## Independent Auditor's Report

### Participants and Board of Trustees The Alexander Group, Inc. Profit Sharing 401(k) Plan

#### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Alexander Group, Inc. Profit Sharing 401(k) Plan (the Plan), a defined benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of February 28, 2025 and February 29, 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended February 28, 2025 and February 29, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate to the best of their knowledge.

#### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter – Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of February 28, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from

the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**The Alexander Group, Inc. Profit Sharing 401(k) Plan  
Notes to Financial Statements  
Years ended February 28, 2025 and February 29, 2024**

---

**NOTE 1      DESCRIPTION OF THE PLAN**

The following description of The Alexander Group, Inc. Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

**General and Eligibility**

The Plan is a defined contribution plan covering eligible employees of The Alexander Group, Inc. (the Company or Employer or Plan Sponsor). All non-excluded employees of the Company are eligible to participate in the Plan upon completing three months of service and are automatically enrolled to the Plan under its automatic deferral provision, effective March 1, 2024. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and the applicable current Internal Revenue Code (IRC) provisions.

On August 1, 2024, the Plan changed its custodian from Ascensus to Lincoln Financials. Consequently, the Plan assets amounting to \$36,371,719 were transferred from Ascensus to Lincoln Financials on August 4, 2024.

**Contributions**

The Plan provides that participants may make voluntary contributions to the Plan, between 1% and 100% of a participant's eligible compensation, up to the maximum allowed by the IRC. Participants may also contribute amounts representing distributions from other qualified plans. Catch-up contributions are allowed by the Plan as allowed by federal law.

The Company may make discretionary-matching contributions to the Plan on behalf of each participant once that participant has completed six months of service and is not covered by the Plan Sponsor's Deferred Compensation Plan. During the years ended February 28, 2025 and February 29, 2024, the Company made discretionary-matching contributions to eligible participants equal to 50% of the participant's voluntary contributions to the Plan, limited to \$1,000 for the year. In addition, the Company may make discretionary profit-sharing contributions to participants. During the years ended February 28, 2025 and February 29, 2024, there were no discretionary profit-sharing contributions made.

**Participant Accounts**

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's discretionary contributions and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are immediately vested in their elective contributions and actual earnings thereon. Vesting of employer discretionary contributions and actual earnings thereon are based upon the participant's years of service with the Company. Full and immediate vesting will occur upon death or disability as defined by the Plan.

Notes to Financial Statements  
Years ended February 28, 2025 and February 29, 2024**

---

**NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)**

**Vesting (Continued)**

Effective March 1, 2024, the Plan was amended to change the vesting schedule for employer matching and profit-sharing contributions. Under the amended provisions, Company discretionary contributions have a graded vesting schedule based on years of service, as follows:

<b>Years of Service</b>	<b>Vested Percentage</b>
Less than one year	0%
One but less than two years	50%
Two but less than three years	100%
Three but less than four years	100%
Four but less than five years	100%
Five but less than six years	100%
Six or more years	100%

**Investment Options**

Participants direct the investment of their contributions, as well as their portion of the Company's discretionary contributions, into various investment options offered by the Plan. Participants may change their investment options at any time.

**Notes Receivable from Participants**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, less the highest outstanding note receivable balance in the previous 12 months. The notes receivable is secured by the balance in the participant's account and bear interest at 2.00% over the Prime rate at the time of the note. Principal and interest are paid ratably through payroll deductions over a period not generally extending beyond five years, unless the note receivable is used to purchase a principal residence, in which case the term may extend to a longer term. Notes receivable outstanding at February 28, 2025 and February 29, 2024 mature through May 2052 with interest rates ranging from 5.25% to 10.50% and 5.25% to 8.25%, respectively.

**Payment of Benefits**

Participants, or their beneficiaries, are eligible for benefits upon termination of employment, death or disability. Upon termination of employment, death or disability, the Plan has a mandatory cash-out provision if the participant's vested balance is less than \$5,000. If the vested balance is \$5,000 or more, benefits shall be distributed through a lump-sum payment upon receipt of the participant's consent. In-service and hardship distributions are permitted if certain criteria are met, as defined by the Plan agreement.

Effective October 15, 2024, the Plan was amended to provide additional distribution options upon termination of employment, including the installment payments and partial lump-sum payments.

**NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)**

**Forfeitures**

The unvested portion of a terminated participant's account will be forfeited and used to reduce future Company contributions or to pay Plan expenses. The changes in the Plan's forfeiture account balance for the years ended February 28, 2025 and February 29, 2024 are as follows:

	2025	2024
Balance, beginning	\$ -	\$ 1
Forfeitures during the year	37,772	10,466
Forfeitures used during the year to reduce employer contributions	(31,889)	(10,467)
Net investment gain	688	-
Balance, ending	\$ 6,571	\$ -

**Administrative Expenses**

Investment management and administrative expenses of the Plan are paid by the Plan as provided in the Plan document, unless paid by the Company, without reimbursement.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Presentation**

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

**Use of Estimates**

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

Investments are reported at fair value (except for the fully benefit-responsive contracts reported at contract value, which is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 3 and 4 for discussion of fair value measurement and investments at contract value, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

**NOTE 2      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of February 28, 2025 and February 29, 2024. Delinquent notes receivable are treated as distributions based upon the terms of the Plan agreement.

**Net Appreciation (Depreciation) in Fair Value of Investments**

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is recorded in the accompanying Statements of Changes in Net Assets Available for Benefits and is presented as part of investment income (loss).

**Contributions**

Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

**Payment of Benefits**

Benefits are recorded when paid.

**Administrative Expenses**

Certain expenses incurred while maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Record-keeping fees are generally paid by the Plan.

