(1) Name: **DELOITTE & TOUCHE LLP**

(2) EIN: **13-3891517**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		100000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
MUFG Bank, Ltd. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MUFG Bank, Ltd. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MUFG BANK, LTD. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEAR ENDED DECEMBER 31, 2024

1. DESCRIPTION OF THE PLAN

The following description of the MUFG Bank, Ltd. 401(k) Plan (the “Plan”) is provided for general informational purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General—The Plan is a defined contribution plan sponsored by MUFG Bank, Ltd. (the “Plan Sponsor” or the “Company”; the “Company” also includes any employers in the Plan Sponsor’s controlled group participating in the Plan) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC). The Plan was originally established, effective April 1, 1989, and restated and amended on several occasions thereafter, to provide benefits for eligible employees of participating companies (each an “Employer”) under a program of regular savings supplemented by Employer contributions.

The Human Capital Management Committee oversees non-fiduciary activities of the Benefit Plans Administrative Committee (“Administrative Committee”) and the Benefit Plans Investment Committee (“Investment Committee”), which oversee the activities of the Plan. The responsibilities of the Administrative Committee (the “Plan Administrator”) include interpreting the terms of the Plan and determining eligibility for coverage and benefits under the Plan. Plan assets are managed by investment managers designated by the Investment Committee. The Investment Committee prepares investment guidelines and monitors the performance of the investment managers. Effective January 1, 2024, the Administrative Committee and the Investment Committee were consolidated into the Benefit Plans Committee, which then began to oversee the activities of the Plan.

Participation—All employees who are not excluded employees are eligible to participate in the Plan on their employment commencement date (if the date is also an entry date).

Investments—Participants may direct the investment of their contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan offers various investment options, including balanced, equity, and fixed-income mutual funds and collective investment funds; a stable value selection; and a participant-directed brokerage account feature. Through the brokerage account feature, participants may invest in a range of securities, including mutual funds, common stocks, and exchange-traded funds.

Contributions—Participants may elect to contribute between 1% and 75% of their eligible compensation as defined in the Plan on a pretax and/or Roth basis, subject to certain IRC limits. Eligible compensation includes base pay and most incentive pay. The Employer makes an annual matching contribution shortly following the end of the plan year equal to 100% of pretax salary deferral and/or Roth contributions for the first 3% of eligible pay and 50% of pretax salary deferral and/or Roth contributions for the next 2% of eligible pay. The maximum matching contribution is 4% of eligible pay. To be eligible to receive the annual matching contribution, participants must be employed on the last

business day of the plan year or have experienced a qualified midyear retirement or layoff. Participants must be employed on September 30 of the plan year to be eligible to receive the annual matching contribution.

Participants may also elect to contribute between 1% and 10% of their eligible compensation on an after-tax basis. After-tax contributions are not matched.

Pretax, Roth, and after-tax employee contributions may not, in the aggregate, exceed 75% of eligible compensation. The Company may, at its discretion, make certain other contributions. All contributions are subject to IRC limitations.

All contributions and individual account earnings are credited to an individual account established in the name and for the exclusive benefit of the participant and the participant's beneficiaries.

Participant Accounts—Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and related Company matching contributions and investment earnings. Participant accounts are charged with withdrawals, investment losses, and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. The Plan allows participants to borrow up to 50% of their vested balance, up to a maximum loan of \$50,000. The loans are secured by the balance in the participant's account with terms of one year to five years, unless the loan is used to purchase a primary residence, in which case the term may extend to 15 years. Prior to the merger of the Bank of Tokyo-Mitsubishi UFJ, Ltd. 401(k) Savings and Investment Plan (the "BTMU Plan") with the Plan on January 1, 2015, BTMU Plan participants were allowed to elect a repayment period of up to 30 years for loans used to purchase a primary residence. Maturities on certain loans have been inherited from loans rolled into the Plan from the BTMU Plan.

The rate of interest is fixed and is equal to the prime rate, plus 1%. Certain interest rates on loans have been inherited from loans rolled into the Plan from other 401(k) plans. Principal and interest are paid ratably through payroll deductions. Loans may be paid in full at any time without penalty. As of December 31, 2024, participant loans have maturities through 2044 at interest rates ranging from 3.25% to 9.50%.

Vesting—All contributions, including matching contributions and any other Company-provided contributions, and earnings thereon are fully vested and nonforfeitable at all times.

