Plan Administrator and Participants
Apptegy, Inc. 401(k) Plan
Little Rock, Arkansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Apptegy, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audits"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audits opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audits does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, schedule of assets (held at end of year) as of December 31, 2024 and schedule of delinquent participant contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements**December 31, 2024 and 2023****1. Summary of Significant Plan Provisions**

The following description of the Apptegy, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

- a. **General** – The Plan is a defined contribution plan for the benefit of eligible employees of Apptegy, Inc. (the “Employer”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.
- b. **Eligibility** – Employees, other than excluded classes of employees as defined in the Plan documents, are eligible to participate in the Plan upon attaining age 18. Participants may enter the Plan immediately following the date on which the eligibility requirements are met.
- c. **Contributions** – Participants may contribute through payroll deductions and eligible rollover contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Employer will make an Employer matching contribution of 100% of a participant’s contributions up to 3% of the participant’s eligible compensation. The Internal Revenue Code (“IRC”) imposes restrictions as to the maximum annual additions that can be made to a participant’s account.
- d. **Participant accounts** – Each participant’s account is credited with the participant’s and Employer contributions and allocations of Plan earnings/losses, and is charged with applicable withdrawals and an allocation of administrative expenses. Allocations are based on participant’s earnings, contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
- e. **Investment options** – Upon enrollment in the Plan, a participant may direct contributions into investment options offered under the Plan. Participants may change their investment selections at any time.
- f. **Vesting rights** – A participant is always fully vested in their own contributions and Employer matching contributions, plus earnings/losses thereon.
- g. **Notes receivable from participants** – Participants may borrow from their Plan accounts up to the lesser of \$50,000 or 50% of their vested account balance. Note terms are up to five years or may be extended if used to purchase a primary residence. Notes bear interest at a rate based on prevailing market interest rates and are secured by the participant’s account. Principal and interest are paid through payroll deductions.
- h. **Payment of benefits** – A participant may receive benefits in a lump sum payment. In-service withdrawals are available to participants who attain age 59½, who meet certain hardship requirements or at any time from their rollover contribution account.
- i. **Termination of the Plan** – Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Notes to Financial Statements**December 31, 2024 and 2023****2. Summary of Significant Accounting Policies**

- a. **Basis of accounting** – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).
- b. **Estimates** – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.
- c. **Investment valuation and income recognition** – Investments are reported at fair value. See Note 4 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

- d. **Notes receivable from participants** – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan documents.
- e. **Payment of benefits** – Benefits are recorded when paid.
- f. **Administrative expenses** – Certain administrative expenses are allocated to participant’s accounts. Fees related to loans are charged directly to the participant’s account. Administrative expenses voluntarily paid by the Employer are not included in the Plan’s financial statements.

3. Investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Inspira Financial Trust, LLC (formerly Millennium Trust Company, LLC), the trustee of the Plan, and was not subjected to any audit procedures, except for comparing the information with the related information included in the financial statements and supplemental schedules:

- a. Cash as shown on the accompanying statement of net assets available for benefits of \$4,964 as of December 31, 2023.
- b. Investments at fair value as shown on the accompanying statement of net assets available for benefits of \$9,258,425 and \$7,036,841 as of December 31, 2024 and 2023, respectively.
- c. Net investment income as shown on the accompanying statement of changes in net assets available for benefits of \$1,003,928 for the year ended December 31, 2024.

Notes to Financial Statements**December 31, 2024 and 2023****3. Investments (cont.)**

- d. All investment transactions that occurred during the year ended December 31, 2024.
- e. All the information included in the supplemental schedules, excluding participant loans.

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

4. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is categorized based on a hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 or 2023.

Exchange traded funds: These investments are valued based on quoted market prices on the last business day of the Plan year.

Notes to Financial Statements

December 31, 2024 and 2023

4. Fair Value Measurements (cont.)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>December 31, 2024</u>				
Exchange traded funds	<u>\$ 9,258,425</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,258,425</u>
<u>December 31, 2023</u>				
Exchange traded funds	<u>\$ 7,036,841</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,036,841</u>

5. Tax Status

The Plan is utilizing a non-standardized pre-approved profit sharing plan document (the “Plan Document”), which received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (“IRS”) stated the Plan Document is designed in accordance with the applicable sections of the IRC. As allowed by the IRS, the Plan is relying on the opinion letter of the Plan Document for its own qualification. Although the Plan Document has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

6. Parties-in-Interest Transactions

Betterment for Business, LLC (“Betterment”) serves as the Plan’s third-party administrator. The Plan pays Betterment for its services. Betterment is by definition a party-in-interest. The Plan also holds notes receivable from participants. As a result, these notes receivable and all related transactions were with parties-in-interest. All of these transactions are exempt from being prohibited transactions under ERISA.

Notes to Financial Statements**December 31, 2024 and 2023****7. Delinquent Participant Contributions**

The Plan sponsor determined that during the 2024 Plan year, certain participant contributions and loan repayments were not remitted within the required time frame specified by the DOL's regulations, which have been reported on the accompanying Schedule H, line 4a – Schedule of Delinquent Participant Contributions in the amount of \$56,844. The Plan sponsor is in the process of finalizing lost earnings and will correct outside of the Voluntary Fiduciary Correction Program.

8. Subsequent Events Evaluation Date

Management of the Plan evaluated the events and transactions subsequent to its December 31, 2024 financial statement date and determined there were no significant events necessary for disclosure through October 15, 2025, which is the financial statement issuance date.
