## INDEPENDENT AUDITOR'S REPORT

The Administrative Committee of  
**Children's Museum Houston 401k Plan**

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Children's Museum Houston 401k Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2024 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

---

### **Note 1 - Description of Plan**

The following description of the Children's Museum Houston 401k Plan (the Plan) is provided for general information purposes only and is as of December 31, 2024 unless otherwise noted. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution plan that covers substantially all employees of Children's Museum Houston (the Museum, Employer and Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan commenced effective January 1, 2024.

#### Administration

The Plan Committee serves as the Plan Administrator. ADP Retirement Services provides recordkeeping services to the Plan. Reliance Trust Company (Reliance) serves as the Trustee of the Plan. The Trustee maintains custody of all investments held by the Plan. Among other duties, the Trustee receives contributions, holds, and invests the fund assets in accordance with participant direction, and makes distributions as directed by the Plan Administrator.

#### Eligibility

Employees of the Museum are eligible to participate in the Plan upon completion of three months of service, provided they are age 21 or older, and are not an excluded employee as defined by the Plan's adoption agreement. Employees will be credited for each month during which an hour of service is performed. Eligible employees are permitted to enter the Plan upon the first day of each month coincident with, or next following, satisfaction of the eligibility requirement.

#### Participant Contributions

Participants may elect to defer up to 90% of their compensation during any plan year, subject to a maximum imposed by the Internal Revenue Code (IRC). The Plan has an auto-enroll feature whereby the Museum will automatically make a pre-tax salary deferral contribution of 3% of eligible compensation for newly eligible employees unless the employee elects not to participate or elects a different deferral percentage. Unless the auto-enrolled participant elects not to participate or elects a different deferral percentage, the automatic deferral amount will increase on the enrollment anniversary by 1% of compensation up to a maximum of 10% of compensation. The Plan allows participants the option to defer on both a pre-tax and on a Roth basis. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan may also accept rollover contributions of retirement benefits that originate from another qualified retirement plan, a governmental 457(b) plan, or from a "conduit" IRA.

#### Employer Contributions

The Plan provides for safe harbor Employer matching contributions equal to 100% of the amount contributed by each participant up to 4% of compensation. All matching contributions are made on a payroll period basis; however, the Company also makes an annual true-up contribution to the Plan after year-end that is recalculated based on the ratio of elective deferrals to compensation for the plan year. The true-up is allocated to all participants who were eligible to receive the safe harbor Employer matching contributions during the plan year regardless of whether they were employed on the last day of the plan year. The total safe harbor Employer matching contribution, including true-up contributions, was \$219,763 for the year ended December 31, 2024.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

---

The Plan also provides for discretionary profit-sharing contributions on behalf of eligible employees equal to a percentage of each participant's compensation compared to total compensation of all participants eligible to receive the profit-sharing contribution. The Employer did not make any profit-sharing contributions during the year ended December 31, 2024.

### Participant Accounts

Each participant's account is credited with the participant's contributions and employer contributions as well as plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Vesting

Participants are immediately vested in salary deferral contributions, including earnings allocated thereon. Participants become 100% vested in safe harbor Employer matching contributions after two years of service and have 0% vesting in safe harbor Employer matching contributions with less than two years of service. For discretionary profit-sharing contributions, participants become 20% vested upon completion of two years of service, increasing 20% per year thereafter, and becoming fully vested after six years of service. Participants become fully vested upon death, total and permanent disability or reaching their early retirement date which is at age 55 and the completion of six years of service.

### Forfeitures

Forfeitures from participant accounts are used to offset future employer contributions or to pay plan expenses. There were no available forfeitures as of December 31, 2024. During 2024, forfeitures of \$1,099 were used to offset employer contributions.

### Notes Receivable from Participants

Notes receivable from participants are loans to participants secured by the vested portion of their accounts as prescribed in the plan document. Loans bear interest at the prime rate plus two percent on the date of issuance. The loans are repaid through payroll deductions. A participant may not have more than one loan outstanding at any time. Loans issued are no less than \$500, with a maximum value limited to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan payments are limited to five years unless for the purchase of a principal residence, which can extend the loan period to 30 years. A participant's loan balance becomes immediately due and payable upon termination of employment.

