INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Redneck Outdoor Products, Inc, Employee Stock Ownership Plan and Trust
705 East 20th Street
Lamar, MO 64759

Opinion on the Financial Statements

We have audited the accompanying financial statements of Redneck Outdoor Products, Inc, Employee Stock Ownership Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Redneck Outdoor Products, Inc, Employee Stock Ownership Plan and Trust as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Redneck Outdoor Products, Inc, Employee Stock Ownership Plan and Trust to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Redneck Outdoor Products, Inc, Employee Stock Ownership Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Redneck Outdoor Products, Inc, Employee Stock Ownership Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Redneck Outdoor Products, Inc, Employee Stock Ownership Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

REDNECK OUTDOOR PRODUCTS, INC, EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the Redneck Outdoor Products, Inc, Employee Stock Ownership Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

Redneck Outdoor Products, Inc. (Company) established the Plan effective as of January 1, 2016. The Plan operates as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC) of 1986, as amended, and is subject to the applicable provisions of Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the administrative committee and the trustee is the Company's chief executive officer.

ELIGIBILITY

Employees of the Company are eligible to participate in the Plan after completing one year of service, provided they work at least 1,000 hours of service during the 12-month period beginning on their hire date or during a subsequent plan year. Participants who do not complete at least 1,000 Hours of Service during such plan year are generally not eligible for an allocation of Company contributions for that year.

CONTRIBUTIONS

Employer contributions to the Plan are at the discretion of the Company and are accrued upon approval of the Company's Board of Directors. Employer contributions may be paid in cash or in shares of Company stock, or both, as determined by the Company's Board of Directors. Employer contributions may be made in cash or Company stock. If the ESOP has an outstanding loan, cash contributions may be made in such amounts and at such times as needed to enable the ESOP to repay principal and interest due under the loan, except to the extent such payments are satisfied by the Trustee using dividends. Employee contributions are not permitted.

PARTICIPANT ACCOUNTS

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Allocations are made to participants who are actively employed during the plan year. Eligibility to participate requires completion of 1,000 hours of service in a 12-month period. Allocations are based on a participant's eligible compensation relative to total eligible compensation. Plan earnings and losses are allocated to each participant's nonsegregated account (excluding Company Stock) in proportion to their account balance.

VESTING

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company.

<u>Years of Vested Service</u>	<u>Percentage</u>
Less than 2	0 %

3	40
4	60
5	80
6	100

Upon termination of employment for reasons other than by death, disability, or retirement, participants will receive the amount of their participant account valued at its fair market value. The most recent valuation report, dated October 9, 2025, reflected a per share value of \$4,329 as of December 11, 2025.

PAYMENT OF BENEFITS

Distributions on account of death, disability, or normal retirement are made as soon as administratively feasible, typically in the plan year following the event. For other separations from service, participants may elect to receive their vested account balance after the second anniversary of termination, or earlier if the balance is under \$10,000. Distributions are generally based on the most recent annual valuation. Benefits are paid in cash, or in Company stock if elected by eligible participants. The Company is obligated to repurchase distributed shares if they are not publicly traded or are subject to trading restrictions.

VOTING RIGHTS

Each participant is entitled to exercise voting rights attributable to the shares of Company stock allocated to their account. The administrator notifies participants prior to the time such rights are to be exercised. If a participant does not provide voting instructions, the trustee shall not vote those allocated shares unless directed by the administrator. The administrator shall also direct the trustee on how to vote any unallocated shares, if applicable, in a manner consistent with the collective best interests of plan participants and beneficiaries.

PUT OPTION

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

REDNECK OUTDOOR PRODUCTS, INC, EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN (Continued)

DIVERSIFICATION

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution.

FORFEITED ACCOUNTS

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the plan year. Forfeitures allocated to participants for the year ended December 31, 2024 and December 31, 2023 approximated \$118,000 and \$65,000, respectively. As of December 31, 2024, there were no forfeited non-vested accounts to be allocated to participant accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The summary of significant accounting policies is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, which is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared using the accrual method of accounting in conformity with generally accepted accounting principles.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Due to the inherent uncertainty in making estimates, actual results may differ from those estimates.

REDNECK OUTDOOR PRODUCTS, INC, EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

INVESTMENT VALUATION AND INCOME RECOGNITION

The shares of Company common stock are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments sold during the year as well as the change in unrealized gains and losses on investments held at year-end.

PAYMENT OF BENEFITS

Benefit obligations are recorded when paid.

EXPENSES

All expenses of maintaining the Plan by the Company.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through December 19, 2025, the date which the financial statements were available to be issued.

NOTE C - PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the administrative committee directs the trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

NOTE D - TAX STATUS

The Plan is an individually designed plan sponsored by the Company. The Plan obtained its latest opinion letter on April 5, 2008, by which the Internal Revenue Service has determined and informed the Company that the Plan and related trust, as then designed, were designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE D - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Federal or Illinois taxing jurisdictions. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE E - INVESTMENTS

The Plan's investments in Company common stock at December 31, 2024 and 2023, are as follows:

	2024	2023
Number of Shares - Allocated	1,828	1,538
Cost - Allocated	\$ 2,727,880	\$ 1,553,380
Fair Value - Allocated	\$ 7,911,513	\$ 6,227,124

NOTE F - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 3 Fair Value Measurements

The fair value of the Company common stock is based on an annual independent appraisal. This appraisal is based on the discounted cash flow income valuation approach, consistent with prior year. The appraiser took into account historical and projected cash flow and net earnings, weighted average cost of capital, market comparables, and applicable discounts and premiums.

NOTE F - FAIR VALUE MEASUREMENTS (Continued)

The administrative committee, under the supervision of the Company's Board of Directors, determines the fair value measurement policies and procedures. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following table presents fair value measurement information for the Plan's investments in Company Common stock as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
