US Wittenstein Group Employees'
Retirement and Savings Plan & Trust
Bartlett, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of US Wittenstein Group Employees' Retirement and Savings Plan & Trust, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of US Wittenstein Group Employees' Retirement and Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of US Wittenstein Group Employees' Retirement and Savings Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about US Wittenstein Group Employees' Retirement and Savings Plan & Trust's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of US Wittenstein Group Employees' Retirement and Savings Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about US Wittenstein Group Employees' Retirement and Savings Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of the US Wittenstein Group Employees' Retirement and Savings Plan & Trust (Plan) provides only general information. Users of these financial statements should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Wittenstein, Inc. (Company) and is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation. All employees, except for employees covered by a collective bargaining agreement, foreign national employees, or interns, are eligible to participate in the Plan. Effective April 1, 2019 interns and foreign national employees eligible to participate in pension plans not sponsored by the Company are excluded from the Plan. Employees must complete 30 consecutive days of employment or have 1,000 hours of service in an eligibility computation period to be eligible to participate in the Plan. Eligible employees are automatically enrolled into the Plan at a contribution rate of 3% of pretax compensation. Unless eligible employees opt out of the automatic enrollment contribution, the deferral percentage will be increased annually by 1%, not to exceed 6%. Participants of the Plan who are employed on the last day of the plan year are eligible for a discretionary profit-sharing contribution.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation (salary reduction contributions), as defined in the plan document. Participants are permitted to designate a portion, or all of the deferral contributions made as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company will contribute a safe harbor matching contribution in an amount equal to 100% of participant contributions that are not in excess of 2% of the participant's compensation plus 50% of the amount of participant contributions that exceed 2% of the participant's compensation but that do not exceed 6% of the participant's compensation. Participants of the Plan are eligible for the safe harbor matching contribution after one month of service. The Company may also make a discretionary profit-sharing contribution. A discretionary profit-sharing contribution of 5% of eligible compensation was made for the years ended March 31, 2025 and 2024.

Investment Options

Participants direct the investment of all contributions to various investment options offered by the Plan. The Plan currently offers various registered investment companies and a common or collective trust fund as investment options for participants. The default investments for automatic enrollment are the JPMorgan funds whereby a participant is invested into one of the target retirement date funds based upon the participant's enrollment age.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in participant and rollover contributions, plus actual earnings thereon. The portion of the participants' accounts attributable to the Company's profit-sharing contributions becomes vested at 20% after two years of service plus an additional 20% for every additional year of service between three and six years. The portion of the participants' accounts attributable to the Company's safe harbor match becomes vested at 100% after two years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

Forfeited Accounts

Forfeitures of nonvested account balances are used to offset future Company contributions. Forfeitures of \$28,487 and \$97,344 were used to offset Company contributions in 2025 and 2024, respectively. Unused forfeitures totaled \$35,485 and \$23,583 as of March 31, 2025 and 2024, respectively.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan agreement. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan.

Participants Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. These loans are secured by the balance in the participant's account. The trustee of the Plan will establish the loan interest rates on the first business day of the next month following any change in the prime rate. At March 31, 2025 outstanding loans bear interest rates ranging from 4.25% to 9.50%. The loan period cannot exceed five years, unless the proceeds of the loan are used to purchase a primary residence for which the loan period shall not exceed ten years. Principal and interest are repaid through automatic payroll deductions.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan and the Company. Additionally, certain employees of the Company provide administrative and trustee services to the Plan and are not reimbursed by the Plan for such services.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value as disclosed in Note 4.

The common or collective trust fund is valued at the net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the funds less their liability. The Plan's interest in the common or collective trust fund is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year end. There are no participant redemption restrictions for these investments, and participant redemptions are allowed daily. A redemption notice period is applicable only at the plan level. There are no unfunded commitments at March 31, 2025 and 2024.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Note 3: Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Noninterest-bearing cash, investments, and notes receivable from participants as shown in the statements of net assets available for benefits as of March 31, 2025 and 2024
- Investment income components and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended March 31, 2025 and 2024
- Investment information and notes receivable from participants included in the accompanying supplemental schedule of assets (held at end of year) as of March 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 4: Fair Value Measurements

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of assets
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level or any input that is significant to the fair value measurement. There have been no changes in the methodologies used at March 31, 2025 and 2024.

Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held in the Plan (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2025 and 2024:

	Fair Value	March 31, 2025		
		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	\$ 22,074,035	\$ 22,074,035	\$ -	\$ -
Investments in the fair value hierarchy	22,074,035	22,074,035	-	-
Investments measured at net asset value (A)	1,162,972	-	-	-

	March 31, 2024			
	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	\$ 20,422,277	\$ 20,422,277	\$ -	\$ -
Investments in the fair value hierarchy	20,422,277	20,422,277	-	-
Investments measured at net asset value (A)	1,188,420	-	-	-
Total	\$ 21,610,697	\$ 20,422,277	\$ -	\$ -

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5: Income Tax Status

The Plan operates under a non-standardized adoption agreement in connection with a prototype retirement plan and trust sponsored by EPIC Advisors Inc. This prototype plan document has been filed with the appropriate agency and has obtained an opinion from the Internal Revenue Service stating that the prototype plan constitutes a qualified plan under Section 401 of the Internal Revenue Code and that the related trust was tax exempt as of the financial statement date. The Plan has been amended since EPIC Advisors Inc. received the opinion letter. The plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA.

**US Wittenstein Group Employees'
Retirement and Savings Plan & Trust
Notes to Financial Statements
March 31, 2025 and 2024**

Note 7: Party-in-Interest Transactions

Certain plan investments are managed by the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments. Expenses paid to parties-in-interest were \$7,870 and \$7,617 in 2025 and 2024, respectively.

The Plan maintains a Plan Expense Reimbursement account separate from the Plan which receives revenue sharing from plan investments. The revenue sharing is used to pay plan level fees as defined in the service agreement. Revenue sharing totaled \$30,576 and \$44,724 during 2025 and 2024, respectively. There was no unused revenue sharing as of March 31, 2025 and 2024.

Note 8: Risks and Uncertainties

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9: Subsequent Events

Subsequent events have been evaluated through November 20, 2025 which is the date the financial statements were available to be issued.
