Independent Auditor's Report

To the Seller's Representatives and Plan Administrator of
WestLand Resources, Inc. Employee Stock Ownership Plan

Opinion

We have audited the financial statements of WestLand Resources, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (in liquidation) as of June 6, 2025, and December 31, 2024, and the related statement of changes in net assets available for benefits (in liquidation) for the period ended June 6, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits (in liquidation) of WestLand Resources, Inc. Employee Stock Ownership Plan as of June 6, 2025, and December 31, 2024, and the changes in net assets available for benefits (in liquidation) for the period ended June 6, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of WestLand Resources, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Terminating Plan and Liquidation Basis of Accounting

As further discussed in *Note 1* and *Note 5* to the financial statements, the Board of Directors of WestLand Resources, Inc., the Plan's sponsor, voted on November 9, 2023, to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the liquidation basis is used in presenting the December 31, 2024, and June 6, 2025, financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about WestLand Resources, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of WestLand Resources, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about WestLand Resources, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Note 1 – Plan Description

The following description of the WestLand Resources, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

Prior to termination, the Plan was a defined contribution plan originally effective January 1, 2020. The Plan covered all qualified employees of WestLand Resources, Inc. (the Company and Plan Sponsor). As of February 1, 2021, the Plan operated, in relevant part, as a leveraged employee stock ownership plan (ESOP) and was designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC), as amended, and was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was administered by a Plan Administrative Committee comprised of members appointed by the Board of Directors of the Plan Sponsor through November 15, 2023. The Board of Directors were responsible for selecting an independent third party trustee, who was responsible for holding and investing Plan assets, determining the fair market value of the Company stock through the selection, retention, and monitoring of an independent appraiser, and had independent discretionary authority with regard to certain administrative matters of the Plan's operation. The Plan Administrative Committee, in conjunction with the third party trustee, was responsible for the oversight of the Plan and determining the appropriateness of the Plan's investment offerings. The third party trustee and Plan Administrative Committee reported to the Board of Directors.

On November 9, 2023, the Board of Directors of the Plan Sponsor approved the termination of the Plan due to the Plan Sponsor being acquired through a Stock Purchase Agreement with Trinity Consultants, Inc. The effective date of the plan termination was the date of the closing of the Stock Purchase Agreement, which was November 15, 2023. Upon termination of the Plan, the Trustee was directed to settle all liabilities and expenses of the ESOP through cancellation of shares of financed common stock held as collateral to the extent necessary in order to repay the ESOP loan, which was also settled on November 15, 2023.

Effective November 15, 2023, the Plan was frozen for eligibility and participation, and no longer considered an employee stock ownership plan as defined in Section 4975 of the IRC. Instead, the Plan shall be maintained as a tax-qualified profit sharing plan under Section 401(a) of the IRC until such time that all participant and beneficiary accounts are fully distributed. Effective November 16, 2023, until the date all plan assets were liquidated on June 6, 2025, the Plan was administered by two Seller's Representatives, one of whom also served as the Plan Administrator.

Contributions:

Contributions received were related to additional post-closing purchase price adjustment proceeds and final closeout of dedicated post-closing accounts utilized by the Plan Sponsor to settle closeout obligations. Contributions were allocated to each participant's account based on the participant's share ownership immediately prior to termination of the Plan relative to total allocated shares owned by the Plan immediately prior to the Stock Purchase Agreement.

Vesting:

All participants became 100% vested in all employer contributions due to the plan termination, regardless of years of service, as of November 15, 2023.

Note 1 – Plan Description (Continued)

Payment of benefits:

Per the terms of the board resolutions adopted on November 9, 2023, the final distribution of all accumulated and allocated participant account balances shall be made after the later of a) the receipt of a favorable determination letter from the Internal Revenue Service (IRS) regarding the qualified status of the Plan upon termination, or b) the Plan's receipt of all funds due to the Plan in connection with the Stock Purchase Agreement. An initial 80% distribution of participant account balances as of March 31, 2024, was approved after the 120-day post-closing purchase price adjustment was funded as required by the Stock Purchase Agreement, and the final distribution of participant account balances was made after receipt of the favorable termination letter (see *Note 5*).

Participant accounts:

The Plan was a defined contribution plan under which a separate individual account was established for each participant. Each participant's account was credited with an allocation of discretionary employer contributions and Plan earnings. Plan earnings were allocated to each participant's account based on the ratio of the participant's account balance to total plan assets. The benefit to which a participant was entitled was the benefit that could be provided by the participant's vested account.

