## INDEPENDENT AUDITOR'S REPORT

To the Plan Trustee  
Structural Integrity Associates Employee Stock Ownership Plan  
San Jose, California

***Opinion***

We have audited the financial statements of Structural Integrity Associates Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (*in liquidation*) as of June 30, 2025 and December 31, 2024, and the related statement of change in net assets available for benefits (*in liquidation*) for the period January 1, 2025 to June 30, 2025 and the related notes to the financial statements (*in liquidation*).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits (*in liquidation*) of the Plan as of June 30, 2025 and December 31, 2024, and the changes in net assets available for benefits (*in liquidation*) for the period January 1, 2025 to June 30, 2025, in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Emphasis of a Matter***

As further discussed in Note 1 to the financial statements, the governing body of the Plan approved the termination of the Plan on November 30, 2022, and management determined liquidation is imminent. In accordance with accounting principles generally accepted in the United States of America, the 2025 and 2024 financial statements are presented using the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matter—Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of reportable transactions for the period ending June 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**NOTE 1: DESCRIPTION OF PLAN**

The following description of the Structural Integrity Associates Employee Stock Ownership Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for additional information.

**General**

The Structural Integrity Associates Employee Stock Ownership Plan became effective January 1, 2002 to provide retirement benefits for employees of Structural Integrity Associates, Inc. (SIA). In 2015, SIA created SI Holding Company (SIHC) (Plan Sponsor) and as result of a share exchange, SIHC owns 100% of the outstanding shares of common stock of SIA.

The Plan is an employee stock ownership plan (ESOP) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. A former employee of the Plan Sponsor serves as the Plan Trustee.

The Plan is a defined contribution plan covering all eligible full-time employees of the Plan Sponsor. The Plan is not leveraged, and participants are not permitted to make contributions to the Plan.

**Plan Termination**

On November 2, 2022, the Plan Sponsor entered into a merger agreement with a third party which resulted in the shares of Plan Sponsor common stock owned by the Plan being acquired by the third party (the “Transaction”). Proceeds received in 2022 by the Plan totaled \$34,770,560 in connection with this sale. Pursuant to the terms and conditions of the agreement, the total purchase price is subject to a working capital purchase price adjustment and additional consideration in the form of an earn-out dependent upon the performance of the Plan Sponsor in future periods. There were no amounts received by the Plan in 2025 related to working capital purchase price adjustments or earn-out payments. In addition, a portion of the sales price was held in escrow for various contingencies. During 2025, a total of \$392,216 was released from escrow, disbursed to the Plan, and allocated to participant accounts. The amount released from escrow is included in interest, dividends and other income in the statement of change in net assets available for benefits for the period January 1, 2025, to June 30, 2025.

The purpose of the requirement is to ensure that the participant has the ability to ultimately obtain cash. Pursuant to the Internal Revenue Code (the "Code"), the Plan document provides that the Plan Sponsor repurchase any shares of its stock distributed to participants for cash. The purchase price is representative of the fair market value of the stock.

Participants who reach the age of fifty-five with ten years of participation in the Plan may diversify up to 25% of their account balance each year for the first five years. The percentage is increased to 50% in the sixth year. Shares eligible for diversification are based on the diversification formula in the plan document.

*NOTE 2:* **SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The Plan's financial statements are presented using the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") as a result of the Plan termination.

**Benefits**

Benefits are recorded when paid.

**Investment Valuation and Income Recognition**

Investments are reported at fair value and are non-participant directed. Investments in securities are stated at fair market value using quoted market prices when available. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

**Income Taxes**

The Plan obtained a favorable determination letter on January 22, 2025, in which the Internal Revenue Service (IRS) stated that the termination of the Plan does not affect its qualification under the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan to recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has determined that as of June 30, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities and there are currently no audits for any tax periods in progress.

**NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Estimates and Assumptions**

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

**NOTE 3: FAIR VALUE MEASUREMENTS**

Financial Accounting Standards establish a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs include quoted prices for identical or similar assets or liabilities in active or inactive markets or inputs other than quoted prices that are observable or corroborated by observable market data for the asset or liability; and Level 3 inputs have the lowest priority and are unobservable and significant to the fair value measurement.

The asset fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2025, and December 31, 2024:

**Level 1 Fair Value Measurements**

The money market funds have underlying short-term investments with quoted prices in active markets to preserve the value of the investments at \$1.00 per share.

There were no assets measured at fair value at June 30, 2025.

The following table sets forth by level within the fair value hierarchy, the Plan's financial assets that were accounted for at fair value on a recurring basis at December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market funds	<u>\$ 9,092,180</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,092,180</u>
Total assets at fair value	<u>\$ 9,092,180</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,092,180</u>

**NOTE 4: RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

*NOTE 5:* **RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

The Plan invests in a money market fund which is issued by the custodian of the Plan's investments. Fees for certain administrative expenses are paid to service providers which are considered to be parties in interest. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

*NOTE 6:* **SUBSEQUENT EVENTS**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through December 9, 2025, the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred that should be disclosed.
