INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Grindmaster Corporation 401(k) Plan
Louisville, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Grindmaster Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of February 3, 2025 and December 31, 2024, the related statements of changes in net assets available for benefits for the period from January 1, 2025 through February 3, 2025, and the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of February 3, 2025 and December 31, 2024 and for the period from January 1, 2025 through February 3, 2025, and the year ended December 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

GRINDMASTER CORPORATION 401(K) PLAN

Notes to the Financial Statements

February 3, 2025 and December 31, 2024

(1) Description of plan

The following description of the Grindmaster Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement available from the plan administrator for a complete description of the Plan's provisions.

(a) General

The Plan was a defined contribution plan covering substantially all full-time employees of Grindmaster Corporation (the "Company") who had attained the age of 18 and completed three months of service, with participation commencing at the start of the following month. The Plan was subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 1, 2025, the Plan was closed to new participants and no additional contributions were allowed. The Plan's participants became eligible to participate in Eletrolux Professional 401(k) Plan ("Electrolux") as of January 1, 2025. On February 3, 2025, the Plan was merged into Electrolux.

(b) Contributions

Prior to January 1, 2025, participants could contribute the maximum allowable amount under Section 401(k) of the Internal Revenue Code (IRC). Each year, participants could contribute up to 90% of their compensation in the form of pretax or after-tax Roth contributions, subject to certain limitations as defined by the Plan. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled into the Plan, unless they affirmatively elected not to participate, with a default deferral rate set at 3% of eligible compensation. The Company was required to make a safe harbor matching contribution in the amount equal to 100% of the first 4% of each participant's eligible compensation for the plan year. Each year, the managing body of the Company determined the amount, if any, it contributed to the Plan as a profit-sharing contribution. The managing body did not approve a profit-sharing contribution for the period from January 1, 2025 to February 3, 2025 or for the year ended December 31, 2024. Participants could elect to contribute amounts representing distributions from other qualified defined benefit or contribution plans. Elective deferral contributions that were catch-up contributions were also matched. Company and participant contributions could not exceed the maximum amount allowable for federal income tax purposes.

GRINDMASTER CORPORATION 401(K) PLAN

Notes to the Financial Statements

February 3, 2025 and December 31, 2024

(c) Participant accounts

Each participant's account was credited or charged with the participant's contributions and allocations of (a) the Company's contribution and (b) the Plan's investment earnings or losses and charged with an allocation of any administrative expenses paid by the Plan. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

(d) Vesting

Participants were immediately vested in their contributions and Company safe harbor matching contributions plus actual earnings (losses) thereon. Vesting in the Company's profit-sharing contribution portion of their accounts was based on years of continuous service. Participants became 100% vested after three years of credited service on a cliff schedule.

(e) Notes receivable from participants

Effective September 1, 2020, participants were no longer permitted to borrow from his or her account in the form of a loan. The notes receivable from participants were secured by the balance in the participant's account and bore interest at fixed rates as determined by the plan administrator based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest were collected ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, disability or retirement, a participant could elect to receive payment in any form permitted under the Plan of his or her entire account, at the time of the participant's distribution. For termination of service due to other reasons, a participant was entitled to receive only the value of the vested interest in his or her account. Active participants could also take distributions from the Plan upon attainment of age 59½.

(g) Forfeited accounts

Forfeitures were created when participants terminated employment prior to becoming fully vested in the Company contribution portion of their accounts. Forfeited accounts could be used to reduce administrative expenses and the Company contributions. As of February 3, 2025 and December 31, 2024, forfeited non-vested accounts totaled \$37,160 and \$37,034, respectively. The remaining forfeiture balance was transferred to the Electrolux plan in connection with the plan merger. No forfeitures were used to reduce administrative expenses or Plan Sponsor contributions during the period from January 1, 2025 through February 3, 2025. Forfeitures of \$2,500 were utilized for the year ended in December 31, 2024.

GRINDMASTER CORPORATION 401(K) PLAN

Notes to the Financial Statements

February 3, 2025 and December 31, 2024

(h) Hardship withdrawals

The Plan permitted distributions in the event of a hardship, as defined in the plan document. These distributions were taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant was younger than age 59½. Hardship withdrawals were limited to the participant's vested account balance.

(i) Administrative expenses

Certain expenses of maintaining the Plan were paid by the Company and were therefore excluded from these financial statements. Investment-related expenses were included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants were included in administrative expenses and charged directly to the participant's account.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

(b) Investment valuation and income recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants were reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were charged directly to the borrowing participant's account and were included in administrative expenses when incurred. As of February 3, 2025 and December 31, 2024, no allowance for credit losses was recorded. If a participant did not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance was reduced, and the delinquent notes receivable from participants was recorded as a benefit payment based on the terms of the plan document.

(d) Payment of benefits

Benefits were recorded when paid.

(e) Use of estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

(f) Events occurring after reporting date

The Company has evaluated events and transactions that occurred between February 3, 2025 and December 9, 2025, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments presented and disclosed in the accompanying financial statements, including the fair value of investments held at February 3, 2025 and December 31, 2024, and net appreciation in fair value of investments, interest and dividends, and interest income from notes receivable from participants for the period from January 1, 2025 to February 3, 2025 and for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity").

(4) Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for asset measurement at fair value. There have been no changes in the methodology used at February 3, 2025 and December 31 2024.

- (i) *Money market fund and mutual funds:* Valued at the net asset value (NAV) of shares held by the Plan at year-end in an active market.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Fair Value Measurements as of December 31, 2024 Using the Following Inputs			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 162,072	\$ -	\$ -	\$ 162,072
Mutual funds	<u>9,293,806</u>	<u>-</u>	<u>-</u>	<u>9,293,806</u>
Investments at fair value	<u>\$ 9,455,878</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,455,878</u>

(5) Related party and party-in interest transactions

Certain plan investments were shares of mutual funds managed by Fidelity, therefore, these transactions qualified as party-in-interest transactions.

As described in Note 1, the Plan paid expenses to service providers and held notes receivable from participants which also qualified as party-in-interest transactions.

(6) Income tax status

The plan sponsor adopted a pre-approved profit-sharing plan, which received a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service ("IRS") determined that the pre-approved plan was designed and in compliance with applicable sections of the IRC. The plan administrator and the Plan's tax counsel believe that the adopted pre-approved plan was designed, as amended, and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan was qualified, and the related trust is tax-exempt.

GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of February 3, 2025 and December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan was subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.
