REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
KPMG Partner Retirement Savings Plan

Opinion

We have audited the financial statements of KPMG Partner Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for plan benefits as of April 30, 2025 and 2024, and the related statement of changes in net assets available for plan benefits for the year ended April 30, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for plan benefits as of April 30, 2025 and 2024, and the changes in its net assets available for plan benefits for the year ended April 30, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in

conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedule required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of April 30, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records

used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

KPMG PARTNER RETIREMENT SAVINGS PLAN

Notes to Financial Statements

April 30, 2025 and 2024

1. DESCRIPTION OF THE PLAN

The following description of the KPMG Partner Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the provisions of the Plan.

General

The Plan is a defined contribution plan covering partners and principals of KPMG LLP (the “Firm” or “KPMG”) who have attained age 21 and completed one year of continuous employment. The Plan was closed to new participants effective May 1, 2021.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Trust Accounts

The assets of the Plan are held in the KPMG Partner Retirement Savings Plan Trust (“Trust”) of which Bank of America Merrill Lynch serves as the trustee and custodian (“Trustee”).

Investment Options

The Plan is participant directed and participants invest their account balances into various investment options offered by the Plan, including money market funds, mutual funds and collective trusts.

Contributions

Prior to May 1, 2021, each year, the Firm made a contribution on behalf of each partner or principal who met the eligibility requirements. Contributions were earned on April 30th of the Plan year and deposited into the Plan on or near May 1st. Contributions were a specified percentage of the participant’s compensation ranging from 2% to 13%, based on the participant’s age. Compensation used to calculate the contribution could not exceed the Internal Revenue Service (“IRS”) limits. Effective as of May 1, 2021, the Board discontinued all future contributions to the Plan and the Plan was frozen.

Vesting

A participant is 100% vested in Firm contributions, plus earnings thereon, upon completing three years of credited service.

Forfeitures represent the nonvested account balances of terminated participants with less than three years of service. Pursuant to plan provisions, forfeitures may be used either to pay expenses of the Plan or reduce the amount of otherwise payable Firm contributions. Forfeitures, inclusive of related investment earnings, for the year ended April 30, 2025, were \$40,244. During the year ended April 30, 2025, forfeitures were used to pay expenses of approximately \$0. Forfeitures available are approximately \$85,150 and \$42,700 as of April 30, 2025 and 2024, respectively.

KPMG PARTNER RETIREMENT SAVINGS PLAN

Notes to Financial Statements

April 30, 2025 and 2024

Participant Accounts

Individual accounts are maintained for each participant. The account of each participant is credited with: (a) investment earnings (losses), less (b) an allocation of Plan expenses, based on account balances and (c) account management, recordkeeping or transactional fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Retirement Age

Normal retirement as defined by the Plan is at age 55. A participant may elect early retirement at the earlier of the date the participant reaches age 55, or the sum of the age of the participant and vesting service totals at least 73 years. Early retirement may be elected based upon the age and years of credited service of the participant.

Retirement Benefits

Upon retirement, a participant may elect to receive either a lump-sum amount equal to the value of his/her account balance, or monthly, quarterly, semi-annual, or annual installments.

Termination Benefits

Upon termination of service, a participant who has vested benefits of \$1,000 or less receives a lump-sum distribution. Participants whose vested benefits are greater than \$1,000 may elect either a lump-sum amount equal to the value of his/her account balance, or monthly, quarterly, semi-annual, or annual installments.

Death Benefits

Death benefits are payable to surviving eligible spouses or other designated beneficiaries of participants. Benefits paid will equal the vested account balance of the deceased participant. For participants who die without a surviving spouse or designated beneficiary on or after January 1, 2022, death benefits are paid to the participant's estate (and for participants who die without a surviving spouse or designated beneficiary prior to January 1, 2022, death benefits are paid in accordance with the Plan's hierarchy).

Administration

The Trust generally pays the administrative expenses of the Plan. Expenses not paid by Trust are paid by the Firm. Partners, principals, and employees of the Firm provide services to the Plan. Neither these individuals nor the Firm receives compensation from the Plan for these services. Expenses related to the use of premises, facilities, and equipment, for the years ended April 30, 2025 and 2024, were paid by the Firm.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("U.S. GAAP") requires management of the Plan to make estimates and assumptions that affect the reported

KPMG PARTNER RETIREMENT SAVINGS PLAN

Notes to Financial Statements

April 30, 2025 and 2024

amounts in the Statements of Net Assets Available for Plan Benefits and disclosures at the date of the financial statements and the reported amounts of changes in the Statement of Changes in Net Assets Available for Plan Benefits. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. See Note 3 for further discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis, interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

The net appreciation (depreciation) in the fair value of plan investments presented in the Statement of Changes in Net Assets Available for Plan Benefits consists of realized gains or losses and unrealized appreciation or depreciation on those investments.

Payment of Benefits

Benefits are recorded when paid.

3. FAIR VALUE MEASUREMENTS

Fair value is defined by U.S. GAAP as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The determination of fair value is based on the principal or most advantageous market in which the Plan could commence transactions and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions and risk of nonperformance. Also, determination of fair value under U.S. GAAP assumes that market participants will consider the highest and best use of the asset.

U.S. GAAP establishes a fair value hierarchy whereby the inputs contained in valuation techniques used to measure fair value are categorized into three broad levels as follows:

Level 1 – quoted prices in active markets that the reporting entity has the ability to access at the date of the fair value measurement.

Level 2 – inputs other than quoted prices described in Level 1 that are observable for the asset or liability, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

April 30, 2025 and 2024

The following provides a summary of the recognized assets that are measured at fair value on a recurring basis and the valuation methodologies:

Mutual Funds and Collective trusts: The fair value of mutual funds and collective trust funds is based on the net asset value (“NAV”) of the fund which is based on the fair value of the underlying investments. The Plan’s investments in Mutual Funds and daily valued Collective Trusts are reported as Level 1. Collective Trusts that are not daily valued are reported as Level 2.

There are no restrictions on redemptions for any of the Plan’s investments, however certain funds charge a short-term trading fee if the funds are held for less than 90 days and certain money market accounts prohibit sales within 90 days of the purchase.

Included in collective trusts are custom collective funds that are wholly invested in collective trusts; however, the custom funds include some cash and certain investment management expenses paid from the custom fund. The custom funds calculate a NAV consistent with other investment companies.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All Plan investments are Level 1.

4. INCOME TAX STATUS

The IRS had determined and informed the Plan, by letter dated March 10, 2014, that the Plan and related trust were designed in accordance with the applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed to be qualified plans as described in Section 401(a) of the IRC and, accordingly, the trust is exempt from payment of federal income taxes under provisions of Section 501(a) of the IRC. The Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of April 30, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate fluctuations, market conditions, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is

possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Firm has the right to terminate the Plan, subject to the provisions of ERISA.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain investment management fees are charged to the individual funds in the Plan and are deducted in the net appreciation (depreciation) in the fair value of investments in the Statement of Changes in Net Assets Available for Plan Benefits.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following reconciles net assets available for plan benefits per the financial statements as of April 30, 2025 and 2024 to Form 5500:

	<u>2025</u>	<u>2024</u>
Net assets available for plan benefits per the financial statements	\$524,151,366	\$ 529,401,522
Less amounts allocated to withdrawing participants	(148,975)	(212,899)
Net assets available for plan benefits per the Form 5500	<u>\$524,002,391</u>	<u>\$ 529,188,623</u>

The following is a reconciliation of benefits paid per the financial statements to the Form 5500:

	<u>2025</u>
Benefits paid to participants per financial statements	\$ 53,921,616
Add: Amounts allocated to withdrawing participants - Current Year	148,975
Less: Amounts allocated to withdrawing participants - Prior Year	(212,899)
Benefits paid to participants per the Form 5500	<u>\$ 53,857,692</u>

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to April 30, but not yet paid as of that date.
