Independent Auditor's Report

To the Plan Administrator
Brothers Services Employees Savings Plan
Hampstead, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Brothers Services Employees Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Plan Merger

As discussed in Note 1 to the financial statements, effective December 31, 2024 (the "Merger Date"), the Plan merged with the Omnia Exterior Solutions 401(k) Plan, a qualified defined contribution plan administered by John Hancock Retirement Plan Services. Our opinion is not modified with respect to this matter.

Brothers Services Employees Savings Plan

Notes to Financial Statements

1) Description of the Plan

General

The following description of the Brothers Services Employees Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan was a defined contribution plan that was established on January 1, 2007, under Section 401(k) of the Internal Revenue Code (IRC), covering substantially all employees of Brothers Services Company (the Employer or Plan Sponsor), who were at least 18 years old and had completed 90 days of service, except non-resident aliens, leased employees, and residents of Puerto Rico. Prior to January 24, 2022, employees were required to be 21 years old and complete 60 days of service to be eligible to participate in the Plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. On July 14, 2023, the Plan Sponsor was acquired by Omnia Exteriors Solutions, LLC.

Plan Merger

Effective December 31, 2024 (the Merger Date), the Plan merged with the Omnia Exterior Solutions 401(k) Plan, a qualified defined contribution plan administered by John Hancock Retirement Plan Services. Assets totaling \$3,685,327, including notes receivable from participants of \$90,188, were transferred to the Omnia Exterior Solutions 401(k) Plan on December 31, 2024. There was a black out period, beginning December 24, 2024 through the Merger Date, during which participant were not able to receive a distribution or a loan or make changes to their investments or contribution rate.

Administration

Transamerica Retirement Solutions, LLC (Transamerica) served as the recordkeeper/custodian of the Plan. Prior to June 1, 2024, Reliance Trust Company (Reliance Trust) served as the trustee of the Plan. As of June 1, 2024, Transamerica Trust Company (Transamerica Trust) served as the trustee of the Plan. Transamerica processed and maintained the records of participant data and held the Plan assets. The Employer appointed the Retirement Plan Committee to be responsible for the day-to-day operations and oversight of the Plan.

Investments

Upon enrollment in the Plan, a participant could direct their account balance into any of the investment options offered by the Plan. Subject to certain limitations, participants could change their investment options and transfer amounts between investment options daily.

Participant Contributions

Participants could elect to contribute a percentage of their eligible pre-tax compensation up to the amount allowable under current income tax regulations. Roth contributions were also permitted. Participants who elected to contribute a portion of their compensation to the Plan agreed to accept an equivalent reduction in compensation. In addition, the Plan included an automatic enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan, unless they affirmatively elected not to participate in the Plan. Automatically

Brothers Services Employees Savings Plan

Notes to Financial Statements

enrolled participants had their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatically enrolled participants deferral percentage increased 1% each Plan year up to a maximum deferral percentage of 10%. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions, subject to limitations imposed by the IRC.

Participants were permitted to make rollover contributions of amounts received from other tax-qualified employer sponsored retirement plans. Such rollover contributions were deposited in the appropriate investment funds in accordance with the participant's elections and the Plan's provisions.

Employer Contributions

The Employer, upon approval of the Board of Directors, could make a discretionary matching contribution on a weekly basis to all eligible employees. During 2024 and 2023, the Employer's discretionary match was 25% of the participant contributions up to 10% of the participant's annual compensation. Employer discretionary matching contributions for the year ended December 31, 2024 totaled \$89,004. Due to the merger of the Plan, the Employer discretionary match contributions were remitted to the Omnia Exterior Solutions 401(k) Plan subsequent to December 31, 2024 and are therefore not included on the accompanying Statement of Changes in Net Assets Available for Benefits.

Additionally, the Employer could make discretionary profit-sharing contributions to the Plan. To be eligible for the matching and profit-sharing contributions, participants must have completed 90 days of service with the Employer during the Plan year and for profit-sharing contributions, participants must be employed on the last day of the Plan year. There were no discretionary profit-sharing contributions for the year ended December 31, 2024. Contributions were subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account was credited with the participant's contributions and Employer's discretionary matching contributions, as well as allocations of any Employer discretionary profit-sharing contributions and Plan earnings or losses. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances or specific participant transactions, as defined in the Plan document. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account balance.

Vesting

Participants were immediately vested in their salary deferrals, rollover contributions, and the related earnings. A participant's vested interest in the Employer discretionary matching and profit-sharing contributions were based upon the participant's years of continued service. Participants became fully vested in the event of retirement, death, and disability, as defined by the Plan. Employer discretionary matching and profit-sharing contributions, and earnings thereon, were subject to the following vesting schedule:

Brothers Services Employees Savings Plan

Notes to Financial Statements

Vesting Service (Years)	Vesting Percentage (%)
Less than 2	-
2	20
3	40
4	60
5	80
6	100