Note 2 – Summary of Accounting Policies

A summary of the Plan's significant accounting policies follows:

Basis of accounting:

On November 15, 2023, the Plan Sponsor terminated the Plan. As a result, the financial statements of the Plan are prepared on the liquidation basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions receivable:

Contributions receivable consisted of amounts receivable from the Plan Sponsor for the remaining balance in the seller's representative fund for settling pre-close obligations as stated in the Stock Purchase Agreement. Management evaluated the receivables and determined no allowance for credit losses was deemed necessary in the prior year.

Investment valuation and income recognition:

As of December 31, 2024, the Plan's investments consisted solely of cash and cash equivalents held in demand deposit accounts and certificates of deposit (CDs). These were carried at amortized cost plus all expected interest income to be earned in accordance with the liquidation basis of accounting.

Interest income was recorded based on known amounts through the date of liquidation and was allocated to participants based on the ratio of each participant's account balance to total plan assets. Purchases and sales of investments were recorded on a trade-date basis.

Payment of benefits:

Benefits or payments were recognized when paid.

Note 2 – Summary of Accounting Policies (Continued)

Administrative expenses:

Administrative expenses of maintaining the Plan were paid by the Plan Sponsor or from the assets of the Plan. The expenses that were paid from Plan assets were either shared by all participants or charged directly to the account of the participant on whose sole behalf the expense was incurred. The Plan Sponsor paid all administrative expenses for the period ended June 6, 2025, which consisted of trustee, recordkeeper, third-party administrator, legal fees, and audit fees.

Subsequent events:

The Plan Administrator has evaluated subsequent events through December 12, 2025, which is the date the financial statements were available to be issued.

Note 3 – Investments

The Plan's investments consisted of the following as of:

	June 6, 2025	December 31, 2024
Cash and CDs:		
Allocated cost	\$ _____ -	\$ 6,617,748
Amortized cost under liquidation basis of accounting	\$ _____ -	\$ 6,739,774

All investments consisted wholly of cash and CDs as of December 31, 2024. The Plan held CDs with original maturities ranging from four weeks to 12 months. CDs were reported at amortized cost (principal plus accrued interest) plus all known interest to be received through the date of liquidation in the statements of net assets available for benefits in liquidation. The allocated cost of cash and CDs represent total plan assets allocated to participant accounts as of December 31, 2024. All plan assets were distributed to participants as of June 6, 2025.

Note 4 – Related Party and Party-in-Interest Transactions

Ventura Trust Company was the trustee, Menke & Associates, Inc., was the recordkeeper, Bosse Rollman PC served as ERISA counsel to the Plan, and Wallace, Plese + Dreher, L.L.P. served as the Plan's auditors. As described in *Note 2*, the Company paid all administrative expenses of the Plan for all service providers. These transactions qualified as related party transactions.

Note 5 – Plan Termination

As disclosed in *Note 1*, the Plan was terminated effective November 15, 2023. The interest of each participant in the trust fund was distributed to the participant or their beneficiary at the time prescribed by the Plan terms through an initial plan distribution completed in June 2024 and all plan assets were stated at their realizable values as of December 31, 2024. On June 6, 2025, per the terms of the board resolutions adopted on November 9, 2023, total remaining plan assets of \$6,825,254 were liquidated and distributed in accordance with participant directives or rolled over to an IRA for their benefit.

WestLand Resources, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

June 6, 2025

Note 6 – Tax Status

Prior to termination and liquidation, the Plan received a determination letter from the IRS dated August 17, 2021, stating that the Plan was qualified under the IRC and, therefore, the related trust was exempt from taxation. Once qualified, the Plan was required to operate in conformity with the IRC to maintain its qualification. The Plan had been amended since receiving the determination letter. The Plan Administrator believed the Plan was designed and operated in compliance with the applicable provisions of the IRC. On February 27, 2025, the Plan received its favorable Letter of Determination for Plan Closure from the IRS. Therefore, no provision for income taxes was included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America required Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan had taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine audits by taxing jurisdictions; however, there were no audits for any tax periods in progress.

Note 7 – Unclaimed Accounts

The Plan provided that if a participant eligible for a distribution of benefits could not be located after the Plan Administrator had completed four separate search efforts to locate the participant, the Plan Administrator could cancel the participant's account as a forfeiture as of the close of the plan year in which all four search methods were completed. However, the account would be restored if the participant made a valid written claim. Restorations were reinstated as follows: a) first from current year forfeitures; b) second from current earnings; and c) third from current contributions. If these sources were insufficient, the Plan Sponsor was required to contribute the additional amount necessary to make the required restoration. These restorations, if any, would be reported as special employer contributions on the statement of changes in net assets available for benefits. During the period ended June 6, 2025, the Plan made no cancellations or restorations.

Note 8 – Reconciliation of Financial Statements to Form 5500

The Form 5500 is prepared on the cash basis. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at:
