Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **PBMARES, LLP**

(2) EIN: **54-0737372**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X

Swedish Match Union Retiree Medical Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Swedish Match Union Retiree Medical Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) and plan benefit obligations as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits (modified cash basis) and changes in plan benefit obligations for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the modified cash basis of accounting.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, and Schedule H, Line 4j – Schedule Reportable Transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SWEDISH MATCH UNION RETIREE MEDICAL PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of the Swedish Match Union Retiree Medical Plan (the Plan) provides only general information. Participants should refer to the Plan agreement or summary Plan documents for more complete information.

General: The Plan is a health benefit plan which provides hospital, medical, prescription, surgical and life benefits for eligible retirees of Swedish Match North America LLC and its affiliates (Company) and their dependents, through fully-insured and self-insured products. Certain Plan assets are held in a voluntary employees' beneficiary association trust (Trust). The Benefits Committee controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974, as amended (ERISA).

Trustee: Northern Trust Company is the Trustee of the Plan.

Eligibility: Union employees of the Company hired before June 25, 2022, who are at least age 40 with ten years of service are considered active participants in the Plan. Union retirees retiring after June 30, 1992, and who are at least age 55 with at least ten years of service are eligible to receive benefits under the plan.

Benefits: The Plan provides health care benefits (hospital, medical, prescription and surgical) to eligible union retirees of the Company and their dependents. The maximum benefit per lifetime for covered health care benefits received by an eligible member of the Plan is \$1,000,000. The Plan also provides life insurance benefits to eligible union retirees in the amount of \$30,000.

Insured benefits: The Plan fully insures health care benefits for participants who have reached age 65 and are otherwise eligible for Medicare benefits. Premiums are paid to the insurance companies by the Company and reimbursed with assets of the Trust. A portion of the premiums is also collected from retirees and remitted to the insurance companies by Mercer, one of the Plan's third party administrators. This portion of the premiums is included in the Plan statement of changes in net assets available for benefits, but is not reimbursed by the Trust.

The Plan also provides fully insured benefits for life insurance. Premiums are fully paid to the insurance company by the Company and reimbursed with assets of the Trust.

Self-insured benefits: Health care benefits for participants under age 65 are self-insured. The claims for self-insured medical benefits are processed by Anthem Blue Cross and Blue Shield pursuant to an Administrative Service Only contract. Prescription drug claims are administered by CVS/Caremark Prescription Services pursuant to a Master Services Agreement. The claim processors pay claims directly to or on behalf of participants and are then reimbursed by the Company. The Company is then reimbursed by the Trust. A portion of the contributions is also collected from retirees and remitted to the Trust by Mercer, to fund a portion of the claims expense. Despite the Plan's utilization of a third-party claims processor, ultimate responsibility for payments to providers and participants is retained by the Plan.

Stop loss coverage: The Plan has entered into a stop loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as aggregate exposure for all claims). Payments for stop-loss insurance are included in the accompanying statement of changes in net assets available for benefits. There were no stop-loss refunds received which were related to claims paid for the year ended December 31, 2024.

SWEDISH MATCH UNION RETIREE MEDICAL PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan (Continued)

Contributions: Contributions are made by retirees to provide medical coverage for themselves and their dependents. Contributions are made by the Company in amounts sufficient to fund the Plan expenses which exceed retiree contributions. The Plan Administrator and management of the Company believe that the Plan conforms with the requirements of ERISA.

Payment of benefits: The Plan's maximum payout of health care benefits is \$350,000 per covered individual per year. Individual claims over \$350,000 were also covered by stop-loss insurance. Any claim amounts exceeding the maximum payout are covered by stop-loss insurance. Premium payments for the stop-loss insurance coverage are funded by the Company and reimbursed by the Trust.

Plan termination: Although it has not expressed any intention to do so, the Company has the right at any time to discontinue the insurance coverage and terminate the Plan subject to the provisions set forth in the Internal Revenue Code (IRC) and ERISA. Upon termination of the Plan, all contributions will terminate and the remaining assets of the Trust will be used to provide benefits to participants.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The Plan prepares financial statements on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Under this basis of accounting, the only assets recognized in the financial statements is investments. The only liabilities are amounts due to Company (see Note 8) and Plan benefit obligations. Dividends have been recognized as of the ex-dividend date and any dividends receivable are included in the investment balance at year-end. All transactions, unless otherwise noted, are recognized in the financial statements as either cash receipts or cash disbursements. The modified cash basis of accounting differs from generally accepted accounting principles primarily because accounts receivable, prepaid expenses, accounts payable, and accrued expenses (other than those described in Note 8) are not included in the financial statements.

Use of estimates: The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, benefit obligations, and changes therein, incurred but not reported claims payable, and other disclosures. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Benefits Committee determines the Plan's valuation policies utilizing information provided by the Trustee. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial cost method: The post-retirement benefit obligation is computed in accordance with the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 965 and is equal to that portion of the total Expected Post-retirement Benefit Obligation deemed to have been earned to date, calculated using the projected Unit Credit Method.

SWEDISH MATCH UNION RETIREE MEDICAL PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefit: Self-insured benefits are recorded when paid by the Company to the Plan's claims processors. Insured benefit payments (premiums) are recorded when paid by the Company.

