions.

Such transactions are permitted under the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

8. Tax Status

The Plan adopted a non-standardized pre-approved profit-sharing plan, which has received a favorable opinion letter from the Internal Revenue Service dated November 20, 2020, stating that the written form of the prototype plan is acceptable under Section 401(a) of the IRC and that any employer adopting this prototype plan document will be considered to have a plan qualified under Section 401(a) of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

401(k) Profit Sharing Plan for the Employees of WellLife Network Inc.

Notes to Financial Statements

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Delinquent Participant Contributions

During the Plan years ended June 30, 2023 and 2021, participant contributions totaling \$548,025 and \$153 were not remitted to the Plan within the period prescribed by Department of Labor regulations. These transactions constitute prohibited transactions as defined by ERISA. The 2023 and 2021 related lost earnings are expected to be remitted to the Plan during 2025.

10. Other Employer Contributions

For the period from July 1, 2019 through June 30, 2023, the Company noted certain operational errors with respect to participant deferrals and the related employer matching contributions, resulting in other employer contributions due to the Plan. For the year ended June 30, 2023, other employer contributions totaled \$125,299. The Company remitted all other employer contributions and related lost earnings for Plan year ended June 30, 2023 and prior by September 19, 2025.

11. Subsequent Events

The Company elected to terminate the automatic enrollment and automatic increase features of the Plan, effective August 1, 2025, and add a Roth contribution feature effective September 1, 2025.

For the purpose of determining the effects of subsequent events on these financial statements, management has evaluated events through December 9, 2025, the date on which the financial statements were available to be issued. The Plan is not aware of any other subsequent events that would require recognition or disclosure in the financial statements.
