Independent Auditor's Report

To the Plan Administrator
Pieper-Olson Vet Hospital Employees Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pieper-Olson Vet Hospital Employees Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant

ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a) for the year ended December 31, 2024 and Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Pieper-Olson Vet Hospital Employees Plan

Notes to Financial Statements December 31, 2024

Note 1 - Description of Plan

The following description of Pieper-Olson Vet Hospital Employees Plan (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan was organized effective January 1, 1990 as a defined contribution retirement savings plan covering all eligible employees of Pieper-Olson Veterinary Hospital, P.C. and its participating affiliates: Pieper Pennsylvania Veterinary, P.C. (formerly known as Metropolitan Veterinary Associates, Inc.) and Pieper Portland Veterinary, P.C. (formerly known as Animal Specialty Care Center of Maine) (collectively referred to as the "Company"). Eligible employees age 18 or older may begin participation in the Plan on the first day of the calendar month following the completion of 3 months of service. Nonresident aliens, leased employees, reclassified employees and employees subject to a collective bargaining (union) agreement are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company's Board of Directors is responsible for oversight of the Plan. The Plan's Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

Effective April 2024, the Company completed an acquisition of Lebanon Veterinary Hospital, LLC. As a result of this acquisition, the Plan received rollover contributions from the terminated plan related to the acquired company.

Effective August 2024, the Company made the decision to change retirement plan service providers, whereby all assets of the Plan were transferred from Ascensus Trust Company to Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company. In conjunction with this change in retirement plan service providers, the Plan was amended and restated to eliminate the three-month service requirement for participation in the Plan. The Plan was also amended to implement a safe harbor matching contribution and an automatic enrollment provision, as described further below.

Contributions

Each year, participants may make salary deferral contributions to the Plan equal to a percentage of their pre-tax annual compensation, as defined by the Plan, up to Internal Revenue Code ("IRC") limits. Participants may designate all or a portion of their salary deferral contributions as Roth deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective August 15, 2024, the Plan was amended to implement an Automatic Contribution Arrangement where all newly eligible participants will be automatically enrolled in the Plan at a pre-tax deferral rate of 3%. Automatically enrolled participants will have their contributions invested in a default investment option until changed by the participant. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Pieper-Olson Vet Hospital Employees Plan

Notes to Financial Statements December 31, 2024

The Company may, at its discretion, make matching contributions to the Plan. For the period January 1, 2024 to August 15, 2024, the Company elected to make discretionary matching contributions to the Plan equal to 25% of participant salary deferral contributions up to the first 4% of eligible compensation, as defined by the Plan. Effective August 15, 2024, the Plan was amended to change the discretionary matching contribution to a safe harbor matching contribution. The new safe harbor matching contribution formula is equal to 100% of the first 3% of participant salary deferral contributions, plus an additional 50% of participant salary deferral contributions between 3% and 5%.

The Company may, at its discretion, also make additional matching or nonelective contributions to the Plan. For the year ended December 31, 2024, the Company elected not to make any discretionary matching or nonelective contributions to the Plan. Participants also direct the investment of all Company contributions. All contributions are subject to certain IRC limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Company's matching contributions, as well as an allocation of any discretionary nonelective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their salary deferral contributions, safe harbor matching contributions and any rollover contributions, plus actual earnings thereon. In the event of termination due to death, disability or normal retirement, participants shall become 100% vested in the Company's discretionary match and nonelective contribution portions of their account. For all other participants, vesting in the Company's discretionary match and nonelective contribution portions of their account is based on years of service, as defined by the Plan, according to the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Effective September 27, 2023, former employees of Mass-RI Veterinary ER Inc. and Metropolitan Veterinary Associates Inc. and Animal Specialty Care Center of Maine were granted credit for prior service with respect to the Plan's eligibility and vesting requirements.

Notes receivable from participants

Participants may borrow from their funded accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The repayment terms of the notes cannot exceed five years except for the purchase of the participant's principal residence, for which the terms may exceed five years in accordance with the Plan document. The loans are secured by

Pieper-Olson Vet Hospital Employees Plan

Notes to Financial Statements December 31, 2024

the vested balance in the participant's account. The loan interest rate is set at the time of the loan using the prime rate plus 1%. Principal and interest are paid ratably through regular payroll deductions.

Payment of benefits

On termination of service for any reason, participants will receive benefits in a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants with a vested account balance less than \$7,000 will receive a mandatory distribution. For terminated participants with a vested account balance greater than \$1,000, but less than \$7,000, the Plan administrator will make a direct rollover of the participant's account to an individual retirement account designated by the Plan administrator. Terminated participants with a vested account balance greater than \$7,000 may elect to receive their benefits in the form of a lump-sum payment, partial payments, a series of substantially equal annual payments or may defer payment of benefits until a later date.

Withdrawals from the vested portion of a participant's account may be made in the event of a financial hardship, in accordance with the provisions specified in the Plan. Prior to termination of employment, participants who have attained age 59½ are eligible to make in-service withdrawals from the vested portion of their account, in accordance with the provisions of the Plan. Participants may also request a distribution from the rollover portion of their account balance at any time.