Notes Receivable from Participants

Participants were permitted to borrow a minimum of \$1,000 and up to the lesser of \$50,000 less the highest outstanding note balance in the prior twelve-month period, or 50% of their vested account balance. The notes were secured by the participant's vested account balance and no more than two outstanding notes were permitted at any time. Such notes bore interest at the available market financing rates and were required to be repaid to the Plan within a five-year period, unless the note was used to purchase a principal residence which was required to be repaid within a ten-year period. The specific terms and conditions of such notes were established by the Plan Administrator. Principal and interest were paid ratably through payroll deductions. The notes were subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

Payment of Benefits

Benefit payments were available to participants upon retirement (age 65), termination of employment, death, attainment of age 59 ½ and six years of service, or disability. The Plan also permitted distributions to participants meeting the definition of a qualified reservist. Upon proof, to the satisfaction of the Plan Administrator, of an immediate and heavy financial need, amounts contributed by the participant could be withdrawn for a hardship purpose. Participants were entitled to a benefit equal to the vested portion of their account balance, which would be distributed in the form of a lump sum payment, unless the participant elected another option provided by the Plan. Distributions were subject to the applicable provisions of the Plan agreement. Certain income taxes and penalties could apply to withdrawals or distributions prior to age 59 ½.

Immediate lump-sum distributions could be made to terminated participants if the participant's vested account balance was \$1,000 or less. For terminated participants with vested balances greater than \$1,000, but less than \$5,000, their vested balance could be automatically rolled into an IRA unless otherwise elected.

Forfeitures

Forfeited non-vested amounts could be used to pay Plan administrative expenses or reduce Employer discretionary contributions in the year in which the forfeitures occur. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$0 and \$1,255, respectively. During the year ended December 31, 2024, \$15,385 of forfeitures were used to pay administrative expenses.

2) Summary of Accounting Policies

Basis of Presentation

The financial statements have been prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments were stated at fair value, with the exception of fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

The Plan's fully benefit-responsive investment contract (see Note 5) was valued at contract value.

Purchases and sales of investments were recorded on a trade date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued, but unpaid, interest. If a participant ceased to make note repayments and the Plan Administrator deemed the note to be in default, the note balance was reduced, and a benefit payment was recorded.

Contributions Receivable

Participant contributions and any related discretionary employer matching contributions and discretionary profit-sharing contributions were recognized in the period during which the Employer made the respective payroll deduction from the participant's compensation. Employer discretionary contributions and profit-sharing contributions were recorded in the relevant period in accordance with the terms in the Plan document.

Payment of Benefits

Benefits were recorded when paid.

Administrative Expenses

Plan administration and recordkeeping fees were paid by the Plan and are included in administrative expenses. Certain expenses of maintaining the Plan were paid directly by the Employer and are

Brothers Services Employees Savings Plan

Notes to Financial Statements

excluded from these financial statements. Fees related to specific participant transactions were charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

3) Certified Investment Information

Certain information disclosed in the accompanying financial statements, related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust prior to June 1, 2024 and Transamerica Trust after June 1, 2024, which are qualified institutions.

4) Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy, under ASC 820, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. Due to the merger of the Plan, there are no assets measured at fair value as of December 31, 2024. There have been no changes in the methodologies used at December 31, 2023.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange

Brothers Services Employees Savings Plan

Notes to Financial Statements

Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2023:

<i>December 31, 2023</i>	Level 1	Level 2	Level 3	Total
Total Mutual Funds, at fair value	\$ 3,104,751	\$ -	\$ -	\$ 3,104,751

5) Stable Value Fund

The Plan had a fully benefit-responsive investment contract for a stable value fund investment with Transamerica. Due to the merger of the Plan, the value of the contract as of December 31, 2024 was \$0. The value of the contract as of December 31, 2023 was \$58,662. Transamerica maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer was contractually obligated to repay the principal and a specified interest rate to the Plan. The crediting interest rate was reviewed on a quarterly basis.

Because the guaranteed investment contract was fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options, (3) the agreement with the issuer was breached, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

6) Related Party and Party-in-Interest Transactions

Certain management fees in the form of an expense ratio charged to each investment option were paid by the Plan and deducted from earnings on investments. Participant loan and distribution processing fees were paid to Transamerica by participants. The Plan paid for third party administrator fees which qualify as party-in-interest transactions. The Plan also issued loans to

Brothers Services Employees Savings Plan

Notes to Financial Statements

participants which were secured by the vested balance of the participants' accounts. These transactions were party-in-interest transactions, which are exempt from prohibited transaction rules.

7) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants would become fully vested in their Employer contributions.

As discussed in Note 1, effective on the Merger Date, the Plan merged with the Omnia Exterior Solutions 401(k) Plan.

8) Tax Status

The Plan adopted the Non-Standardized Pre-Approved Plan with CODA sponsored by Transamerica Retirement Solutions LLC (Transamerica), effective January 24, 2022. The Internal Revenue Service (IRS) ruled on June 30, 2020 that the Transamerica Plan qualified under Section 401 of the IRC and the related trust was, therefore, not subject to tax under present income tax law. The Plan was required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9) Risks and Uncertainties

The Plan's investment options provided participants with a variety of investment alternatives with differing levels of risk and income potential. Investment securities were exposed to various risks such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

10) Subsequent Events

Management has evaluated events and transactions through December 11, 2025, the date the financial statements were available to be issued.