**NOTE 3      FAIR VALUE MEASUREMENT**

The Plan has adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. This framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**NOTE 3      FAIR VALUE MEASUREMENT (CONTINUED)**

*Level 2* - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 28, 2025 and February 29, 2024.

*Mutual funds:* The Plan's mutual funds are valued at the daily closing price as reported by the fund and are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Self-directed brokerage account:* Account primarily consists of market-traded securities that are valued on the basis of readily determinable market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**NOTE 3 FAIR VALUE MEASUREMENT (CONTINUED)**

The tables below present the level within the fair value hierarchy at which the Plan's financial statements are measured on a recurring basis as of February 28, 2025 and February 29, 2024:

Investment Category	2025

**NOTE 4 INVESTMENTS AT CONTRACT VALUE**

The Plan has entered into benefit-responsive investment contracts with the custodian. The custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by the custodian. The contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. As of February 28, 2025 and February 29, 2024, the contract value of these investment contracts amounted to \$1,336,539 and \$633,935, respectively.

As described in Note 2, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reset on an annual basis.

The Plan Administrator does not believe there are any events that would limit the ability to transact at contract value with participants.

**NOTE 5 FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIANS**

The Plan's asset information as of February 28, 2025 and February 29, 2024, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule, were obtained by management and agreed to or derived from information certified by Ascensus LLC, the custodian of the Plan through July 31, 2024, and Lincoln Financial Group Trust Company, Inc., the custodian of the Plan beginning August 1, 2024. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the Plan's assets is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following:

- Investments and notes receivable from participants, as reflected in the Statements of Net Assets Available for Benefits as of February 28, 2025 and February 29, 2024;
- Investment activity, as reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended February 28, 2025 and February 29, 2024;
- Investment information disclosed in Notes 3 and 4 to the Plan's financial statements; and
- Investments and notes receivable from participants, as reflected in Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of February 28, 2025.

**NOTE 6 PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants would become 100% vested in their Company contributions.

**NOTE 7      TAX STATUS**

The Plan has adopted a volume submitter plan sponsored by an affiliate of the custodian. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service (IRS) as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 8      RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan or party rendering services to the Plan, the employer and certain others. As such, transactions conducted with the Company and Ascensus LLC, custodian of the Plan through July 31, 2024, and Lincoln Financial Group Trust Company, Inc., the custodian of the Plan beginning August 1, 2024, qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on these investments. Fees paid by the Plan to the custodians for administrative expenses amounted to \$23,100 and \$23,139 for the years ended February 28, 2025 and February 29, 2024, respectively.

The Plan also receives services from its investment advisors, The Lincoln National Life Insurance Company, beginning August 1, 2024, which also qualifies as party-in-interest. Fees paid by the Plan to the investment advisors for administrative expenses amounted to \$525 for the year ended February 28, 2025.

**NOTE 9      RISKS AND UNCERTAINTIES**

The Plan invests in various types of investment securities. Mutual funds and self-directed brokerage accounts are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits.

**NOTE 11 NON-EXEMPT TRANSACTIONS**

During 2025, the Plan Sponsor inadvertently failed to deduct from payroll and deposit to the custodian the participant deferrals in accordance with Plan provisions and within the timeframe required by DOL regulations. The corrective employee deferral of \$370, along with the related lost earnings of \$25, will be remitted to the Plan in 2026. In addition, during 2025, the Plan Sponsor inadvertently failed to calculate certain participant contributions in accordance with Plan provisions. Corrective contributions totaling \$25 are in process as of the date of this report, and the related lost earnings remain unpaid as of year-end. Because these amounts remain outstanding, they are recorded in other employer contributions receivable in the Statements of Net Assets Available for Benefits.

**NOTE 12      NEWS LAWS AND REGULATIONS**

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022 (SECURE ACT 2.0) became law. The new law makes changes to include provisions intended to expand coverage, increase retirement savings and simplify and clarify retirement plan rules. SECURE ACT 2.0 changed the retirement plan rules for long-term, part-time employees and forfeitures. The 401(k) plan requirement to allow employees to contribute elective deferral was expanded to 403(b) plans.

For plan years beginning in 2024, if an employee has three consecutive 12-month periods with more than 500 hours of service in each, the employee must be eligible to enter the plan, and the period of service was reduced from three to two consecutive 12-month periods, for plan years beginning after December 31, 2024. For plan years beginning in 2024, forfeitures should be used no later than 12 months after the end of the plan year in which the forfeitures were incurred. Additionally, forfeitures incurred prior to 2024 will be treated as if incurred during the first plan year beginning on or after January 1, 2024.

The IRS issued proposed regulations in February 2023 addressing the use and timing of forfeitures in qualified retirement plans. These regulations apply to plan years beginning on or after January 1, 2024. The regulation states that forfeitures must be used no later than 12 months after the end of the plan year in which the forfeitures were incurred. However, the transition rule also provides that any forfeitures that were incurred in any plan year beginning before 2024 are treated as having been incurred in the first plan year that begins on or after January 1, 2024, and, thus, must be used no later than December 31, 2025, for a calendar year plan.

For plan years beginning in 2026, catch-up contributions for participants age 50 or older earning more than \$145,000 annually will be required to be made on a Roth (after-tax) basis. Management is monitoring regulatory guidance and evaluating administrative updates required to comply with this provision.

The Plan will implement the above legislative changes and intends to formally execute the required plan amendments reflecting their implementation by the deadline of December 31, 2026.

**NOTE 13      SUBSEQUENT EVENTS**

Management has evaluated events or transactions that occurred subsequent to February 28, 2025 through December 15, 2025, the date the accompanying financial statements were available to be issued and it was determined that no subsequent events require disclosure or adjustment to the accompanying financial statements.
