INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Oncology-Hematology Associates of Central Illinois P.C.
401(k) Profit Sharing Plan

Opinion

We have audited the accompanying financial statements of Oncology-Hematology Associates of Central Illinois P.C. 401(k) Profit Sharing (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of October 31, 2025 and December 31, 2024, and the related statements of changes in net assets available for benefits for the period and year then ended, respectively, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of October 31, 2025 and December 31, 2024, and the changes in its net assets available for benefits for the period and year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

October 31, 2025 and December 31, 2024

1. DESCRIPTION OF PLAN

The following description of Oncology-Hematology Associates of Central Illinois P.C. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Plan Merger

During 2024, Illinois Cancer Care, P.C. (the Company) entered into a multi-faceted transaction with US Oncology Network (USON), under which USON acquired most of the Company's assets. As a result, the Plan's participants became eligible to participate in the US Oncology Clinical Practice 401(k) Plan on August 31, 2024 and stopped contributing to the Plan after that date. The Company's administrative employees were terminated effective August 31, 2024 and hired by the US Oncology Network. The Company's clinical employees and physicians remained employed through December 31, 2024.

Effective January 7, 2025, the Plan merged with the US Oncology Clinical Practice 401(k) Plan (Plan Merger). As a result of the Plan Merger, all Plan assets were transferred to the US Oncology Clinical Practice 401(k) Plan during the period ended October 31, 2025. The management of the Company believes that the Plan Merger was a tax-exempt transaction under the applicable provisions of the Internal Revenue Code, and, therefore, is not subject to federal income taxes.

General

The Plan was a defined contribution plan covering substantially all employees of the Company who had three months of service and were age 21 or older. The Plan excluded leased employees. To be eligible for the Company's discretionary non-elective profit-sharing contributions, employees must have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Prior to 2025, participants could contribute up to 100% of pre-tax or post-tax annual compensation, as defined in the Plan. Participants were permitted to designate a portion or all of their deferral contributions as Roth 401(k) contributions. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

Prior to 2025, the Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Prior to 2025, the Company made a non-elective safe harbor contribution equal to 3% of each participants' eligible compensation.

The Company could make discretionary matching contributions. For the period and year ended October 31, 2025 and December 31, 2024, respectively, the Company did not make any discretionary matching contributions.

The Company could make discretionary non-elective contributions. The Company did not make discretionary non-elective contributions for the period ended October 31, 2025. For the year ended December 31, 2024, the Company made discretionary non-elective contributions equal to 2% of each participants' eligible compensation.

Contributions are subject to certain limitations as mandated by the Internal Revenue Code (IRC).

Investment Options

Participants could direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions were permitted pursuant to the Plan's provisions.

Participant Accounts

Each participant's account was credited with the participant's contribution and allocations of (a) the Company's contribution(s) and (b) plan earnings (losses) and charged with the participant's benefit payments and an allocation of administrative expenses. Allocations were based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants were vested immediately in their contributions and the Company's safe harbor contributions plus actual earnings (losses) thereon. Vesting in the Company's discretionary matching contribution portion and the discretionary non-elective portion of their accounts was based on the following table:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50% of their account balance, less defaulted loans (if any). Participants could only have one loan outstanding at any time. The loans are secured by the balances in the participants' accounts and bear interest at the prime rate. The term of the loan could not exceed five years, unless the loan proceeds were to be used to acquire the principal residence of the participant. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant could receive a lump sum amount equal to the value of the participant's vested interest in his or her account. A participant that terminated employment whose account balance was less than \$5,000 received a distribution of their vested aggregate account balance without the consent of the participant. In-service withdrawals of all or a portion of the participant's elective deferral balance were also permitted upon the participant's attainment of age 59½.

Forfeited Accounts

As of December 31, 2024, forfeited nonvested accounts totaled \$19,938. During 2025 and 2024, forfeitures of \$19,938 and \$33,239, respectively, were used to reduce the Company's contributions. There were no remaining forfeited nonvested accounts as of October 31, 2025.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America (US GAAP) and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest less amounts defaulted (if any). Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Loan administration and distribution fees are charged directly to the participant's account and are included in administrative expenses. The Plan also pays certain investment advisory and plan administration fees from plan assets. Certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

ONCOLOGY-HEMATOLOGY ASSOCIATES OF CENTRAL ILLINOIS P.C.
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent Accounting and Regulatory Pronouncements

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the period and year ended October 31, 2025 and December 31, 2024, respectively. The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements for the plan period and year ended October 31, 2025 and December 31, 2024, respectively.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets,
- b. Quoted prices for identical or similar assets or liabilities in inactive markets,
- c. Inputs other than quoted prices that are observable for the asset or liability,
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

ONCOLOGY-HEMATOLOGY ASSOCIATES OF CENTRAL ILLINOIS P.C.
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

3. FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Accounts primarily consist of mutual funds that are valued on the basis of readily determinable market prices.

Stable Value Collective Trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the stable value collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ONCOLOGY-HEMATOLOGY ASSOCIATES OF CENTRAL ILLINOIS P.C.
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

3. FAIR VALUE MEASUREMENTS (Continued)

The Plan did not have any assets held at fair value as of October 31, 2025. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

Description	Assets at Fair Value as of			Total
	Level 1	Level 3	Level 3	
Mutual funds	\$ 53,310,442	\$ -	\$ -	\$ 53,310,442
Self-directed brokerage accounts	3,404,624	-	-	3,404,624
TOTAL	\$ 56,715,066	\$ -	\$ -	
Investments measured at net asset value ^(a)				<u>7,597,326</u>
TOTAL INVESTMENTS AT FAIR VALUE				<u>\$ 64,312,392</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table presents the fair value, unfunded commitments, participant redemption frequency, and participant redemption notice period for plan investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024:

4. PLAN TERMINATION

The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. While the Company has not expressed any intent to terminate the Plan, the Plan was merged into US Oncology Clinical Practice 401(k) Plan on January 7, 2025 (see Note 1). In the event of plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company were to determine.

5. PARTIAL PLAN TERMINATION

As a result of a reduction of the Company's workforce on August 31, 2024 with the termination of its administrative employees, the Plan experienced a partial plan termination in 2024. A partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Company. As a result of the partial plan termination, participants affected by the reduction in workforce became fully vested in the Company's contributions; however, the remaining participants' vesting continued to be determined per the Plan's provisions.

6. TAX STATUS

The Company adopted a non-standardized pre-approved plan document, which received an opinion letter dated June 30, 2020, in which the IRS stated that the non-standardized pre-approved plan document was in compliance with applicable requirements of the IRC. The Plan has not received a determination letter specific to the Plan itself and has been amended since adopting the non-standardized pre-approved plan document; however, the plan administrator believes that the Plan is designed, and was being operated, in compliance with the applicable requirements of the IRC.

US GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were managed by Fidelity Investments and LPL Financial. Fidelity Investments was the primary custodian of the Plan, and LPL Financial was the custodian of the self-directed brokerage accounts for the Plan; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative expenses were paid by the Plan or the Company. The Plan issued loans to participants, which were secured by the vested balance in the participants' accounts. These transactions qualify as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees are charged.