Benefits—Participants will receive the value of their accounts as of the last valuation date, together with any contributions credited thereafter, no sooner than 30 days after termination of employment (including retirement, death, or disability). Participants whose account balance is greater than \$7,000 may retain their account balance in the Plan until age 73.

In addition, the Plan permits in-service withdrawals upon attaining age 59 1/2 of all or part of the participant's account balance. Distributions of benefits are made in single lump-sum payments or a specific amount as requested.

Plan Termination—Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Contributions—Employee contributions are recorded when withheld, and the annual Employer matching contribution is recorded as a receivable at the end of the plan year.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Contract value is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses—Administrative expenses of the Plan are paid by the Plan as provided in the Plan document unless they are paid by the Plan Sponsor.

Management fees and operating expenses charged to the Plan for investments in mutual funds and collective investment funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees inclusive of related operating expenses are reflected as a reduction of net appreciation in fair value for such investments.

Payment of Benefits—Payment of benefits to participants is recorded upon distribution. There were no participants who elected to withdraw from the Plan but had not yet been paid at December 31, 2024 and 2023, respectively.

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. These estimates include, but are not limited to, fair value measurements. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan offers various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities can occur in the near term, and those changes could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Concentrations of Investments—The Plan's exposure to a concentration of investment risk is limited by the diversification of investments across a variety of participant-directed elections. Investment decisions are made, and the resulting risks are borne, exclusively by the Plan participants who make such decisions.

Subsequent Events—Subsequent events were evaluated through December 12, 2025, the date the financial statements were available to be issued. No events occurred that require additional disclosure or adjustments to the Plan’s financial statements.

3. CERTIFIED INVESTMENT INFORMATION

The following is a summary of the investment information regarding the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included in the Plan’s financial statements and supplemental schedule of assets (held at end of year) that were prepared by or derived from information prepared by trustees Empower Trust Company, LLC as of December 31, 2023 and the period January 1, 2024 through April 30, 2024, and The Bank of New York Mellon/BNY Mellon, N.A. as of December 31, 2024 and the period May 1, 2024 through December 31, 2024, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustees that such information is complete and accurate.

Note 4—All investment balances and information in the note, excluding classifications and levels within the fair value hierarchy.

Note 5—Total investment balances in the note.

Supplemental Schedule—Schedule of assets (held at end of year) as of December 31, 2024.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides a framework for measuring fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Interest-bearing Cash—Interest-bearing cash, relating to participant transactions in process, is held in a clearing account with The Bank of New York Mellon/BNY Mellon, N.A. and valued at cost plus accrued interest which approximates fair value.

Mutual Funds—Mutual funds are valued at the daily closing price as reported by the fund. These funds are registered with the Securities and Exchange Commission, are required to publish their daily net asset value and to transact at that price, and are deemed to be actively traded.

Collective Investment Funds—Collective investment funds are valued at the daily closing price as reported or published by the fund. These funds are not exchange-traded; however, the prices per unit are published and represent the actual price at which the units held in the fund can be bought or sold. Accordingly, the funds have been determined to have a readily determinable fair value based on the published price, transact at that price, and are deemed to be actively traded.

Participant-Directed Brokerage Accounts—Participants may direct the investments through a trustee-sponsored brokerage account that offers the option to invest in securities, including mutual funds, common stocks, and exchange-traded funds.

Common Stocks and Exchange-traded Funds—Common stocks and exchange-traded funds are valued at the closing price reported on the active market on which the individual securities are traded.

A summary of the Plan’s investments, set forth by level within the fair value hierarchy, measured at fair value on a recurring basis as of December 31, 2024 and 2023, is as follows:

Investments	December 31, 2024			
	Level 1	Level 2	Level 3	Total

5. MUFG BANK, LTD. STABLE VALUE FUND

The Plan provides participants a stable value investment option managed by Galliard Capital Management, Inc. (the “Stable Value Fund”) that comprises a collective investment fund and a portfolio of synthetic investment contracts. These contracts meet the fully benefit-responsive investment

contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because it is the amount received by participants if they initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the disaggregation of investments in the Stable Value Fund:

	2024	2023
Synthetic investment contracts	\$ 276,356,393	\$ 358,261,110
Collective investment fund	<u>4,663,571</u>	<u>6,067,948</u>
Total	<u>\$ 281,019,964</u>	<u>\$ 364,329,058</u>

