Border States Electric Supply 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Border States Electric Supply 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended March 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 31, 2025 and 2024, and for the year ended March 31, 2025, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of March 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the

certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Border States Electric Supply 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

March 31, 2025 and 2024

NOTE A - PLAN DESCRIPTION

The following description of the Border States Electric Supply (the “Company” or “Plan Sponsor”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

During the year ended March 31, 2025, the Dominion Electric Supply Company, Inc. 401(k) Profit Sharing Plan (“Dominion Plan”) merged into the Plan. As a result of the merger, assets totaling \$37,631,985 were transferred to the Plan. The participants in the Dominion Plan became eligible to participate in the Plan on May 1, 2024.

Eligibility

All non-leased employees who have reached age 18 are eligible to participate in the Plan after completion of one month of service as defined in the Plan. Eligible employees may enter the Plan on the first day of each month after their eligibility requirements are met.

Funding Policy

Participant elective deferral contributions are permitted in whole increments from 1% to 50% of the participant’s compensation, subject to limits established by law. Participants entering the Plan are automatically enrolled in the Plan at 4% of pre-tax. Participants are automatically enrolled at 5%. The Plan also has an annual automatic contribution escalation percentage of 1% up to 8%. Participants satisfying certain criteria are permitted to make catch-up contributions. Participants may also make rollover contributions and Roth after-tax contributions to the Plan.

Company matching contributions and discretionary profit-sharing contributions are allowed by the Plan and are determined annually by the Board of Directors of the Company. If applicable, these contributions are based on a percentage of the participants’ eligible contributions for the Plan year as defined in the Plan and are subject to certain limitations contained in the Plan and defined by ERISA. For the year ended March 31, 2025, there were no Company matching contributions or discretionary profit-sharing contributions.

For individuals with segregated balances in the Border States Industries, Inc. Employee Stock Ownership Plan (“ESOP Plan”) that are eligible to elect to receive a distribution during the Plan year but do not elect to do so, their segregated account balance will be transferred to the Plan. For the year ended March 31, 2025, such balances totaling \$4,355,988 were transferred into the Plan. For the year ended March 31, 2025, balances totaling \$1,131,307 were transferred out to the ESOP Plan due to previously terminated employees being rehired.

An additional \$57,133 was included in transfers into the Plan based on participant elections to transfer their diversification distributions from the ESOP Plan.

Vesting

Company matching and discretionary profit-sharing contributions begin vesting at the completion of two years of service (as defined in the Plan) and continue to vest on a graduated scale to 100% after six years of service. The Plan also provides 100% vesting upon death, retirement due to disability, Plan termination, or the normal retirement date as defined in the Plan. Participant elective deferral, Roth after-tax and rollover contributions are 100% vested regardless of length of service.

Border States Electric Supply 401(k) Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
March 31, 2025 and 2024

Participants' Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's and Company's contributions, as applicable, and an allocation of Plan earnings and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant compensation or account balances, as appropriate, as defined in the Plan. The benefit to which a participant is entitled is the vested portion of the participant's account.

Investment Options

All funds of the Plan are participant-directed. Participants may direct the investment of their account balance into various funds and may transfer assets in their accounts between funds on a daily basis.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, unless the loan is used for the purchase of a principal residence, for which the term is no greater than 15 years. Loans are secured by the participant's account balance. A participant can have two outstanding loans at any one time. Loans bear interest at the prime rate plus one percentage point at the time of issuance. Interest rates on outstanding loans ranged from 3.25% to 9.50% at March 31, 2025, and 4.25% to 9.50% at March 31, 2024. Principal and interest are paid ratably through regular payroll deductions.

Payment of Benefits

Participants can receive payment of benefits upon termination of employment, retirement, death, total and permanent disability, liquidation or dissolution of the Plan Sponsor, or termination of the Plan. The payment of benefits methods depends on the vested account balance.

If the vested account balance does not exceed \$1,000, a lump-sum distribution, net of tax, will be made. If the vested balance is between \$1,000 and \$5,000 and the participant does not specify whether the distribution should be paid directly to an eligible retirement plan or paid directly to the participant, the Plan administrator can pay the distribution in a direct rollover to an individual retirement plan designated by the Plan administrator. If the vested balance exceeds \$5,000, a participant may elect to keep the vested account balance in the Plan, receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account, net of tax, roll over the entire vested portion to a qualified plan, or receive equal monthly installments over a determined period.

