INDEPENDENT AUDITOR'S REPORT

To the Retirement Plans Committee of Kantar 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kantar 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued. Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022, and delinquent participant contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KANTAR 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2022 AND 2021, AND FOR THE YEAR ENDED DECEMBER 31, 2022

1. DESCRIPTION OF THE PLAN

The following description of the Kantar 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General—Kantar LLC (the "Company") was spun out of WPP Group USA Inc. ("WPP") as a standalone company on December 5, 2019. As a result, the Plan was created effective December 5, 2019. Accounts for participants in the WPP Savings & Investment Plan that were employees of the Company and its affiliates were transferred in the Plan on December 5, 2019. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and to the provisions of the Internal Revenue Code of 1986, as amended (the "IRC"), as it pertains to plans intended to qualify under Section 401(a) of the IRC. Vanguard Fiduciary Trust Company ("VFTC" or "Trustee") is the trustee and Vanguard Group Inc. ("VGI") is the record-keeper of the Plan.

The Plan covers eligible employees of the Company and affiliates of the Company ("Participating Employers") that have adopted the Plan with the consent of the Company.

Amendments—Effective January 1, 2021 the Plan was restated to incorporate certain interim amendments and other changes in law, reflect certain discretionary plan amendments and make certain other changes.

Effective April 1, 2021 the Plan was amended to become a multiple employer plan allowing Kantar Health, a prior affiliate of the Company, to participate in the Plan through December 31, 2021. Kantar Health LLC ceased participation effective December 31, 2021. Kantar Health 401(k) assets were transferred to the Cerner Corporation Foundations Retirement Plan on December 31, 2021.

The following corporate transactions resulted in mergers into the Plan and crediting of prior service to employees under the Kantar Plan. The Plan was amended to allow these transactions.

- Effective January 2021, IBOPE Media Information Corp. 401(k) merged into the Plan and assets were transferred to the Plan in March 2021.
- Effective January 2021, TriNet 401(k) Plan relating to employees of Mavens, Inc. merged into the Plan and assets were transferred to the Plan in June 2021 (the "Mavens Plan Merger").

Contributions

Participant Contributions—Employees are eligible to make pre-tax and Roth 401(k) contributions as soon as practicable following the employee's date of hire. Participating employees may contribute from 1% to 50% of their eligible compensation not to exceed $20,500 and $19,500 for 2022 and 2021, respectively. The maximum amount of compensation that may be considered for withholding is $305,000 and $290,000 for 2022 and 2021, respectively. Generally, eligible employees are enrolled in the Plan automatically under the Plan's automatic enrollment feature, following their date of hire, at a

pre-tax payroll deduction rate of 3% of eligible pay, unless the employee makes a contrary election. If an eligible employee does not opt-out of the automatic enrollment feature, the employee's pre-tax contributions are increased in 1% increments up to a maximum of 15% of eligible compensation each January. Automatically enrolled participants have their contributions invested in the Plan's qualified default investment fund (currently a target date fund aligned closest with the employee's normal retirement age). Employees of certain Participating Employers are not subject to the automatic enrollment and automatic increase provisions of the Plan.

Participating employees who have attained age 50 may contribute an additional percentage of eligible compensation as catch-up contributions (up to the annual federal dollar limit for these contributions). During 2022 and 2021, a participant's maximum catch-up contribution was $6,500. Catch-up contributions are not eligible for Matching Contributions (as defined below).

Matching Contributions—Each plan year, Participating Employers may make discretionary matching contributions ("Matching Contributions") equal to a percentage of the employee's compensation contributed to the Plan subject to a maximum percentage of compensation. In 2022 and 2021 the matching contribution was 50% on up to 6% of employee contributions with a maximum contribution of 3% of eligible compensation. Participants are generally eligible for Matching Contributions if they are employed by a Participating Employer on the last day of the Plan year, provided they have at least 3 months of service. Matching Contributions are deposited and generally allocated to the accounts of eligible participants after each Plan year-end.

Profit Sharing Contributions—Participating Employers may make discretionary profit-sharing and other non-elective contributions ("Profit Sharing Contributions"). Participants are generally eligible to receive Profit Sharing Contributions, if any, if they are employed by a Participating Employer on the last day of the Plan year. Profit Sharing Contributions, if any, are deposited and allocated to the accounts of eligible participants after each Plan year-end. There were no Profit Sharing Contributions for 2022.

Rollover Contributions—Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans. Contributions are subject to certain IRC limitations.

Participant Accounts—Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and related Matching Contributions, Profit Sharing Contributions, if any, and investment gains or losses. Participant accounts are also charged with withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments—Participants designate the percentage of their total contribution, Matching Contribution and Profit Sharing Contribution, if any, to be invested in the various Plan investment choices in 1% increments. Participants may change their investment elections at any time, and transfer any part of an existing account balance to any other Plan investment, as permitted by Plan and fund policies. Transfers are also made in 1% increments. The Company's Matching and Profit Sharing Contributions are invested in the same manner as that of the participant's elective contributions.

