REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator and Retirement Plan Advisory Committee of the
CSW Industrials, Inc. Employee Stock Ownership Plan

Opinion

We have audited the financial statements of CSW Industrials, Inc. Employee Stock Ownership Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), which comprise the statements of net assets available for benefits as of March 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of March 31, 2025 and 2024, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4j – Schedule of Reportable Transactions, together referred to as “supplemental information,” are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

Years Ended March 31, 2025 and 2024

A. Description of Plan

Plan Description

The following brief description of the CSW Industrials, Inc. Employee Stock Ownership Plan (the “Plan” or “ESOP”) is provided for general information purposes only. Participants should refer to the Plan agreement for a complete description of the ESOP’s provisions.

The RectorSeal Corporation (“RectorSeal”) established the RectorSeal Corporation and Jet-Lube, Inc. employee Stock Ownership Plan (“RectorSeal ESOP”) effective as of June 1, 1976. As of April 1, 2008, the RectorSeal ESOP was amended and operated as an employee stock ownership plan and was designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (“IRC”) and was subject to the applicable provisions of Employee Retirement Income Security Act of 1974 (“ERISA”).

RectorSeal was wholly owned by Capital Southwest Corporation (“Capital Southwest” or “CSWC”) through September 30, 2015. Effective September 30, 2015, Capital Southwest effected a spin-off of certain wholly-owned legal subsidiaries into a newly formed entity, CSW Industrials, Inc. (“CSWI” or the “Parent”). As a result of the spin-off transaction, the RectorSeal ESOP was combined with the Whitmore employee stock ownership plan (“Whitmore ESOP”). The sponsorship of the RectorSeal ESOP was then transferred to CSWI and restated effective October 1, 2015, and renamed CSW Industrials, Inc. Employee Stock Ownership Plan. The completion of the spin-off transaction did not have a material impact to the provisions of the Plan or the anticipated benefits to participants of the Plan.

Concurrent with the spin-off described above, CSWI announced a share distribution, in which Capital Southwest shareholders received one share of CSWI common stock for every share of Capital Southwest common stock held as of September 18, 2015. As such, the Plan received 857,067 common shares of CSWI into the Plan assets. During the year ended March 31, 2018, CSWI decided to concentrate the investments in the ESOP in the shares of CSWI, the ESOP’s sponsor. As a result, approximately 552,000 shares of Capital Southwest were sold, and the proceeds of approximately \$9.9 million were used to invest in shares of CSWI during 2018.

Effective April 1, 2024, the Plan was amended and restated to incorporate prior amendments to the Plan and to allow for the participation of employees of Dust Free LP, a company that was acquired by RectorSeal.

The Plan is administered by CSWI’s Human Resources Director and the Principal Financial Group, a third-party administrator.

Eligibility

The ESOP is available to all eligible, participating employees of CSWI and certain of its wholly-owned subsidiaries, Balco, RectorSeal, Jet-Lube, Smoke Guard, Greco, Shoemaker, TruAire, Whitmore, and Dust Free, LP (collectively, the “Company”).

Employees are eligible to participate upon the completion of 1,000 hours of service and is employed on the last working day of the Plan year.

Participant Accounts

The ESOP is a defined contribution plan under which separate individual accounts are established for each participant. Each participant’s account is credited as of the last day of each Plan year with an allocation of common stock released by the ESOP administrators from the unallocated account and forfeitures of terminated participants’ non-vested accounts. Only those participants who are eligible employees as of the last day of the Plan year will receive an allocation. Employer contributions and ESOP forfeitures are allocated to each participant’s account based upon the relation of the participant’s eligible compensation to total eligible compensation for the Plan year. ESOP earnings are allocated to each participant’s account based upon the ratio of the participant’s beginning of the year account balance to all participant’s beginning of the year balances. Dividends are allocated based on the stock shares allocated to each participant at the time of the dividend.

Contributions

Participant contributions are not permitted. The employer contribution to the ESOP is determined annually by the board of directors, based on a pre-established formula or as a percentage of the active participant’s earnings for the Plan year. For the year ended March 31, 2025, employer contributions received by the ESOP were made in the form of 15,539 CSWI common stock paid out of treasury shares at a price of \$312.70 per share. For the year ended March 31, 2024, employer contributions received by the ESOP were made in the form of 17,186 CSWI common stock paid out of treasury shares at a price of \$241.94 per share. The employer contributions were made in accordance with the ESOP’s Plan document.

Payment of Benefits

Distributions on account of death, disability, financial hardship, or retirement are made in a lump sum following the end of the Plan year in which the event occurs. Distributions for other separations from service commence after the end of the Plan year following the separation from service. The amount to be distributed is based on the account valuation date immediately preceding the distribution. Distributions are made in the shares of CSWI common stock plus cash for a fractional share of common stock.

NOTES TO FINANCIAL STATEMENTS *(continued)*

A. Description of Plan – continued

Vesting

If a participant's employment ends for any reason other than retirement, permanent disability, or death, the participant will vest in the balance in his or her account based on the total years of services to the Company. Upon completion of 1,000 hours in a 12 month period, a participant is credited with a year of service.