The Plan owns the underlying assets of the synthetic investment contracts, which comprise collective investment funds and wrap contracts, in which the wrap issuer, such as a bank or insurance company, agrees to make payments to the Plan under certain circumstances. The wrap contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. Synthetic investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The Plan's wrap contracts provide a guarantee that the credit rate will not fall below 0%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be pass-through adjustments to future contract crediting rates. Formulas are provided in each contract that adjust renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the wrap issuer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Limitations on the Ability of the Synthetic Investment Contracts to Transact at Contract Value

Restrictions on the Plan—Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan Sponsor. The following employer-initiated events may limit the ability of the synthetic investment contracts to transact at contract value:

- A failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.
- Any communication given to Plan participants designed to influence a participant not to invest in the Stable Value Fund or to transfer assets out of the Stable Value Fund.
- Any transfer of assets from the Stable Value Fund directly into a competing investment option.

- The establishment of a defined contribution plan that competes with the Plan for employee contributions.
- Complete or partial termination of the Plan or its merger with another plan.

Circumstances That Affect the Stable Value Fund—Wrap contracts are designed to allow the stable value portfolio to maintain an increasing net asset value over time and protect a portfolio in extreme circumstances. In a typical wrap contract, the wrap issuer agrees to pay the Plan the difference between the contract value and the fair value of the underlying assets once the fair value has been totally exhausted to satisfy any participant withdrawals and maintain benefit responsiveness.

Wrap contracts also generally provide for withdrawals associated with certain events that are not in the ordinary course of the Stable Value Fund’s operations. These withdrawals are paid with a fair value adjustment applied to the withdrawal as defined in the investment contract. Each contract issuer specifies the events that may trigger a fair value adjustment; however, such events may include all or a portion of the following:

- Any substantive modification of the Stable Value Fund or the administration of the Stable Value Fund that is not consented to by the wrap issuer.
- Any change in law, regulation, or administrative ruling applicable to a plan that could have a material adverse effect on the Stable Value Fund’s cash flow.
- Changes to the participating plans’ competing investment options, including the elimination of equity wash provisions.
- Redemption of all, or a portion, of the interests in the Stable Value Fund held by a participating plan at the direction of the participating plan sponsor, including withdrawals due to the removal of a specifically identifiable group of employees from coverage under the participating plan (such as a group layoff or early retirement incentive program); closing or sale of a subsidiary, employing unit, or affiliate; bankruptcy or insolvency of the plan sponsor; merger of the plan with another plan; or the plan sponsor’s establishment of another tax-qualified defined contribution plan.
- Employer-initiated transactions by participating plans as described above.

6. FEDERAL INCOME TAX STATUS OF THE PLAN

Prior to May 1, 2024, the Plan used a prototype plan document sponsored by The Prudential Insurance Company of America (“Prototype”). The Internal Revenue Service issued an opinion by a letter dated April 29, 2014, that the Prototype is designed in accordance with applicable sections of the IRC. The Plan Administrator and the Plan’s management believe that the Plan was designed and operated in compliance with the applicable requirements of the IRC.

Effective May 1, 2024, the Plan is an individually designed plan. The Plan has not yet filed a Form 5300 Application for Determination for Employee Benefit Plan with the IRS to request a favorable determination letter confirming that the Plan and related trust are designed for qualification as exempt from federal income taxes in accordance with applicable sections of the IRC. However, the Plan’s management believes that the Plan, as written and applied, meets the requirements of the applicable sections of the IRC, and the trust established under the Plan qualifies for exemption under the applicable sections of the IRC. Accordingly, no provision for income taxes has been included in the financial statements.

7. RELATED PARTY TRANSACTIONS AND EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties that may perform services or have fiduciary responsibilities to the Plan, including the Company. The transactions related to the parties described below qualify as exempt party-in-interest transactions.

Plan investments include the Stable Value Fund. One of the Stable Value Fund's synthetic investment contracts was issued by Prudential Life Insurance Company of America, an affiliate of a trustee of the Plan.

Interest-bearing cash, relating to participant transactions in process, is held in a clearing account with The Bank of New York Mellon/BNY Mellon, N.A., a trustee of the Plan.

The Plan issues loans to participants under the deferred arrangement portion of the Plan, which are secured by the vested balances in the participants' accounts.
