Independent Auditor's Report

Plan Committee
Franklin Energy and AM Conservation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Franklin Energy and AM Conservation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of November 1, 2024 and December 31, 2023, the related statement of changes in net assets available for benefits for the period ended November 1, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of November 1, 2024 and December 31, 2023, and for the period ended November 1, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Merger

As discussed in Note 8 to the financial statements, AM Conservation Group, Inc., the Plan Sponsor, approved the merger of the Plan into the Aon Pooled Employer Plan (Aon Plan) effective November 1, 2024. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Franklin Energy and AM Conservation 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following brief description of Franklin Energy and AM Conservation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan Sponsor is AM Conservation Group, Inc. (hereafter referred to as the Company). The Plan is a defined contribution plan established on January 1, 2009. The Plan includes Franklin Energy Service, LLC and Evolve Technologies, LLC as participating employers of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Committee is responsible for oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Committee.

Plan amendment: Effective August 1, 2024, the Plan was amended to exclude all union members from Local 53 and Local 226 from participation in all contribution sources of the Plan. Effective August 12, 2024, the Plan was amended to recognize service with Energy Federation, Inc. for purposes of eligibility, vesting and allocation requirements. Effective November 1, 2024, the Plan was amended to approve the merger of the Plan with Aon Pooled Employer Plan (Aon Plan). (See Note 8, Plan Merger for further details).

Eligibility: Employees of the participating employers are eligible to make salary deferral contributions and to receive Company discretionary matching and discretionary profit-sharing contributions on the entry date following the completion of three months of service and attainment of age 21. The entry date is the first day of each month within the Plan's year coinciding with or subsequent to the date of completing each of the Plan's eligibility requirements. Additionally, to be eligible to receive the discretionary matching and profit-sharing contribution an employee must be employed on the last day of the plan year.

Contributions: Participants can elect to contribute 100% of their compensation to the Plan up to the maximum allowed by the Internal Revenue Service (IRS). Participants are subject to an automatic deferral amount which requires 3% of compensation to be withheld unless the participant elects a contrary election. There are no subsequent automatic increases related to the automatic deferral amount after the initial 3% election. Notwithstanding any of the foregoing, a participant may elect to defer 0%. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company made discretionary matching contributions equal to 50% of the first 6% of salary deferral contributions that an employee contributed to the Plan. In addition, the Company may contribute a discretionary profit-sharing contribution to the Plan. The discretionary profit-sharing contribution is allocated to each participant based upon each participant's annual received compensation to total annual compensation received by other eligible participants. No discretionary profit-sharing contributions were made for the year ended November 1, 2024.

Participant accounts: Each participant's account is credited with the participant's contributions and Company's discretionary matching contributions, allocations of (a) the Company's discretionary profit-sharing contributions and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately fully vested in their contributions plus earnings thereon. The balance in a participant's account relating to Company discretionary matching and profit-sharing contributions becomes 33% vested after one year of credited service and such vesting is increased ratably to 100% after three years. In the event of termination prior to achieving 100% vesting, the nonvested portion is forfeited. Participant accounts are 100% vested upon disability, death or attainment of normal retirement age 65.

Franklin Energy and AM Conservation 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Investment options: Upon enrollment in the Plan, participants may direct their account balance in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Forfeited accounts: Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions or pay administrative expenses. The forfeiture account had \$245 of gains due to market activity during the year ended November 1, 2024, and \$66,850 of forfeitures were used to pay plan expenses. There were \$51,356 of additional forfeitures during the year ended November 1, 2024. At November 1, 2024 and 2023, forfeited nonvested accounts totaled \$0 and \$15,249, respectively.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years, unless the loan is for the purchase of a primary residence. The note repayment period will be a reasonable period determined by the Plan at the time of issuance. Notes are payable immediately upon termination. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with a commercially reasonable rate of return, which the Plan's trustee or its affiliate has determined to be the prime rate plus 1%. Effective July 1, 2019, the number of loans outstanding is limited to one per participant. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: Benefits are paid to the participant or beneficiary upon death, disability, hardship, retirement or termination of employment, up to the amount of the participant's account balance. Benefits are paid in a lump-sum distribution. Once a participant has reached the age of 59½, distributions may be made, at the participant's election, from any accounts which are 100% vested.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain expenses directly attributable to a participant's transactions are deducted from the participant's account.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits paid directly to participants are recorded when paid.

Subsequent events: Plan management has evaluated subsequent events through December 16, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Fidelity Personal Trust Company, FSB, the Plan Trustee

The following is a summary of the Plan's asset information as of November 1, 2024 and December 31, 2023, and for the period ended November 1, 2024, included throughout the Plan's financial statements, obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Personal Trust Company, FSB (Fidelity), a qualified institution:

	2024	2023
Investments at fair value:		
Shares of registered investment companies	\$ -	\$ 47,589,999
Units of collective investment trusts	-	11,692,566
Notes receivable from participants	-	525,695

Fidelity also certified to the completeness and accuracy of \$7,409,535 of net appreciation in fair value of investments, \$377,484 of interest and dividends and \$39,435 of interest income on notes receivable from participants related to the aforementioned plan assets for the period ended November 1, 2024.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 1, 2024 and December 31, 2023.

Shares of registered investment companies: Shares of registered investment companies are valued at the daily closing price as reported by the fund. These funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Units of collective investment trusts: The Plan's units of collective investment trusts are valued based on the NAV of units of the collective investment trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2023. There were no assets measured at fair value as of November 1, 2024.

	2023			Total
	Level 1	Level 2	Level 3	
Shares of registered investment companies	\$ 47,589,999	\$ -	\$ -	\$ 47,589,999
Investments measured at NAV (a)				11,692,566
Investments at fair value				\$ 59,282,565

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the period ended November 1, 2024, there were no transfers in or out of Level 3.

Note 4. Fair Value Measurements (Continued)

Investments measured using the net asset value per share practical expedient: The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023. There were no assets measured using the NAV per share practical expedient as of November 1, 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

	2023			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Units of collective investment trusts:				
Reliance Trust Stable Value Fund	\$ 1,043,368	\$ -	Daily	60 days
Great Gray Trust Company	10,649,198	-	Daily	30 days
	<u>\$ 11,692,566</u>	<u>\$ -</u>		

Note 5. Related-Party and Party-in-Interest Transactions

Certain plan investments are managed by Fidelity, the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan participants to Fidelity were approximately \$13,676 for the year ended November 31, 2024.

Sentinel Benefits Group, Inc. is the record keeper, as defined by the trust agreement, and provides investment advisory services; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Sentinel Benefits Group, Inc. were approximately \$103,494 for the year ended November 1, 2024.

Certain accounting and administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. In addition, the Company pays outside administrative expenses of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7. Income Tax Status

The Plan has adopted a pre-approved plan document that has received an opinion letter from the IRS dated November 30, 2020, stating that the form of the pre-approved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the pre-approved plan document; however, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Plan Merger

On September 19, 2024, AM Conservation Group, Inc., the Plan Sponsor, approved the merger of the Plan into Aon Pooled Employer Plan (Aon Plan) effective from November 1, 2024. All the employees of Franklin Energy Service, LLC, Evolve Technologies, LLC and Energy Federation, Inc. began participating in the Aon Plan at that time. As a result, net assets of \$68,695,406 were transferred to the control of Aon Plan on November 1, 2024. The merger did not impact participant benefits as the benefit provisions were incorporated into the Aon Plan.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balance and the amounts reported in the statements of net assets available for benefits.