Participants vest according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 3 years	0%
3 years or more	100%

Forfeitures

Forfeitures of the non-vested portion of former participants' accounts are first used to pay certain administrative costs of the Plan, and are then allocated as of March 31, 2025, to eligible participants based on the participant's eligible compensation as a percent of total eligible compensation of all participants during the Plan year. There were forfeitures of approximately \$79,452 and \$60 March 31, 2025 and 2024, respectively. No forfeitures were used to pay Plan expenses during the year ended March 31, 2025 and 2024.

Administrative Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in CSWI common stock into investments that are more diversified. Participants who are at least 55 years of age with at least 10 years of service may elect to diversify a portion of their account in a timely manner no later than 90 days after the Plan year-end. Diversification is offered to each eligible participant over a six-year period. In each of the first 5 years, a participant may diversify up to 25% of the share allocated to his or her account, less any shares previously diversified during the same year. In the sixth year, the percentage changes to 50%. Participants who elect to diversify will receive a distribution in the form of shares of CSWI common stock.

NOTES TO FINANCIAL STATEMENTS *(continued)*

A. Description of Plan – continued

Hardship Withdrawal

A participant may apply to withdraw all or a portion of the vested balance of his or her accounts for reasons of a financial hardship by providing a written request to the administrator. Financial hardship means expenses incurred for acute financial necessity resulting from illness or death of members of family, education of children, and casualty losses not covered by insurance. The amount of the withdrawal may not exceed the amount of the financial hardship. For purposes of allocating gains or losses, income and expenses, any such withdrawals shall be subtracted from the account as of the beginning of the Plan year in which the withdrawal is made.

Plan Termination

Although the Company has not expressed any intent to do so, the Company reserves the right under the ESOP to terminate the ESOP subject to the provisions of ERISA. In the event of ESOP termination, the rights of the participants shall not be retroactively reduced nor shall any part of the assets of the ESOP be diverted or used for any purpose other than for the exclusive benefit of the participants and their beneficiaries. All participants become 100% vested in their accounts upon ESOP termination. After termination of the ESOP, the trust will continue until the account of each participant has been distributed.

Voting Rights

The participant or participant's beneficiary is entitled to instruct the Trustee as to how to vote the shares of the Company stock that are allocated to the participant's Company stock account with respect to any corporate matter that involves the voting of such shares. The administrator will notify the participant or beneficiary in advance of each meeting of the stockholders of the Company and provide the participant or beneficiary a proxy statement and a form to use to instruct the Trustee as to how to vote the shares of Company stock allocated to their Company stock account. If a participant does not timely exercise their right to vote the shares of Company stock allocated to the Company stock account, the trustee will vote such shares or refrain from voting any or all such shares in such manner as deemed in the Trustee's sole discretion to be in the best interests of Plan participants and the administrator will direct the Trustee as to the manner of voting the shares of Company stock and the Trustee is required to follow such instructions.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the ESOP are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

C. Tax Status

The ESOP obtained its latest determination letter on December 13, 2017, in which the Internal Revenue Service ("IRS") stated that the ESOP, as designed, is in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the ESOP is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the ESOP and earnings from its assets are not currently taxable to the ESOP or its participants.

GAAP requires Plan management to evaluate tax positions taken by the ESOP and recognize a tax liability (or asset) if the ESOP has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the ESOP, and has concluded that as of March 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

D. Administration of Plan Assets

The ESOP's assets, which consist of common stock from CSWI and a money market fund, are held by the Trustee. Principal Financial Group services is the Plan's record keeper.

D. Administration of Plan Assets - continued

Contributions to the ESOP are held and managed by the Trustee, which invests cash received and interest and dividend income and makes distributions to participants at the direction of the Company.

Certain administrative functions are performed by employees of CSWI. No such employee receives compensation from the ESOP.

E. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The 3 levels of the fair value hierarchy under GAAP are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

E. Fair Value Measurements – continued

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan’s investments are as follows:

- Common stocks are valued at the closing price reported on the active market on which the individual securities are traded and classified within Level 1 of the valuation hierarchy.
- Money market funds are valued based on the short-term cash component as of the measurement date and classified within level 1 of the valuation hierarchy.

The asset or liability’s fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There were no changes in methodology used for the years ended March 31, 2025 and 2024.

There are no Level 2 or 3 investments in the Plan. The following tables set forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of March 31, 2025 and 2024:

	Instruments at Fair Value as of March 31, 2025			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 43	\$ -	\$ -	\$ 43
Common stock	126,202,389	-	-	126,202,389
Total investments at fair value	<u>\$126,202,432</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$126,202,432</u>

	Instruments at Fair Value as of March 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 43	\$ -	\$ -	\$ 43
Common stock	116,792,079	-	-	116,792,079
Total investments at fair value	<u>\$116,792,122</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$116,792,122</u>

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

F. Risks and Uncertainties

The Plan's only investment security is CSWI common stock. CSWI common stock is exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

G. Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of Plan, any party rendering services to the Plan, the employer, and certain others.

During the fiscal year ended March 31, 2025 and 2024, the ESOP invested in common stock issued by CSWI. These transactions qualify as party-in-interest transactions and are covered by an exemption from the prohibited transaction provisions of ERISA.

H. Subsequent Events

The ESOP has evaluated all events or transactions that occurred through December 17, 2025, the date the financial statements were available for issuance.

Effective April 20, 2025, the Plan was amended to allow the participation of SG Architectural Solutions, LLC in the Plan.