### Benefit Payments

Distributions may be made to participants or their beneficiaries upon termination of employment, retirement, disability or death, as applicable. In-service distributions are allowed for participants who have reached the age of 59½. Additionally, hardship withdrawals may be made to active participants who have demonstrated financial need, subject to the provisions of the Plan. Upon termination, participants with an account balance of \$5,000 or less shall receive an automatic lump sum distribution from the Plan. Upon withdrawal from the Plan, participants may be subject to income taxes on contributions and income earned.

### **Note 2 - Summary of Significant Accounting Policies**

#### Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

#### Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

#### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024, as the notes are collateralized by the participant's account balance. In general, notes receivable from participants are placed into default in the calendar quarter following the quarter in which no payment on the note is made and such defaults are recognized as distributions based upon the terms of the plan document.

#### Benefit Payments

Benefits are recorded when distributed.

#### Administrative Expenses

Loan fees and certain transactional charges are paid by the participants. All other administrative costs are paid by the Plan unless paid by the Company, at its discretion. Investment related expenses are included in the net appreciation in fair value of investments.

#### Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including November 21, 2025, which is the date the financial statements were available to be issued.

**CHILDREN'S MUSEUM HOUSTON  
401k PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024**

---

**Note 3 - Unaudited Information Certified by Trustee**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Reliance Trust Company, LLC as to its completeness and accuracy and was not subject to any auditing procedures performed by the Plan's independent auditor:

- Investments and notes receivable from participants reflected in the statement of net assets available for benefits as of December 31, 2024 and notes to financial statements;
- All investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024; and
- All information included in the supplemental schedule of assets (held at end of year) as of December 31, 2024.

**Note 4 - Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**CHILDREN'S MUSEUM HOUSTON  
401k PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024**

*Collective trust fund:* Valued at the NAV of units of the collective trust. The NAV, as provided by the fund's trustee, is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions may occur daily. The Plan has no unfunded commitments and no contractual obligations to further invest in the funds.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,070,098	\$ -	\$ -	\$ 1,070,098
Total assets in the fair value hierarchy	\$ 1,070,098	\$ -	\$ -	1,070,098
Investments measured at net asset value <sup>(a)</sup>				10
Investments, at fair value				\$ 1,070,108

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV (collective trust fund) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures for entities that use NAV as a practical expedient to measure fair value as of December 31, 2024:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust fund	\$ 10	None	Daily	Daily

**Note 5 - Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in all their employer contributions.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

### **Note 6 - Tax Status**

The Plan is utilizing a non-standardized pre-approved plan document sponsored by ADP, LLC (the non-standardized plan). The non-standardized plan has been filed with the IRS and has received a favorable opinion letter dated October 6, 2020. The Plan Sponsor has elected not to apply for an individual IRS Determination Letter upon adoption of the Plan nor on any subsequent amendments. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified under Section 401(a) and that the related trust is tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2024, the Plan had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

The Plan has appropriately implemented all mandatory provisions of the SECURE Act 2.0. Written amendments to the plan document to reflect these operational changes will be executed at a later date in accordance with deadlines pursuant to applicable laws and IRS guidance.

### **Note 7 - Related Party and Party-in-Interest Transactions**

The Plan engages in transactions with participants related to notes receivable, which are party-in-interest transactions with respect to the Plan. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC. Certain accounting and administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.

### **Note 8 - Risks and Uncertainties**

The Plan invests in investment securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

**Subject:** Explanation of Form 5500 Amendment for Plan Year Ending 12/31/2024

Dear Sir or Madam:

This letter is to inform you that we have filed an amended Form 5500 for the plan year ending December 31, 2024. The amendment was necessary to correct the plan number originally reported. The plan number **001** was used in error; the correct plan number is **002**.

The amended Form 5500 reflects this correction.

Please let us know if you require any additional information.

Sincerely,

A handwritten signature in black ink that reads "Julia Laureto".