Noninterest-bearing cash

Assets of the Plan that are not invested by the custodian may, at times, be temporarily held in a noninterest-bearing cash account. These temporary cash accounts are not subject to federally insured limits. The Plan has not experienced any losses in such accounts. The Plan believes it is not exposed to any significant credit risk on cash.

Forfeited and suspense accounts

As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$0 and \$11,529, respectively. These amounts may be used to reduce future employer contributions or to pay Plan expenses. For the year ended December 31, 2024, forfeited nonvested accounts of \$25,110 was utilized to reduce employer contributions and \$7,879 was utilized to pay Plan expenses.

As of December 31, 2024 and 2023, suspense accounts totaled \$0 and \$6,151, respectively. These amounts can only be used to reduce future employer contributions. For the year ended December 31, 2024, suspense accounts of \$15,861 were utilized to reduce employer contributions.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing

Pieper-Olson Vet Hospital Employees Plan

Notes to Financial Statements December 31, 2024

information provided by the investment advisor, custodian and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from Plan participants and the discretionary matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation. Any nonelective contributions from the Company are recorded in the year in which the contributions are earned.

Payment of benefits

Benefits are recorded when paid.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed under the IRC are recorded as a liability with a corresponding reduction in participant contributions. The Plan distributed excess contributions at December 31, 2023 to the applicable participants prior to March 15, 2024.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to recordkeeping and administration, participant distributions, and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Other indirect investment related expenses are included in the net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through December 3, 2025, the date the financial statements were available to be issued.

Note 3 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2024 and 2023, and investment income and interest income on notes receivable from participants for the year ended December 31, 2024, that are disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i), were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the current trustee, and Ascensus, LLC, as an authorized representative of Ascensus Trust Company, the former custodian of the Plan.

Pieper-Olson Vet Hospital Employees Plan

Notes to Financial Statements December 31, 2024

Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2024 and for the period from August 15, 2024 to December 31, 2024, and Ascensus Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2023 and for the period from January 1, 2024 to August 15, 2024.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board issued Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued using the accumulation unit value, which is based on the fair value of the underlying assets of the accounts. The accumulation unit value is deemed equivalent to NAV, which is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases

Pieper-Olson Vet Hospital Employees Plan

Notes to Financial Statements December 31, 2024

and sales) may occur daily. In accordance with Subtopic 820-10, investments measured at NAV per share (or its equivalent) are not classified in the fair value hierarchy. Therefore, no fair value hierarchy table is included in the notes to the financial statements.

Self-directed brokerage accounts: All of the holdings in the Schwab Personal Choice Retirement Account® (Schwab PCRA) are publicly traded securities for which holding detail and pricing are publicly available, therefore this should be a Level 1 input.

Common/collective trust funds: Valued at the NAV of units of various bank collective trusts. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Exchange traded fund: Valued at the closing price reported on the active market on which the individual security is traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

Assets at fair value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 - Tax status

The Plan has been designed using a non-standardized pre-approved defined contribution plan document sponsored by Principal Life Insurance Company. Principal Life Insurance Company received an opinion letter dated June 30, 2020 in which the Internal Revenue Service ("IRS") stated that the non-standardized pre-approved defined contribution plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan itself has not received a determination letter from the IRS, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements December 31, 2024

Note 7 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Related party and party-in-interest transactions

Plan investments include a variety of mutual funds, common collective trust funds and pooled separate accounts managed by Principal Trust Company. Participants may also invest in a variety of investments through a self-directed brokerage account offered through Charles Schwab & Co., Inc. Plan investments were also held by Ascensus Trust Company. Transactions with these service providers qualify as party-in-interest transactions. Indirect fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Administrative expenses paid directly from Plan assets to these service providers totaled \$104,936 for the year ended December 31, 2024. Additional direct payments of \$9,226 were made to the Plan's investment advisor, also considered a party-in-interest, for the year ended December 31, 2024. The Plan sponsor pays directly any other fees related to the Plan's operations. The Plan allows participants to take loans against their account balances, which are also considered exempt party-in-interest transactions.

Note 9 - Nonexempt transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain participant contributions were not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2024. The supplemental schedule includes delinquent participant contributions of \$42,316 pertaining to certain pay periods during the year ended December 31, 2023 for which the Company made a corrective contribution of lost earnings that was deposited into the Plan and allocated to the affected participants in February 2025. The supplemental schedule also includes delinquent participant contributions of \$351,061 pertaining to certain pay periods during the year ended December 31, 2024. The Company is currently working with its third-party administrator to correct these remaining delinquent participant contributions. The Company believes that these transactions should not affect the tax-qualified status of the Plan.

Note 10 - Subsequent events

Effective January 1, 2025, the Plan was amended to exclude bonus compensation and commission compensation from eligible compensation.