Vesting—Employee pre-tax, Roth 401(k), and Catch-up contributions and their related earnings are 100% cliff vested and non-forfeitable. Vesting in Matching and Profit Sharing Contributions is 100% vested after three years of service. In addition, the Plan maintains certain more favorable vesting

schedules that were grandfathered for eligible participants transferring to the Plan as of December 5, 2019 as a result of the spinoff from the WPP Savings and Investment Plan.

Forfeited Accounts—Upon termination of employment, participants forfeit their non-vested balances. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeitures of unvested Company contributions are used to pay Plan administrative expenses or reduce future Company contributions. At December 31, 2022 and 2021, forfeited non-vested amounts totaled $0. During 2022, employer contributions were reduced by $24,815 from forfeited nonvested accounts.

Payment of Benefits—Upon termination of service (including termination of service due to death, disability, or retirement), a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or as payment of a fixed number of installments over a designated period of years, not to exceed the lessor of twenty years or the member's life expectancy. Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Notes Receivable from Participants—Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balances in the participant's account. Generally, loans must be repaid within 5 years for general purpose loans and 10 years for loans used to purchase a primary residence. Loans shall bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans that would be made under similar circumstances. The interest rate is set at the beginning of the loan and remains fixed for the entire term of the loan. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. Interest rates on outstanding loans were 4.25%–9.5% at December 31, 2022 and 2021.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Contributions—Employee contributions are recorded when withheld and Employer matching contributions are recorded when earned.

Use of Estimates—The preparation of financial statements in accordance with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition—The Plan's investments are reported at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held at year end.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan, but had not yet been paid at December 31, 2022 and 2021.

Administrative and Investment Expenses—Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments. The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to the recordkeeper to offset the Plan's administrative expenses. Future Plan expenses can be paid from any excess remaining revenue sharing amounts.

Excess Contributions Payable—The Plan is required to return contributions received during the Plan year in excess of the IRC limits. There were no excess contributions payable as of December 31, 2022 and 2021.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the information regarding the Plan included in the Plan's financial statements and supplemental schedules that were prepared by or derived from information prepared by VFTC and furnished to the Plan administrator as of December 31, 2022 and 2021, and for the year ended December 31, 2022. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Supplemental schedules: All investment balances and information included in the supplemental schedule of assets (held at end of year).

Note 4: All investment balances and investment information, excluding the level of investments in Note 4, Fair Value Measurements.

4. FAIR VALUE MEASUREMENTS

Under Accounting Standards Codification (ASC) 820 *Fair Value Measurement*, a formal hierarchy and framework exists for measuring fair value and making disclosures about fair value measurements and the reliability of valuation inputs. Within the hierarchy, Level 1 instruments use observable market prices for the identical item in active markets and have the most reliable valuations. Level 2 instruments, of which there are none, are valued through broker dealer quotation or through market-observable inputs for similar items in active markets, including forward and spot prices, interest rates and volatilities. Level 3 instruments, of which there are none are valued using inputs not observable in an active market, such as entity-developed future cash estimates, and are considered the least reliable.

Asset Valuation Techniques—Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds—Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are reported as Level 1 investments.

Common Collective Trusts—The common collective trust funds are valued at the NAV as a practical expedient provided by the administrator of the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no redemption restrictions or unfunded commitments on the collective trust fund investment. There are no participant restrictions for these investments; the redemption notice period is applicable only to the Plan.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2022 and 2021:

	2022	2021
Mutual funds—Level 1 investments	$154,298,777	$359,834,822
Collective trust funds measured at NAV	129,063,837	-
Collective trust fund (stable value fund) measured at NAV	15,359,535	13,570,610
Total investments	$298,722,149	$373,405,432

Transfers between Levels—The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the years ended December 31, 2022 and 2021 there were no transfers between levels.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain investments in the Plan, including shares of some mutual funds and units of common collective trust funds, are managed by VFTC, which qualify as exempt party-in-interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

6. NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Company remitted participant contributions of $2,522,628, $3,482,378, and $4,452,111 for the years ended December 31, 2022, 2021, and 2020, respectively, later than required by Department of Labor Regulation 2510.3 102. The Company will file Form 5330 with the Internal Revenue Service (IRS) and pay the required excise tax on the transaction. In addition, participant accounts will be credited with the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in Matching and Profit Sharing Contributions.

8. FEDERAL INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated September 21, 2021, that the Plan and related trust were designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Company and Plan Management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. SUBSEQUENT EVENTS

Subsequent events were evaluated through December 19, 2025, the date the financial statements were available to be issued. Effective January 1, 2024 the Plan was restated to move from a custom plan document to a prototype plan document, incorporating changes in law and revisions to participating employers.
