INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
NFL Players Inc. Profit Sharing
401(k) Plan and Trust

Opinion

We have audited the accompanying financial statements of the NFL Players Inc. Profit Sharing 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of February 28, 2025 and February 29, 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the NFL Players Inc. Profit Sharing 401(k) Plan and Trust as of February 28, 2025 and February 29, 2024, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

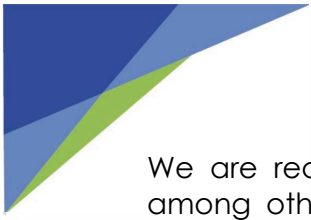

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provision, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NFL PLAYERS INC. PROFIT SHARING 401(K) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED FEBRUARY 28, 2025 AND FEBRUARY 29, 2024

NOTE 1. PLAN DESCRIPTION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of NFL Players Inc. Profit Sharing 401(k) Plan and Trust (the Plan) provides certain general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of the National Football League Players Incorporated (the Company) as defined in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate in the Plan at two entry dates (March 1 or September 1) after their date of hire.

Method of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting. Under this basis, revenue is recognized when earned and expenses are recognized when incurred, except benefits are recognized when paid.

Use of Estimates - The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions - Each year, participants may contribute up to the maximum amount allowable by Federal law. Participants may also contribute amounts representing distributions from other qualified defined benefits or defined contributions plans. Employer contribution may be made at the option of the various employers. Contributions are subject to certain limitations.

The Plan sponsor, the Company, may make discretionary matching contributions. For the years ended February 28, 2025 and February 29, 2024, the Company did not make any discretionary matching contributions to the Plan.

Rollover Contributions - The Plan provides for rollover contributions, which represents contributions by participants from other tax-qualified retirement plans. The maximum amount of a participant's rollover contribution is not affected by the limits otherwise applicable to participant contributions.

NOTE 1. PLAN DESCRIPTION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Participant's Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contributions, if any, and (b) Plan earnings, and charged with an allocation of administrative expenses. The contributions are allocated within each participant's account based upon the participant's investment elections. Investment earnings are allocated based on the participant's investment elections. All amounts in participant accounts are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in participant contributions plus actual earnings thereon. Participants must evaluate their own investment goals and choose one or more of the investment options. Poor investments performance by the investments selected by participants may cause their vested balance to be lower than the amounts contributed to the Plan on their behalf.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of 50% of their vested account balance or \$50,000, whichever is less. The notes are secured by the vested balance in the participant's account and bear a reasonable rate of interest, which is commensurate with local prevailing rates of a commercial U.S. bank and are determined at the time the loan is made and based on the Prime rate 3.25%. Note transactions are treated as transfers to (from) the investment funds from (to) a participant's notes receivable.

Notes to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Plan management has evaluated the collectability of notes receivable from participants and because they are secured by the participants account an allowance has not been recognized.

Benefits - Benefits are payable to participants or designated beneficiaries upon retirement, termination, death, disability, or hardship. Distributions are paid in a lump-sum amount equal to the value of the participant's vested interest in his or her account. Benefit payments are recognized when paid.

Administrative Expenses - The Company pays substantially all administrative expenses for the Plan.

Investments Valuation - The Plan's investments are stated at fair value (except for fully-benefit responsive investments contracts, which are reported at contract values). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines its valuation policies utilizing information provided by its investment advisers and custodians. Purchases and sales of securities are recognized on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2. FAIR VALUE MEASUREMENT

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include other significant observable inputs including:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
 - If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level within the fair value hierarchy the Plan's investment assets at fair value as of February 28, 2025.

Description	Total Investments at 2/28/2025	Quoted Market Prices for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 16,905,905	<u>\$ 16,905,905</u>	<u>\$ -</u>	<u>\$ -</u>
Investment measured at net assets value *	<u>962,919</u>			
	<u>\$ 17,868,824</u>			

*In accordance with Accounting Standards Codification, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 2. FAIR VALUE MEASUREMENT (CONTINUED)

The following table sets forth by level within the fair value hierarchy the Plan's investment assets at fair value as of February 29, 2024.

Description	Total Investments at 2/29/2024	Quoted Market Prices for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 15,630,721	\$ 15,630,721	\$ -	\$ -
Investment measured at net assets value *	966,038			
	<u>\$ 16,596,759</u>			

*In accordance with Accounting Standards Codification, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Following is the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at February 28, 2025 and February 29, 2024.

Level 1

Mutual funds are traded in active markets on national and international securities exchanges and are valued at closing prices on the last business day of each period.

Investments in Investment Entities

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment in an investment entity that does not have a readily determinable fair value based upon the net asset value (NAV) per share or its equivalent of the investment. NAV is based on the fair value of the underlying investments of the fund, minus fund liabilities, divided by the number of outstanding shares. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

The Plan's investment in investment entities is subject to the terms of the respective private placement memoranda and governing agreements. Income or loss from investments in these investment entities is net of a proportionate share of fees and expenses incurred or charged by these investment entities.

The Plan's risk of loss in these entities is limited to its investment. The Plan may increase or decrease its level of investment in these entities at its discretion. The Plan typically has the ability to redeem its investment from these entities on a daily basis.

NOTE 2. FAIR VALUE MEASUREMENT (CONTINUED)

The following table summarizes, for investments in which the Plan has an interest, the Plan's investments in certain entities that calculate net asset value per share as fair value measurement as of February 28, 2025 by investment strategy:

	Fair Value (in millions)		Unfunded Commitments (in millions)		Redemption Frequency	Redemption Notice Period
	2025	2024	2025	2024		
a. Common/collective trusts	<u>\$ 0.96</u>	<u>\$ 0.97</u>	<u>\$ -</u>	<u>\$ -</u>	Daily	None

The investment included in the table presented above reports as a direct filing entity (DFE) to the Department of Labor. Participant transactions (purchases and sales) may occur daily. There are no redemption restrictions for individual participants within the Plan, however, there is up to a 12-month redemption for this investment at the Plan level.

NOTE 3. TAX STATUS

The Plan document is a prototype plan document, in which the Internal Revenue Service (IRS) stated that the Plan as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting standards provide consistent guidance for the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribe a threshold of "more likely than not" for recognition and derecognition of tax positions taken or expected to be taken in a tax return. The Plan performed an evaluation of uncertain tax positions for the years ended February 28, 2025 and February 29, 2024 and determined that there were no matters that would require recognition in the financial statements. The Plan is no longer subject to tax examination for years prior to 2021.

NOTE 4. PRIORITIES UPON TERMINATION

The Plan sponsor intends to continue the Plan indefinitely, but reserves the right, at any time, to terminate the Plan. In the event of the termination of the Plan, each participant shall become fully and immediately vested in their account. Upon termination, the Trustees may distribute all of the participants' accounts or continue the trust until benefits are paid.

NOTE 5. RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of common collective trusts and mutual funds managed by John Hancock. John Hancock is a Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The plan Sponsor (the Association) pays certain administrative expenses on behalf of the Plan.

NOTE 7. SUBSEQUENT EVENTS

Subsequent events have been evaluated through December 10, 2025, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
