Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Head Start of Rockland, Inc. 401(a) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of February 28, 2025 and February 29, 2024, and the related statement of changes in net assets available for benefits for the year ended February 28, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of February 28, 2025 and February 29, 2024, and for the year ended February 28, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4(i) – Schedule of Assets (Held At End of Year) as of February 28, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Head Start of Rockland, Inc. 401(a) Profit Sharing Plan (the "Plan") is presented to assist in understanding the Plan's financial statements and supplemental information. These financial statements, supplemental information, and notes are representations of Head Start of Rockland, Inc.'s (the "Plan Sponsor" or "Employer") management, who is responsible for the integrity and objectivity of the financial statements. These accounting policies have been consistently applied in the preparation of the financial statements and supplemental schedule.

Basis of Accounting: The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition: Investments in pooled separate accounts and stable value funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income on investments is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. During the year ended February 28, 2025, the Plan's net appreciation was \$765,437.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Payment of Benefits: Benefits are recorded when paid to the Plan's participants.

Use of Estimates: The preparation of financial statements in conformity with the accrual basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Events Occurring After Report Date: The Plan Sponsor has evaluated events and transactions that occurred between March 1, 2025 and December 15, 2025, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

NOTE 2 - DESCRIPTION OF THE PLAN

The following description of the Plan provides general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan, last restated December 2, 2021, is a participant-directed defined contribution plan with a 401(a) feature covering all eligible employees of the Plan Sponsor who have one year of service (consisting of 1,000 hours of service within the eligibility computation period) and are age twenty one or older. Eligible employees enter the Plan on the first day of the month coinciding with, or following, the date the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

John Hancock Life Insurance Company of New York, (the "Custodian") invests all contributions and allocates to each participant account the proportionate share of investment income and loss.

Contributions: Each year, the Plan Sponsor can elect to contribute to the Plan. During the Plan year ended February 28, 2025, the Plan Sponsor contributed to eligible participants 10% of their eligible compensation for a total contribution of \$637,289, which is net of \$30,000 of forfeitures utilized to reduce the employer contributions. Participants may also contribute rollovers from other qualified plans. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts: The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with an allocation of the Plan Sponsor's discretionary contribution, earnings, and charged with the participant's withdrawals and an allocation of administrative expenses. As a participant-directed plan, each participant's investment choices determine his/her share of earnings or losses.

Vesting: Participants are immediately vested in their rollover contributions and earnings thereon. Vesting in Plan Sponsor contributions and actual earnings thereon is based on years of continuous service. Participants vest 20% after two years of credited service, and 20% for each additional year of service thereafter until they are 100% vested after six years.

Forfeited Accounts: When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account represents a forfeiture. Forfeitures may be used to pay certain administrative expenses or used to reduce the employer's contributions for the Plan year. There were forfeited amounts of \$24,732 during the year ended February 28, 2025. At February 28, 2025 and February 29, 2024, there was \$4,318 and \$9,576 of unused forfeitures, respectively.

NOTE 2 - DESCRIPTION OF THE PLAN (continued)

Investment Options: Upon enrollment in the Plan, participants may direct the Custodian to invest contributions in various investment options managed by the Custodian, its affiliates, and other large investment management companies. Participants may change their investment options and transfer part, or all, of past investments to other funds, at any time.

Notes Receivable from Participants: Participants may borrow from their vested fund account balances a minimum of \$1,000 and up to a maximum of one-half of the value of their vested fund account balances up to \$50,000. The maximum payment term allowed for any loan is five years unless the loan qualifies as a residential mortgage loan. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Outstanding loans at February 28, 2025 bore interest at rates between 4.25% and 9.50%. Principal and interest payments are made through payroll deductions. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Deemed Distributions: When a participant fails to make loan repayments under the terms of the loan agreement, the loan is considered to be in default. A loan in default is considered a distribution from the Plan (deemed distribution) which could result in taxable income to the participant. As of February 28, 2025, there was \$1 of loan defaults.

In-Service Withdrawals: In-service and hardship withdrawals are permitted by the Plan.

Payment of Benefits: On termination of service due to death, disability, or retirement, as defined in the Plan, participants are generally entitled to a payment of their full account balance in the form of a lump-sum. On termination of service due to other reasons, the balance of participants' vested plan accounts becomes distributable to them at their election. If a participant terminates with a vested account balance that does not exceed \$5,000 and did not consent to a distribution, his/her account will be distributed into a rollover IRA to be established by the Custodian on his/her behalf.