Rebates: Prescription rebates are paid by the prescription claims processor to the Company as part of an agreement between the Company and the prescription claims processor. Rebates received related to claims paid were \$18,314 for the year ended December 31, 2024, and have been netted with claims paid in the accompanying statement of changes in net assets available for benefits.

Subsequent events: The Plan has evaluated subsequent events through October 13, 2025, the date these financial statements were available to be issued.

Note 3. Benefit Obligations

Post-retirement benefit obligations: A post-retirement benefit obligation has been recognized for retiree health care benefits. The benefit obligation represents the actuarial present value of the cost of those estimated future benefits that are attributed by the terms of the Plan to employee service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current retirees of the Plan. The obligations represent the amounts that are expected to be funded by contributions from the Company and from existing assets of the Plan. Post-retirement benefits include future benefits expected to be paid to or for (a) currently retired or terminated employees and their beneficiaries and dependents, and (b) active employees and their beneficiaries and dependents after retirement from service with the Company.

The actuarial present value of the expected post-retirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The following are significant assumptions used to determine the post-retirement benefit obligations as of December 31, 2024 and 2023:

	2024	2023
Economic assumptions:		
Discount rates for:		
Benefit obligations	4.94%	5.83%
Interest on benefit obligations	4.66%	5.75%
Service costs	5.08%	5.87%
Interest on service costs	4.99%	5.86%
Long-term rate of return on assets		
for US GAAP	4.00%	4.00%
Salary increase	3.50%	3.50%

SWEDISH MATCH UNION RETIREE MEDICAL PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3. Benefit Obligations (Continued)

Demographic assumptions:

Mortality	PRI-2012 base table with blue collar adjustment projected generationally using MP-2021	PRI-2012 base table with blue collar adjustment projected generationally using MP-2021
Percentage married	5.00%	5.00%
Spouse age difference (2024 and 2023)	Male spouse 2 years younger than female spouse.	
Plan participation (2024 and 2023)	95% of future eligible retirees and spouses are assumed to elect medical coverage at retirement date.	
Persistence (2024 and 2023)	100% of retirees that elected coverage will maintain coverage the following year.	

The following changes were made for the December 31, 2024, funded status measurement:

- The discount rates were updated to use the September 30, 2024, Mercer Yield Curve.
- Health care claims/contributions and the administrative expense assumptions were updated to reflect recent experience.

The assumed ultimate trend rate and grade-down period are based on macroeconomic principles. These assumptions reflect assumed long term general inflation, nominal gross domestic product growth rates, and the excess of national health expenditures over other goods and services, and an adjustment for an assumed impact of population growth.

The health care cost trend rate assumption has a significant effect on the amounts reported. If the assumed rates increased by one percentage point in each year, it would increase the Plan benefit obligation by \$4,152,000 and \$3,621,000 as of December 31, 2024 and 2023, respectively.

Claims incurred but not reported: Plan obligations at December 31 for claims incurred but not reported are estimated by the Plan's actuary in accordance with accepted actuarial principles based on claims data provided by the Plan's third-party claims administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment.

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurement*, provides a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money market fund: Valued at the daily closing prices as reported by the fund. The money market fund is an open-end mutual fund that is registered with the Securities and Exchange Commission (SEC). This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund is deemed to be actively traded.

Mutual fund: Valued at the daily closing price as reported by the fund. The mutual fund held by the Plan is an open-end mutual fund that is registered with the SEC. The fund is required to publish its NAV and to transact at that price. The mutual fund held by the Plan is deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2024 and 2023:

	Assets Measured at Fair Value at December 31, 2024

Note 5. Investment Information Certified by Trustee

The following is a summary of the Plan's information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Northern Trust Company, the Trustee of the Plan. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following:

- a. Information included in the statements of net assets available for benefits (modified cash basis):
 - Fair value of investments
- b. Information included in the statement of changes in net assets available for benefits (modified cash basis):
 - Net depreciation in fair value of investments
 - Dividends and interest
- c. Investment information included in Note 4.

SWEDISH MATCH UNION RETIREE MEDICAL PLAN

NOTES TO FINANCIAL STATEMENTS

Note 6. Tax Status of the Plan and Trust

The voluntary employees' beneficiary association trust funding certain benefits of the Plan received an exemption letter from the Internal Revenue Service (IRS) dated November 19, 2018, stating that the trust is tax-exempt under the provisions of Section 501(c)(9) of the IRC. However, as a result of the Plan's funding policy, from time to time, the Trust may be subject to income taxes. No state or federal income taxes have been recorded in 2024 for unrelated business taxable income.

In addition, the Plan and the Trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the Trust. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRS and, therefore, believes that the related Trust is tax-exempt.

Auditing standards generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Risks and Uncertainties

The Plan invests in investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades.

Note 8. Related Party and Party-In-Interest Transactions

The Company is a related party of the Plan. As of December 31, 2024 and 2023, the Trust owes the Company \$275,848 and \$253,942, respectively, for claims, premiums and administrative fees that were paid by the Company.

For the year ended December 31, 2024, fees paid by the Plan to service providers that qualify as party-in-interest transactions consisted of the following:

Mercer (US) LLC, actuarial and administrative services, \$59,795.

Elevance Health, Inc., claims processing services, \$5,056.

PBMares, LLC, auditing services, \$22,050.
