INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Sheet Metal Workers' Local No. 40
Health Fund

Opinion

We have audited the financial statements of the Sheet Metal Workers' Local No. 40 Health Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and changes in its benefit obligations for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedules of Benefits, Insurance Premiums and Administrative Service Fees; Schedules of Administrative Expenses; and Schedule of Assets Held at End of Year, together referred to as “Supplemental Information”, are presented for the purpose of additional analysis and are not a required part of the financial statements. The Schedule of Assets Held at End of Year is supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the EIRSA. The supplemental information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

SHEET METAL WORKERS' LOCAL NO. 40
HEALTH FUND

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 1. DESCRIPTION OF THE PLAN

The following brief description of the Sheet Metal Workers' Local No. 40 Health Fund (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General - The Sheet Metal Workers' Local No. 40 Health Fund (Plan) was formed in 1949 under an agreement and declaration of trust between the Associated Sheet Metal and Roofing Contractors of Connecticut, Incorporated and the Sheet Metal Workers' Local Union No. 40. The current collective bargaining agreement provides for employers to contribute \$14.38 effective July 1, 2024; \$13.88 effective July 1, 2023 and \$12.88 effective July 1, 2022 for each hour worked in covered employment or a fixed monthly amount per member.

The contribution rates for apprentices of the Sheet Metal Industry Apprentice and Training Fund are prorated according to each member's specific wage rate. These prorated amounts generally range from 50% to 90% of the normal Health Fund contribution rate.

Additionally, certain non-bargaining unit employees working in support of the sheet metal industry and its workers are covered by the Plan. Fixed monthly costs are set by participation agreements in effect between the employers of such non-bargaining unit employees and the Plan and are adjusted annually based on advice from the Plan's actuarial consultant.

The Plan provides an option, for certain participants no longer eligible under normal provisions, to obtain coverage through self-payment contributions at a fixed monthly cost for an extended period of time.

Benefits - The Plan provides medical, prescription, dental, vision, hearing, short-term disability, and life and accidental death and dismemberment benefits to eligible participants and to their beneficiaries and covered dependents. Eligible retired employees and their covered dependents are entitled to similar medical and prescription benefits.

The Plan self-insures medical claims, vision, prescription drug, and disability benefits. The Plan insures life insurance, accidental death and dismemberment insurance, and certain medical and dental benefits of retired members, the premiums for which are paid out of Plan assets. A complete description of Plan benefits has been published in the Summary Plan Description. The Plan has in effect stop-loss insurance for claims exceeding \$250,000 per individual for the years ended December 31, 2024 and 2023, with the exception of certain individuals for whom the stop-loss insurance has been increased to \$600,000 per individual for the years ended December 31, 2024 and 2023.

NOTE 1. DESCRIPTION OF THE PLAN (continued)

No covered person (members, retirees, or eligible family members) has any vested rights to benefits. The Trustees may reduce or terminate benefits, or adjust self-payment costs, as they deem appropriate.

Participants are eligible to contribute to a Health Savings Account (HSA) to defray their deductibles. The HSA is managed by a third-party recordkeeper.

On January 10, 2024, the Trustees voted to move forward with the implementation of a Health Reimbursement Account.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in United States of America.

Valuation of Investments - These investments are stated at fair value, based on quoted active market prices or the net asset value of the fund as of the last business day of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the gain and losses on investments bought and sold as well as held during the year.

See Note 6 for discussion of fair value measurements.

Cash and Cash Equivalents - Cash and cash equivalents include investments in highly liquid instruments with a maturity of three months or less. The balances from time to time exceed federally insured limits. As of December 31, 2024, the Plan's cash in excess of FDIC Insurance coverage totaled \$2,876,416.

Employer Contributions - Employer contributions are based on reports of hours worked as submitted by employers at rates contractually agreed upon. Contributions from 6 employers represents 70% of total contributions.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Benefit Obligations - Postretirement benefit obligations, accumulated eligibility credits and claims incurred but not reported are calculated by the Plan's actuarial consultant. These amounts are paid by the Plan only if claims are submitted and approved for payments.

Reclassification - Certain reclassifications have been made to prior year end amounts to conform with the current year presentation.

NOTE 3. PLAN ADMINISTRATION AND INSURANCE INFORMATION

The Plan has an Administrative Services Agreement with Anthem Health Plans, Inc. (Anthem). The agreement provides that the Plan is responsible for funding of all medical claims. Anthem provides access to its state and national network providers at discounted rates, data entry and processing services and administers payment of benefits. Effective December 31, 2025 this agreement will be terminated, the Fund will transition to the new firms that will be providing combined PPO Network and claims services, specifically United Healthcare or “UHC”, through its “UMR” claims administration service provider, along with LaborFirst to assist with inquiries regarding the administration of benefits provided to the Fund’s covered individuals effective January 1, 2026.

