INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Ingersoll and Bloch Corp. Bloch Profit-Sharing Plan and Trust
Ashburn, VA

Opinion

We have audited the accompanying financial statements of the Ingersoll and Bloch Corp. Bloch Profit-Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (modified cash basis) as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits (modified cash basis) of the Ingersoll and Bloch Corp. Bloch Profit-Sharing Plan and Trust as of June 30, 2025 and 2024, and the changes in net assets available for benefits (modified cash basis) for the years then ended, in accordance with the modified cash basis of accounting described in Note 2.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Ingersoll and Bloch Corp. Bloch Profit-Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Ingersoll and Bloch Corp. Bloch Profit-Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Ingersoll and Bloch Corp. Bloch Profit-Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024**

1. DESCRIPTION OF PLAN

The following description of the Ingersoll and Bloch (the Company) Corp. Bloch Profit-Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan established for all eligible employees as defined by the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustees of the Plan are Stuart M. Bloch and William B. Ingersoll. All investments are self-directed by the plan participants.

Contributions. Each year, the Company may contribute to the Plan such amount as it may in its sole discretion determine. Participants may also contribute rollover contributions to the Plan.

Participant Accounts. Each participant's account is credited with an allocation of: (1) the Company's contribution; (2) plan earnings or losses and; (3) forfeitures of terminated participants' nonvested accounts, and they are charged with an allocation of administrative expenses.

Vesting. Participants are immediately vested in their rollover contributions plus actual earnings thereon. Vesting in the Company contribution portions of their accounts plus earnings thereon is based on years of service. The Plan calls for the graduated vesting of employer contributions from 20% after two years of service to 100% after six years.

Payment of Benefits. On termination of service due to retirement, a participant may elect to receive a qualified joint and survivor annuity, or if unmarried, a life annuity equal to the value of the participant's vested interest in their account. The participant may also elect to receive their benefit as either a lump-sum amount, or in regular installments over a period of time not to extend beyond the participant's life, as a non-transferable annuity, or in designated sums as elected by the participant. On termination of service due to death, a participant's surviving spouse will receive a survivor annuity unless the participant had designated a specific form of distribution permitted by the Plan.

Forfeited Accounts. At June 30, 2025 forfeited nonvested accounts, totaled \$-0-. Any forfeited nonvested amounts may be used to pay the administrative costs of the Plan.

Basis of Accounting. The accompanying financial statements have been prepared on the modified cash basis of accounting. Under this method, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when the cash is disbursed rather than when the obligations are incurred.

Expenses. Certain expenses of maintaining the Plan are paid by the Plan participants and are therefore excluded from these financial statements. Investment-related expenses are included with the income that was generated by the investments.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024 (Continued)

2. SIGNIFICANT ACCOUNTING POLICIES

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair market value with quoted market prices used to value investments, where available. Investments with no quoted market prices available are stated at fair value as determined by the trustees using other available information. Net appreciation or depreciation of investments is reported in the statement of changes in net assets available for benefits and consists of the realized gains or losses and the unrealized appreciation or depreciation of these investments. Interest and dividend income on investments are recorded as they are received on the cash basis.

Benefits paid. Benefits are recorded when paid.

Reclassifications. Certain reclassifications have been made to the prior year financial statements in order for them to be in conformity with the current year presentation.

3. SIGNIFICANT CONCENTRATIONS OF CREDIT RISK

At June 30, 2025, the Plan held money market cash accounts with a brokerage firm. Although not protected by the FDIC coverage, \$100,000 of coverage is available for cash by the Securities Investor Protection Corporation (SIPC), with additional coverage provided by insurance policies that the brokerages hold. Cash held in the brokerage accounts will vary throughout the year and at June 30, 2025 and 2024 totaled \$510,470 and \$75,721, respectively.

The Plan also maintains cash in a financial institution that is provided with insurance protection by the U.S. Federal Deposit Insurance Corporation (FDIC). The amount on deposit in this account will throughout the year occasionally exceed the FDIC coverage limitation of \$250,000. At June 30, 2025 and 2024, the balances held in the account were \$33,326 and \$320,841, respectively.

4. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter to the Plan dated June 22, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan's form 5500 tax return is subject to possible examination by taxing authorities for federal income tax purposes for a period of three years after the filing deadlines for the returns. The Plan believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions material to the financial statements.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan Termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

6. RISKS AND UNCERTAINTIES

The Plan's investments include investments in several limited partnerships and a business development company, which comprise 52% of the assets of the Plan at June 30, 2025. These investments are exposed to various risks including interest rate, market and credit risks as well as including a number of valuation assumptions. Due to the level of risk associated with these limited partnership and business development company investments, it is at least reasonably possible that changes in their value will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments have been held by a number of different custodians which included the following: IE Capital, Truist Bank, Fidelity Investments, Prime Finance Short Duration VI, LP, Prime Finance Short Duration VII, LP and Blackstone Private Credit Fund Class I and therefore transactions with these custodians qualify as party-in-interest transactions. All custodian fees have been paid directly by the Plan and have been netted with corresponding investment income for all investment management services that these firms have provided.

8. FAIR VALUE MEASUREMENTS

FASB ASC 820 of the FASB Accounting Standards Codification, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

- Level 1 Inputs that reflect quoted prices in active markets for identical assets or liabilities.
- Level 2 Inputs that reflect quoted prices for similar assets or liabilities in active markets.
- Level 3 Inputs that are unobservable for the asset or liability.

The Plan's investments were valued by reference to quoted market prices generated by market transactions and listed on an active market.