Participants are also allowed to make hardship withdrawals from the Plan, based on criteria defined in the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuation and Income Recognition

The Plan's mutual fund investments are carried at fair value based on the net asset value ("NAV") of shares held by the Plan at year end. Collective trusts and the pooled separate account are valued at the NAV of the shares held at year end as a practical expedient to fair value. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Group Annuity Contract

The group annuity contract is a general interest account and it is benefit-responsive for participant-initiated transactions. The interest rate is an effective rate of interest credited at its equivalent daily rate ("Guaranteed Interest Rate"). In no event will a Guaranteed Interest Rate be less than .15%.

As the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) Termination of the Plan, (2) Balances are not accepting deposits (3) Representations made by the Plan Sponsor become untrue that materially affects the obligations under contract (4) Communications to participants or parties of the Plan Sponsor or Plan influence withdraws or transfers unless based on factual historical information (5) The Plan Sponsor retains a recordkeeper of then Principal Life Insurance Company.

The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring. The contract will terminate at the end of the first day the issuer fulfills all its duties and obligations under the contract.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses was recorded as of March 31, 2025 or 2024.

Excess Contributions Payable

Excess contributions are recorded for refunds payable to participants due to contributions in excess of plan guidelines and Internal Revenue Service ("IRS") limitations. For financial statement presentation purposes, there is a liability for excess contributions which is recorded in the statements of net assets available for benefits and participant elective deferrals are adjusted in the statement of changes in net assets available for benefits.

Border States Electric Supply 401(k) Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
March 31, 2025 and 2024

Plan Expenses

Investment expenses are paid by the Plan. All other plan expenses are paid by the Plan Sponsor.

Forfeitures

Forfeitures consist of forfeited non-vested amounts. Forfeitures can be used to offset Plan expenses and the remainder can be used to offset Company matching and discretionary profit-sharing contributions. There were \$34,965 and \$0 of unallocated forfeitures available to be utilized for such purposes as of March 31, 2025 and 2024, respectively. The Plan used no forfeitures for payment of Plan expenses during the year ended March 31, 2025.

Net Depreciation in Fair Value of Investments

Net depreciation in the fair value of investments represents the net realized gains or losses and net unrealized appreciation (depreciation) of investments. Realized gains or losses are the difference between the proceeds received and either the cost of the investments sold, determined on a first-in, first-out basis, or the fair value at the beginning of the period, whichever is applicable. Unrealized appreciation (depreciation) is the change in the difference between fair value and the cost of investments or their fair market value at the beginning of the period, whichever is applicable.

Benefits Paid to Participants

Benefits are recorded when paid.

Risk and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE C - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurement and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Border States Electric Supply 401(k) Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
March 31, 2025 and 2024

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2025 and 2024.

Mutual funds: Valued at the NAV of shares held by the Plan at year end based on quoted prices in active markets.

Collective trusts: Valued at the NAV of units of the collective trust. The NAV is calculated by the fund based on net assets. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund and is used as a practical expedient to estimate fair value.

Pooled separate account: Valued at the NAV of units held by the Plan at year end, as determined by the fair value of the underlying assets. The NAV is used as a practical expedient to estimate the fair value.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(a) Withdrawals for benefit payments and transfers to be paid to Plan participants shall be made every 30 days. Withdrawals, other than for benefit payments and transfers to be paid to Plan participants may be made up to 270 days after notification is received.

NOTE D - CERTIFIED INFORMATION

The Plan administrator has elected to have the audits performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan administrator determined that the certifications received from Principal Trust Company ("the Trustee") meet the requirements of ERISA Section

103(a)(3)(C). The Trustee certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments, at fair value, investments, at contract value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of March 31, 2025 and 2024.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended March 31, 2025.
- Schedule H, line 4(i) - schedule of assets (held at end of year) as of March 31, 2025.

NOTE E - INCOME TAX STATUS

The Plan adopted the Principal Life Insurance Company prototype plan. The prototype plan obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the underlying prototype plan document was designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. No such positions were noted as of March 31, 2025 and 2024. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED PARTIES AND PARTIES-IN-INTEREST

The Company has been designated as the Plan administrator. Certain employees of the Company provide administrative services to the Plan. These services are provided at no expense to the Plan. All audit and legal fees are paid by the Plan administrator. Certain Plan investments are managed by the Trustee of the Plan. Transactions involving these investments are allowable party-in-interest transactions under ERISA. Notes receivable from participants are considered allowable party-in-interest transactions.

NOTE G - SUBSEQUENT EVENTS

Plan management evaluated the financial statements for subsequent events through December 18, 2025, the date the financial statements were available to be issued.

Plan management is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