The Plan maintains a stop loss insurance policy with Granular Insurance Company. For the years ended December 31, 2024 and 2023, total stop-loss recoveries were \$11,115 and \$97,388, respectively.

The Plan maintains a Medicare Advantage Plan for Medicare eligible participants with Labor First to provide Medicare supplement benefits for total group medical and prescription drug coverage to Medicare - eligible employees.

Anthem administers the Plan’s prescription benefits. Under the agreement, the Board of Trustees determines the types and limits of covered prescriptions and the Plan is responsible for the funding of all prescription claims. Anthem provides processing services, including the collection of rebates from drug manufacturers, and administers payment of prescription benefits. Effective December 31, 2025 this agreement will be terminated and will retain OptumRx effective January 1, 2026.

The Plan has an agreement with Delta Dental of New Jersey, Inc. to provide limited dental benefits to participants. Under this agreement, the Board of Trustees determines the types and limits of covered procedures and services, and the Plan is responsible for the funding of all eligible dental claims. Delta Dental of New Jersey, Inc. provides processing services and administers payments for eligible dental services subject to certain deductibles and a maximum benefit amount per calendar year.

Effective November 1, 2019, the Plan signed an administrator’s service agreement with Zenith American Solutions, Inc. for the daily administration of the Plan, as well as the processing of all participant data and benefit payments.

Effective January 1, 2024, the contract with Zenith American Solutions, Inc. was terminated and the Plan hired Daniel H. Cook & Associates to administer the Plan.

The Plan has an agreement with Lower Hudson Valley EPA to administer the Employee Assistance Program, at a rate of \$7.50 per participant per quarter.

The Plan has an agreement with Hinge Health to provide Musculoskeletal Care effective January 1, 2024.

Effective September 1, 2024, the Plan engaged TruHearing to provide hearing benefits.

NOTE 4. PLAN TERMINATION

The Trustees expect and intend to continue the Plan indefinitely, but reserve the right to amend or terminate it. In the event the Plan terminates, the Trustees shall first apply the net assets to any obligations outstanding and any remaining balance will be paid in such manner to satisfy the purposes of the Plan

Under no circumstances shall any portion of the Plan, directly or indirectly, revert or accrue to the benefit of any contributing employer or the union.

NOTE 5. RELATED PARTY TRANSACTIONS

Other Affiliated Funds Activity - Contributions by participating employers are initially remitted to a clearing account held by the Sheet Metal Workers' Local No. 40 Health Fund and recorded on the respective fund's accounts on the day of receipt.

Due from Pension Fund – Amounts due from Sheet Metal Workers' Local No. 40 Pension Fund for pensioner self-pay premiums totaled \$525,834 at December 31, 2024 and are included on the Statement of Net Assets Available for Benefits.

NOTE 6. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Basis of Fair Value Measurement:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 6. FAIR VALUE MEASUREMENTS (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value, as well, as the general classification of such assets and liabilities pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money Market Funds: Values are determined based on the daily closing price as reported at fair value.

Mutual Funds: Values are determined by obtaining quoted prices or the net asset value of the fund on nationally recognized securities exchanges.

The following table presents our assets and liabilities measured at fair value on a recurring basis at December 31, 2024:

	Fair Value Measurements at December 31, 2024			
	Total	Level 1	Level 2	Level 3
Money market funds	\$ 3,184,619	\$ 3,184,619	\$ -	\$ -
Mutual funds	868,113	868,113	-	-
Total assets in the fair value hierarchy	<u>\$ 4,052,732</u>	<u>\$ 4,052,732</u>	<u>\$ -</u>	<u>\$ -</u>

The following table presents our assets and liabilities measured at fair value on a recurring basis at December 31, 2023:

	Fair Value Measurements at December 31, 2023			
	Total	Level 1	Level 2	Level 3
Money market funds	\$ 2,686,694	\$ 2,686,694	\$ -	\$ -
Mutual funds	828,232	828,232	-	-
Total assets in the fair value hierarchy	<u>\$ 3,514,926</u>	<u>\$ 3,514,926</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 7. EMPLOYER CONTRIBUTIONS

Employer Receivables - Employer receivables represent uncollected contributions for covered employment prior to the Plan's year-end and uncollected late payment interest, if applicable.

