## Independent Auditors' Report

Board of Trustees and Plan Management  
International Brotherhood of Electrical Workers  
Local No. 32 NECA Profit Sharing Annuity Plan  
Lima, Ohio

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of International Brotherhood of Electrical Workers Local No. 32 NECA Profit Sharing Annuity Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of May 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of International Brotherhood of Electrical Workers Local No. 32 NECA Profit Sharing Annuity Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (John Hancock Trust Company).

Management has obtained certifications from a qualified institution as of May 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of International Brotherhood of Electrical Workers Local No. 32 NECA Profit Sharing Annuity Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about International Brotherhood of Electrical Workers Local No. 32 NECA Profit Sharing Annuity Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of International Brotherhood of Electrical Workers Local No. 32 NECA Profit Sharing Annuity Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about International Brotherhood of Electrical Workers Local No. 32 NECA Profit Sharing Annuity Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedules of assets (held at end of year) and reportable transactions as of and for the year ended May 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# International Brotherhood of Electrical Workers Local No. 32 NECA Profit Sharing Annuity Plan

Notes to Financial Statements  
For the Years Ended May 31, 2025 and 2024

## Note A - Description of Plan

The following brief description of the International Brotherhood of Electrical Workers Local No. 32 NECA Profit Sharing Annuity Plan ("Plan") is for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General

The Plan was established with an effective date of June 1, 1980. The Plan is a multi-employer defined contribution plan established pursuant to a collective bargaining agreement ("CBA") between the International Brotherhood of Electrical Workers Local Union No. 32 ("the Local") representing the employees and the Lima Division of the Western Ohio Chapter of the National Electrical Contractors Association ("the Association"). The Plan covers all members of the Local employed under the terms of the collective bargaining agreement with the employer members of the Association. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Administration of the Plan is the responsibility of the Board of Trustees ("Trustees") and is governed by a joint board consisting of equal representation from the participating employers and the Local.

### Participant Accounts

Each participant's account is credited with the employer contributions made to the Plan on their behalf. Investments are participant-directed and net income allocated to the accounts consists of dividends, interest, and realized and unrealized gains and losses on investments less investment and administrative expenses incurred during the Plan year.

### Normal Retirement Age

Normal retirement age is age 55.

### Funding Policy

The Plan is funded by payments from employers of the Association that employ members of the Local. The participating employers make monthly contributions to the Plan on behalf of covered employees in amounts determined by the CBA and subject to minimum funding requirements of ERISA and a maximum deductibility of contributions by participating employers under the Internal Revenue Code (IRC). Contributions by participants are not permitted under the Plan. The payments to the Plan have exceeded the minimum funding requirements of ERISA for the years ended May 31, 2025 and 2024.

### Payment of Benefits

Members are entitled to regular pension benefits beginning at the normal retirement age. The benefit is based upon contributions, as specified in the collective bargaining agreement, which are determined by hours paid per the Inside agreement and hours worked per the Teledata agreement. Employees that obtain 320 hours or more in a plan year become 100% vested in employer contributions. Normal retirement, late retirement, deferred pension, termination of employment, hardship withdrawals, total and permanent disability, pre-retirement death benefits, post retirement death benefits, and joint and survivor benefits are available.

Pensioners, upon retirement, can elect to receive benefits paid under various methods; a rollover, a lump-sum distribution, a life annuity, partial payments, substantially equal monthly periodic installments for a period of not less than ten years, or a combination of these methods as described by the Plan agreement.

## Note B - Summary of Significant Accounting Policies

### Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared under the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition

All investments of the Plan are participant directed investments. Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought, sold, and held during the year.

### Employer Contributions and Contributions Receivable

Employer contributions are considered to be income in the month for which the employer has paid wages and computes the contribution due to the Plan. Employer contributions are generally received during the month following the month wages are incurred. The employer contribution rate is based on hours paid for the Inside agreement and hours worked for the Teledata agreement. The journeyman hourly rate for the plan years ended May 31, 2025 and 2024 was \$3.00 through December 3, 2023 and \$3.10 thereafter for the Inside agreement and \$4.40 through November 24, 2024 and \$4.75 thereafter for the Teledata agreement. Employees may not make contributions to the Plan.

Employer contributions receivable are based on actual collections subsequent to year end. Delinquent employer contributions are not included in employer contributions receivable as management does not consider delinquent amounts to be collectible. Based on a review of historical losses, current economic conditions and supportable and reasonable forecast assumptions, management has concluded that any expected credit losses on balances outstanding at year end will be immaterial. See the "Funding Policy" section of Note A for additional information regarding employer contributions.

