To the Plan Administrator
St. Francis Health Services of Morris
Employees' Retirement Plan
Morris, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements St. Francis Health Services of Morris Employees' Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of St. Francis Health Services of Morris Employees' Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (a qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of St. Francis Health Services of Morris Employees' Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about St. Francis Health Services of Morris Employees' Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of St. Francis Health Services of Morris Employees' Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about St. Francis Health Services of Morris Employees' Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEES' RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of the St. Francis Health Services of Morris Employees' Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document and amendments for a more complete description of the Plan's provisions.

General

The Plan is a profit-sharing plan covering employees age 21 or older with one year of service (1,000 hours). The Plan covers St. Francis Health Services of Morris, Inc. (Employer) and its affiliated entities Aitkin Health Services, Browns Valley Health Center, Chisholm Health Center, Duluth Health Services, Farmington Health Services, Franciscan Health Center (FHC) (through August 30, 2023 and as of August 31, 2023 FHC terminated their participation in the Plan), Guardian Angels Health & Rehabilitation Center, Koochiching Health Services, Little Falls Health Services, Morris Health Services, Pennington Health Services, Prairie Community Services, Renville Health Services, Minnesota Odd Fellows Home (dba Three Links Care Center) (effective January 1, 2024), and Zumbrota Health Services. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Employer contributes 5% of eligible annual compensation to the Plan for each participant. For participants who are members of a union, the Collective Bargaining Agreement addresses the negotiated Employer's contribution between 2% and 5% of eligible annual compensation. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers mutual funds (which includes managed asset funds) and an insurance investment contract as investment options. The Plan satisfied the minimum funding requirements of ERISA and funds participant accounts on an annual basis for the years ended December 31, 2024 and 2023.

Participant Accounts

Each participant's account is credited with the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may change their investment allocations daily.

Plan Termination or Modification

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested.

The Plan was originally established on January 1, 1983. The Plan was restated in its entirety effective January 1, 2011. The January 1, 2011 restatement was in effect until September 30, 2016, when the Plan was restated in its entirety, with an effective October 1, 2016. The Plan also has signed an Adoption Agreement with an effective date May 1, 2022. This restatement is intended to bring the Plan into compliance with the legislative and regulatory changes, which is required by the Internal Revenue Service for all qualified plans every six years.

EMPLOYEES' RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants

The Plan does not permit for participant loans.

Benefits

Participants are entitled to a benefit equal to their vested participant account upon reaching normal retirement age 65, age 55 if they have ten or more Years of Service, or termination of service with the Employer (and if the vested account value is less than the mandatory cash out limit). In the event of death, the designated beneficiary of the participant shall be paid 100% of the participant's vested account balance. Payments can be in the form of a lump sum or annuity.

Bond

The Plan is currently covered by a \$ 500,000 fidelity bond for the years ended December 31, 2024 and 2023.

Vesting

Employer contributions made on behalf of participants are vested as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
After 2 years but less than 3	20%
After 3 years but less than 4	40%
After 4 years but less than 5	60%
After 5 years but less than 6	80%
6 or more years	100%

Forfeitures

If the participant is not fully vested at the time of employment termination, the nonvested portion of the participant's account is forfeited. If a partially vested Participant receives a distribution pursuant to this Plan Section and then resumes employment covered under this Plan, that portion of his Individual Participant Account derived from Employer contributions which was forfeited shall be restored in the amount described below, if the Participant repays to the Plan the full amount of the distribution by certain dates.

Any Participant who is 0% vested in their Individual Participant Account is deemed to have received a distribution, the entire account shall be immediately forfeited. If a 0% vested Participant who has been deemed to have received a distribution resumes employment covered under this Plan before the date, they incur five (5) consecutive One Year Breaks in Service, then upon their reemployment, that portion of the Individual Participant Account derived from Employer contributions which was forfeited shall be restored.

ST. FRANCIS HEALTH SERVICES OF MORRIS

EMPLOYEES' RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN (continued)

Forfeitures (continued)

The forfeiture account is included in the accompanying statement of net assets available for benefits as a part of the balance in the AUL Fixed Interest. At December 31, 2024 and 2023, forfeited non-vested accounts were (\$ 45) and \$ 16,384, respectively. These accounts will be used to reduce future employer contributions and are reported as part of the Nonparticipant Directed Suspense Accounts.

For the year ended December 31, 2024 and 2023, forfeitures totaled \$ 204,343 and \$ 191,150, respectively and the forfeitures were used to reduce employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive contracts. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. As noted in Note 3, The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis which approximates fair value (which includes insurance company contracts).

Date of Management's Review

Subsequent events were evaluated through November 24, 2025, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

ST. FRANCIS HEALTH SERVICES OF MORRIS

EMPLOYEES' RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan pays substantially all costs of administering the Plan and is deducted from fund performance and allocated to the plan participants. Fees related to the audit, IRS Restatements and/or Favorable Determination Letters is paid by the Company.

NOTE 3 – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Level 1 Fair Value Measurements

The fair value of mutual funds and money market fund is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

NOTE 4 - INVESTMENTS

The December 31, 2024 and 2023 Statement of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the custodian in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$ 36,330,220 and \$ 32,508,535 at December 31, 2024 and 2023, respectively.

Investments which exceed 5% of net assets available for benefits as of December 31, 2024 and 2023, are as follows:

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a traditionally fully benefit-responsive guaranteed investment contract with AUL. Contributions are invested in the guaranteed interest accounts as directed by participants. The accounts are credited with earnings on the underlying investments and charged for withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the Net Assets Available for Benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the Statement of Net Assets Available for Benefits at contract value. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer to all or a portion of their investment at contract value.

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts at December 31, 2024 and 2023 was \$ 1,282,939 and \$ 4,176,159, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but is usually 3.00% to 4.00% (depending on the contract – AUL Stable Value Account is usually 1.00% to 2.50%). Such interest rates are reviewed on a quarterly basis for resetting.

AUL and Plan management believes the contract value is the appropriate determination of fair value for the fixed interest account assets. AUL bears the investment risk for the participant fixed interest account values and for paying the interest.

Certain events limits the Plan's ability to transact at contract value with AUL. Such events includes the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that there are any events that would limit the Plan's ability to transact at contract value with the Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 - ADMINISTRATION OF PLAN ASSETS

The Plan's assets are held and managed by the custodian (AUL), who invests contributions, interest, and dividends. The custodian also makes distributions to participants. Certain administrative functions are performed by officers or employees of St. Francis Health Services of Morris or its subsidiaries. No officer or employee receives compensation from the plan.

NOTE 7 – RELATED PARTY TRANSACTIONS

Certain plan investments are pooled in accounts managed by AUL. AUL is the Custodian of the Plan and therefore is considered a party-in-interest. These investments are not in violation of the parties-in-interest provisions of ERISA.

NOTE 8 - RECONCILIATION WITH FORM 5500

There are no reconciling differences with the 2024 and 2023 Form 5500s.

NOTE 9 - TAX STATUS

The Plan obtained its latest determination letter dated March 31, 2014, in which the Internal Revenue Service stated that the plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator and the plan's custodian believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