Administrative Expenses: Certain administrative functions are performed by employees of the Plan Sponsor for which they are compensated by the Plan Sponsor. In addition, the Plan Sponsor pays certain other Plan-related expenditures. Certain investment-related Plan expenses, like fees paid to administer and manage the funds, are paid from the assets of the funds, and therefore reduce the overall return offered by the funds.

Plan Amendments: The Plan Sponsor has the right under the Plan to amend the Plan at any time. The Plan was last amended in December 2021.

NOTE 2 - DESCRIPTION OF THE PLAN (continued)

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act"). Many of the provisions of the SECURE Act were effective on January 1, 2020.

The Plan has also adopted mandatory provisions of the SECURE 2.0 Act of 2022. The Plan Sponsor has until the end of 2026 to amend the Plan for adopted provisions of the SECURE Act and SECURE 2.0 Act.

Plan Termination: Although it has not expressed any intent to do so, the Plan Sponsor has the right, under the Plan document, to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become one hundred percent vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed pursuant to the Plan document.

NOTE 3 - INFORMATION CERTIFIED BY CUSTODIAN

Custodian of the Plan has certified as to the completeness and accuracy of the investments of the Plan at fair value, held as of February 28, 2025 and February 29, 2024 and the related investment income (including interest and dividends, capital gains/(losses), and net appreciation in fair value of investments) for the year ended February 28, 2025.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value, providing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
 - If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset and liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at February 28, 2025 and February 29, 2024.

Pooled Separate Accounts: The Custodian invests contributions in mutual funds through sub-accounts. Each sub-account holds shares of a single underlying mutual fund. Participants hold units of sub-accounts. The unit value of sub-accounts differ from the share value of the underlying mutual funds since the underlying funds make distributions from time to time while the sub-accounts never make any distributions to unit holders. Any distributions received from an underlying fund are reinvested into additional shares of the underlying fund. The reinvestment of such distributions results in the sub-account holding more fund shares, at a lower per share price, but the total dollar amount invested does not change. In addition, the sub-accounts levy administrative maintenance charges and sales and service fees in many cases. These are paid within each sub-account unit class by selling sufficient shares of the respective underlying mutual fund to pay the charges to the Custodian. These charges are levied daily at a class level for each sub-account, and therefore reduce the price per unit of each class of a sub-account from what it would be in the absence of these charges. By reducing that price for a class, the cost is effectively allocated among all participants in that class, according to the number of units each participant holds of that class. This cost is not explicitly accounted for in each participant's account but rather is embedded in the change in price per unit. Unit values are calculated for each sub-account fund using the market value of the mutual funds and the value of outstanding units, net of any applicable fees for that fund.

Stable Value Fund: Amounts allocated to the John Hancock Stable Value Fund are held in the John Hancock Stable Value Fund Collective Investment Trust (the "Trust"). The fund invests in diversified fixed income, mutual funds and separately managed bond accounts but primarily invests in benefit responsive contracts, including group annuity contracts issued by insurance companies and stabilizing agreements issued by insurance companies and banks. The stabilizing agreements are designed to offset price fluctuations associated with fixed income investments by smoothing the effect of any gains or losses on the assets and to offer participants daily liquidity at book value. The unit value of the sub-account will be defined as the unit value of the underlying Trust as adjusted to account for underlying trust distributions. This fund is recorded at fair value.

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of February 28, 2025 and February 29, 2024:

Assets at Fair Value as of February 28, 2025

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 7,435,901	\$ -	\$ 7,435,901
Stable value funds	-	161,385	-	161,385
Total investments at fair value	\$ -	\$ 7,597,286	\$ -	\$ 7,597,286

Assets at Fair Value as of February 29, 2024

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 6,882,648	\$ -	\$ 6,882,648
Stable value funds	-	300,428	-	300,428
Total investments at fair value	\$ -	\$ 7,183,076	\$ -	\$ 7,183,076

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

NOTE 6 - INCOME TAX STATUS

The IRS has determined and informed the Plan Sponsor by a letter dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

NOTE 6 - INCOME TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor and Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 7 - TRANSACTIONS WITH PARTY-IN-INTEREST

At February 28, 2025 and February 29, 2024, certain Plan investments were managed by the Custodian and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. There were no prohibited transactions with any of the above parties-in-interest.
