REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
ITSavvy 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit of the 2021 financial statements

We have performed an audit of the financial statements of ITSavvy 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note I to the financial statements, is complete and accurate.

Opinion on the 2021 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is

derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2021 supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

Predecessor auditors performed an audit of the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform and the predecessor auditors did not perform any auditing procedures with respect to the information certified by a qualified institution. In the predecessor auditors' report dated February 4, 2022, they indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ITsavvy 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE A - DESCRIPTION OF THE PLAN

The following brief description of the ITsavvy 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan for the benefit of eligible employees of ITsavvy LLC (the Company) who have attained 21 years of age and have six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective October 6, 2020, the Plan was amended to remove B2B Industrial Products, LLC from the Plan as a participating employer and remove the Plan's multiple employer plan designation.

Effective October 6, 2020, the Plan was amended to change the Plan name from ITsavvy/B2B Industrial 401(k) Plan to ITsavvy 401(k) Plan to coincide with the removal of B2B Industrial Products, LLC noted in the prior paragraph.

Contributions and Vesting

Participants may contribute the lesser of \$19,500 in 2021, or up to 100% of their pretax annual eligible compensation (elective contribution). Participants are also permitted to designate that a portion or all elective contributions be classified as Roth contributions in which the deferral would be included in the participants' gross income at the time of the deferral. Pretax contributions are subject to contribution limitations of the Internal Revenue Code (IRC). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions, subject to IRC limitations. Participants may also contribute amounts representing distributions from other qualified plans.

The Plan has a discretionary match of 25% of the participants' deferral limited to 5% of a participant's eligible compensation. Additional non-elective contributions may be contributed at the discretion of management. The Company did not make a non-elective contribution for the year ended December 31, 2021.

Participants are 100% vested immediately in their contributions and investment earnings thereon. A participant is 100% vested in the Company's matching contribution and non-elective contributions upon completing four years of credited service. In the event of death, disability or retirement at designated ages, participants become fully vested.

Effective December 15, 2021, the Company became a participating employer in the Aon Pooled Employer Plan (Aon PEP) and merged assets totaling \$11,585,657 related to ITsavvy participants into the Aon PEP. The asset transfer is reported as Transfers out of Plan on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of Plan earnings and losses, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. All investment accounts of the Plan are directed by the participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Funds

The Plan offers a mix investments with different strategies, objectives and risk/reward potentials. Participants may select any combination of funds and may change funds at any time.

Notes Receivable from Participants

Participants may borrow from their vested fund accounts a minimum of a \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The interest rate associated with each participant loan will be fixed throughout the term of the loan and will equal 1% plus the prime rate. Principal and interest are paid ratably through payroll deductions. Participants may have no more than two outstanding loans at a time. The minimum repayment period is six months. The maximum time period for repayment of short-term loans is five years unless proceeds are used for principal residence in which case the term can be extended.

Payment of Benefits

Upon termination of service due to retirement, death, disability, separation of service, a participant or the participant's beneficiary may elect to receive an amount equal to the value of the participant's vested account in the form of a lump-sum amount. Participants may make in-service withdrawals as a result of hardship or if they are at least at the age of 59½. If a terminated participant has a balance less than \$5,000 subsequent to termination, the Plan may automatically distribute the total account balance to the participant without first obtaining consent from the participant.

Forfeited Accounts

Forfeitures are used to reduce Company matching contributions. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled approximately \$4,535 and \$1,468, respectively. No amounts were used to reduce Company contributions for the year ended December 31, 2021.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Except for the Plan's investment contract with insurance company (see Note D), the Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

ITSavvy 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Shares held in the guaranteed interest account consist primarily of fully benefit-responsive investment contracts. Investment contracts held by a defined contribution Plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses include investment management fees and other administrative fees. Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to participants' accounts and are included in administrative expenses. Investment-related expenses are netted with net appreciation in fair value of investments.

NOTE C - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) has issued guidance that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB guidance are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2021 and 2020.

ITSavvy 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2021 and 2020.

Separate account - The Plan invests in Voya separate account D, which is valued based on the fair value of the underlying investments held in the account that are available to participants to select from. The account consists primarily of collective investment funds and a mutual fund. The underlying investments have readily determinable fair values. Separate account investments have been included in level 2 of the fair value hierarchy.

Voya does not file the separate account's assets and liabilities statement as a direct filing entity (DFE) with the Department of Labor.

Pooled separate accounts - Valued using the fair values of the mutual funds, stocks, and bonds that the pooled separate accounts invest in, which are publicly quoted (level 1) inputs. The pooled separate accounts are not publicly quoted, which is why they are considered to have used level 2 inputs in determining fair value.

Interest bearing cash - Valued at amortized cost.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

		2021			
		Level 1	Level 2	Level 3	Total
Separate account, at fair value		\$ -	\$ 884,195	\$ -	\$ 884,195

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

NOTE D - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in the Voya Fixed Account, a fully benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company (Voya). Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at fair value. There are no reserves against contract value for credit risk of the contract issue or otherwise.

This account is credited with interest at a rate not less than the declared interest rate for the year that contributions are received. Voya guarantees the declared interest rate at the end of a calendar year. The declared interest rate will never be less than 1%. For each subsequent calendar year the account is credited with interest at a rate not less than the declared interest rate for that calendar year. The contract value of this investment was \$68,081 and \$698,506 at December 31, 2021 and 2020, respectively.

Certain events limit the Plan's ability to transact at contract value with Voya. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to Plan's prohibition on competing investment options, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE F - TAX STATUS

The Plan adopted a volume submitter prototype plan sponsored by Hessel & Associates LLC. The prototype plan has received an opinion letter from the Internal Revenue Service dated December 15, 2016 as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has since been amended, but the Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - RISKS AND UNCERTAINTIES

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that

ITsavvy 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - RELATED-PARTY TRANSACTIONS

The Company pays certain administrative costs of the Plan and provides certain administrative services to the Plan at no charge. The cost of providing these services and the payment of these costs by the Company, which is a party in interest, constitute exempt party-in-interest transactions under ERISA.

Certain Plan assets are invested in separate accounts and a guaranteed interest account managed by Voya. Voya is the Custodian of the Plan's Investments; therefore, these transactions qualify as party-in-interest transactions. The notes receivable from participants are also party-in-interest transactions.

NOTE I – CERTIFIED INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, at fair value and contract value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- The total of the Plan's investments in Voya's general account and Separate account D, as shown on Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021.

NOTE J - SUBSEQUENT EVENTS

The Company has evaluated subsequent events from December 31, 2021 through September 26, 2025, the date these financial statements were available to be issued. There are no subsequent events that require recognition or additional disclosure in these financial statements, except as follows.

In September 2025, the Plan became fully liquidated with all remaining balances paid directly to participants or transferred to an IRA opened on the participant's behalf.