These receivables are unsecured, except for any employer bonds (surety or cash) held in accordance with the Trust agreement and bonding policy. The Trustees believe that the receivable are fully collectible.

The bonding policy provides that each employer must either: (1) provide a surety bond naming the Plan, as well as other benefit funds and interested parties, in an amount based on the number of sheet metal workers employed; or (2) place a cash deposit equal to one month's contributions based on a 40-hour work week for each worker; or (3) make contributions every two weeks, provided the employer has not been delinquent in remittances; or (4) make contributions weekly. The bond account for employers providing a cash deposit is maintained by the Health Fund on behalf of the Plan and the other benefit funds and interested parties.

NOTE 8. TAX STATUS

The Plan is qualified under Section 501(c)(9) of the Internal Revenue Code and is exempt from federal income tax under Section 501(a).

The Plan obtained its latest determination letter on April 7, 1997, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan's legal counsel believes that the Plan is currently designed and currently being operated in compliance with applicable requirements of the code. Therefore, they believe that the Plan is qualified, and the related Trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks such as economic, interest rate, market and sector risks. Due to the level of risks associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9. RISKS AND UNCERTAINTIES (continued)

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to investment returns and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

NOTE 10. BENEFIT OBLIGATIONS

Incurred But Not Reported Claims - The Plan estimated the liability for health claims payable and incurred, but unreported, at December 31, 2024 and 2023, as determined by the Plan's actuarial consultant. This amount is reported on the Statements of Benefit Obligations.

Estimated Future Benefits Based on Accumulated Eligibility - The Plan has an estimated liability for future health claims required to be paid as a result of hours accumulated by participants at year-end. The liability was estimated based on claims paid, the number of eligible participants, and the operating expenses of the Plan. Under the existing eligibility rules of the Plan, active members who cease working are eligible for up to ten months of continued coverage. This amount is reported on the Statements of Benefit Obligations.

Post-Retirement Benefit Obligations - The post-retirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed to participant services rendered prior to December 31, 2024 and 2023. Post-retirement benefits include future benefits expected to be paid to or for: (1) currently retired participants or other participants fully eligible for benefits and; (2) active participants not yet fully eligible for benefits. Neither active participants nor retired participants nor their eligible family members have any vested rights to benefits.

Prior to an active participant's full eligibility date, the post-retirement benefit obligation is the portion of the expected post-retirement benefit obligation that is attributed to that participant's service in the industry rendered to the valuation date.

The actuarial present value of the expected post-retirement benefit obligation is determined by an actuary, and is the amount that results from applying actuarial assumptions to historical claims-cost data in order to estimate future annual incurred claims costs per participant, and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Annual Per Capita Claims Cost - The expected annual per capita cost for medical and prescription drugs are equal to Fund subsidy and are not assumed to increase in the future.

NOTE 10. BENEFIT OBLIGATIONS (continued)

The following are significant assumptions used in the valuations as of December 31, 2024 and 2023:

	December 31, 2024	December 31, 2023
Discount Rate	5.55%	4.94%
Inflation Assumption	2.50%	2.50%
Mortality		
Pre-Retirement	PRI-2012 Blue Collar Headcount- Weighted Healthy Employee Male/ Female Mortality Projected with Scale MP-2021	PRI-2012 Blue Collar Headcount- Weighted Healthy Employee Male/ Female Mortality Projected with Scale MP-2021
Post-Retirement	Pri-2012 Blue-Collar Headcount - Weighted Healthy Annuitant Male/ Female Mortality Projected with Scale MP-2021	Pri-2012 Blue-Collar Headcount - Weighted Healthy Annuitant Male/ Female Mortality Projected with Scale MP-2021
Disabled	Pri-2012 Blue-Collar Headcount - Weighted Healthy Annuitant Male/ Female Mortality Projected with Scale MP-2021	Pri-2012 Blue-Collar Headcount - Weighted Healthy Annuitant Male/ Female Mortality Projected with Scale MP-2021

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the post-retirement benefit obligation.

The Plan's deficiency of net assets available for benefits over the benefit obligations at December 31, 2024 and 2023 relates primarily to the post-retirement benefit obligation, the funding of which will be done on a pay as you go basis by the contribution rate provided by the current bargaining agreement. The Trustees have the right to terminate or change the terms of the Plan at any time.

If the assumed rate increased by one percentage point in each year, it would have increased the total post- retirement benefit obligation as of December 31, 2024 and 2023 by \$790,087 and \$692,905, respectively.

NOTE 11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
