INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Blauch Brothers, Inc. 401(k) Profit Sharing Plan
Harrisonburg, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Blauch Brothers, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of February 28, 2025 and February 29, 2024, and the related statement of changes in net assets available for benefits for the year ended February 28, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of February 28, 2025 and February 29, 2024, and for the year ended February 28, 2025 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Blaich Brothers, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) at February 28, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BLAUCH BROTHERS, INC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1. Plan Description

The following description of the Blauch Brothers, Inc. (“Company”) 401(k) Profit Sharing Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Blauch Brothers, Inc. who have completed 60 days of service and are 18 or older. Participants can enter the Plan the first day of the month after all eligibility requirements are met. Plan management is responsible for the oversight of the Plan, determining the appropriateness of the Plan’s investment offerings, and monitoring investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In May 2024, the Plan changed its custodian and trustee to Principal Trust Company and its third-party administrator to Brown Edwards & Company LLP. Previously, the Plan’s recordkeeper, trustee, and third-party administrator was Ascensus, LLC.

Contributions

Each year, participants may elect to contribute up to 100% of their pretax annual eligible compensation, subject to an indexed maximum as allowed under the Internal Revenue Code, to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also designate all or a portion of their 401(k) deferral contributions as Roth elective deferral contributions instead of pre-tax elective deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants are automatically enrolled to defer 3% of pay as a pre-tax contribution unless they fill out an enrollment form choosing a different percentage. Participants that are automatically enrolled will have their deferral rate increased by 1% each year until a maximum of 10% is reached or the participant elects a different percentage.

Participants direct the investment of their elective deferrals and employer contributions into various investment options offered by the Plan.

Each year, the Company may make a safe harbor matching contribution based on a percentage of participants’ elective salary deferrals, with the applicable percentage determined annually by the Company. Under the current Plan provisions, all participants who make elective deferrals during the Plan year are eligible to receive the safe harbor matching contribution, and there is no requirement to be employed on the last day of the Plan year or to complete a specified number of service hours. The Company may also make discretionary profit-sharing contributions.

Notes to Financial Statements

Effective March 1, 2024, the Company amended the Plan to change the employer contribution provisions. Prior to the amendment, the Plan provided for a discretionary employer matching contribution, which was historically funded as a single lump-sum contribution after the end of the Plan year. The amendment converted the Plan to an ADP test safe harbor plan and replaced the discretionary matching formula with a safe harbor matching contribution, while retaining the practice of funding the employer match as a single lump-sum contribution after year end.

For the year ended February 28, 2025, the Company made a safe harbor matching contribution equal to 100% of the first 3% and 50% of the next 2% of participants' elective deferrals, limited to 4% of eligible compensation, totaling \$310,151. No profit-sharing contributions were made for the year ended February 28, 2025.

The Company will make a Prevailing Wage Contribution on behalf of each participant who performs services subject to the Services Contract Act, Davis-Bacon Act or similar Federal, State or Municipal Prevailing Wage Law. The Prevailing Wage Contribution shall be an amount equal to the balance of the fringe benefit payment for health and welfare for each participant (after deducting the costs of cash differential payments for the participant) based on the hourly contribution rate for the participant's employment classification. Notwithstanding anything in the Plan to the contrary, the Prevailing Wage Contribution shall be fully vested and shall not be subject to any age or service requirements set forth in the Plan.

A Prevailing Wage law is any statute or ordinance that requires the employer to pay its employees working on public contracts at wage rates not less than those determined pursuant to that statute or ordinance for the geographical area where that contract is performed.

For the year ending February 28, 2025, the contributions made on behalf of the participants by the Sponsor for the prevailing wage contributions were \$168,858.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if any, and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

Forfeitures of nonvested Company profit sharing contributions are used to reduce Company contributions. There were no forfeitures as of February 28, 2025 and February 29, 2024, respectively.

Vesting

Participants are immediately vested in their voluntary contributions and the Company's Prevailing wage and safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's profit-sharing contributions plus earnings thereon is based on years of continuous service. A participant is 20 percent vested after two years of credited service. Vesting increases 20 percent per year thereafter. A participant is 100 percent vested after six years of credited service.

Notes to Financial Statements

Notes Receivable From Participants

Participants may borrow from their fund accounts a maximum amount equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the amount of the participant's highest outstanding loan balance during the previous one-year period. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing commercial rates for similar loans. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of employment due to retirement, disability or death, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or installment payments over a period not exceeding the life expectancy of the participant or beneficiary.

On termination of employment for any other reason, a participant whose vested balances have never exceeded \$5,000 will be rolled into an IRA account. Balances that have never exceeded \$1,000 will be paid out in a lump sum when termination occurs. Terminated employees with account balances in excess of \$5,000 may elect a lump-sum payout or maintain their investments within the Plan without further participation.