### Reciprocity Agreements

The Plan has signed reciprocal agreements with other IBEW Locals. Amounts due from or due to other IBEW Locals are recorded as reciprocal contributions receivable and payable, respectively, on the accompanying statements of net assets available for benefits. Amounts earned and incurred for work months within the Plan year are recorded as reciprocity received and paid, respectively, on the accompanying statements of changes in net assets available for benefits.

### Payment of Benefits

Benefit payments to participants are recorded upon distribution.

### Administrative Expenses

The Plan's expenses are paid by the Plan, as provided by the Plan agreement. Certain expenses incurred in connection with the general administration of the Plan are recorded as deductions on the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net investment income presented on the accompanying statements of changes in net assets available for benefits.

## Note C - Unaudited Information Certified by Plan Investment Custodians

The May 31, 2025 and 2024 statements of net assets available for benefits, the investment activities included on the related statements of changes in net assets available for benefits for the years then ended, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the custodian in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The Plan's investments were held in a custodial account maintained by John Hancock Trust Company for the years ended May 31, 2025 and 2024, and plan management obtained certifications from the custodian for the years then ended. The certified information includes investments totaling \$44,088,692 and \$41,432,244 as of May 31, 2025 and 2024, respectively, and related investment income for the years then ended totaling \$3,693,989 and \$6,268,481, respectively.

## Note D - Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of value hierarchy are described as follows:

### Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

### Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

### Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are used to maximize the use of observable inputs and minimize the use of unobservable measurements.

## Note D - Investments and Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2025 and 2024.

Registered investment company funds: Valued at the daily closing price as reported by the fund. Registered investment company funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded and are therefore reported as level 1.

The preceding method described may produce fair value calculations that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

	Assets at Fair Value as of May 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment company funds	\$ 41,410,298	\$ -	\$ -	\$41,410,298
Investments Valued at NAV				2,678,394
Total				\$44,088,692

	Assets at Fair Value as of May 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment company funds	\$ 39,651,855	\$ -	\$ -	\$39,651,855
Investments Valued at NAV				1,780,389
Total				\$41,432,244

There were no level 2 or 3 investments as of May 31, 2025 and 2024.

The following table summarizes investments measured at fair value based on net asset value (NAV) per unit as of May 31, 2025 and 2024:

	2025	2024	Redemption Frequency	Redemption Notice Period
Common collective trust (a)	\$ 2,678,394	\$ 1,780,389	Daily	See (a)

- a) Common collective trust: the fund's objective is to, as nearly as practical, replicate the performance of the Standard and Poor's 500 Index by purchase and resale of those equities which compose the S&P 500 Index. The valuation of the Fund is performed as of the close of business on each day on which the New York Stock Exchange is open for business. Units are issued and redeemed daily at net asset value per unit. Notice of intention with respect to admissions and withdrawals must be given before 3:00 PM eastern time of the valuation date. Settlement occurs on the next business day after the valuation date. There is no lockup period or other restrictions on withdrawals.

Notes to Financial Statements  
For the Years Ended May 31, 2025 and 2024

## Note E - Plan Termination

Although they have not expressed any intention of doing so, the Association and the Local have the right under the Plan to discontinue contributions to the Plan at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, contributions to the Plan would cease and the fund would be distributed in accordance with the terms and provisions of the Plan.

## Note F - Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan, by a letter dated September 10, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

## Note G - Risks and Uncertainties

### Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

### Concentration of Cash

The Plan maintains its cash in a bank deposit account at a financial institution. The balance, at times, may exceed current federally insured limits through the Federal Deposit Insurance Corporation of \$250,000, per institution.

### Significant Participating Employers

For the years then ended May 31, 2025 and 2024, two employers represented 57% and 55%, respectively, of total employer contributions to the Plan.

## Note H - Related Party and Party in Interest Transactions

The Plan pays fees for several arrangements with service providers and affiliated entities. These transactions are considered exempt party in interest transactions under ERISA. Such fees are included on the statements of changes in net assets available for benefits.

The Plan pays fees for Trustees to attend conferences and meetings in order for them to continue their education regarding their duties and responsibilities. Fees paid for the Trustees totaled \$3,885 and \$0 for the years ended May 31, 2025 and 2024, respectively. Such expenses for these conferences and meetings are included on the statements of changes in net assets available for benefits. Of these expenses, \$2,295 was included in prepaid expenses on the statement of net assets available for benefits for the year ended May 31, 2024.

The Plan shares common governance with related organizations including the International Brotherhood of Electrical Workers 32 Union, the Lima Division of the Western Ohio Chapter of the National Electrical Contractors Association, and IBEW Local No. 32 NECA Pension Plan, all of which are tax-exempt.