Note 2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 3 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on an accrual basis. Dividends are recorded at the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of February 28, 2025 and February 29, 2024. If a participant ceases to make loan repayments and the loan is deemed to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Interest-Bearing Cash

At February 29, 2024, the Plan's interest-bearing cash consisted of a money market account with a balance of \$8,880, which is included in investments at fair value on the statements of net assets available for benefits. As of February 28, 2025, the Plan held no interest-bearing cash.

Payment of Benefits

Benefits are recorded when paid. At February 28, 2025, there were no benefit claims filed by terminated employees that had not yet been paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Notes to Financial Statements

	If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at February 28, 2025 and February 29, 2024.

Interest-bearing cash: Valued at cost which approximates fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts – These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the Administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified within level 1 of the valuation hierarchy.

Collective Trust Fund: Valued at NAV based on the investments and fully benefit responsive investment contracts held within the fund. NAV is available to current investors via the Company website or when Plan participants access their account values. The NAV is the basis for current transactions and the fund can be redeemed at NAV as of the measurement date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of February 28, 2025 and February 29, 2024:

February 28, 2025				
	Total	Level 1	Level 2	Level 3
Pooled separate accounts	\$ 3,542,020	\$ 3,542,020	\$ --	\$ --
Mutual funds	4,986,766	4,986,766	--	--
Collective trust funds*	<u>2,631,999</u>	<u>--</u>	<u>--</u>	<u>--</u>
Total investments at fair value	<u>\$ 11,160,785</u>	<u>\$ 8,528,786</u>	<u>\$ --</u>	<u>\$ --</u>

February 29, 2024				
	Total	Level 1	Level 2	Level 3
Mutual Funds	\$ 10,647,620	\$ 10,647,620	\$ --	\$ --
Interest-bearing cash	<u>8,880</u>	<u>8,880</u>	<u>--</u>	<u>--</u>
Total investments at fair value	<u>\$ 10,656,500</u>	<u>\$ 10,656,500</u>	<u>\$ --</u>	<u>\$ --</u>

*In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended February 28, 2025, there were no significant transfers in or out of different levels.

Notes to Financial Statements

Investments Measured Using Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of February 28, 2025 and February 29, 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan. Were the Plan to initiate a full redemption of the common trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2025	2024			
Principal LifeTime Hybrid 2030	\$ 35,979	\$ -	n/a	Daily	Daily
Principal LifeTime Hybrid 2050	161	-	n/a	Daily	Daily
Principal Guranteed Option	2,595,859	-	n/a	Daily	Daily
	<u>\$ 2,631,999</u>	<u>\$ -</u>			

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a complete or partial Plan termination, participants would become 100% vested in their entire account balances. In the event of such Plan termination, the trustees shall determine whether the assets of the Plan shall be liquidated and distributed or whether the assets shall continue to be held in trust and distributed in accordance with the terms of the Plan.

Note 5. Information Certified by Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at February 28, 2025 and February 29, 2024, and net appreciation in fair value of the investments, interest, dividends, and interest income on notes receivable from participants for the year ended February 28, 2025, was obtained or derived from information supplied to the Plan administrator. The Plan Administrator has obtained certifications from Principal Trust Company, the current trustee, as of February 28, 2025, and for the period from May 1, 2024 to February 28, 2025, and Ascensus, LLC, the former trustee, as of February 29, 2024, and for the period from March 1, 2024 to April 30, 2024, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Note 6. Tax Status

Effective May 1, 2024, the Plan adopted a non-standardized pre-approved plan sponsored by Brown Edwards & Company LLP, Inc. for its original plan documents and amendments. The pre-approved plan has received an opinion letter from the IRS dated June 30, 2020, as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by the Plan. Although the Plan has been amended since receiving the opinion letter; the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Notes to Financial Statements

Accounting standards generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that would more likely than not be sustained upon examination by the Internal Revenue Service or Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Party-in-Interest and Related Party Transactions

Certain Plan investments are managed by Principal Trust Company, fiduciaries as defined by the Plan. Accordingly, these investment transactions qualify as party-in-interest transactions. Prior to the change in trustee described in Note 1, the Plan's investments were managed by Ascensus, LLC, the former trustee, and therefore these transactions also qualified as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments. The investment advisors may receive revenue from mutual fund service providers for services they provide to the funds. This revenue is used to offset certain amounts owed to the service providers for administrative services to the Plan.

If the payments received by Principal Trust Company from such mutual fund service providers exceed the amount owed under the agreement, the custodians remit the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants.

During the year ended February 28, 2025, there were no excess amounts. The Plan or Plan Sponsor may make payments to the custodians for administrative expenses not covered by revenue sharing.

PBMares Wealth Management, LLC, and Wells Fargo Advisors, investment advisors, provide services to the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

Note 9. Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through December 11, 2025, the date the financial statements were available to be issued.
